RE:	Approval of School Safety Plans

Proposed Board Motion

I move that the MPS board approve the school safety plans for all MPS school sites.

Introduction

- The School Safety plans are a living document and revisions are continuously made to improve the safety of our school sites for the benefit of all stakeholders and community

Background

- Annually school site safety plans are reviewed and revised as required by the California Department of Education. Staff is required to be informed, trained and updated on safety protocol annually. The Board approved current school safety plans last school year on November 8, 2018.

Analysis (If applicable)

- School Safety plans are modeled after promising school safety plans and we follow the checklist provided through the California Department of Education when abiding by compliance components of safety planning. The Comprehensive MPS School Safety Planning Guide created by Dr. Lopez was shared with school leaders as a response to housing compliance reference items as well as guidance for sustaining a school safety plan.

## **School Site Mission**

### **Mission and Vision**

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

### ***Excellence***

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

### ***Innovation***

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

### ***Connection***

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

## Statement of Purpose

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;

- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

## **Assessment of the Current Status of School Crime**

1. Data sources the committee reviewed:
  - a. Local law enforcement crime data
    - i. Top three crime violations in our area last year, based on [www.crimemapping.com/map/region/lapdWestValleyArea](http://www.crimemapping.com/map/region/lapdWestValleyArea) were:

## **Child Abuse Reporting Procedures**

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-

sponsored programs, and post on our department's Internet Web site links to existing training resources, in compliance with EC 44691.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services

(Penal Code 11166, 11168)

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be

interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

### **Release of Child to Peace Officer**

It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

## **Disaster Response Procedures**

### **General Policies and Procedures for Handling Safety and Specific Emergency Situations:**

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and well being of students and staff at the time of an emergency. Specific goals include:

1. Protect the safety and welfare of students and staff;
2. Provide for a safe and coordinated response to emergency situations;
3. Protect the school's facilities and property;
4. Enable the school to restore normal conditions with minimal confusion in the shortest time possible;
5. Provide for interface and coordination between the school and local authorities and resources.

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or his/her designee. Home office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or his/her designee, will communicate with stakeholders using the school's mass communication system.

### **Fire**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

## **Medical Emergency**

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.
- Provide the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
  - Nature of the emergency.
  - Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

## **Earthquakes**

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.

- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.
- Certificated and classified school staff are trained annually on emergency earthquake procedures

## **Assaults**

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.

If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

## **Hazardous Materials**

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material.

Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.
- If a more serious spill occurs inside or outside:
- Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
- Provide the following:
  - School name.
  - Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of spill (colors, smells, visible gases).
  - Name of substance, if known.
  - Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.

- Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
- Remain inside building unless ordered to evacuate by the Fire Department.
- Fire Department will advise of further actions to be taken.
- Do not eat or drink anything or apply cosmetics.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
- The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

### **Civil Disturbance**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities-Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

### **Vandalism**

The following procedures should be used in the case of school vandalism:

- Notify school principal, or his/her designee.
- Notify building and ground maintenance personnel.
- The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.
- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### **Utility or Power Failure**

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in classroom until further instruction.

- Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to main office.
- Building and grounds personnel report to utility company if necessary.
- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

### **Bomb Threat**

- Internal Reference

### **Explosion**

If an explosion occurs at the school, the following procedures should be used:

- Internal Reference

### **Fighting or Riot**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.
- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.

- Activate needed emergency plans, which may include:
- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

### **Hostage Situation**

In case there is a hostage situation at the school, staff should attempt to follow these guidelines:

- Internal Reference

### **Death of a Student**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### **Intruder or Individual with Deadly Weapon/Active Shooter**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Internal Reference

### **Lock Down**

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas.

Internal Reference

### **Use of School Facilities for Mass Care and Welfare Shelters**

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils, and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

#### **Evacuation**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken:

The School Principal or his/her designee should:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as situation dictates.
- Take a copy of class enrollment list.
- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.

- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

### **Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.
- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.
- Determine what intervention or follow-up procedures are necessary including counseling.

### **Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

### **Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### **Management Organization Chart**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

### **Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

### **Annual Inspections**

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance is proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial
- Storage Room
- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist. Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School Principal. When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

### **Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

### **Classroom Safety Kits**

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Ones
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Anti-bacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks

- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

## **Suspension and Expulsion Policies**

### **Students with an IEP:**

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

### **SUSPENSION AND EXPULSION PROCEDURES**

*“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)*

#### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

#### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

#### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

#### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

## **DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-1. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-1's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

## **Positive Discipline**

MSA-1 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-1 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

## **Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-1. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards.

The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-1 provides its staff

The

with

Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention (RTI) Programs, MSA-1 implements Positive Behavior and Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-1 implements prevention strategies for each tier as presented below:

<b>Tier</b>	<b>Prevention Description</b>
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-1 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## **Grounds for Suspension**

### **Jurisdiction**

A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

23. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

### **Mandatory Suspension Offenses**

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.

5. Possession of an explosive, as defined in Education Code Section 48915(h).

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-1 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-1 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school

suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is

transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

## **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

## **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat

or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

5. Possession of an explosive, as defined in Education Code 48915(h).

## **Expulsion Procedures**

### **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be “on call” for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-1's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MSA-1 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-1 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MSA-1 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-1. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or

other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-1
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

## **Disciplinary Records**

MSA-1 shall maintain records of all student suspensions and expulsions at MSA-1. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

## **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-1 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or

representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-1's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

### **Rehabilitation Plans**

Pupils who are expelled from MSA-1 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-1 for readmission.

MSA-1 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

## **ADDITIONAL PROVISIONS**

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

#### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

#### **Prohibited Unlawful Sexual Harassment:**

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an

individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS Policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

### **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

### **Harassment and Discrimination**

**Harassment and Discrimination are prohibited. They include the following:**

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

**Policies for dealing with harassment and discrimination are described in the *MPS Employee Handbook* and *MPS Student-Parent Handbook*.**

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.

5. Determine disciplinary consequences. See *MPS Employee Handbook* and *MPS Student-Parent Handbook*.
6. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
7. Notify parents or legal guardian and appropriate school personnel of incident.
8. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### **Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

#### Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

### General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.

- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

### **HARASSMENT COMPLAINT FORM**

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

**Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

**Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### **Acceptable and Unacceptable Staff/Student Behavior**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy)**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

### **Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

### **Cautionary Staff/Student Behaviors**

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
  - Excessive attention toward a particular student;
  - Sending emails, text messages or letters to students if the content is not about school activities.
- Acceptable and Recommended Staff/Student Behaviors:
- Getting parents' written consent for any after-school activity;
  - Obtaining formal approval to take students off school property for activities such as field trips or competitions;
  - E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
  - Keeping the door open when alone with a student;

- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority;
- Asking yourself if your actions are worth your job and career.

### **School-wide Dress Code Prohibiting Gang-related Apparel**

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs is not permitted on campus at any time. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented.

#### **DRESS CODE**

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. Students will not be allowed to enter the campus if they are not in proper uniform. This uniform policy will be enforced, without exception, from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to obtain written permission from the school's administration.

## **Procedures to Ensure a Safe and Orderly Environment**

### **The Social Climate and the Physical Environment**

The Social Climate and The Physical Environment are two components used to identify our school's strengths, areas of desired change and future plans.

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Core Values**

Magnolia Public Schools has identified the following core values which are reinforced through its "Life Skills" curriculum, expected school wide learning results (ESLR), and all school activities.

#### **Value: Scholarship Value: Critical Thinking**

Success and Self Discipline  
Citizenship and Personal Qualities

#### **Value: Social Responsibility Value: Effective Communication**

Respect and Responsible Choices  
Conflict Resolution and Human Relations

### **Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

All students at MPS are entitled to the rights guaranteed by the United States Constitution and Bill of Rights, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, detention, to emergency removal from a school activity, suspension, expulsion, and criminal prosecution. MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community. **Assaulting, Fighting and/or Arranging Fights:**

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

**Bringing / Using Electronic Devices:**

CD Players, IPOD, MP3 players, phones, PDA, PSP, Laptops, Electronic Games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

**Scholastic Dishonesty:**

Scholastic dishonesty includes (but is not limited to) cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone

1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

**Vulgarity, Profanity and Obscenity:**

**Smoking or Use of Other Tobacco Products:**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. If the behavior(s) worsens or the frequency increases, the student's IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

**Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. ## **School Site Mission**

### **Mission**

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

### **Vision**

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

### **Core Values**

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

#### *Excellence*

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### *Innovation*

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### *Connection*

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

### **Statement of Purpose**

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;

- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

## **Assessment of the Current Status of School Crime**

1. Data sources the committee reviewed:
  - a. Local law enforcement crime data
    - i. During the most recent 6-month period from 3/16/19 through 9/11/19, there have been 199 reported crimes in a 1-mile radius around the school. The top three crime violations, based on [www.crimemapping.com/map/region/lapdWestValleyArea](http://www.crimemapping.com/map/region/lapdWestValleyArea) are:
      1. Vehicle Break-in/Theft/Motor Vehicle Theft/Larceny (133) [66.8%]
      2. Assault (33) [16.6%]
      3. Burglary (20) [10.1%]
  - b. Suspension/Expulsion data:
    - i. Student information data was used to identify top suspendable/expellable offenses at our campus. A tremendous decrease in suspensions/expulsions was noted due to the implementation of positive behavior support model.
    - ii. Behavior referrals: Illuminate was used to identify and segregate all behavior referrals.
  - c. School Improvement Plan
    - i. Reviewed current years plan to identify any additional areas of improvement needed.
  - d. Property Damage data
    - i. Reviewed Illuminate behavior data to identify any property damage that has occurred.
  - e. Attendance rates
    - i. Student attendance rates were pulled from Illuminate.
    - ii. Truancy data was pulled from Illuminate
2. The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety.

  - b. School Safety Committee
  - c. Discipline Committee

- d. Administration
- e. Local School Administration
- f. School Site Council
- g. Parent Task Force

We will continue to review data in the upcoming academic year continually to revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

### **Child Abuse Reporting Procedures**

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-sponsored programs, and post on our department's Internet Web site links to existing training resources.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services

800-540-4000

#### **2. Written Report**

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either mail, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be

interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

### **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

## **Disaster Response Procedures**

### **General Policies and Procedures for Handling Safety and Specific Emergency Situations:**

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and wellbeing of students and staff at the time of an emergency. Specific goals include:

- Protect the safety and welfare of students and staff;
- Provide for a safe and coordinated response to emergency situations;
- Protect the school's facilities and property;
- Enable the school to restore normal conditions in the shortest time possible
- Coordination between the school and local authorities and resources.

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and wellbeing of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. Home Office will also be informed using the HOST communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of any of the below listed scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

### **Fire:**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.

- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

### **Medical Emergency:**

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.  
Provide the following information:
- School name and phone number.
- Building address, including nearest cross street(s).
- Exact location within the building.
- Your name and phone number.
- Nature of the emergency.
- Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.

- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

### **Earthquakes:**

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance, whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.

Certificated and classified school staff are trained annually on emergency earthquake procedures.

### **Assaults:**

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters.

Any threat or assault on students or employees should be reported immediately to the School Principal,

or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified. If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

### **Hazardous Materials:**

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material. Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.

If a more serious spill occurs, inside or outside:

- Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department. Provide the following:
  - School name.
  - Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of spill (colors, smells, visible gases).
  - Name of substance, if known. Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.
  - Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.

- Remain inside building unless ordered to evacuate by the Fire Department. Fire Department will advise of further actions to be taken.
- Do not eat or drink anything or apply cosmetics.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
- The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

**Civil Disturbance:**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities-Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials.
- Lock all doors.
- Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

**Vandalism:**

The following procedures should be used in the case of school vandalism:

- Notify school principal, or his/her designee.
- Notify building and ground maintenance personnel. The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.

- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### **Utility or Power Failure:**

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in classroom until further instruction.
- Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to main office.
- Building and grounds personnel report to utility company if necessary.
- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

### **Bomb Threat:**

- Internal Reference

### **Explosion:**

If an explosion occurs at the school, the following procedures should be used:

Internal Reference

### **Fighting or Riot:**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.

- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

### **Hostage Situation:**

In case there is a hostage situation at the school, staff should attempt to follow these guidelines:

- Internal Reference

### **Death of a Student:**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### **Intruder or Individual with Deadly Weapon/Active Shooter:**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Internal Reference

### **Lock Down:**

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas.

Internal Reference

### **Use of School Facilities for Mass Care and Welfare Shelters**

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils, and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

### **Evacuation:**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken by the School Principal or his/her designee:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as situation dictates.
- Take a copy of class enrollment list.

- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.
- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

### **Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.
- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.
- Determine what intervention or follow-up procedures are necessary including counseling.

## **Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

## **Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### **Management Organization Chart**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

## **Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

## **Annual Inspections**

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance is proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial

- Storage Room
- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women’s restroom). Complete each section of the checklist.

Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School

Principal. When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

### **Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

### **Classroom Safety Kits**

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school.

Emergency and first aid supplies should be kept in the school’s central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- |                 |                            |

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

## SUSPENSION AND EXPULSION Procedures

***“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)***

### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed

- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter

School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

## **DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-2. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-2's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

## **Positive Discipline**

MSA-2 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-2 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

## Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-2. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-2 provides its staff Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention (RTI) Programs, MSA-2 implements Positive Behavior and Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-2 implements prevention strategies for each tier as presented below:

<b>Tier</b>	<b>Prevention Description</b>
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more

	focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-2 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

### **Grounds for Suspension**

#### **Jurisdiction**

A student may be suspended for prohibited misconduct as identified below under the heading, “Enumerated Offenses,” if the act is (1) related to school activity; (2) school attendance occurring at MSA-2; or (3) a MSA-2 sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

## **Enumerated Offenses**

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

5. Possession of an explosive, as defined in Education Code Section 48915(h).

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and

evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-2 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-2 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

### **Expulsion Procedures**

#### **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative

Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-2's disciplinary rules which relate to the alleged violation;

4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MSA-2 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-2 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MSA-2 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-2. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-2
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MSA-2 shall maintain records of all student suspensions and expulsions at MSA-2. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

### **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-2 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to

determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-2's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

### **Rehabilitation Plans**

Pupils who are expelled from MSA-2 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-2 for readmission.

MSA-2 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

## **ADDITIONAL PROVISIONS**

### **Bullying**

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

## **Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities**

### **Notification of SELPA**

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

### **Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### **Procedural Safeguards/ Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.
- If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.
- If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and  
Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.
- If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student’s disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

### **Due Process Appeals**

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

### **Special Circumstances**

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

### **Interim Alternative Educational Setting**

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

### **Procedures for Students Not Yet Eligible for Special Education Services**

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- The parent has requested an evaluation of the child.

- The child’s teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.
- If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.
- If the Charter School had no basis for knowledge of the student’s disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.
- The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### **Required Notification**

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

### **Gun Free Schools Act**

Charter School shall comply with the federal Gun Free Schools Act.

For specific details, refer to LAUSD Board Policy and Administrative Regulations.

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

### **Prohibited Unlawful Sexual Harassment:**

In accordance with existing policy, discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire,

when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. Such training will include the prevention of abusive conduct in the workplace that a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests, including but not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Other staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
- Rape, sexual battery, molestation or attempts to commit these assaults and
- Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
  - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
  - Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
  - Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

## **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

## **Harassment and Discrimination**

Harassment and Discrimination are prohibited. They include the following:

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

Policies for dealing with harassment and discrimination are described in the MPS Employee Handbook and MPS Student-Parent Handbook.

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.

4. Determine disciplinary consequences. See MPS Employee Handbook and MPS Student-Parent Handbook.
5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### **Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

### **Internal Complaints:**

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;

- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### **Policy for Complaints Against Employees:**

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) find that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take suitable disciplinary action against the employee. As appropriate, The Principal (or the CEO) (or designee) may also counsel or reprimand employees about their conduct without initiating formal disciplinary measures.

The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The Board of Directors' decision shall be final.

### **General Requirements**

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

## HARASSMENT COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

## **Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### **Corporal Punishment:**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### **Acceptable and Unacceptable Staff/Student Behavior:**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the

duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Unacceptable Staff/Student Behaviors (Violations of this Policy):

- Giving gifts to an individual student that are of a personal and intimate nature
- Kissing of any kind
- Any type of unnecessary physical contact with a student in a private situation
- Intentionally being alone with a student away from the school
- Making or participating in sexually inappropriate comments
- Sexual jokes
- Seeking emotional involvement with a student for your benefit
- Listening to or telling stories that are sexually oriented
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors:

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone
- Excessive attention toward a particular student
- Sending emails, text messages or letters to students if the content is not about school activities

### Acceptable and Recommended Staff/Student Behaviors:

- Getting parents' written consent for any after-school activity
- Obtaining formal approval to take students off school property for activities such as field trips or competitions
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology)

- Involving your supervisor if conflict arises with the student
- Informing the Executive Director about situations that have the potential to become more severe
- Making detailed notes about an incident that could evolve into a more serious situation later
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers
- Asking another staff member to be present if you will be alone with any type of special needs student
- Asking another staff member to be present when you must be alone with a student after regular school hours
- Giving students praise and recognition without touching them
- Pats on the back, high fives and handshakes are acceptable
- Keeping your professional conduct a high priority
- Asking yourself if your actions are worth your job and career

## **The Social Climate and the Physical Environment (Continued)**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

**Effective Communication** is an essential component to creating a positive school climate. When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

- Parents should encourage their child to talk with the teacher.
- Parents can encourage their child to talk with an administrator.
- If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to

be a part of the solution.

**If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstanding
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

**Illuminate provides the following information:**

- Attendance: Each student’s attendance (tardy/absence) is recorded daily (by each teacher) in ‘real-time.’ This is one method our parents can monitor their child’s attendance in each class daily.
- Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
- Behavior: Each student receives a ‘Behavior’ grade that is recorded on Illuminate.
- Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
- Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school’s expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then points are deducted.

- **Communication:** Illuminate provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child's academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so.

### **Parent Task Force (PTF)**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations. We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015

## **Safe and Orderly Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

MSA-2 maintains a physical environment that communicates respect for learning and for individuals and safety by:

- MSA-2 has a full time janitor on staff and utilizes the LAUSD custodial staff to keep the school clean. Students and teachers are encouraged to maintain classrooms that are clean, orderly and contribute to the learning environment.
- MSA-2 involves itself in the community through the Community Service Club which helps students find opportunities to volunteer in their community, through community food and charity drives, the School Site Council, the Parent Task Force, providing school representatives to the Balboa Town Council and painting murals in the community

## **Rules and Procedures on School Discipline**

Magnolia Public Schools Student Code of Conduct: MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. ### **School Site Mission**

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEM) in a safe environment that cultivates respect for self and others.

### **Vision**

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

### **Core Values**

MPS has identified the following core values, which are reinforced through its Life Skills curriculum, student learning outcomes (SLOs), and all school activities.

#### *§ Scholarship*

Scholarship is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster scholarship through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### *§ Innovation*

Students will have the freedom to choose how and what they learn. Flexible scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### *§ Connectmion*

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to

### Disaster Response Procedures

#### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and wellbeing of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. Home office will also be informed using HOST communication system (Refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of any of the following scenarios the principal or his/her designee will communicate with stakeholders using the school's mass communication system.

List of drill dates 2020-2021

- Exact location of the fire within the building.
  - Have students and staff evacuate the building in accordance with established procedures.
  - Evacuate to outdoor assembly area.
  - All doors leading to the fire should be closed. Do not re-enter the area for belongings. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
  - Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
  - Render first aid as necessary.
  - Check attendance. Remain with students.
- **Medical Emergency:**
    - Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- **Explosion:**

- If an explosion occurs at the school, the following procedures should be used:
  - Internal Reference

- **Fighting or Riot:**

- School staff should follow these guidelines when a fight occurs:
  - Send a reliable student to the office to summon assistance.
  - Speak loudly and let everyone know that the behavior should stop immediately.
  - Obtain help from other teachers if at all possible.
  - If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
  - Call out the names of the involved students (if known) and let them know they have been identified.
  - For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
  - Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
  - Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.
- Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

- **Hostage Situation:**

- In case there is a hostage situation at the school, staff should attempt to follow these guidelines:
  - Internal Reference

- **Death of a Student:**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma

for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### **Suspension and Expulsion Policies**

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well being of all students at MPS. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq.

Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion. This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook, which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

### **Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our school-wide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Alternatives to suspension or expulsion will first be attempted with students who are truant, tardy, or otherwise absent from assigned school activities.

### **In School Suspension (ISS)**

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

### GROUNDS FOR SUSPENSION

A student may be suspended for prohibited misconduct if the act is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1).

### SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

#### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

#### **Notice to Parents/Guardians**

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

#### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in

or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a discipline committee. All discipline committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the discipline committee is final. Based on the information submitted or requested, the Discipline Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Uphold the suspension but clear the student's record of the suspension at the end of the semester, if the student has no additional discipline problems in the school
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

Arrangements shall be made to provide the student with classroom material and current assignments to be completed at home during the length of the suspension

### **GROUNDINGS FOR EXPULSION**

A student may be expelled for prohibited misconduct if the offense is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. #### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MPS' disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a

substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as

defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board, who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing.

If the expulsion-hearing panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures.

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall convene a committee of three: a school Principal and a Dean of Students from other MPS schools, and the CEO of MPS or his/her designee. The committee shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The committee will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

**Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

#### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

#### **Prohibited Unlawful Sexual Harassment:**

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working

environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees). See Appendix A for the "Harassment Complaint Form." See Appendix B for the general "Complaint Form."

### **Sexual harassment may include, but is not limited to:**

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

### **Unwanted sexual advances, propositions or other sexual comments, such as:**

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

### **Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:**

- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms). The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation, filing of a complaint or reporting sexual harassment. MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation. While in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities.

### **Sexual Abuse and Sex Trafficking**

- MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

### **B. Staff/Student Interaction Policy**

### **Corporal Punishment:**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### **Harassment and Discrimination**

Harassment and Discrimination are prohibited. They include the following:

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

Policies for dealing with harassment and discrimination are described in the MPS Employee Handbook and MPS Student-Parent Handbook.

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
4. Determine disciplinary consequences. See MPS Employee Handbook and MPS Student-Parent Handbook.
5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

### Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, the School values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

### **Acceptable and Unacceptable Staff/Student Behavior:**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **The Social Climate and the Physical Environment**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each stakeholder group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Core Values**

Magnolia Public Schools has identified the following core values which are reinforced through its Life Skills curriculum, expected school wide learning results (ESLR), and all school activities.

### **Value: Scholarship Value: Critical Thinking**

Success and Self Discipline Citizenship and Personal Qualities

### **Value: Social Responsibility Value: Effective Communication**

Respect and Responsible Choices Conflict Resolution and Human Relations

#### **Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

#### **If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given

for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

### **Parent Association**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTSC meetings. Our PTSC supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the mornings and evenings as a pilot program to assess if this move will increase parent participation.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015

### **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

agreement to the MPS Handbook, Technology Use Policy-Acceptable Use Agreement, and School-Parent-Student Compact Form” indicates you have also read, understood, and agreed to the following site-specific amendments.

### YONDR

All MSA-3 students will receive an individual YONDR pouch that will be used to store their cell phone. Students will place their phones in their assigned Yondr cell-phone pouch. Students lock their pouch and **students keep their pouch with them at all times**. Students maintain possession of their cell-phones throughout the school day, should students need to use their cell phone they will be able to unlock their pouch only during the lunch break. As students return from lunch break they will again lock their phones inside the YONDR pouch; staying locked in the pouch until the end of the day.

Lead with the why, this section move up We want to take a proactive approach to ensure that our students and teachers maximize learning time in the classroom, without the daily confrontations and distractions between teachers/staff/admin and students regarding cell phone usage. We want to establish a norm here at MSA-3 where all stakeholders understand that once they enter campus, learning is the #1 priority. That is why we are piloting the Yondr program at our school for the 2018-2019 school year.

The Yondr program is an amendment to campus expectations listed on pg. 23 and Rule: Letter F, Bullet Point 2 on pg. 46.

The Yondr program will be evaluated at the end of the fall semester to determine effectiveness and reflect on implementation.

### Yondr Procedures

- Students will place their phone in Yondr Pouch prior to entering school
  - Mr. Phillips will ensure each student has their phone in their pouch
  - Students will show Mr. Phillips their respective pouch, with the phone in it

#### Two Types of Infractions

- Willing Submit (5 infractions=Meeting with Parent; need to determine if the pouch has been lost)
  - Student forgot pouch
  - Student informs Mr. Phillips, as soon as they arrive
  - Turns Phone into Phillips; gets back at End Of Day (No parent)
- Unwilling Submit (2 infractions=Saturday School & MWP)
  - Student is discovered with phone out of Yondr Pouch during instructional time
  - Parent must retrieve phone

**IN THE EVENT OF AN EMERGENCY, IN WHICH STUDENTS WOULD NEED TO CONTACT THEIR PARENTS, EACH CLASSROOM IS EQUIPPED WITH ITS OWN UNLOCKING STATION THAT TEACHERS CAN ACCESS.**

## **Child Abuse Reporting Procedures**

Verify policy is compliant with EC 44691, mandated reporter training-effective January-1-2015. For specific details, refer to Los Angeles County Office of Education Board Policy and Administrative Regulations 5141.4 Child Abuse Prevention and Reporting

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

(Penal Code 11165.9, 11166)

Department of Child and Family Services

The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

## **Disaster Response Procedures**

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and wellbeing of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. The home office will be informed using HOST communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the schools mass communication system.

- **Fire:**

- In the case of a school fire, the following procedures should be implemented:
- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.

- Render first aid as necessary.
- Check attendance. Remain with students.
- **Medical Emergency:**
  - Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.
  - Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.  
Provide the following information:
    - School name and phone number.
    - Building address, including nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
    - Do not hang up until advised to do so by dispatcher.
    - Notify the school office that an individual has been injured and an ambulance has been called.
    - Ask someone to dispatch a first aid/CPR trained employee to the victim.
    - Stay calm. Keep victim warm with a coat or blanket.
    - Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
    - Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday. If applicable, a Charter Safe Claim form will be filed (Charter safe is our insurance provider).
- **Earthquakes:**
  - Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.
  - The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is

important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.

- **Assaults:**

- Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.
- If a serious assault occurs:
  - Dial 911.
  - Seek first aid or medical attention, if indicated.
  - Have photographs taken of any injuries.
  - Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
  - Obtain names and telephone numbers of any witnesses.
  - Draft incident report and submit it to the School Principal, or his/her designee.
  - School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

- **Hazardous Materials:**

- Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material. Procedures:
  - If a spill is minor and inside, notify buildings and grounds personnel immediately for clean-up. Open windows for ventilation.
  - If a more serious spill occurs inside or outside:
  - Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
    - Provide the following:
      - School name.
        - Building address, including nearest cross street(s).
        - Your name and phone number.
        - Location of the spill and/or materials released.
        - Characteristics of spill (colors, smells, visible gases).
        - Name of substance, if known.
        - Injuries, if any.
        - Notify buildings and grounds personnel.
        - Close all windows and doors if the spill is outside.
  - Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
  - Remain inside building unless ordered to evacuate by the Fire Department.
  - Fire Department will advise of further actions to be taken.
  - Do not eat or drink anything or apply cosmetics.
  - If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
  - The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

- **Civil Disturbance:**

- A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:
  - Notify local law enforcement authorities-Dial 911.
  - If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
  - Do not argue with participant(s).
  - Have all students and employees leave the immediate area of disturbance.
  - If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
  - If the disturbance is inside the building, follow procedures for evacuation of the school site.
  - Follow further instructions as police officials and other local law enforcement authorities issue them.
  - Draft incident report for School Principal, or his/her designee.

- **Vandalism:**

- The following procedures should be used in the case of school vandalism:
  - Notify school principal, or his/her designee.
  - Notify building and ground maintenance personnel.
  - The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
  - If possible, identify the parties involved.
  - Interview witnesses and obtain written statements.
  - Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.

- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.
  
- **Utility or Power Failure:**
  - The following procedures should be used in case of utility or power failure:
    - Staff and students should remain in classroom until further instruction.
    - Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
    - Staff and students outside of a classroom at the time of the incident should report to main office.
    - Building and grounds personnel report to utility company if necessary.
    - If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
    - Where utility failure presents an emergency, evacuation procedures should be implemented immediately.
  
- **Bomb Threat:**
  - Internal Reference
  
- **Explosion:**
  - If an explosion occurs at the school, the following procedures should be used:
    - Internal Reference
  
- **Fighting or Riot:**
  - School staff should follow these guidelines when a fight occurs:
    - Send a reliable student to the office to summon assistance.
    - Speak loudly and let everyone know that the behavior should stop immediately.
    - Obtain help from other teachers if at all possible.
    - If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
    - Call out the names of the involved students (if known) and let them know they have been identified.

- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
  - Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
  - Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.
  
- Staff should follow these guidelines when a riot occurs:
  - The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
  - Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
  - Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
  - Activate needed emergency plans, which may include:
    - Instructing office staff to handle communications and initiate lockdown orders.
    - Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
    - Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
    - Brief a representative to meet the media.
    - Assign staff to a pre-designated medical treatment/triage facility.
  
- **Hostage Situation:**

- In case there is a hostage situation at the school, staff should attempt to follow these guidelines:
  - Internal Reference

- **Death of a Student:**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.

- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.
- **Intruder or Individual with Deadly Weapon / Active Shooter:**
  - If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:
    - Internal Reference
- **Lock Down**
  - Internal Reference

### **Suspension and Expulsion Policies**

*“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)*

#### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

#### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education

programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the principal based on the decisions made by the admin panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

- (i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.
- (ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:
  - (I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.
  - (II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and

cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

## **DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-4. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-4's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

## Positive Discipline

MSA-4 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-4 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

## Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-4. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-4 provides its staff with Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention Programs, MSA-4 implements Positive Behavior Interventions and Supports (PBIS) to address discipline issues including suspension. This tiered approach lists intervention strategies and programs on the level of fractions.

MSA-4 implements prevention strategies for each tier as presented below:

Tier	Prevention Description
------	------------------------

I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-4 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## **Grounds for Suspension**

### **Jurisdiction**

5. Possession of an explosive, as defined in Education Code Section 48915(h).

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-4 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-4 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled "administratively" or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following

suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such

extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

# **Expulsion Procedures**

## **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be “on call” for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

## **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-4’s disciplinary rules which relate to the alleged violation;
4. Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the Charter School to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

## **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MSA-4 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-4 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MSA-4 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-4. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the

complaining witness would be influenced by the support person, in which case the Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-4
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MSA-4 shall maintain records of all student suspensions and expulsions at MSA-4. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

## **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-4 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-4's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

### **Rehabilitation Plans**

Pupils who are expelled from MSA-4 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-4 for readmission.

MSA-4 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding nonreinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

## **ADDITIONAL PROVISIONS**

## Bullying

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

#### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal

movement or interfering with work because of sex, race or any other protected basis;

- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above. Prohibited Unlawful Sexual Harassment:

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees). See Appendix A for the "Harassment Complaint Form." See Appendix B for the general "Complaint Form."

**Sexual harassment may include, but is not limited to:**

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

**Unwanted sexual advances, propositions or other sexual comments, such as:**

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

**Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:**

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms). The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation, filing of a complaint or reporting sexual harassment. MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation. While in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities.

**B. Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

**Corporal Punishment:**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;

### **Acceptable and Unacceptable Staff/Student Behavior:**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a

student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy):**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect

inappropriate behavior.

**Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

**Cautionary Staff/Student Behaviors:**

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities. Acceptable and Recommended Staff/Student Behaviors:
- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);

- Involving your supervisor if conflict arises with the student;

- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;

### **Procedures for Safe Ingress and Egress from School**

**\*Please see school map at bottom of this Safety Plan**

Visitors and guests are welcome at the school. However, to safeguard students and staff, reasonable precautions should be taken.

Visitors should:

1. Always report and sign in at the office.
2. Be provided with a visitor's badge.
3. Be prepared to provide identification to school personnel.
4. Respect school rules.

School personnel should:

1. Insure all exterior doors are marked with a notice to visitors to first report to the office.

2. Exterior doors should remain locked, except doors near the office area.
3. Staff should receive training on how to greet visitors. The first question is "May I help you?"
4. Someone should greet every visitor.
5. Any intruder found roaming the building should be escorted to the office. Someone can then provide any additional information or directions. (NOTE: An intruder is anyone without a visitor's badge or lacking visible identification stating who they are, i.e., school employee)

Visitors who fail to comply with school procedures:

1. Should verbally be informed they are in violation of school policy. (Example - "Sir, you must report to the office immediately. If you fail to do so, you will be considered a trespasser, and school security will be called.")
2. If this fails:
  - Notify the office of the situation.
  - Follow the person, if possible, and continue to give notice of the violation of school rules.
3. Police should be notified, or call 911.
4. Office should activate building-wide notification plan concerning intruder:
  - PA announcement using pre-determined code phrase.
  - Classroom doors should be closed.
  - Students should remain in current areas.

### **Procedures to Ensure a Safe and Orderly Environment**

#### **The Social Climate and the Physical Environment**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the school's regulations and policies to set a standard.

### **Core Values**

Magnolia Public Schools has identified the following core values, which are reinforced through its "Life Skills" curriculum, expected school wide learning results (ESLR), and all school activities.

#### **Value: Scholarship Value: Critical Thinking**

Success and Self Discipline Citizenship and Personal Qualities

#### **Value: Social Responsibility Value: Effective Communication**

Respect and Responsible Choices Conflict Resolution and Human Relations

#### **Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

#### **If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

**Illuminate provides the following information:**

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exceeding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The point Illuminate system serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then points are deducted.
6. Communication: Illuminate provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child's academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so.

## **Parent Association**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTSC meetings. Our PTSC supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the mornings and evenings as a pilot program to assess if this move will increase parent participation.

## **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

## **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and

professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

**False Fire Alarms:**

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

**Forgery of Signatures:**

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

**Vulgarity, Profanity and Obscenity:**

Any gesture or material of this nature is not permitted at school or school functions.

**Behaving Disrespectfully towards Teachers or Staff:**

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

**Smoking or Use of Other Tobacco Products:**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

**Stealing and/or Vandalizing School/Private Property & Graffiti:**

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

**Displaying Threatening Behavior:**

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats ("hard" stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

**Bringing Weapon in School:**

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

**Possession or Use of Fireworks:**

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

**Arson:**

Intentionally starting any fire or combustion on school property

**Public Display of Affection:**

Public displays of affection are not allowed.

**Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules:**

Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to the following discipline.

**Students with an IEP:**

If a student has a behavior plan in his/her IEP, the consequences cited in that plan will be used in the event of specified misbehavior. If the behavior(s) worsens or the frequency increases, the student's IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

**Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

**Bullying Prevention Policies and Procedures**

Bullying is not permitted at MPS. In addition MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived

characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. Bullying causes pain and stress to those who are victims and is never justified or excusable as “kids being kids”, “just teasing”, “joking”, “playing around” or any other rationalization. This includes the use of social media for wrongful purposes.

**Each MPS student agrees to:**

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

**Harassment of Students, Teachers, Administrators, or Staff:**

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment. Harassment can be verbal, physical and visual. (Education Code, § 212.5) Harassment is a violation of Federal Law and is contrary to the School Board’s commitment to provide a physically and psychologically safe environment in which to learn.

**Student Hazing:**

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences

**BP 5131.2(a)**

**BULLYING**

The County Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. The County Superintendent will establish student safety as a high priority and will not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyber bully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Cyber bullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

## **Public Inspection**

*This document is available for public inspection at Magnolia Science Academy-6 and on website at <http://msa6.magnoliapublicschools.org/>*

### **School Site Mission**

#### Mission and Vision

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

#### Excellence

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### Innovation

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### Connection

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

## Statement of Purpose

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### Employee Preparedness

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### Employee Skills

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- always Keep attendance sheets readily accessible in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency.

The School Principal, or his/her designee, is responsible for the following:

## Magnolia Science Academy 6 – Palms School Safety Plan

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;
- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### Employee/Student Special Needs

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### Emergency On-Site Personnel

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-sponsored programs, and post on our department's Internet Web site links to existing training resources, in compliance with EC 44691.

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code [11166](#))

### Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge

(Penal Code [11165.9](#), [11166](#))

Department of Child and Family Services  
800-540-4000

#### 2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code [11166](#), [11168](#))

The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code [11174.3](#))

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code [11174.3](#))

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code [11167.5](#).

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code [11174.3](#))

**A release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code [48906](#))

# Disaster Response Procedures

## General Policies and Procedures for Handling Safety and Specific Emergency Situations:

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and well being of students and staff at the time of an emergency. Specific goals include:

1. Protect the safety and welfare of students and staff;
2. Provide for a safe and coordinated response to emergency situations;
3. Protect the school's facilities and property;
4. Enable the school to restore normal conditions with minimal confusion in the shortest time possible;
5. Provide for interface and coordination between the school and local authorities and resources.

## Emergencies

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or his/her designee. Home office will also be informed using Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or his/her designee, will communicate with stakeholders using the school's mass communication system.

## Fire

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - The exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to the outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.

- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

### Medical Emergency

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal or his/her designee. Dial 911 or direct someone to do so.
- Provide the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
  - Nature of the emergency.
  - Do not hang up until advised to do so by the dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is a danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

### Earthquakes

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by the School Principal or his/her designee, evacuate.
- Do not return to the building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.

- Elevators and stairways will need to be inspected for damage before they can be used.
- The school principal, or his/her designee, will issue further instructions.
- Certificated and classified school staff are trained annually on emergency earthquake procedures

### Assaults

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.

If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit an incident report to the local law enforcement if an incident is serious.

### Hazardous Materials

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material.

Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for cleanup. Open windows for ventilation.
- If a more serious spill occurs inside or outside:
- Call 911. Notify the Fire Department, Emergency Response Unit, and/ or Public Health Department.
- Provide the following:
  - School name.
  - Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of the spill (colors, smells, visible gases).
  - Name of substance, if known.
  - Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.
- Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
- Remain inside the building unless ordered to evacuate by the Fire Department.
- Fire Department will advise of further actions to be taken.
- Do not eat or drink anything or apply cosmetics.

- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
- The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

### Civil Disturbance

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities-Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to the school Principal, or his/her designee.
- Do not argue with the participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

### Vandalism

The following procedures should be used in the case of school vandalism:

- Notify school principal or his/her designee.
- Notify building and ground maintenance personnel.
- The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.
- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### Utility or Power Failure

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in the classroom until further instruction.
- Custodial and maintenance personnel should determine the cause of an incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to the main office.
- Building and grounds personnel report to utility company if necessary.
- If the situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.

- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

### Bomb Threat

- Internal Reference

### Explosions

- Internal Reference

### Fighting or Riot

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.
- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as backup help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

### Death of a Student

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### Intruder or Individual with Deadly Weapon/Active Shooter

- Internal Reference

### Lock Down

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas.

Internal Reference

### Use of School Facilities for Mass Care and Welfare Shelters

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

## Evacuation

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken:

The School Principal or his/her designee should:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as the situation dictates.
- Take a copy of the class enrollment list.
- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.
- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

## Drugs, Alcohol, and Tobacco

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.
- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.

- Determine what intervention or follow-up procedures are necessary including counseling.

### Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

### Fire Drills

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### Management Organization Chart

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team but may act only when assigned specific duties by the Principal.

### Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.

- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

### Annual Inspections

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance are the proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial
- Storage Room
- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist. Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School Principal. When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

### Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency.

### Classroom Safety Kits

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches

- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Anti-bacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

## **Suspension and Expulsion Policies**

“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)

### General Provisions

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### Students with Disabilities

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student's disability?
- B. Was the misconduct a direct result of the Charter School's failure to implement Section 504?

### Notification of the District

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed "Notification of Charter School Expulsion" [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed

- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student's disability?
  - B. Was the misconduct a direct result of Charter School's failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

#### Outcome Data

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

#### Rehabilitation Plans

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

#### Readmission

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board,

including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

#### Reinstatement

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

#### Gun-Free Schools Act

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

#### Students with an IEP:

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address

the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

## SUSPENSION AND EXPULSION PROCEDURES

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at MPS. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to an annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

## **PROGRESSIVE POSITIVE DISCIPLINE**

### Positive Consequences

MPS school staff has committed itself to encourage and support the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays

- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

#### Reflection:

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

#### In School Suspension (ISS):

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

#### Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-6. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-6 provides its staff with Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention (RTI) Programs, MSA-6 implements Positive Behavior and Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-6 implements prevention strategies for each tier as presented below:

<b>Tier</b>	<b>Prevention Description</b>
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-6 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## GROUNDS FOR SUSPENSION

### SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

#### Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal’s designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or

Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-6 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-6 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### Notice to Parents/Guardians

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### Suspension Time Limits

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension

- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024

### Recommendation for Placement/Expulsion

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### Access to Education

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

### Gun Free Schools Act

Charter School shall comply with the federal Gun Free Schools Act.

For specific details, refer to LAUSD Board Policy and Administrative Regulations.

### Authority to Expel

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the

Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be “on call” for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

### Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;

3. A copy of MSA-6’s disciplinary rules which relate to the alleged violation;
4. Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses.

### Record of Expulsion Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### Written Notice to Expel

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-6
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### Disciplinary Records

MSA-6 shall maintain records of all student suspensions and expulsions at MSA-6. Such records shall be made available to the District upon request.

### Expulsion Appeals

To appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

### Interim Placement

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### Readmission/Reinstatement

The decision to readmit a pupil previously expelled from MSA-6 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-6's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

### Rehabilitation Plans

Pupils who are expelled from MSA-6 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan

includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-6 for readmission.

MSA-6 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

# Sexual Harassment Policy

## Policy Prohibiting Unlawful Harassment

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

## Prohibited Unlawful Harassment:

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

## Prohibited Unlawful Sexual Harassment:

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual. All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any

individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS Policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

## **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

## **Harassment and Discrimination**

Harassment and Discrimination are prohibited. They include the following:

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

Policies for dealing with harassment and discrimination are described in the *MPS Employee Handbook* and *MPS Student-Parent Handbook*.

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
4. Determine disciplinary consequences. See *MPS Employee Handbook* and *MPS Student-Parent Handbook*.

5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### Internal Complaint Review

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

### Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, the School values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Against Employees (Complaints by Third Parties Against Employees):

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

## **HARASSMENT COMPLAINT FORM**

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

### Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

## **Acceptable and Unacceptable Staff/Student Behavior**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member’s perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

#### Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

#### Unacceptable Staff/Student Behaviors (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

#### Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

### Cautionary Staff/Student Behaviors

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities. Acceptable and Recommended Staff/Student Behaviors:
- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority;
- Asking yourself if your actions are worth your job and career.

## School-wide Dress Code Prohibiting Gang-related Apparel

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs is not permitted on campus at any time. No gang activity or gang association will be permitted at school or school-sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented.

### DRESS CODE

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. Students will not be allowed to enter the campus if they are not in proper uniform. This uniform policy will be enforced, without exception, from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to obtain written permission from the school's administration.

## MPS STUDENT UNIFORM POLICY

Pants, shorts, skirts, skorts, or capris are acceptable. Must be khaki, black, or navy blue.

### **Pants/Skirts/Skorts/Shorts/Capris:**

- May not be baggy or tight fitting. May not be rolled at waist. Waist size must be same as student's waist size. Top of garment must be at or above hip bone.
- Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
- Skirts that are above the top of the kneecap should be worn with leggings/tights, and must be no shorter than the longest fingertip.
- Pants may not be made from legging or jegging material.
- Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle.

### The Social Climate and the Physical Environment (Continued)

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### Effective Communication

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Illuminate provides the following information:

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then points are deducted.
6. Communication: Illuminate provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child's academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so.

#### Parent Task Force (PTF)

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives, so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

### Physical Environment

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber-bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

**Assaulting, Fighting and/or Arranging Fights:**

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

**Bringing / Using Electronic Devices:**

CD Players, IPOD, MP3 players, phones, PDA, PSP, Laptops, Electronic Games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

**Scholastic Dishonesty:**

Scholastic dishonesty includes (but is not limited to) cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. Each teacher sets their own standards of behavior for their classroom, and students are expected to know the standards and procedures for each of their classes.

**Texting/Sexting:**

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

#### False Fire Alarms:

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

#### Forgery of Signatures:

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

#### Vulgarity, Profanity and Obscenity:

Any gesture or material of this nature is not permitted at school or school functions.

#### Behaving Disrespectfully towards Teachers or Staff:

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

#### Smoking or Use of Other Tobacco Products:

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

#### Stealing and/or Vandalizing School/Private Property & Graffiti:

Theft or vandalism of school property carries heavy legal penalties.

#### Displaying Threatening Behavior:

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats ("hard" stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

#### Bringing Weapon in School:

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. **Students with an IEP:**

If a student has a behavior plan in his/her IEP, the consequences cited in that plan will be used in the event of specific misbehavior. If the behavior(s) worsens or the frequency increases, the student's IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

## **Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

## **Bullying Prevention Policies and Procedures**

Bullying is not permitted at MPS. In addition, MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. This includes the use of social media for wrongful purposes.

Each MPS student agrees to:

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

Harassment of Students, Teachers, Administrators, or Staff:

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment.

Harassment can be verbal, physical and visual. (Education Code, § 212.5) Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

Student Hazing:

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences

## **School Site Mission**

### **Mission and Vision**

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

#### ***Excellence***

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### ***Innovation***

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### ***Connection***

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

## **Statement of Purpose**

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that

may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;
- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

**Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

## **Child Abuse Reporting Procedures**

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-sponsored programs, and post on our department's Internet Web site links to existing training resources, in compliance with EC 44691.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code [11165.7](#))

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code [11166](#))

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code [11166](#))

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code [11166](#))

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code [11166](#))

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code [11165.9](#), [11166](#))

Department of Child and Family Services  
800-540-4000

## 2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code [11166](#), [11168](#))

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code [11174.3](#))

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code [11174.3](#))

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code [11167.5](#).

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code [11174.3](#))

### **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code [48906](#))

## **Disaster Response Procedures**

### **General Policies and Procedures for Handling Safety and Specific Emergency Situations:**

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and well being of students and staff at the time of an emergency. Specific goals include:

1. Protect the safety and welfare of students and staff;
2. Provide for a safe and coordinated response to emergency situations;
3. Protect the school's facilities and property;
4. Enable the school to restore normal conditions with minimal confusion in the shortest time possible;
5. Provide for interface and coordination between the school and local authorities and resources.

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and wellbeing of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. Home Office will also be informed using the Home Office Support Team (HOST) communication system. (refer to HOST attachment). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of the following scenarios, the Principal or designee will communicate with stakeholders using the school's mass communication system.

### **Fire**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any

door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.

- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from fire fighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

## **Medical Emergency**

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.
- Provide the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
  - Nature of the emergency.
  - Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

## **Earthquakes**

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.

- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.
- Certificated and classified school staff are trained annually on emergency earthquake procedures

### **Assaults**

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.

If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

### **Hazardous Materials**

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material.

Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.
- If a more serious spill occurs inside or outside:
- Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
- Provide the following:
  - School name.

- Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of spill (colors, smells, visible gases).
  - Name of substance, if known.
  - Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.
- Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
  - Remain inside building unless ordered to evacuate by the Fire Department.
  - Fire Department will advise of further actions to be taken.
  - Do not eat or drink anything or apply cosmetics.
  - If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
  - The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

### **Civil Disturbance**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities-Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

### **Vandalism**

The following procedures should be used in the case of school vandalism:

- Notify school principal, or his/her designee.
- Notify building and ground maintenance personnel.
- The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.
- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### **Utility or Power Failure**

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in classroom until further instruction.
- Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to main office.
- Building and grounds personnel report to utility company if necessary.
- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

### **Bomb Threat**

- Internal Reference

### **Explosions**

If an explosion occurs at the school, the following procedures should be used:

- Internal Reference

## **Fighting or Riot**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.
- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
  - Instructing office staff to handle communications and initiate lockdown orders.
  - Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

## **Hostage Situation**

## Death of a Student

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

## Intruder or Individual with Deadly Weapon/Active Shooter

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Internal Reference

## Lock Down

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas.

Internal Reference

## **Use of School Facilities for Mass Care and Welfare Shelters**

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils, and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

### **Evacuation**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken:

The School Principal or his/her designee should:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as situation dictates.
- Take a copy of class enrollment list.
- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.
- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

## **Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.
- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.
- Determine what intervention or follow-up procedures are necessary including counseling.

## **Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

## **Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### **Management Organization Chart**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

### **Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

### **Annual Inspections**

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance is proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial
- Storage Room

- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist. Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School Principal. When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

### **Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

### **Classroom Safety Kits**

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band Aids

- Ace Bandages
- Package of Sewing Needles
- Slings
- Anti-bacterial salve
- Steri-strips or butterfly stitches

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

## **Suspension and Expulsion Policies**

### **General Provisions:**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### **Students with an IEP:**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and

provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

1. Was the misconduct caused by, or directly and substantially related to the student’s disability?
2. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

**Notification of the District:**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:

A. Was the misconduct caused by, or directly and substantially related to the student’s disability?

B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School

must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

## **SUSPENSION AND EXPULSION PROCEDURES**

### **Outcome Date:**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **Rehabilitation Plans:**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **Readmission:**

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **Reinstatement:**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **Gun-Free Schools Act:**

Charter School shall comply with the federal Gun-Free Schools Act.

In accordance with E.C. 47605(J)

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

**Discipline Foundation Policy:**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-7. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq.

The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-7's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

## **PROGRESSIVE POSITIVE DISCIPLINE**

### **Positive Consequences**

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)

- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-7 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

### **Reflection:**

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

### **In School Suspension (ISS):**

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

### **Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-7. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-7 provides its staff with Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention (RTI) Programs, MSA-7 implements Positive Behavior and Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-7 implements prevention strategies for each tier as presented below:

Tier	Prevention Description
<p style="text-align: center;"><b>I.</b> <b>Primary</b> <b>(Universal)</b></p>	<p><b>Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).</b></p>
<p style="text-align: center;"><b>II.</b> <b>Secondary</b> <b>(Targeted)</b></p>	<p><b>Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.</b></p>
<p style="text-align: center;"><b>III.</b> <b>Tertiary</b> <b>(Intensive)</b></p>	<p><b>Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.</b></p>

MSA-7 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, home visit, school reflection time with administration, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Principal/Assistant Principal), assigning volunteer work/community service, and in-school suspension.

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-7 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-7 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan

to support the student during and after the in-school suspension. This plan is shared with parent/guardian when informing them of the in-school suspension and parent/guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled "administratively" or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

## **Grounds for EXPULSION**

Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
    - iii. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
    - ii. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 18. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.

### **Gun Free Schools Act**

Charter School shall comply with the federal Gun Free Schools Act.

### **Expulsion Procedures**

#### **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-7's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MSA-7 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-7 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MSA-7 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-7. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

## **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-7
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

## **Disciplinary Records**

MSA-7 shall maintain records of all student suspensions and expulsions at MSA-7. Such records shall be made available to the District upon request.

## **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

## **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

## **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-7 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-7's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

## **Rehabilitation Plans**

Pupils who are expelled from MSA-7 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-7 for readmission.

MSA-7 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

## **ADDITIONAL PROVISIONS**

### **Bullying**

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

### **Procedures for Notifying Teachers about Dangerous Pupils**

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Illuminate. The teacher can access the suspension by looking at the student's discipline screen. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the LAUSD regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student's counselor.

1. The School Principal will inform teachers and other relevant staff of students who are defined as dangerous as set forth in the California Education Code sec. 48900, including the exceptions to this rule provided therein. The School will provide this information to the teacher based upon any records that the school maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this Section. The School is not civilly or criminally liable for providing information unless it is proven that the information was false and that the School employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.

2. Any information received by a teacher pursuant to this Section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

#### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

#### **Prohibited Unlawful Sexual Harassment:**

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term

or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually

demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.

- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS Policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

## **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

## **Harassment and Discrimination**

**Harassment and Discrimination are prohibited. They include the following:**

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

**Policies for dealing with harassment and discrimination are described in the *MPS Employee Handbook* and *MPS Student-Parent Handbook*.**

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
4. Determine disciplinary consequences. See *MPS Employee Handbook* and *MPS Student-Parent Handbook*.
5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

**Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

**Internal Complaints:**

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

## HARASSMENT COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

**Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

## **Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

## **Acceptable and Unacceptable Staff/Student Behavior**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is

acceptable, is to ask yourself, “Would I be engaged in this conduct if my family or colleagues were standing next to me?”

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member’s perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy)**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;

- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

### **Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

### **Cautionary Staff/Student Behaviors**

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities. Acceptable and Recommended Staff/Student Behaviors:
- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);

- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;

- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority;
- Asking yourself if your actions are worth your job and career.

### **The Physical Environment-Place (Component 2)**

Our school creates a physical environment that communicates respect for learning and for individuals and safety in the following ways:

- MSA 7 maintains a clean environment through utilizing custodial staff in the general areas (hallways/ restrooms and other common areas), and the teachers and students also are encouraged to maintain classrooms that are clean, orderly settings that contribute to the learning environment.
- MSA 7 involves itself in the community by participating in numerous community events throughout the school year.

Make your campus secure from outside criminal activity

- Our campus is a closed campus and entrance and exit gates are locked at all times
- Monitor and supervise all areas
- Students are limited to certain areas during the morning, lunch and after school to limit students from loitering and to maximize supervision efforts.

- Administrators supervise campus during lunch as well as before and after school.
- Teachers and our Campus Aid help supervise students on campus throughout the day

#### Provide a pleasant eating area and healthy food

- Students receive healthy snacks and meals at the on-site cafeteria
- Food choices include options such as salads, yogurt, milk and vegetables

#### Maintain clean and safe restrooms

- We have custodial staff who clean the restrooms daily with disinfectant and restock supplies including toilet paper and soap in each restroom prior to the beginning of the next day. Floors are mopped, and toilets as well as sinks are scrubbed.

#### Provide adequate lighting in all areas

- Lighting is provided throughout outdoor parts of campus and surrounding school area with large lights that help ensure safety

#### Provide student with current textbooks and materials

- Students receive textbooks for all classes that are aligned with the latest Common Core State Standards. In addition, online support resources are provided to supplement learning

#### Maintain a variety of sports facilities and equipment

- A large outdoor field is available on campus for students to play soccer, football, frisbee, and other outdoor sports. In addition, basketball and volleyball courts are located on paved adjacent courts. Further, two outdoor playground areas are available for students to play. These facilities are utilized, during recess, lunch and PE, and after school during arc club time.

#### Provide a well stocked library

- Our campus library is stocked with books that cover a broad range of topics and AR reading levels. Students are able to use the library to pick books to read which they may check out three days per week. We have two community volunteers who help maintain the library and help students while they visit.

#### Deal with vandalism before students return to school

- Before students return to school, photo documentation is recorded to keep information and proof about the type of vandalism that occurs. When property damage is discovered, students and their families are contacted to discuss a plan to have responsible parties replace damaged goods. Also, community service restorative practices are established to provide an opportunity to resolve issue. Also, if graffiti occurs, gang task experts will be consulted to see if danger is an issue for students as well to see if a student who might be affiliated with gang will have the opportunity to receive support interventions.

Inventory, Identify and store valuable property

- Computer Lab is locked nightly. Also, the computers are numbered in the lab and classrooms to be able to keep an inventor. Teachers keep inventory of their valuable belongings at the beginning of the year in their classroom, as well as at the end of the year on a tracker that is sent to the Admin.

Promote policy that weapons and drugs are not on campus

- Our school policy prevents weapons and drugs from being on campus.

### **The Social Climate and the Physical Environment (Continued)**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Effective Communication**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

**If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

**Illuminate provides the following information:**

1. Attendance: Each student’s attendance (tardy/absence) is recorded daily (by each teacher) in ‘real-time.’ This is one method our parents can monitor their child’s attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a ‘Behavior’ grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school’s expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then points are deducted.
6. Communication: Illuminate provides another effective method for parents, students and teachers and the school’s leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child’s academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school’s website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave

messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so.

### **Parent Task Force (PTF)**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

### **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber-bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural

disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

## **Rules and Procedures on School Discipline**

Magnolia Public Schools Student Code of Conduct: MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

### **Expected Student Behavior**

**Scholastic Dishonesty:**

Scholastic dishonesty includes (but is not limited to) cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

**Smoking or Use of Other Tobacco Products:**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

### **Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. **Student Hazing:**

### **School Site Mission**

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, art, and math (STEAM) in a safe environment that cultivates respect for self and others.

### **Vision**

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

### **Core Values**

MPS has identified the following core values, which are reinforced through its Life Skills curriculum, student learning outcomes (SLOs), and all school activities.

#### *§ Scholarship*

Scholarship is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster scholarship through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### *§ Innovation*

Students will have the freedom to choose how and what they learn. Flexible scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### *§ Connection*

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long term resilience and connection.

### **Statement of Purpose**

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

This plan encompasses a broad range of potential safety issues and major emergencies. Such incidents may include earthquake, hazardous materials, widespread power outage, and similar events affecting normal operations at the school.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non--instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;
- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students

- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Emergency On-site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

This is due to the amount of enrolled students and total adults on campus that will need to utilize campus facilities in an emergency situation.**

## **Disaster Response Procedures**

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and wellbeing of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. Home office will also be informed through the HOST communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of the following scenarios, the Principal, or his/her designee will communicate with stakeholders using school's mass communication system.

#### **Fire:**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number:  
Magnolia Science Academy - Santa Ana ; (714)479-0115
  - Building address, including nearest cross street(s):

  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door,

place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.

- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from fire-fighting equipment.
- Render first aid as necessary
- Check attendance. Remain with students.
- Render first aid as necessary.

### **Medical Emergency:**

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention.

When in doubt, it is better to err on the side of caution and dial 911.

- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.

### **Civil Disturbance:**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.

- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

### **Bomb Threat:**

- Internal Reference

### **Fighting or Riot**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.

- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice.
- Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.
- Staff should follow these guidelines when a riot occurs:
- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to

the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.

- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

## **Death of a Student**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

**Explosion:**

If an explosion occurs at the school, the following procedures should be used:

- Internal Reference

**Hostage Situation:**

In case there is a hostage situation at the school, staff should attempt to follow these guidelines:

- Internal Reference

**Intruder or Individual with Deadly Weapon/ Active Shooter:**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Internal Reference

**Lock Down**

- Internal Reference

**Suspension and Expulsion Policies****Students with an IEP:**

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

**SUSPENSION AND EXPULSION PROCEDURES**

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well being of all students at MPS. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook, which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

## **Progressive Positive Discipline**

### Positive Consequences

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- PBIS Pirate Dollars

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

### **Alternatives to Suspension:**

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

**Reflection:**

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

**In School Suspension (ISS):**

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

#### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

### **Notice to Parents/Guardians**

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a discipline committee. All discipline committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the discipline committee is final. Based on the information submitted or requested, the Discipline Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension.
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not

directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session unless the student makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MPS' disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of

psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

## **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

## **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board, who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. If the expulsion-hearing panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

## **Written Notice to Expel**

The Principal or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures.

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

## **Disciplinary Records**

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

## **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall convene a committee of three: a school Principal and a Dean of Students from other MPS schools, and the CEO of MPS or his/her designee. The committee shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The committee will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

## **Interim Placement**

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall work with the District for an interim placement or other alternative program. Should Charter School determine after the referral that the student will remain at the charter school pending the expulsion hearing based on the best interest of the student, or if Charter School secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, Charter School will notify the District of such determination.

## **ADDITIONAL PROVISIONS**

### **Bullying**

The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 et seq. MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

### **Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities**

#### **1. Notification of SELPA**

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

#### **2. Services During Supervision**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### 3. Procedural Safeguards/ Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

### **Students with Disabilities**

Charter School shall implement operational and procedural guidelines ensuring compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement, pending the completion of the expulsion process, to be coordinated with the LAUSD Special Education Service Center.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team,

including a District representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student's disability?
- B. Was the misconduct a direct result of the Charter School's failure to implement 504 Plan?

### **Notification of the District**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- completed "Notification of Charter School Expulsion"
- documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed copy of parental notice of expulsion hearing
  
- copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment
- if the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- if the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student's disability?
  - B. Was the misconduct a direct result of the Charter School's failure to implement 504 Plan?

Notwithstanding the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the Superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code 49068 (a) and (b).

### **Outcome Data**

Charter School shall maintain all data involving placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **Rehabilitation Plans**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

Upon completion of the readmission process, Charter School's governing board shall readmit the pupil; unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **Reinstatement**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **Gun Free Schools Act**

Charter School shall comply with the federal Gun Free Schools Act.

For specific details, refer to LAUSD Board Policy and Administrative Regulations.

### **Procedures for Notifying Teachers about Dangerous Pupils**

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate

corrective action, if warranted.

**Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above. Prohibited Unlawful Sexual Harassment:

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free and educational atmosphere free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees). See Appendix A for the "Harassment Complaint Form." See Appendix B for the general "Complaint Form."

**Sexual harassment may include, but is not limited to:**

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS Policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

### **Sexual Abuse and Sex Trafficking**

- MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

### **Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### **Harassment and Discrimination**

Harassment and Discrimination are prohibited. They include the following:

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

***Policies for dealing with harassment and discrimination are described in the MPS Employee Handbook and MPS Student-Parent Handbook.***

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
4. Determine disciplinary consequences. See MPS Employee Handbook and MPS Student-Parent Handbook.
5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### **Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

### Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, the School values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

### **Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

#### **Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of school personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

#### **Acceptable and Unacceptable Staff/Student Behavior:**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy):**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;

- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

**Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

**Cautionary Staff/Student Behaviors:**

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

**Acceptable and Recommended Staff/Student Behaviors:**

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;

- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority;

### **The Social Climate and the Physical Environment (Continued)**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

#### **Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

**If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

### **Illuminate provides the following information:**

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate and/or Google Classroom. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Behavior Points Tracker System: we believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The behavior points tracker serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then points are deducted.
6. Communication: Illuminate does not allow for communication directly to parents. The school will utilize school-wide communication system, along with email and phone to communicate with parents.

### **Parent Task Force (PTF)**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

### **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all

applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber-bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

### **Rules and Procedures on School Discipline**

This plan encompasses a broad range of potential safety issues and major emergencies. Such incidents may include earthquake, hazardous materials, widespread power outage, and similar events affecting normal operations at the school.

## **I. Staffing – Safety Roles**

### **A. Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

1. Review of this Plan and any other emergency policies and procedures;
2. Review of an employee's role during an emergency;
3. Knowledge of how to conduct and evaluate required drills;
4. Familiarity with the layout of buildings, grounds and all emergency procedures;
5. Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
6. Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **B. Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the Principal or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

- 1) Instructional staff is responsible for the following:
  - a) Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency.
  - b) Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation.
  - c) Update the contents of classroom emergency kit and keep it in a safe, accessible location.
  - d) Participate fully in fire, earthquake and evacuation drills.
  - e) Have planned activities for students for use during periods of confinement during an emergency situation.
- 2) The Principal or his/her designee is responsible for the following:
  - a) Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees.
  - b) Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities.
  - c) Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary.
  - d) Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves.
  - e) Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges.
  - f) Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance.

- h) Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students.
- i) Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment.
- j) Maintain a list of emergency phone numbers in a readily accessible location.

**C. Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device where such employees and/or students are located.

**D. Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school. A list of Emergency Roles can be found in **Appendix A**.

## **II. General Policies and Procedures for Handling Safety and Specific Emergency Situations (Disaster Response Procedures)**

The purpose of the safety and emergency sections of this plan is to provide safety and emergency preparedness and response instructions to protect the safety and well-being of students and staff at the time of an emergency. Specific goals include:

- Protect the safety and welfare of students and staff
- Provide for a safe and coordinated response to emergency situations
- Protect the school's facilities and property
- Enable the school to restore normal conditions with minimal confusion in the shortest time possible
- Provide for interface and coordination between the school and local authorities and resources

### **A. Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the Principal, or his/her designee. Home office will be informed using the HOST communication system (refer to HOST Crisis Communication section). HOST will also collaborate with the Crisis Management Team and coordinate a response as needed, particularly in the area of mental health support. In the event of the following scenarios, principal or designee will communicate with stakeholders using school's mass communication system.

- 1. Fire:** In the case of a school fire, the following procedures should be implemented:
  - a. Sound building fire alarm: PA system in front office.
  - b. Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a waste basket. The Fire Department should be given the following information:
    - i. School name and phone number
    - ii. Building address, including nearest cross street(s)
    - iii. Exact location of the fire within the building
  - c. Have students and staff evacuate the building in accordance with established procedures.
  - d. Evacuate to outdoor assembly area.
  - e. All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
  - f. Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
  - g. Render first aid as necessary.
  - h. Check attendance. Remain with students.

- 2. Medical Emergency:** Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.
- a. Medical emergencies involving any student or employee must be reported to the principal, or his/her designee.
  - b. Dial 911 or direct someone to do so.
  - c. Provide the following information:
    - i. School name and phone number.
    - ii. Building address, including nearest cross street(s).
    - iii. Exact location within the building.
    - iv. Your name and phone number.
    - v. Nature of the emergency.
    - vi. Do not hang up until advised to do so by dispatcher.
  - d. Notify the school office that an individual has been injured and an ambulance has been called.
  - e. Ask someone to dispatch a first aid/CPR trained employee to the victim.
  - f. Stay calm. Keep victim warm with a coat or blanket.
  - g. Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
  - h. Draft written incident report and submit it to Principal, or his/her designee, before the end of the next workday.
- 3. Earthquakes:** Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- a. Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- b. After shaking stops, check for injuries, and render first aid.
- c. If ordered by principal or his/her designee, evacuate.
- d. Do not return to building.
- e. Do not light any fires.
- f. Keep a safe distance from any downed power lines.
- g. Check attendance whether or not evacuation takes place. Report any missing students to principal, or his/her designee.
- h. Stay alert for aftershocks.
- i. Beware that shaking may activate fire alarm or sprinkler systems.
- j. Elevators and stairways will need to be inspected for damage before they can be used.
- k. School principal, or his/her designee, will issue further instructions.

- 4. Assaults:** Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the school Principal, or his/her designee. The school principal (or designee) will determine if law enforcement officials should be notified.
- a. If a serious assault occurs:
  - b. Dial 911.
  - c. Seek first aid or medical attention, if indicated.
  - d. Have photographs taken of any injuries.
  - e. Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
  - f. Obtain names and telephone numbers of any witnesses.
  - g. Draft incident report and submit it to the school principal, or his/her designee.
  - h. School principal or his /her designee will submit incident report to the local law enforcement if incident is serious.
- 5. Hazardous Materials:** Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of a large scale disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material. Procedures:
- a. If a spill is minor and inside, notify buildings and grounds personnel immediately for clean-up. Open windows for ventilation.
  - b. If a more serious spill occurs inside or outside:
    - i. Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
    - ii. Provide the following: Name of school, building address, including nearest cross street(s).
    - iii. Your name and phone number.
    - iv. Location of the spill and/or materials released.
    - v. Characteristics of spill (colors, smells, visible gases).
    - vi. Name of substance, if known.
    - vii. Injuries if any.
  - c. Notify buildings and grounds personnel.
  - d. Close all windows and doors if the spill is outside.
  - e. Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
  - f. Remain inside building unless ordered to evacuate by the Fire Department.
  - g. Fire Department will advise of further actions to be taken.
  - h. Do not eat or drink anything or apply cosmetics.
  - i. If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
  - j. The school principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

**6. Civil Disturbance:**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- a. Notify local Law Enforcement Authority-Dial 911.
- b. If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school principal, or his/her designee.
- c. Do not argue with participant(s).
- d. Have all students and employees leave the immediate area of disturbance.
- e. If the disturbance is outside the building, remain inside building, unless instructed otherwise by the school principal or police officials. Lock all doors. Stay away from windows and exterior doors.
- f. If the disturbance is inside the building, follow procedures for evacuation of the school site.
- g. Follow further instructions as police officials and other local law enforcement authorities issue them.
- h. Draft incident report for school principal, or his/her designee.

**7. Vandalism:**

The following procedures should be used in the case of school vandalism:

- a. Notify school principal, or his/her designee.

- d. If possible, identify the parties involved.
- e. Interview witnesses and obtain written statements.
- f. Document the incident as soon as possible and give the incident report, with any witness statements, to the school principal or his/her designee.
- g. Notify parents or legal guardian.
- h. Determine what disciplinary measures are appropriate (in-house or police involvement).
- i. Determine any monetary restitution issues and amounts.

**8. Utility or Power Failure:**

The following procedures should be used in case of utility or power failure:

- a. Staff and students should remain in classroom until further instruction.
- b. Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- c. Staff and students outside of a classroom at the time of the incident should report to main office.
- d. Building and grounds personnel report to utility company if necessary.
- e. If situation requires long-term maintenance and repair and prevents class activities, the school principal, or his/her designee, may take measures to dismiss school for the day. Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

**9. Bomb Threat:**

- a. Internal Reference

## **10. Explosion:**

- a. If an explosion occurs at the school, the following procedures should be used:
- b. Internal Reference

## **11. Fighting or Riot:**

- a. School staff should follow these guidelines when a fight occurs:
  - i. Send a reliable student to the office to summon assistance.
  - ii. Speak loudly and let everyone know that the behavior should stop immediately.
  - iii. Obtain help from other teachers if at all possible.
  - iv. If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
  - v. Call out the names of the involved students (if known) and let them know they have been identified.
  - vi. For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
  - vii. Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
  - viii. Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.
- b. Staff should follow these guidelines when a riot occurs:
  - i. The school principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
  - ii. Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
  - iii. Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
    - 1. Activate needed emergency plans
    - 2. Instructing office staff to handle communications and initiate lockdown orders.
    - 3. Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
    - 4. Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
    - 5. Direct a teacher or designee to initiate lockdown and immobilize the campus.
    - 6. Brief a representative to meet the media.
    - 7. Assign staff to a pre-designated medical treatment/triage facility.

**12. Hostage Situation:**

- a. In case there is a hostage situation at the school, staff should attempt to follow these guidelines:
  - i. Internal Reference

**13. Death of a Student:**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- a. After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- b. Contact the Crisis Management Team through HOST, they will assign additional support to the school as needed.
- c. Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- d. Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The school principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- e. If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- f. Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- g. Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

#### **14. Intruder or Individual with Deadly Weapon (Active Shooter):**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- i. Internal Reference

#### **15. Lock Down**

- a. Internal Reference

#### **16. Evacuation**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken.

- a. The principal or his /her designee should:
  - i. Notify the school district office, county official or designee.
  - ii. Notify local law enforcement authorities.
  - iii. Notify school transportation support.
  - iv. Note the special needs of students or staff.
  - v. Direct clerical staff to take **school's master enrollment list**.
  - vi. Direct school nurse or designee to prepare emergency medications to be transported. Direct all personnel to leave the building and secure the building.
  - vii. Notify students' parents or legal guardians as situation permits.
  - viii. Plan to evacuate his/her class and ride the bus or walk as situation dictates.
  - ix. Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
  - x. Notify principal, or his/her designee, of any special needs of students and their requirements.
- b. The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:
  - i. Notify school nurse or local medical personnel of any medical emergencies.
  - ii. Consider how students will be fed and restroom needs met.
  - iii. Activate crisis intervention team to deal with any emotional trauma.
  - iv. Provide area and materials for parents who may arrive to pick up students.
  - v. Provide an area for non-school community evacuees.

#### **17. Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site (**Appendix C**).

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

## **18. Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The school principal, or his/her designee, will specify the date and time of fire drills.

Fire drills will be conducted on a monthly basis. Earthquake “drop and cover” drills will be conducted once per quarter. All students and staff are required to participate in these mandated drills.

The school principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **19. Annual Inspections**

- a. The school principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance are proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:
  - i. Classroom
  - ii. Corridors
  - iii. Cafeteria/Auditorium (use for all assembly areas)
  - iv. Kitchen (Not in use)
  - v. Office
  - vi. Teacher's Workroom and Employee Lounge
  - vii. Toilet
  - viii. Custodial
  - ix. Boiler Room
  - x. Storage Room (also use for File Rooms)
  - xi. Yard (or Grounds)
- b. Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist. Provide a brief description of the problem in the section provided.
- c. Appropriate measures will be taken to correct the problem at the direction of the school principal. When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the school principal, or his/her designee, of problems that cannot be corrected by site staff.

## **20. Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

## **21. Classroom Safety Kits:**

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

## **22. School Safety Management Team**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

### **23. Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The school principal should assign a school spokesperson to deal directly with the media.

- a. Develop a written statement for dissemination.
- b. Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- c. Appoint a spokesperson (usually the principal).
- d. Keep the staff informed through one person.
- e. Be proactive with the media.
- f. Contact the media before they contact the school.
- g. Set geographic and time limits.
- h. Explain restrictions.
- i. Hold the press accountable.
- j. Create positive relations with the media before an emergency crisis occurs.
- k. Stress positive actions taken by the school.
- l. Announce new changes made after the incident has passed.

### **III. Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco are strictly prohibited at the school or around school grounds.

- A. If staff member suspects that a student is in the possession of a controlled substance, he or she should:
  1. Identify the parties involved.
  2. Notify the Principal or his/her designee immediately.
  3. Follow-up with a written incident report, including any witness statements.
- B. The principal, or his/her designee, should do the following:

  2. Isolate the parties involved for interview/investigation.
  3. Notify parent or legal guardian.
  4. Obtain witness statements and document in a written incident report.
  5. Determine disciplinary consequences. **See *School Disciplinary, Suspension & Expulsion Policy-Appendix B.***
  6. Determine what intervention or follow-up procedures are necessary including counseling.

### **IV. Child Abuse Reporting**

Child abuse shall be reported in compliance with the procedures set forth in the school's Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory.

All employees of the school are committed to children. Professionals who work with or regularly come into contact with children have a crucial role in their protection. Mandated reporters are designated as such because they are in a position to receive information that a child is or may be at risk, and to pass this information on to the agencies that can intervene to protect the child.\

When a teacher or other school staff suspects a case of child abuse, he or she should contact the appropriate child protective authorities immediately.

## **V. Campus Ingress and Egress**

Visitors and guests are welcome at the school. However, to safeguard students and staff, reasonable precautions should be taken.

- A. Visitors should:
  - 1. Always report and sign in at the office.
  - 2. Be provided with a visitor's badge.
  - 3. Be prepared to provide identification to school personnel.
  - 4. Respect school rules.
- B. Ensure that the following is completed:
  - 1. Insure all exterior doors are marked with a notice to visitors to first report to the office.
  - 2. Exterior doors should remain locked, except doors near the office area.
  - 3. Staff should receive training on how to greet visitors. The first question is "May I help you?"
  - 4. Someone should greet every visitor.
  - 5. Any intruder found roaming the building should be escorted to the office. Someone can then provide any additional information or directions. (NOTE: An intruder is anyone without a visitor's badge or lacking visible identification stating who they are, i.e., school employee)
- C. Visitors who fail to comply with school procedures:
  - 1. Should verbally be informed they are in violation of school policy. (Example - "Sir, you must report to the office. If you fail to do so, you will be considered a trespasser, and school security will be called.")
  - 2. If this fails:
    - a. Notify the office of the situation.
    - b. Follow the person, if possible, and continue to give notice of the violation of school rules.
  - 3. Police should be notified, or call 911.
  - 4. Office should activate building-wide notification plan concerning intruder:
    - a. PA announcement using pre-determined code phrase.
    - b. Classroom doors should be closed.
    - c. Students should remain in current areas.

## **VI. Notifying Teachers of Dangerous Pupils**

- A. The principal will inform teachers and other relevant staff of students who are defined as dangerous as set forth in the California Education Code sec. 48900, including the exceptions to this rule provided therein. The School will provide this information to the teacher based upon any records that the school maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this Section. The school is not civilly or criminally liable for providing information unless it is proven that the information was false and that the school employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.
- B. Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

## Harassment Policy

## Harassment Policy

“In compliance with federal and state equal opportunity laws, equal opportunity will be afforded to all applicants regardless of race, color, sex, age, religious creed, disability, national origin, ancestry, or sexual orientation in every aspect of the school community.

(Magnolia Public Schools) MPS is committed to providing a working and learning environment that is free from unlawful discrimination and harassment. MPS prohibits discrimination and harassment based on an individual’s actual or perceived sex, sexual orientation, gender (including gender identity, marital status, pregnancy, childbirth or related medical condition), ethnic group identification, race, ancestry, national origin, religion, color, mental or physical disability, age, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics. Harassment based on any of the above-protected categories is a form of unlawful discrimination and will not be tolerated by MPS.

Harassment is intimidation or abusive behavior toward a student or employee that creates a hostile environment and can result in disciplinary action against the offending student or employee. Harassing conduct may take many forms, including but not limited to, verbal

remarks and name-calling, graphic and written statements, or conduct that is threatening or humiliating. This nondiscrimination policy covers admission or access to treatment or employment in all MPS programs and activities, including vocational education. The lack of English language skills will not be a barrier to admission to or participation in MPS programs or activities.

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

MPS prohibits retaliation against anyone who files a complaint or who participates in a complaint investigation. For inquiries or complaints related to discrimination or harassment based on student’s sex (Title IX); sexual orientation or gender identity (Title 5, CCR, §4910); race, color, or national origin (Title VI); or mental or physical disability (Section 504), contact MPS.” (Magnolia Public Schools Student/Parent Handbook 2015-2016, p.5)

## I. DISCIPLINE POLICIES

---

---

### Magnolia Public Schools Student Code of Conduct:

MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

#### Uniform and Personal Appearance:

The uniform policy at MPS helps create a safe and orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are required to arrive in uniform every day except for "free dress days".

All MPS students are required to wear the school uniform at all times including during the afterschool tutoring/activities. Refer to Student Uniform Policy on later pages.

### A. EXPECTED STUDENT BEHAVIOR

Students should always remember that their behavior and actions at school and at school-sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what expected from an MPS student:

- Not misuse the hall pass as it will result in loss of the hall pass privilege.
- Get a referral from your teacher before you go to the office. Do not use the hall pass.

**Emergency Drills:**

Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone’s protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

<p><b>Classroom:</b> Students must:</p> <ul style="list-style-type: none"> <li>• Be seated and ready to begin their assignment when the bell rings.</li> <li>• Be courteous to all teachers and students.</li> <li>• Follow all school and classroom rules.</li> <li>• Bring all necessary materials/supplies ready to work daily.</li> </ul>

**C. MULTI-TIERED SYSTEM OF RESPONSE TO BEHAVIOR**

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all stakeholders.

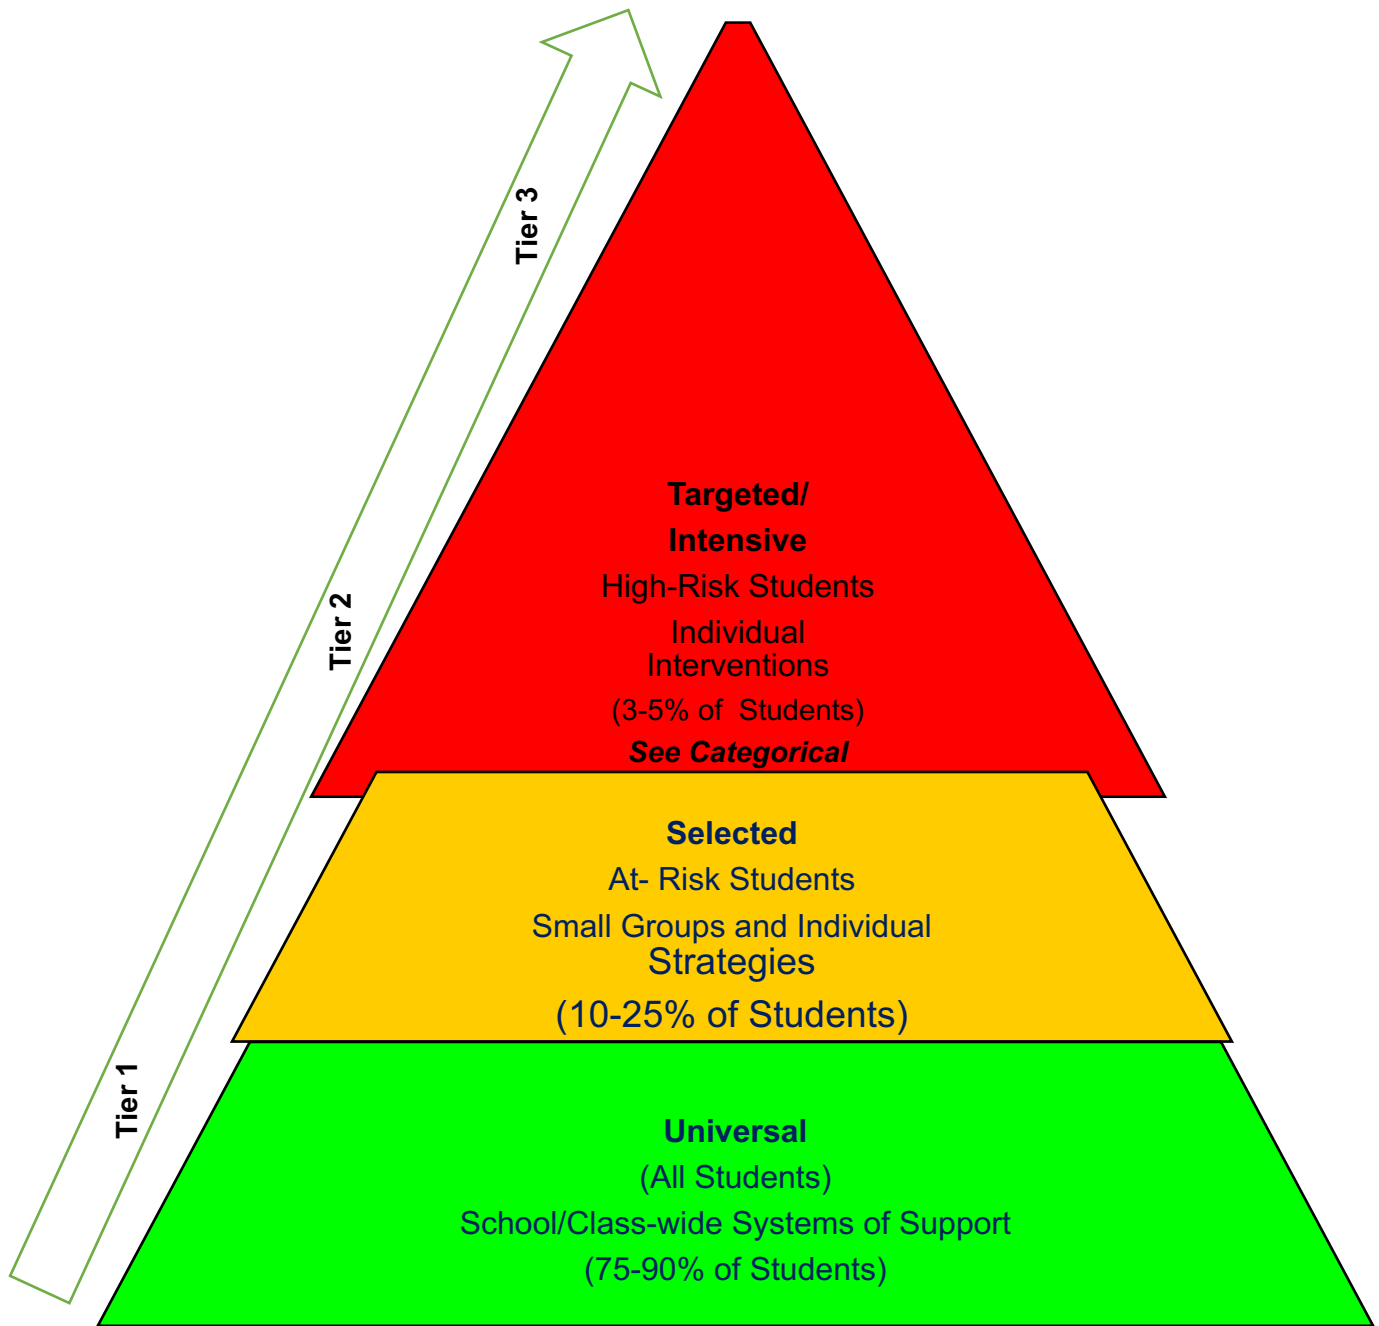

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the

rights of student to lawful student expression, as outlined in the MPS Student Expression Policy available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS' system of response to behavior.

## Multi-Tiered System of Response to Behavior

Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications.

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures, below, for more information.

**D. SUSPENSION AND EXPULSION PROCEDURES**

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at MPS. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

**POSITIVE BEHAVIORAL INTERVENTIONS & SUPPORTS (PBIS)**

**Positive Consequences**

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

**Reflection:**

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

**In School Suspension (ISS):**

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

**Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan.

Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

### **SUSPENSION PROCEDURES**

Suspensions shall be initiated according to the following procedures:

#### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

#### **Notice to Parents/Guardians**

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the

student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

#### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

#### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024.

#### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the

student should be extended pending an expulsion hearing. This determination will be made by the Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

## **EXPULSION PROCEDURES**

### **Authority to Expel**

A student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the school in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MPS' disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS

3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

### **Interim Placement**

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall work with the District for an interim placement or other alternative program. Should Charter School determine after the referral that the student will remain at the charter school pending the expulsion hearing based on the best interest of the student, or if Charter School secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, Charter School will notify the District of such determination.

## **ADDITIONAL PROVISIONS**

### **Bullying**

The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

### **Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities**

#### **1. Notification of SELPA**

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

#### **2. Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional

behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### **3. Procedural Safeguards/ Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

### **4. Due Process Appeals**

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

### **5. Special Circumstances**

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

### **6. Interim Alternative Educational Setting**

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

### **7. Procedures for Students Not Yet Eligible for Special Education Services**

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

#### **Required Notification**

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

Dear Parents and Students,

Magnolia Public Schools (MPS) staff believes that education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. This handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities. MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled this student-parent handbook (pending board approval), which addresses the school's regulations and policies to set a standard for our students. It is an essential reference book describing what we expect and how we do things. Read it carefully, discuss it with your parent/guardian, and let it act as a guide for your effective involvement in all aspects of school. Keep this handbook so you can refer to it throughout the school year.

Sincerely,

MPS Administration

### **EQUAL OPPORTUNITY & NON- DISCRIMINATION STATEMENT**

---

---

In compliance with federal and state equal opportunity laws, equal opportunity will be afforded to all applicants and students regardless of race, color, sex, age, religious creed, disability, national origin, ancestry, immigration status or citizenship, or sexual orientation in every aspect of the school community. MPS adheres to all provisions of federal law related to students with disabilities, including but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 (“ADA”), and the Individuals with Disabilities Education Improvement Act of 2004.

MPS is committed to providing a working and learning environment that is free from unlawful discrimination and harassment. MPS prohibits discrimination and harassment based on an individual’s actual or perceived sex, sexual orientation, gender, gender identity, gender expression, marital status, pregnancy, childbirth or related medical condition, ethnic group identification, race, ancestry, national origin, immigration status or citizenship, religion, religious affiliation, color, creed, mental or physical disability, age, and any other basis protected by federal, state, and/or local law, ordinance, or regulation, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics. Harassment based on any of the above-protected categories is a form of unlawful discrimination and will not be tolerated by MPS.

Harassment is intimidation or abusive behavior toward a student or employee that creates a hostile environment and can result in disciplinary action against the offending student or employee. Harassing conduct may take many forms, including but not limited to, verbal remarks and name-calling, graphic and written statements, or conduct that is threatening or humiliating. This nondiscrimination policy covers admission or access to treatment or employment in all MPS programs and activities, including vocational education. The lack of English language skills will not be a barrier to admission to or participation in MPS programs or activities.

MPS does not condone or tolerate harassment of any type, including bullying, discrimination, or intimidation, by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

Based on Federal law, Title IX, State law and MPS policy, no student shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination on the basis of actual or perceived sex, sexual orientation, and gender (including gender identity, gender expression, marital status, parenting, pregnancy, childbirth, false pregnancy, termination of pregnancy or related medical condition). Male and female students have the right to equal learning opportunities in their schools and must be treated the same in all MPS educational activities and programs, including:

- Athletics • Physical education • The classes they can take • The way they are treated in the in educational programs and activities • The kind of counseling they are given • The extracurricular activities, programs and clubs in which they can participate • The honors, special awards, scholarships and graduation activities in which they can participate.

Students who feel that their rights are being violated have the right to take action and should not be afraid of trying to correct a situation by speaking to a school administrator, Title IX Coordinator, psychologist, counselor, or trusted adult at school, or filing a complaint (see Uniform Complaint Procedures). Students are encouraged whenever possible to try to resolve their complaints directly at the school site. Any student who believes he or she is being discriminated against in violation of Title IX has the right to file a complaint. For further information or assistance, including the Title IX Coordinator contact information, see the TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY in this Handbook.

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in MPS policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

MPS prohibits retaliation against anyone who files a complaint or who participates in a complaint investigation. For inquiries or complaints related to discrimination or harassment based on student’s sex (Title IX); sexual orientation or gender identity (Title 5, CCR, §4910); race, color, or national origin (Title VI); or mental or physical disability (Section 504), contact MPS.

### **PUPIL RECORDS, INCLUDING CHALLENGES AND DIRECTORY INFORMATION**

---

---

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. These rights are:

1. The right to inspect and review the student's education records within 5 days after the day MPS receives a request for access. Parents or eligible students should submit to the MPS principal or designee a written request that identifies the records they wish to inspect. The MPS official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA

Parents or eligible students who wish to ask MPS to amend a record should write the MPS principal or designee, clearly identify the part of the record they want changed, and specify why it should be changed. If MPS decides not to amend the record as requested by the parent or eligible student, MPS will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. See 'Pupil Records Challenges' section, below, for MPS' policy and procedures regarding this hearing.

3. The right to provide written consent before MPS discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to MPS officials with legitimate educational interests. An MPS official is a person employed by MPS as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the MPS board. An MPS official also may include a volunteer or contractor outside of MPS who performs an institutional service of function for which MPS would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting MPS School official in performing his or her tasks. An MPS official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, MPS discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Note that MPS will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by MPS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to MPS officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires MPS to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. MPS may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student

- 
1. School employees who have a legitimate educational interest as defined by 34 C.F.R. Part 99;
  2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. MPS will make a reasonable attempt to notify the parent or eligible student of the request for records at his/her last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, MPS will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to the procedures outlined here and more completely in the full policy;
  3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
  4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
  5. Organizations conducting certain studies for the MPS in accordance with 20 U.S.C. § 1232g(b)(1)(F);
  6. Accrediting organizations in order to carry out their accrediting functions;
  7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;

8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the pupil's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by MPS for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by MPS; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by MPS with respect to that alleged crime or offense. MPS may disclose the final results of the disciplinary proceeding, regardless of whether MPS concluded a violation was committed.

### **Directory Information**

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. Directory information can be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish year books. MPS has designated the following information as directory information:

1. Student's name
2. Student's address
3. Parent's/guardian's address
4. Telephone listing
5. Student's electronic mail address
6. Parent's/guardian's electronic mail address
7. Photograph
8. Date and place of birth
9. Dates of attendance
10. Grade level
11. Weight and height of members of athletic teams
12. Degrees, honors, and awards received
13. The most recent educational agency or institution attended
14. Student ID number, user ID, or other unique personal identified used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want MPS to disclose directory information from your child's education records without your prior written consent, you must notify MPS in writing at the time of enrollment or re-enrollment. Please notify the MPS Principal of your child's school at the contact number on Page 3.

A complete copy of the MPS policy is available upon request in each MPS school's main office.

### **RIGHTS AND RESPONSIBILITIES**

---

---

#### ***Effective Communication:***

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

**1<sup>st</sup>:** Parents should encourage their child to talk with the teacher.

**2<sup>nd</sup>:** Parents can encourage their child to talk with an administrator.

**3<sup>rd</sup>:** If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

**1<sup>st</sup>:** Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.

**2<sup>nd</sup>:** If the problem persists after a reasonable time, talk with the teacher again.

**3<sup>rd</sup>:** If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, please refer to the Complaint policies contained in this Handbook and available in the MPS office.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner. Please see the "Conditions for Classroom and School Visitation, Shadowing, and Removal Policy" under the section titled "Visitors" in this Handbook.

***Students' Rights and Responsibilities:***

- To be informed of all school rules and regulations.
- To have access to your student account in SIS.
- To have a safe and educational environment.
- To attend class regularly and on time.
- To obey school rules and regulations.
- To respect your rights and the rights of your peers.
- To be familiar with school policies, rules and regulations.
- To be prepared for class with appropriate materials and ready to work.
- To respect all school personnel and their authority (administrators, teachers, office personnel, janitorial staff, security guards, etc.).

***Parents' Rights and Responsibilities:***

- To be informed of the school's rules and regulations.
- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in SIS.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.

**II. ACADEMIC POLICIES**

---

---

**A. GENERAL GUIDELINES****CAASPP Opt Out:**

MPS shall annually administer required state testing to the applicable grades (e.g., the California Assessment of Student Performance and Progress.) Notwithstanding any other provision of law, a parent's or guardian's written request to School officials to excuse his or her child from any or all parts of the state assessments shall be granted.

**Child Find and Section 504:**

MPS is dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. MPS provides special education and instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEIA"), Education Code requirements, and applicable policies and procedures of the charter authorizer. These services are available for special education students enrolled in MPS. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. MPS collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

MPS also recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of MPS. Any student who has an objectively identified disability which substantially limits a major life activity, including but not limited to learning, is eligible for accommodations by MPS. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal. A copy of MPS' Section 504 Policies and Procedures is available upon request in each MPS school's main office.

**Math Placement:**

MPS has adopted a math placement policy to establish a fair, objective, and transparent protocol for placement in mathematics courses in order to ensure the success of every student. Please see the main office of your MPS school for the math placement policy.

**Grading:**

The primary purpose for grading is to provide feedback to students and parents on the achievement of learning goals. At MPS course report card grades are to be represented in letter-grade equivalent to the percentage earned in each course. Course report card grades are based on performance and practice assessments, as can be seen in the following table.

Aligned with the grading guidelines, each department will work with the Department Chair and the Dean of Academics to develop specific and consistent weights for each grading subcategory, to be shared with parents and students.

Category	Subcategories
Performance Assessments ( <i>Summative</i> )  70%	<ul style="list-style-type: none"> <li>▪ Unit assessments (no more than 50%)</li> <li>▪ Benchmark assessments (no more than 30%)</li> <li>▪ Final assessment (no more than 30%)</li> <li>▪ Performance tasks (Projects, portfolios, essays, artwork, models, visual representations, multimedia, oral presentations, live or recorded performances, labs, etc.)</li> </ul>
Practice Assessments ( <i>Formative</i> )  30%	<ul style="list-style-type: none"> <li>▪ Independent practices</li> <li>▪ Daily assignments</li> <li>▪ Classwork</li> <li>▪ Homework (no more than 15%)</li> <li>▪ Warm-ups</li> <li>▪ Reviews</li> <li>▪ Quizzes</li> </ul>

Teachers will create reasonable number of assignments for each subcategory in their grading system. Teachers will provide students with access to course material, homework assignments, projects, and students' grades through the school information system, and update SIS records daily/weekly.

**Extra Credit:**

With prior approval from the Dean of Academics, teachers may offer extra credit. A maximum of five (5) extra credit points (out of 100-point numerical grade) may be applied to a student's grade in each of their classes. Additionally, for both English and Math classes, a student may earn up to five (5) extra credit points by demonstrating growth in their overall MAP RIT scores, increasing the maximum allowable extra credit points to ten (10). Points may be earned in the testing cycle from Fall to Spring and would be applied to the student's second semester English/Math grades. If Winter MAP test is offered during the first semester, students may also earn points towards their first semester grades. For each point increase in their overall RIT score, students will earn one (1) point of extra credit towards their applicable grade, up to five (5) credit points maximum for each subject area. Regardless of their growth score, students will earn extra five (5) credit points if they meet or exceed the following "Standard Met" cut scores on their Fall or Winter MAP test in the first semester or Spring MAP test in the second semester:

Grade	MAP RIT ELA* F-W-S	MAP RIT Math* F-W-S
3	192-199-202	191-199-204
4	202-207-209	206-212-217
5	208-212-214	219-225-229
6	214-217-218	222-227-230
7	219-221-222	229-233-235
8	223-224-225	238-240-242
* Source: Linking Data Table: Smarter Balanced & MAP		
9	226-227-228	243-244-245
10	229-230-231	246-247-248
11	232-233-234	249-250-251

**Homework:**

Homework is essential to success at MPS. Doing homework will help students develop many valuable skills such as good study habits, time management, responsibility, and perseverance. Teachers will assign homework that will foster individual learning and growth that is appropriate for the subject area. Homework is part of all student evaluations. It is the student's responsibility to complete and turn in homework on time. If the student or parent has questions about homework, s/he should immediately contact the teacher who assigned it.

Generally, all homework assignments will be posted online, either on teacher/class web pages or on the school information system, which will be accessible to the parents/guardians by using an authenticated password. The password will protect confidentiality and allow parents/guardians to access their children's academic records. SIS is not intended to replace contacting parents for regular conferences to discuss student progress.

**Final Assessments/Exams:**

All academic classes will have cumulative final assessments/exams at the end of each semester. These

final assessments may be in different forms such as test, essay, project, book report, etc. depending on individual teachers' discretion upon approval by the MPS administration. All students are required to take these final assessments. Cumulative assessments are part of the college preparatory culture; these assessments will help students learn how to study more effectively, as well as improve their retention of the subject content.

**Make-up Procedures - Incomplete Grades:**

Every effort should be made for a student to make-up work as soon as possible when returning to school from an absence or series of absences. If a student fails to complete a significant number of performance and/or homework tasks due to absence or other extraordinary circumstances, a grade of Incomplete (I) may be assigned with administrative approval. If the necessary performance and/or homework tasks are not complete by the end of the following marking period, the report card grade will revert to the earned numeric grade. In the final marking period, an Incomplete (I) will revert to the earned numeric grade if not complete by a date agreed upon by the teacher and administrator.

**Course Withdrawals:**

Students may withdraw from a course without penalty of an F grade within 15 school days from the beginning of the course. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

**Class Change:**

During the first 5 school days from the beginning of the course, students will attend the classes they are assigned and/or they signed up for; no changes will be allowed unless there is a scheduling error on the student's schedule. After the first 5 school days, if necessary academic changes arise, students will have 10 school days to complete changes.

After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Scheduling errors will receive immediate attention by the Dean of Academics. The following are considered scheduling errors: missing a class period, double up of courses in the same period, missing a course needed for graduation, student has not met the prerequisite for a course, etc.

The School will not consider schedule changes for the following reasons: to be with friends, to change teachers, athletics, early/late arrival adjustments (unless required by state or federal law), etc. Class change is at the discretion of the school administration.

## **B. ELEMENTARY SCHOOL GRADING SYSTEM**

MPS will follow the standard scale below to assign percentages/proficiency level for semester work. Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

<b>Percentage</b>	<b>Achievement Level</b>
90% - 100%	Level 4: Standard Exceeded
80% - 89%	Level 3: Standard Met
70% - 79%	Level 2: Standard Nearly Met
Below 70%	Level 1: Standard Not Met

### **Elementary School Grade Retention/Promotion:**

The following is MPS' policy regarding the retention of pupils in grades K–5:

- Grades K–2: Any student who is not at benchmark based on reading benchmark assessments, math benchmark assessments or report card grades will be identified for retention. Retention will only occur if the teacher and parent are in agreement that retention is the best intervention to ensure student success.
- Grades 3–5: Any student who does not meet the achievement standards and needs substantial improvement to demonstrate the knowledge and skills in ELA/Literacy or math needed or likely success in future coursework based on Smarter Balanced assessments (Level 1 on Smarter Balanced assessments) or any student who is more than one year behind grade level in mathematics or ELA/Literacy as determined by the MAP tests will be identified for retention.

An identified student who is performing below the minimum standard for promotion shall be recommended by the student's teacher for retention in the current grade unless the student's teacher determines in writing that retention is not the appropriate intervention for the student's academic deficiencies. The teacher's recommendation to promote is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s) or guardian(s) informing them that their child is at risk of retention.
- The teacher's evaluation shall be provided to and discussed with the student's parent(s) or guardian(s) and the principal before any final determination of pupil retention. The parent(s)/guardian(s) are informed at that meeting that their child is recommended for retention. This meeting is documented with an academic support plan signed by both the teacher and parent/guardian.
- The principal shall make a decision regarding the recommended retention. Upon the acceptance or rejection of the above stated plan by the principal, a letter shall be sent within five (5) school days to formally inform the student's parent(s) or guardian(s) of the principal's decision regarding the retention.
- The parent(s) or guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra help in their specific areas of concern, both in class and through intervention offerings.

### **Report Cards:**

Student report cards create a succinct written record of student performance by compiling data from multiple assessments both formal and informal. Report cards are one of several ways to keep parents informed about student performance and to ensure that data collection is regular and consistent. Report cards reflect student achievement toward state standards, and summarize narratives, anecdotal records, attendance data, and information about student participation in class and school life. Results of standardized tests are mailed separately as well as included in the student grade report with explanations designed to help students and parents interpret their relationship to other assessments.

Students will receive a progress report mid-semester and a final report card at the end of each semester. Teachers will arrange a conference to discuss student progress with at least one parent/guardian each semester. End-of-the-year conferences are prioritized for parents/guardians of students not making progress, low-achieving students, and those identified for retention. Other parents/guardians are encouraged to attend teacher conferences at the end of the year as well.

Ongoing communication between teachers, parents, and students is an essential component of MPS. MPS' school information system provides a very effective online communication tool for teachers, students and parents for course material, homework assignments, projects, course grade statistics and records of student grades. In addition to progress reports, report cards, and assessment reports, newsletters are distributed monthly. Parents can conference with teachers on an informal basis as needed, and on a formal basis at least twice (2) a year, to discuss students' progress reports and proficiency levels. Back to School Nights and Open Houses also take place each year to provide parents with information about the Charter School's programs.

### C. MIDDLE & HIGH SCHOOL GRADING SYSTEMS

#### Grading Scale:

MPS will follow the standard scale below to assign letter grades for semester work. Grading is based on a 4.0 (unweighted) scale for regular courses and a 5.0 (weighted) scale for Honors, AP, and approved college courses.

Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Courses at MPS have passing grades that are outlined in the below grading scale, with a minimum passing score of 70%.

Numeric Grade	Letter Grade Equivalent	Grade-Point Eqv.	Grade-Point Eqv.
		Unweighted	Weighted
98 – 100	A+	4.0	5.0
93 – 97	A	4.0	5.0
90 – 92	A-	3.7	4.7
87 – 89	B+	3.3	4.3
83 – 86	B	3.0	4.0
80 – 82	B-	2.7	3.7
75 – 79	C+	2.3	3.3
70 – 74	C	2.0	3.0
<b>Below 70</b>	<b>F</b>	<b>0.0</b>	<b>0.0</b>

#### Assignment Grades:

Teachers will create reasonable number of assignments for each subcategory in their grading system and assign a weight to each assignment. The weight of an assignment depends on its importance relative to the other assignments in the same subcategory. Students will receive numerical grades for each graded assignment and the student's final semester grade will be a weighted average of the assignment grades, scaled to a maximum of 100 points. SIS will automatically convert student's final numerical grade to a final letter grade according to the scale in the above table.

MPS promotes use of numerical grades for grading accuracy and our teachers typically use numerical grades when grading student assignments. In the case that a letter grade or a check grade system is used for an individual assignment, SIS will convert those grades to numerical grades according to the following conversion table.

Letter Grade	→ Converted to Numerical Grade	Special Grades	→ Converted to Numerical Grade
A+	100	Check Plus ("+")	100
A	97		
A-	92		85

**Standards-Based Grading (SBG):**

Standards-based grading (SBG) measures student's mastery of the essential standards for a class, or how well the student understands the material in class. MPS would like to report grades that are accurate, consistent, meaningful, and supportive of learning. While most MPS teachers currently implement points-based grading and reporting, MPS encourages teachers to explore and implement standards-based grading and reporting. We will keep you updated of our progress.

**No "D" Policy:**

There will not be a "D" grade option in the grading scale. The primary concern of MPS is the educational success of our students. This policy will allow for MPS to maintain a high standard throughout its program and ensure that MPS students remain competitive, especially in the area of college and scholarship applications.

**[For High School Only]** The "No D Policy" applies to all students in grades 9-12 effective of 2012-13 school year. Students who have earned credits at MPS with a "D" grade prior to 2012-13 school year will keep their credits and do not have to make up credits for any previously passed course at MPS. Also courses transferred from another accredited school will appear on student's transcript as they are and "D" will be accepted as a passing grade for all transferred courses. Therefore, the "No D Policy" does not negatively impact graduation.

**Determining Final Grades:**

In middle and high school, course grades are semester-based and credit is granted at the end of each semester. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. MPS grade promotion policy is based on each semester grade and not on yearly average of two semester grades.

**Grading for Transfer Students Entering Mid-Semester to MPS from Another School:**

When a transfer student enters mid-semester to MPS, the transfer grade from the previous school for the same class, if available, will be given the following weights to determine the final semester grade:

B+	89	Check ("=")	
B	86	Check Minus ("-")	70
B-	82		
C+	79	Unsatisfac tory ("I")	50
C	74		
<b>F</b>	<b>50</b>	Missing ("M")	<b>0</b>
		Excused ("X")	<b>N/A</b>
		Not Assessed ("NA")	<b>N/A</b>

Week of the semester student enrolled in MPS	Weight of transfer grade	Weight of grade at MPS
1-6	0	1
7-9	1/3	2/3
10-12	1/2	1/2
13+	2/3	1/3

Week of the semester student enrolled in MPS	Credit
1-6	Full credit enrollment
7-9	Student may or may not be enrolled in new class. If enrolled, it may be either for full credit or for no-credit observation only. Decision will be made on a case by case basis. If a decision is made for full credit enrollment, the student is expected to commit to intense intervention which may include attending after-school tutoring and receiving out-of-school support.
10+	Student may or may not be enrolled in new class. If enrolled, it is for no-credit observation only. The decision will be based on the best interest of the student.

The teacher may assign make-up work to determine the grade if no transfer grade is available. Make-up work must be assigned within a reasonable time frame that allows the student to complete the work for credit.

The following guidelines apply when a transfer student wants or needs to enroll in a class that s/he was not taking at her/his previous school. The decision will be made on a case by case basis.

#### **Honor Roll/High Honor Roll:**

At the end of each semester MPS publishes the honor rolls for students.

Honors and High Honors are awarded to all students with a semester GPA of 3.00-3.49 (Honors) and 3.50+ (High Honors). Students must pass all classes to make the semester honor rolls.

#### **Grade requirement for school team participation:**

All students are required to maintain a "C" or better in all classes to play/participate on a school team.

#### **Middle School Grade Promotion:**

**Core Courses:** Core courses are Math, Science, English Language Arts, and History/Social Science.

**Criteria:** To be promoted to the next grade, a middle

school student must have a 2.0 grade point average (GPA) and passing grades in all core courses by the end of the school year or by the end of the summer before the start of the next school year.

**Summer School:** Students who fail any core courses should attend summer school at MPS, if available, or at a public school to make up failed course courses during summer. Students who perform successfully at summer school will receive a passing grade as their final grade on their transcript for that course. Student transcripts will be updated to include summer grades and GPA will be recalculated. If a student earns passing grades during the summer for all the failed core courses and have a recalculated GPA of at least a 2.0, he or she may be promoted to the next grade.

**Retention:** If the student has a failed core course or has a recalculated GPA less than 2.0 after the summer before the start of the next school year, student will be recommended for retention in the current grade unless the school administration determines that retention is not the appropriate intervention for the student's academic deficiencies. In that case, promotion is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s)/guardian(s) before the end of the school year informing them that their child is at risk of retention.
- A meeting will be set up with the parent(s)/guardian(s). The student's grade reports shall be provided to and intervention options, including summer school, will be discussed with the student's parent(s)/guardian(s). The parent(s)/guardian(s) may be informed at that meeting that their child is recommended for retention. This meeting will be documented with an academic support plan signed by the school administration and the parent(s)/guardian(s).
- By the end of the summer before the start of the next school year, the school administration will make their final decision based on student's performance in summer school and readiness for next grade. A letter shall be sent to formally inform the student's parent(s)/ guardian(s) of the school administration's decision regarding the retention.
- The parent(s)/guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra support in their specific areas of concern, both in class and through intervention offerings.

**Participation in Promotion Activities/ Ceremony:** In order for students to participate in any promotion activities they must fulfill all the promotion requirements and not be on suspension or recommended for expulsion at the time of the Promotion Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for promotion. This is a privilege.

**High School Credit Earned in Middle School:** Students who take high school courses in middle school have the option to have these courses counted toward graduation. These courses must have the same expectations, curriculum and final exams as the equivalent courses taught in high school. Students who choose to have their middle school courses counted toward graduation need to consult with the school administration since these courses need to be reflected on the student's high school transcript. Grades from such courses will not be included in high school cumulative GPA calculations.

The following middle school courses have been identified for high school credit: Mathematics (Algebra 1, Geometry, Integrated Mathematics I, and other high school level mathematics courses), Computers & Technology (approved high-school level courses), and Language Other Than English (LOTE). For middle school LOTE course(s), one year of high school credit will be given for each different language if students demonstrate proficiency by passing those courses or a LOTE proficiency test provided by the School. Again, middle school courses must be comparable in content to courses offered at the high school level. Magnolia Public Schools Home Office ("Home Office") has the final authority to decide which middle school courses will be counted toward graduation.

#### D. HIGH SCHOOL GRADUATION REQUIREMENTS

##### High School Grade Promotion:

**Criteria:** To be promoted to the next grade, a high school student must have a 2.0 grade point average (GPA) and the minimum required credits described below by the end of the school year or by the end of the summer before the start of the next school year.

Student transcripts will be updated to include summer grades and GPA will be recalculated. If students have the minimum required credits and at least a 2.0 recalculated GPA, they will be promoted to the next grade.

**Core Courses:** Core courses are Math, Science, English, and History/Social Science.

##### Minimum required credits:

**To be enrolled in grade 10,** a student must have a minimum of 50 credits, including at least 20 credits in core courses.

**To be enrolled in grade 11,** a student must have a minimum of 100 credits, including at least 50 credits in core courses.

**To be enrolled in grade 12,** a student must have a minimum of 150 credits, including at least 90 credits in core courses.

A student's grade level placement remains the same for an entire school year.

**Participation in Senior Activities/ Graduation Ceremony:** In order for students to participate in any senior activities they must have a total of 150 credits at the beginning of the first semester and/or 180 credits at the beginning of the second semester of their senior year. In addition, students have to fulfill all the graduation requirements, described herein, and not be on suspension, or recommended for expulsion at the time of the Graduation Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for graduation. This is a privilege.

MPS Graduation Requirements				
Subject Area	Requirements	Diploma Type		
		S	A	H
(a) History / Social Science	Three years of history/social studies, including one year of U.S. history and geography; one year of world history, culture, and geography; one semester of American government and civics, and one semester of economics.	30	30	30
(b) English	Four years of approved courses	40	40	40

**Graduation:** MPS believes that students need to have physical and mental experience in high school, which includes academic, life skills, and applied experiences.

Students must meet the following requirements to graduate from MPS:

**Credit Requirement:** Currently, every student must earn a total of 210 semester credits in grades 9 through 12 in order to receive a high school diploma. (See section “High School Credit Earned in Middle School” for middle school courses identified for high school credit.) Each high school course at MPS is semester based and worth 5 credits, with an exception of courses such as Sustained Silent Reading (SSR) or Advisory which last one-half of a typical class period or less and are worth 2.5 credits. Students need to have an end-of-the-semester final grade of at least a “C” (=2.0) to earn credit for the course. Credit is awarded on the basis of student participation, mastery of subject matter, and/or attainment of skills.

**Specific Course Requirements:** MPS meets and exceeds the admission requirements of all four-year universities including University of California (“UC”). MPS adopts all options approved for meeting UC’s minimum “a-g” subject requirements, including approved “a-g” high school courses, ACT/SAT examination, AP or IB examination, and U.S. regionally accredited college/university courses (in person or online) as well as validation of coursework as described by the UC. MPS will continue to adapt to any changes in UC subject requirements. The following table lists courses required in order to graduate from MPS.

**Diploma Types:** MPS offers three different high school diploma types: **Standard (S), Advanced (A), and Honors (H)**. Each diploma has minimum requirements that meet and exceed the state graduation requirements and the “a-g” subject requirements of California’s four-year public universities. Students are always welcome, and often encouraged, to exceed these minimum requirements.

**The “Golden State Seal Merit Diploma” & The “State Seal of Biliteracy”**

As directed and described by the CDE, MPS will award eligible graduates the “Golden State Seal Merit Diploma” (GSSMD) and the “State Seal of Biliteracy” (SSB) by affixing the “Golden State Seal” and the “State Seal of Biliteracy” to their high school diplomas. GSSMD is a recognition of graduates who have demonstrated mastery of the high school curriculum in at least six subject areas, four of which are English language arts, mathematics, science, and U.S. history, with the remaining two subject areas selected by the student. SSB is recognition by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English.

**Math Requirement:** MPS math requirements are threefold:

**1) Credit requirements:** MPS requires at least 30 semester credits of math for a standard diploma and 40 semester credits of math for an advanced or honors diploma. Some of these credits can be earned in middle school.

**2) Year requirements:** MPS requires students to be enrolled in a math course for at least two years in grades nine through twelve for a standard diploma (*state requirement*) and at least three years in grades nine through twelve for an advanced or honors diploma. For example; a student may take Mathematics-I or Algebra I in seventh grade,

(c) Mathematics	Three years of college-preparatory math, including or integrating the topics covered in elementary and advanced algebra and two- and three-dimensional geometry. <i>(Four years recommended)</i>	30	40	40
(d) Science	Two years of laboratory science providing fundamental knowledge in at least two of the three disciplines of biology, chemistry and physics. <i>(Three years recommended)</i>	20	30	40
(e) Language Other Than English	Two years of the same language other than English or equivalent to the second level of high school instruction. <i>(Three years recommended)</i>	20	20	30
(f) Visual & Performing Arts	One year chosen from dance, music, theater or the visual arts.	10	10	10
(g) Electives*	Additional courses in Social Science, English, Mathematics, Science, Language Other Than English, Visual & Performing Arts, Computers & Technology <i>(20-30 credits of electives required depending on diploma type)</i>	30	30	20
Physical Education	Two years	20	20	20
Computers & Technology	One year	10	10	10
<b>Total Required Credits:</b>		<b>210</b>	<b>230</b>	<b>240</b>

MPS encourages students to participate in Congressional Award programs and engage in more than 40 hours of community service to develop and demonstrate crucial life skills.				

Mathematics II or Geometry in eighth grade, and Mathematics III or Algebra II in ninth grade. The student still needs to take one more year of math for a standard diploma and two more years of math for an advanced or honors diploma.

**3) Course requirements:** Students need to complete three years of math courses that include the topics covered in elementary and advanced algebra and two-and-three dimensional geometry before graduation. Integrated math courses fulfill this requirement.

**Science Requirement:** Two years of college-preparatory laboratory science, including or integrating topics that provide fundamental knowledge in two of these three subjects: biology, chemistry, or physics is required. One year of approved interdisciplinary or earth and space sciences coursework can meet one year of the requirement. Computer Science, Engineering, Applied Science courses can be used in area “d” as an additional laboratory science (i.e., third year and beyond).

**Service Learning:** Completing 40 hours of community service before graduation is no longer a high school requirement for a standard diploma beginning with the class of 2013. However, MPS encourages students to engage in community service to develop and demonstrate crucial life skills. This will help students gain “real life” experience and develop responsibility, caring and respect for the community. Therefore, students will be required to earn 40 hours of community service before graduation for an advanced or honors diploma. Students may begin to earn these hours once they complete their 8th grade year.

**[For High School Only] Cumulative GPA:**

A cumulative GPA is calculated for all high school level courses based on the number of credits received and their weighted grade point equivalencies. Cumulative GPAs are used to determine class rank and graduation honors, eligibility for National Honor Society, by colleges as part of the admission criteria, by many scholarship and grant providers, and occasionally, by employers. This information is reported to parents on the student’s high school transcript. The high school transcript is a record of all final course grades received for high school courses.

MPS requires a minimum of 2.00 cumulative GPA for graduation, 3.25 for an advanced diploma, and 3.50 for an honors diploma.

All graduating students who are eligible to receive an Honors diploma with a cumulative GPA of 4.0 or above shall be designated as the Valedictorian. Cumulative GPA computation for Valedictorian shall be based upon student’s projected grades as of the first of June prior to the date of graduation.

**Note:** UC/CSU systems do their own GPA calculations for a-g courses taken between the summer following 9<sup>th</sup> grade through the summer following 11<sup>th</sup> grade in calculating a student’s GPA. Please see your high school college counselor for further details.

**Language other than English (LOTE) Courses:** MPS will allow other options to satisfy the “e”-LOTE requirement for graduation. Completion of higher-level LOTE coursework with a grade of C or higher may validate D or F grades earned in lower-level courses or when a lower-level course is skipped. Please check UC Admissions website for details of course validation. UC-transferable college courses or satisfactory scores on SAT Subject, AP or IB exams can also be used to fulfill the LOTE subject requirement.

Generally, bilingual students are considered to have met the “e” subject requirement and may choose not to enroll in LOTE courses. Students who elect not to take courses in a LOTE may satisfy the “e” requirement (*for all diploma types*) by one of the following methods:

- Formal schooling in a language other than English – Students who have completed two years of formal schooling at the sixth-grade level or higher in a school where a LOTE was used as the medium of instruction have met the LOTE requirement. A school transcript or other official document is required.
- Assessment by a recognized test or University – Earning a satisfactory score on a SAT Subject, AP or IB exam, or a proficiency test administered by a UC campus or other university can demonstrate a student’s proficiency in a LOTE. Most language departments at universities will conduct an assessment and issue a statement of competency on official letterhead serving as certification.
- Certification by high school principal – In cases where the options above are not available, certification by the high school principal is acceptable. Principals should develop and maintain clear standards for providing this certification. Certification should be based on the judgment of language teachers, advice of professional or cultural organizations with an interest in maintaining language proficiency, or other appropriate sources of expertise. The principal notes the certification of competency on the student’s transcript with the language and level of proficiency.

**Credit Acceptance:** Students transferring to MPS from another accredited school, private or public, a home school, or an alternative school, will receive credit toward graduation for courses successfully completed in the sending school.

These courses will appear on student’s transcript as they are transferred and will be included in cumulative GPA calculations. Upon review and approval by the school administration, students transferring to MPS from a non-accredited school may receive credit toward graduation within the following guidelines:

Documentation must be provided to MPS by the sending school as to the course of study the student followed, materials used, course description, total number of contact hours per course, grading criteria, teacher name and qualifications, student work or projects, and scores of any standardized tests the student has taken. Grades from such courses will not be included in cumulative GPA calculations.

Normally, students may not retake courses that they have already passed and for which they have earned credit. Credit is not awarded for classes repeated to raise a grade unless the grade previously earned was a Fail (F) or Incomplete (I). However, the school administration reserves the right to final decision in case of any extenuating circumstances. Extenuating circumstances may include foreign transcripts, transcripts from non-accredited schools, college courses, ESL/ELD courses, and other approved courses on a case-by-case basis. Please consult with the school administration. If the school administration allows repeat of a course for extenuating circumstances, MPS will use the new grade when calculating the student's GPA. However, the repeated grade will not be used in calculating the "a-g" GPA for UCs if a student repeats a course used to satisfy the "a-g" requirement in which the student originally earned a grade of C or higher.

**Credit Recovery:** A high school student who fails a course at MPS is expected to take full responsibility for their personal credit recovery process. Following are some recovery options:

**Summer School:** Students can take a summer school course at any public school to recover missing credits. MPS may offer summer school depending on student needs and availability of teachers and resources.

**Online Courses:** Students who are credit deficient may enroll in accredited online courses to recover missing credits. Some examples to accredited online course providers are: APEX Learning, FuelEd, BYU, etc. College counselor's approval is necessary in order for the grade of an online course to be included in cumulative GPA calculations.

**College Dual Enrollment:** Students may enroll in a post-secondary course creditable toward high school completion. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.

**WASC Accreditation & Transferability of Courses:** All MPS schools are WASC-accredited and all A-G courses of MPS are transferable to other public schools and meet the rigorous requirements for admission to both the UC and state university systems. Every transfer student will participate in an intake meeting which includes a review of his/her transcript and tracking towards graduation. Every exiting student will also receive a transcript to provide him/her with an official record of courses completed and credits earned. In addition, the school's master schedule will be informed by student needs to ensure sufficient intervention opportunities are available for the student population. Please contact your MPS school's Dean of Academics & College Counselor for further information.

**Advanced Placement (AP) Courses:** MPS will offer Advanced Placement (AP) classes depending on student needs/demands and availability of teachers and resources. AP courses are college-level courses, taught with college textbooks and exams that can give students college credit in the form of advanced standing when they enter their freshman year. Students have to pass the corresponding AP test in order to get college credit.

**Dual Enrollment:** Dual enrollment is a program that allows eligible high school students to enroll in a college course. Dual enrollment eliminates duplication of coursework between high school and college and allows students to earn their college degree in less time, save money, and experience the college environment. Junior and senior high school students who have demonstrated academic, personal and social maturity are welcome to apply. Students should visit their high school college counselor prior to the beginning of the semester to seek permission for enrolling and complete a dual enrollment registration / parent consent form.

If a student wishes to receive high school credit for a college class, a 3.0 unit or more one-semester college class will earn two semesters worth of high school credit (10.0 credits). The following table will be used for conversion of college units to high-school credits:

To determine how a college course fulfills a high school requirement see your high school college counselor. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations. *Academic college courses that meet the University of California "a-g" requirements will be given a weighted grade point on the high school transcript and included in cumulative GPA calculations.*

All students in grades 11 and 12 are required to be enrolled in at least five courses each semester. These courses can be classroom-based courses taken at MPS, online courses provided by MPS or approved online course-providers, CSU, UC or community college courses, and other courses and activities for which academic credit will be provided upon

College units	High school credits
1 semester college unit or 1-2 quarter college units	2.5 high school credits
2 semester college units or 3 or more quarter college units	5.0 high school credits
3 or more semester college units	10.0 high school credits

satisfactory completion. MPS requires that the average number of minutes of attendance in any two consecutive schooldays is no less than 240 and minutes of attendance in any one school day is no less than 180.

Please see your high school college counselor for further details and a copy of the MPS Dual and Concurrent Enrollment Policy and Form.

### **Counseling programs:**

MPS offers a comprehensive counseling and guidance program addressing personal/social, career, and academic needs for all grades. Students may sign up to see the counselor at any time to discuss personal or academic concerns. Social skills, career, and college planning lessons will be provided by the counselor at various times throughout the school year depending on grade level, need etc. The counseling office provides the following resources:

- Academic advising
- College planning resources
- Scholarship information
- SAT/ACT test dates and materials
- Career planning resources
- Conflict resolution
- Family resources
- Counseling resources

Students who wish to see the counselor can make an appointment. Parents are always welcome to make an appointment to see the counselor. All information discussed is confidential except when it involves your safety or the safety of someone else.

MPS adheres to the National Counseling Standards. The standards are as follows:

### **Academic Development**

*Standard A:* Students will acquire the attitudes, knowledge, and skills that contribute to effective learning in school and across the life span.

*Standard B:* Students will complete school with the academic preparation essential to choose from a wide range of substantial post-secondary options, including college.

*Standard C:* Students will understand the relationship of academics to the world of work and home and community life.

### **Career Development**

*Standard A:* Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.

*Standard B:* Students will employ strategies to achieve future career success and satisfaction.

*Standard C:* Students will understand the relationship between personal qualities, education and training, and the world of work.

### **Personal/Social Development**

*Standard A:* Students will acquire the attitudes, knowledge, and interpersonal skills to help them understand and respect self and others.

*Standard B:* Students will make decisions, set goals, and take necessary action to achieve goals.

*Standard C:* Students will understand safety and survival skills.

### **PSAT/NMSQT Tests & Applications:**

MPS is dedicated to providing a comprehensive college preparatory program that facilitates students' ambitions to pursue higher education at the nation's top universities and colleges. As part of this process, grades 9 through 11 are required to take the PSAT/NMSQT test in Fall.

PSAT/NMSQT stands for Preliminary SAT/National Merit Scholarship Qualifying Test. It is a standardized test that provides firsthand practice for the SAT Reasoning Test.™ It also gives the students a chance to enter National Merit Scholarship Corporation (NMSC) scholarship programs.

The PSAT/NMSQT measures:

- critical reading skills;
- math problem-solving skills; and
- writing skills.

The most common reason for taking the PSAT/NMSQT is for the students to receive feedback on their strengths and weaknesses on skills necessary for college study. Students can then focus their preparation on those areas that could most benefit from additional study or practice.

### **Cal Grant program for College**

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students to apply for financial aid, all grade 12 students are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission ("CASC") electronically by a school or Home Office official. A student, or the parent/guardian of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. All grade 12 students' GPA will be sent to CASC by October 1. The Cal Grant application submission deadline is October 1 of the grade 12 year.

## **E. ATTENDANCE**

It is the intent of the Governing Board of the Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to ensure that students attend school every day on time. Consistent school attendance is critical to school success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school and behavior problems.

### **Excused Absences/Tardies for Classroom Based Attendance**

Absence from school shall be excused only for health reasons, family emergencies and justifiable personal reasons, as permitted by law or Board policy.

A student's absence shall be excused for the following reasons:

1. Personal illness;
2. Quarantine under the direction of a county or city health officer; communicable diseases exclusion
3. Professional appointments such as medical, dental, optometric, or chiropractic appointments:
  - a. Insofar as class participation is an integral part of students' learning experiences, parents/guardians and students shall be encouraged to schedule medical appointments during non-school hours.
4. Attendance at funeral services for a member of the immediate family:
  - a. Excused absence in this instance shall be limited to one (1) day if the service is conducted in California or three (3) days if the service is conducted out of state.
  - b. "Immediate family" shall be defined as mother, father, grandmother, grandfather, spouse, son/son-in-law, daughter/daughter-in-law, brother, sister or any relative living in the student's immediate household.
5. Participation in religious instruction or exercises in accordance with MPS policy:
  - a. The student shall be excused for this purpose on no more than four school days per month.

In addition, a student's absence shall be excused for justifiable personal reasons such as:

1. Appearance in court;
2. Attendance at a funeral;
3. Observation of a holiday or ceremony of his/her religion;
4. Attendance at religious retreats for no more than four hours during a semester;
5. Attendance at the pupil's naturalization ceremony to become a United States citizen;
6. Attendance at legal/immigration meeting, appointment or interview
7. Attendance at an employment conference;
8. Take Our Daughters and Sons to Work Day.

Other reasons will be considered that are requested in writing and approved by MPS. If the excuse is not one of the valid excuses listed above, the MPS administrators are authorized to excuse school absences due to the pupil's circumstances on a case-by-case basis.

### **Unexcused Absences/Tardies for Classroom Based Attendance**

Students will be marked unexcused if they:

1. Do not bring a written note within two (2) school days following an absence;
2. Leave school without signing out at the school office;
3. Are absent from class without teacher permission, including walking out of class;
4. Are absent from class without parent permission, (except students who are being excused to receive confidential medical services without parental permission);
5. Get a pass to go to a certain place but do not report there; and/or
6. Are absent/tardy for reasons **not acceptable** to the administration including but not limited to:
  - Not waking up on time
  - Transportation problems (missing the bus, traffic, etc.)
  - Running errands for family
  - Work
  - Babysitting
  - Hair appointment
  - Needed at home
  - Vacations or trips
  - Athletic workout
  - Socializing/Lingering in the hallway

### **Method of Verification**

A parent/guardian must inform the MPS main office via phone of their child's absence/tardy the morning of the absence/tardy. When students who have been absent return to school, they must present a satisfactory explanation verifying the reason for the absence/tardy within two (2) school days of the excused absence and/or upon the student's return. If a satisfactory explanation is not provided within two (2) school days of the absence/return, the absence will be marked as "unexcused." The following methods may be used to verify student absences/tardies:

1. Signed, written note from parent/guardian, parent representative;
2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative. The employee shall subsequently record the following:
  - a. Name of student;
  - b. Name of parent/guardian or parent representative;
  - c. Name of verifying employee;
  - d. Date or dates of absence; and
  - e. Reason for absence.
3. Visit to the student's home by the verifying employee, or any other reasonable method, which establishes the fact that the student was absent for the reasons stated. A written recording shall be made, including information outlined above.
4. Healthcare provider verification
  - a. When excusing students for confidential medical services or verifying such appointments, MPS staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.
  - b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has had twenty (20) absences in the school year verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency. Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law.

Students that arrive to school late must report to the main office when he or she arrives. If the student fails to do this, he or she will receive an unexcused tardy. If the student fails to present a satisfactory explanation verifying the reason for the tardy, he or she will receive an unexcused tardy. The student will be given a "late slip" from office staff to be admitted to class.

### **Extracurricular Activities**

When a student misses ten (10) unexcused absences/tardies in a semester, he or she may not be allowed to participate in any extracurricular activities in that semester. Special circumstances with documented explanations should be reviewed with the administration. After twenty (20) unexcused absences/tardies within the school year, the student will not be allowed to walk on stage for promotion/graduation as well as participate in any culminating activities, i.e., prom or graduation night.

### **Make up Work for Excused Absences**

An absence from school, even for several days, does not excuse students from responsibilities in the classroom. On the day of return, it is the students' responsibility to find out what work is required and when the work needs to be completed. Students will be given the same number of days they were absent to make up missed work. For students with excused absences, make-up tests will be scheduled at a time designated by the teacher or as outlined in the teacher's syllabus. It is the students' responsibility to take the test at that time. If the student fails to do this, the teacher is not obligated to set another time for make-up. Please check teacher's syllabus and make sure for their individual policy.

### **Independent Study Policy**

Students with a legitimate need for an extended absence can enroll in independent study. Please see the main office of your MPS school for the independent study policy.

### **Unexcused Absences/Truancy for Classroom Based Attendance**

Each person between the ages of 6 and 18 years old is subject to compulsory full-time education. (Education Code sections 48200 and 48410). Students shall be classified as "truant" if the student is absent from school without a valid excuse three (3) full days in one school year, or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. (Education Code section 48260). Such students shall be reported to the MPS Principal or designee.

In addition, students shall be classified as a "chronic truant" if the student is absent from school without a valid excuse for 10 percent or more of the school days in one school, from the date of enrollment to the current date. (Education Code section 48263.6).

The MPS Principal or designee, shall implement positive steps to reduce truancy, including working with the family in an attempt to resolve the attendance problem. A student's progress and learning may be affected by excessive unexcused absences. In addition, MPS is fiscally dependent on student attendance and is negatively impacted by excessive unexcused absences. If all attempts to resolve the student's attendance problem are unsuccessful, MPS will implement the processes described below.

### **PROCESS FOR UPHOLDING THE ATTENDANCE POLICY**

#### **First Day of School Process:**

When students are not in attendance on the first five (5) consecutive days of school, MPS will attempt to reach the parent/guardian on a daily basis for each of the first five days to determine whether the student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, parents must notify MPS of the absence and provide documentation consistent with this policy. However, consistent with process below, students who are not in attendance due to an unexcused absence by the fifth day of school will be voluntarily disenrolled from the MPS roster, as it will be assumed that the student has voluntarily chosen another school option.

1. Students who are not in attendance on the first day of school will be contacted by phone to ensure their intent to enroll.
2. Students who have indicated their intent to enroll, but have not attended by the third day will receive a letter indicating the student will be disenrolled after the fifth day of school if the student has not attended school without valid excuse.
3. Students who have indicated their intent to enroll, but have not attended by the fifth day will receive a phone call reiterating the content of the letter.
4. Students who have not attended by the sixth day, and do not have an excused absence as defined above for not being in attendance will be disenrolled from the roster.
5. MPS will use the contact information provided by the parent/guardian in the registration packet.
6. The District of Residence will be notified of the student's failure to attend MPS and the voluntary disenrollment.

#### **Truancy Process:**

1. Each of the first two (2) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. The student's classroom teacher may also call home.
2. Each of the third (3rd) and fourth (4th) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. In addition, the student's classroom teacher may also call home and/or MPS may send the parent an e-mail notification. In addition, upon reaching

three (3) unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "Truancy Letter #1" from MPS. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked.

3. Upon reaching seven (7) unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "Truancy Letter #2 – Conference Request," and a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, MPS will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.
4. Upon reaching ten (10) unexcused absences or unexcused tardies over 30 minutes, the student will be referred to a Student Support and Progress Team (SSPT) and the MPS Attendance Review Team (SART). In addition, the parent/guardian will receive a "Habitual Truancy Re-classification Letter #3," and will be asked/invited to attend a presentation regarding chronic absenteeism.

#### **Student Attendance Review Team (SART)**

5. The SART panel can include, but is not limited to, the following school members: School Administrators, School Psychologist, Counselor, Nurse, Psychiatric Social Worker, Attendance Clerk, Intervention Teacher(s), MPS Director of Student Services or designee, PSAC or designee. The panel may be composed of any individual who is working with the family and has a viable interest in the student's school attendance. The SART panel will discuss the absence problem with the Parent/Guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.
  - a. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.
  - b. The parent shall be required to sign a contract formalizing the agreement by the parents to improve the child's attendance or face additional administrative action. The contract will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:
    - i. Parent/guardian to attend school with the child for one (1) day
    - ii. Student retention
    - iii. After school detention program
    - iv. Required school counseling
    - v. Loss of field trip privileges
    - vi. Loss of school store privileges
    - vii. Loss of school event privileges
    - viii. Required remediation plan as set by the SART
    - ix. Notification to the District Attorney
  - c. The SART panel may discuss other school placement options.
  - d. Notice of action recommended by the SART will be provided in writing to the parent/guardian.
6. If the conditions of the SART contract are not met, the student may incur additional administrative action up to and including disenrollment from MPS and notification of the disenrollment sent to the student's district of residence.
7. For all communications set forth in this process, MPS will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update MPS with any new contact information.
8. If student is absent ten (10) or more consecutive school days without valid excuse and parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to MPS' communication attempts, as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be deemed to have voluntarily disenrolled and notification of the disenrollment be sent to the student's district of residence.

#### **Removal from Charter School**

If, after the above procedures have been followed, the student continues to have unexcused absences or tardies, the parent/guardian may receive notice that the student is in violation of the SART contract. The student will then be required to appear before the SART panel again to discuss the unexcused absences or tardies. After such meeting, or after reasonable attempts by the SART panel to schedule the meeting if the parent/guardian is nonresponsive, the SART panel may recommend that the student be deemed to have voluntarily disenrolled from MPS. The parent will receive written notice of the SART panel's recommendation.

The SART panel shall then forward its recommendation to the MPS CEO or designee for review of the matter and final decision. If the MPS CEO or designee makes the decision to disenroll, notice will be sent to the student's district of

residence within thirty (30) days. The MPS CEO or designee decision not to disenroll the student does not prevent the SART panel from making a similar recommendation in the future.

### **Referral to Appropriate Agencies or County District Attorney:**

It is MPS' intent to identify and remove all barriers to the student's success, and MPS will explore every possible option to address student attendance issues with the family. For any unexcused absence, MPS may refer the family to appropriate school-based and/or social service agencies.

If a child's attendance does not improve after a SART contract has been developed according to the procedures above, or if the parents fail to attend a required SART meeting, MPS shall notify the District's Attorney's office, which then may refer the matter for prosecution through the court system. Students 12 years of age and older may be referred to the juvenile court for adjudication.

These policies will be enforced fairly, uniformly, and consistently without regard to the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics).

### **Reports**

The MPS Principal, or designee, shall gather and report to the Board the number of absences both excused and unexcused as well as students who are truant, and the steps taken to remedy the problem.

## **III. DISCIPLINE POLICIES**

---

---

### **Magnolia Public Schools Student Code of Conduct:**

MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

#### **Uniform and Personal Appearance:**

The uniform policy at MPS helps create a safe and orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are required to arrive in uniform every day except for "free dress days".

All MPS students are required to wear the school uniform at all times including during the afterschool tutoring/activities. Refer to Student Uniform Policy on later pages.

### **A. EXPECTED STUDENT BEHAVIOR**

- Remember that they are not allowed in the school building without a pass.
- Students must carry a pass that is given to them by a school staff member.

#### **On Campus:**

Students must:

- Stay in designated areas on-campus.

- Be courteous and respectful at all times to everyone.
- Not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Not use or have cellular phones turned on during school hours; students are allowed to use cellular phones **only** in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.
- Remember that gum chewing is not allowed anywhere on campus.

**C. MULTI-TIERED SYSTEM OF RESPONSE TO BEHAVIOR**

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family and school connection is part of the Positive

Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all stakeholders.

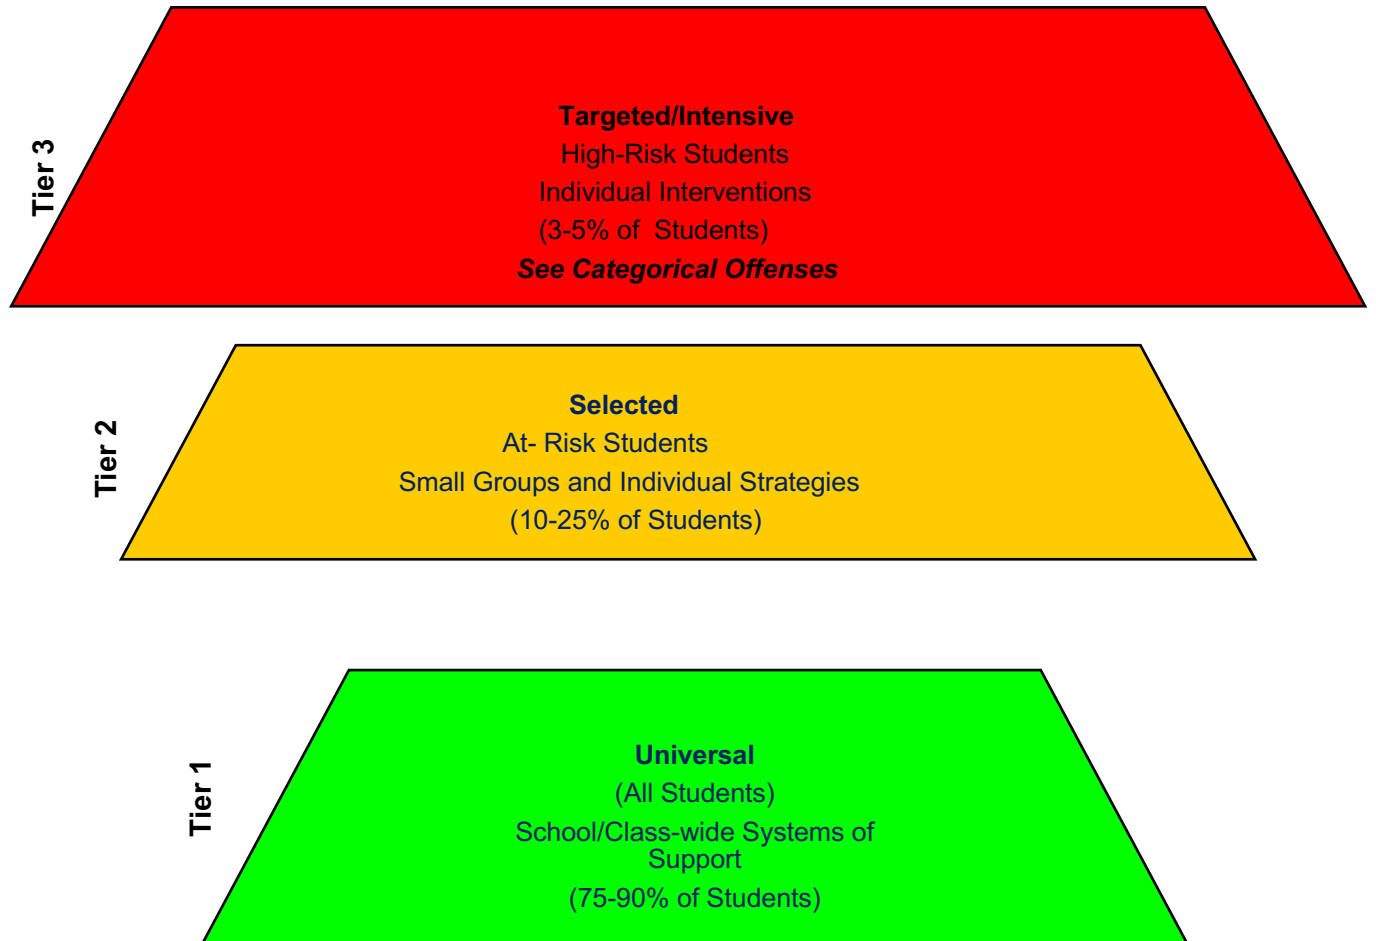

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of student to lawful student expression, as outlined in the MPS Student Expression Policy available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS' system of response to behavior.

If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures, below, for more information.

**D. SUSPENSION AND EXPULSION PROCEDURES**

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at MPS. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

**POSITIVE BEHAVIORAL INTERVENTIONS & SUPPORTS (PBIS)****Positive Consequences**

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

**Reflection:**

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

**In School Suspension (ISS):**

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

- Classroom awards/recognition
- Certificates

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

**Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan.

Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

**GROUNDS FOR SUSPENSION****Jurisdiction**

A student may be suspended for prohibited misconduct if the act is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

10. Possession of an explosive, as defined below. E.C. 48915(c)(5)

### SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

#### Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

#### Notice to Parents/Guardians

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the

student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

#### Suspension Time Limits

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

#### Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024.

#### Recommendation for Placement/Expulsion

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the

student should be extended pending an expulsion hearing. This determination will be made by the Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

## **GROUNDS FOR EXPULSION**

## EXPULSION PROCEDURES

### Authority to Expel

A student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the school in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

### Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

9. The date and place of the expulsion hearing;
10. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
11. A copy of MPS' disciplinary rules which relate to the alleged violation;
12. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;
13. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
14. The right to inspect and obtain copies of all documents to be used at the hearing;
15. The opportunity to confront and question all witnesses who testify at the hearing;
16. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

11. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
12. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
13. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
14. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
15. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
16. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
17. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in

which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

18. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
19. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
20. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee

determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

4. Notice of the specific offense committed by the student
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
6. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

3. The student's name
4. The specific expellable offense committed by the student

### **Disciplinary Records**

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of

Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

#### **Interim Placement**

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall work with the District for an interim placement or other alternative program. Should Charter School determine after the referral that the student will remain at the charter school pending the expulsion hearing based on the best interest of the student, or if Charter School secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, Charter School will notify the District of such determination.

### **ADDITIONAL PROVISIONS**

#### **Bullying**

The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

#### **Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities**

##### **8. Notification of SELPA**

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

##### **9. Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services

so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

#### **10. Procedural Safeguards/ Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- c. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- d. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- d. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- e. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- f. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same

manner and for the same duration as the procedures would be applied to students without disabilities.

### **11. Due Process Appeals**

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

### **12. Special Circumstances**

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- d. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- e. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- f. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

### **13. Interim Alternative Educational Setting**

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

### **14. Procedures for Students Not Yet Eligible for Special Education Services**

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- d. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- e. The parent has requested an evaluation of the child.
- f. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### **Required Notification**

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

**GENERAL POLICIES**

---

---

**• SCHOOL ACTIVITIES**

MPS will offer a range of activities that will enrich student development during and after school. Because the safety of students is very important to us, specific rules will apply to these activities.

**Athletic Activities:**

The Charter School complies with Education Code Section 49475 regarding student athletes who sustain concussions. A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications, including prolonged brain damage and death if not recognized and managed properly. MPS offers an athletic program, and so we must immediately remove from the school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.

Additionally, on a yearly basis, MPS must provide a concussion and head injury information sheet to athletes, which must be signed and returned by the athlete and the athlete's parent/guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course. MPS shall distribute this information sheet to athletes prior to the start of the athletic season. Copies are also available in the main office of each MPS school.

Additionally, those wishing to participate in athletics at MPS, must review the information sheet on sudden cardiac arrest and return the signed information sheet to the main office of each MPS school. The information sheet is located at: <https://www.cde.ca.gov/pd/ca/pe/documents/pescaform.pdf>.

**Field Trips:**

Field Trips offer exciting ways to learn. MPS students may have the opportunity to go on field trips at various times throughout the school year.

MPS plans many field trips, weekend getaways, summer camp, and the Europe Trip during spring break.

Students must bring to school a Field Trip Permission Slip signed by a parent or guardian by the specified

date. Phone calls will not be accepted as permission for students to attend.

**Academic Tutoring Program:**

- Tutoring will be available as part of the MPS after-school program.
- Students can receive tutoring from faculty and volunteers from local universities.
- The program will benefit all students.
- The sessions will generally occur after school; some may be scheduled on the weekends.
- Upon availability, Saturday tutoring is available to all students who wish to improve their academic skills. We offer math and SAT/ACT prep. All students are welcome to join at specified times.

**After School Activities:**

MPS offers a variety of after school tutoring, clubs, sports, and activities for all students free of charge. There is no better way for students to enrich their education than by taking part in clubs, after-school activities or working with a teacher (Tutoring). These opportunities allow students to explore more deeply things they already enjoy and to try other areas that sound interesting. Students who stay for an after-school activity must follow these rules:

- Be with a teacher or other staff member at all times.
- Arrange to have their transportation pick them up at the end of the activity.
- Abide by the MPS code of student conduct and all school rules and policies as outlined in the handbook while participating in the activity.

Students who are disruptive, disrespectful, or who do not follow the rules will be prohibited from participating in the after-school program.

Students not participating in after school activities may not stay after school to wait for another student.

A full list and description of after school clubs and activities will be posted after school starts. We strongly encourage our students to explore and take advantage of these after school opportunities.

MPS is not responsible for students on campus who are not participating in after school activities or who remain on campus after the completion of the after-school activity. Those students must leave the campus within ten minutes of school or after dismissal time. Following is the MPS policy regarding students left on campus after school hours. Contact the office of each MPS school for more information.

**POLICY REGARDING STUDENTS LEFT ON CAMPUS AFTER SCHOOL HOURS**

MPS is committed to providing a safe campus for all students. When students are left on school property after the close of business hours, MPS will follow certain steps to ensure students are safe until their parents/guardians come to pick them up. In the event

students are left on campus after school hours, MPS staff will:

1. Notify the principal or designee immediately.
2. Attempt to reach parents/guardians through the phone number provided to the School by parents/guardians at the beginning of the year. This may include contacting any emergency contact(s) listed for the student.
3. If a staff person becomes aware a child is on campus more than ten minutes after dismissal of the regular school day or after school activity, the staff person or another employee will remain on site until an adult, including but not limited to an emergency contact, police officer, or social worker, retrieves the student.
4. Notify the principal or designee after the ten (10) minutes after dismissal has passed if there is a possibility that law enforcement may be called to assist the student.
5. As a last resort, contact law enforcement and/or child welfare services who may remove the student and may assume responsibility for the student until the parent/guardian retrieves the student.
6. In cases of repeated incidents where parents/guardians have been late in picking up their child, notify the parents/guardians in writing of parental responsibilities and consequences for their child. A consequence may include: refusal to allow the student to attend after school programs if the parent is repeatedly late in retrieving the child.

Students should not be dropped off more than thirty (30) minutes early for School. The School will open its doors at 7:30 a.m. and at this time students will be supervised by School staff. All students that arrive before 7:30 a.m. will be unsupervised and the School will not be responsible for the safety and well-being of these students. (Each individual MPS school may include site-specific amendments into the drop-off, pick-up, and supervision times addressing local issues.)

- **ILLNESS, INJURY, AND MEDICATION POLICIES**

MPS does not have a nurse on staff. Consistent with doctor's orders, properly trained office staff can assist students with basic first aid treatment; however, office staff is not registered nurse. Students sent to the office or visiting the office claiming that they are ill will be quickly evaluated by the office staff. If a student needs treatment beyond basic first aid, Parent/Guardian will be contacted to pick him/her up.

**Illness or Injury during the school day:**

If a student becomes ill or injured during the school day, s/he must report to the Main Office. Do not leave the building without permission. Any absence or departure

from class that is not first cleared through the office will be considered unexcused.

**Illness at Home:**

If a student is not physically well prior to the beginning of the school day, the office should be informed and the student should be kept at home.

**Medications:**

- Medication shall be administered during school hours only if determined by a physician to be necessary and with parental permission.
- All medications must be in the original container.
- The container must be clearly marked with the student's first and last name.
- A "Request for Medication to be Taken During School Hours" must accompany all medication, containing instructions for administration, including exact times and dosages. The "Request for Medication to be Taken During School Hours" will be filed in the student's folder. This form can be obtained from the Main Office. This form shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for the administration changes.
- All medications are to be delivered to the Main Office in their original containers, with the name of the student, medication, dosage, and frequency of administration clearly marked. Extra medication should be picked up by the parent/guardian at the completion of the medication regimen or end of the school year, whichever is earlier. The school is not liable for any medication not picked up after the end of the school year.
- MPS staff shall keep records of medication administered at MPS.
- Medication will be kept in a secure and appropriate storage location at each MPS school and administered per physician's instructions by appropriately designated staff.
- Administration will consult with the parent/guardian and student's medical professionals to establish a written plan for Students with chronic health issues or conditions that require specific medication regimens or health plans, such as diabetes, asthma, etc.
- Any pupil requiring insulin shots must establish a plan for administration of insulin shots with the Principal in consultation with the parent or guardian and the pupil's medical professional.

**Epinephrine Auto-Injectors:**

Trained MPS personnel who have volunteered may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from, an anaphylactic reaction. MPS will ensure it has the appropriate type of epinephrine auto-injector on site (i.e., regular or junior) to meet the needs of its pupils. MPS will ensure staff properly store, maintain, and restock the epinephrine auto-injectors as needed.

MPS will ensure any school personnel who volunteer are appropriately trained regarding the storage and emergency use of epinephrine auto-injectors based on the standards developed by the Superintendent of Public Instruction. MPS will distribute an annual notice to all staff describing the request for volunteers who will be trained to administer an epinephrine auto-injector to a person if that person is suffering, or reasonably believed to be suffering from, anaphylaxis. The annual notice shall also describe the training the volunteer will receive.

#### **Contagious Diseases:**

If, during the course of the year, a child develops any contagious disease or condition, please notify the school immediately so that precautions can be taken and appropriate notifications sent home.

The School reserves the right to notify the municipal bodies and Department of Health if necessary under federal and state laws.

#### **Diabetes Information Sheet:**

MPS will provide an information sheet regarding Type 2 Diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of Type 2 Diabetes.
2. A description of the risk factors and warning signs associated with Type 2 Diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with Type 2 Diabetes should be screened for Type 2 Diabetes.
4. A description of treatments and prevention of methods of Type 2 Diabetes.
5. A description of the different types of diabetes screening tests available.

#### **Oral Health Assessment:**

Students enrolled in kindergarten in a public school or while enrolled in first grade if the pupil was not previously enrolled in kindergarten in a public school are required to have an oral health assessment completed by a dental professional. Please contact the office if you have questions about this requirement. MPS provides the appropriate forms to incoming students to be completed by the oral health professional to satisfy this requirement. Please see the main office at your MPS school if you need another copy of this form.

#### **Suicide Prevention:**

MPS is committed to the safety and wellbeing of all students. Please see a copy of the MPS suicide prevention policy on the MPS website. It is also available at the Main Office.

#### **• PARENTAL INVOLVEMENT AND SUPPORT**

Since your child's education is a continuing process, parent cooperation, support, and assistance are

needed if we are to be successful. Together, we can make a positive difference in your children's lives. The following are ways that we can work to fulfill our common goals:

#### **Parents/Guardians are asked to:**

- Be a good listener to both your child and the school staff when conflicts arise.
- Be a positive role model for your child.
- Contact the school as necessary.
- Participate as fully as possible in volunteer opportunities, student presentations, parenting programs, special projects, and assembly events.
- Be familiar with MPS student handbook and explain it as necessary.

#### **• PARENT/TEACHER COMMUNICATION**

- Parents are encouraged and are always welcomed to discuss the progress or problems of their children with the school faculty when an appointment is made prior.
- Parents may not disturb a teacher during school hours.
- An appointment is required for all conferences.
- To make an appointment with a teacher, call the main office or email them directly.
- Please do not attempt to have an impromptu conference with a teacher on campus as appointments are mandatory.
- If your question relates to the classroom, please ask the appropriate teacher.
- Any question involving a student's work or behavior must be discussed with the teacher before it is discussed with the administration.
- Parents are expected to make every reasonable effort to cooperate with the teachers and school staff to help their child have a successful educational experience.
- Parents who wish to observe their child's classes need to make arrangements with the teacher whom they like to visit and get approval from administration at least a day prior to their visit.
- Parent/teacher/student conferences are strongly encouraged when an appointment is made prior.

#### **• HOME VISITS**

- Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students. MPS teachers visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- For most students home and school are two different domains. Especially for minority students even the people, languages, foods, rules, duties, and concerns are different in these two worlds. They do not intersect considerably. Parents and the teachers are critical partners in educating the “whole child.” However, parent conferences and other school-hosted meetings do not provide sufficient means for the parties to communicate enough and effectively and to show the student that they are on the same team. Home visits are the teachers’ attempt to break the virtual border between the partners, which is most of the time successful.

- **CONTACTING YOUR CHILD DURING SCHOOL HOURS**

- Parents/Guardians should only contact the main office if they must leave a message for their child in case of an emergency. Students will not be disrupted during school hours for non-emergency reasons. In case of an emergency, the message will be given to the student by office personnel.
- Parents/Guardians should not contact their child’s cellular phone during school hours; students are required to turn off all electronic devices, including cellular phones, and put them away and out of sight.

- **VOLUNTEER, VISITATION, SHADOWING, AND REMOVAL POLICY**

MPS encourages parents/guardians and interested members of the community to visit MPS and view the educational program, MPS also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

To ensure the safety of students and staff as well as to minimize interruption of the instructional program, MPS has established the following procedures to facilitate volunteering and visitations during regular school days:

#### **Volunteering Categories and Application Process**

##### **A. Certified Volunteers (“C-Volunteers”)**

- a. Who are C-Volunteers: These are volunteers that would like to volunteer with MPS on an ongoing basis and may have unsupervised exposure or contact with students. Examples may include but are not limited to: classroom volunteers, tutors, field-trip volunteers, etc.
- b. Application Process: C-Volunteers must provide MPS with the following documents:
  - Volunteer Application Form (signed)

- Volunteer Commitment Form (signed)
- Fingerprinting and Background Clearance (if volunteering outside of the direct supervision of a credentialed employee)
- Tuberculosis risk assessment or examination
- Valid photo I.D. (driver’s license, passport, military ID, US or other government identification)

##### **B. Single Event Volunteers (“SE-Volunteers”)**

- a. Who are SE-Volunteers: These are volunteers that would like to volunteer at MPS for a one (1) days special event or activity and have no unsupervised exposure or contact with students. Examples may include but are not limited to: guest story reader, guest speaker, senior exhibition panel member, etc.
- b. Application Process: SE-Volunteers are not required to submit a volunteer application but must comply with the Volunteering Guidelines below and provide MPS with a valid photo I.D.

#### **Volunteering Guidelines**

Parents or guardians who are interested in volunteering must adhere to the following guidelines:

1. Volunteers must arrange volunteering schedule with the classroom teacher and/or MPS Principal or designee, at least forty-eight (48) hours in advance. Volunteering in class may be limited to certain hours or specific assignments as determined by the classroom teacher(s) or MPS administration.
2. For all prospective volunteers (both C-Volunteers and SE-Volunteers), the MPS Principal or designee will review California Megan’s Law online database at <http://www.meganslaw.ca.gov> to ensure that prospective volunteers are not registered sex offenders.
3. Prior to volunteering in the classroom or on campus, the volunteer should communicate with the teacher and/or MPS staff to discuss the expectations for volunteering needs. Classroom

volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aide. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

4. Information gained, overheard, or inadvertently acquired by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality and may not be shared with any individual except with the MPS Principal.
5. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.
6. Volunteer hours are applied to the non-mandatory 10 hours of volunteering requested pursuant to the Charter Petition/Student-Parent Handbook. All parents are encouraged – but not required – to contribute a minimum of 10 hours per year to the school. No child will be excluded from the Charter School or school activities due to the failure of his or her parent or legal guardian to fulfill the encouraged volunteer hours.
7. This Policy does not authorize MPS to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

#### **Visitation Guidelines**

1. Visits during school hours should first be arranged with the teacher and MPS Principal or designee, at least three (3) school days in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three (3) school days in advance. Parents seeking to visit a classroom during school hours must first obtain the written approval of the

classroom teacher and the MPS Principal or designee.

2. All visitors shall register in the main office immediately upon entering any school building or grounds when during regular school hours, including immigration enforcement officers. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys), the officer will also be asked to produce any documentation that authorizes school access. MPS shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by MPS. The MPS Governing Board and Bureau of Children's Justice in the California Department of Justice, at [BCJ@doj.ca.gov](mailto:BCJ@doj.ca.gov), will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.

For purposes of school safety and security, the MPS Principal or designee have designated that each visitor wear a visitor's pass/sticker as a visible means of identification for visitors while on school premises.

3. Except for unusual circumstances, approved in advance by the MPS Principal, MPS visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.
4. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a classroom without the teacher's and MPS Principal's advance written permission.

5. Before leaving campus, the visitor shall sign out of the Visitors Log Book in the main office.
6. The MPS Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.
7. The MPS Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt MPS' orderly operation. If consent is withdrawn by someone other than the MPS Principal, the MPS Principal may reinstate consent for the visitor if the MPS Principal believes that the person's presence will not constitute a disruption or substantial and material threat to MPS' orderly operation. Consent can be withdrawn for up to fourteen (14) days.
8. The MPS Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the MPS Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.
9. Any visitor who is denied registration or has his/her registration revoked may request a conference with the MPS Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the MPS Principal with fourteen (14) days of the denial or revocation of consent. The MPS Principal shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the MPS Principal shall be held within seven (7) days after the MPS Principal receives the request. If no resolution can be agreed upon, the MPS Principal shall forward notice of the complaint to the MPS Board of Directors. The MPS Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.
10. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the MPS Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.
11. The MPS Principal or designee shall seek the assistance of the police in managing with or reporting any visitor in violation of this Policy.

### **Shadowing Guidelines**

Shadowing gives parents and students an opportunity to observe instruction during an ordinary school day and can help open dialog between parents and students about school. Parents are welcome to shadow their children, that is, to follow them through their school day. In order to maximize the benefits of shadowing, we request that parents adhere to the following guidelines:

- Follow the above procedure for providing three (3) school days advance notice of your visit, signing in at the main office when arriving at MPS, and obtaining a visitor's pass/sticker. Notice of your visit and intent to shadow should be provided by completing the Shadow Request Form, below, and submitting it to MPS at least three (3) school days in advance of your visit.
- Shadowing is not a time for parent/teacher conferences. If you desire a conference, please make prior arrangements with your child's teachers.
- To preserve the academic environment, please do not take part in the lesson unless invited to do so by the teacher. Do not visit with your child or other students during class time. At no time may visiting parents address other students directly. Visitors are not allowed to record audio or video, or take photos. Should you have any concerns, report them to the MPS administrators.
- Meet with MPS administration to debrief your visit.

*MPS administration has the right to withdraw consent for a visitor to be on campus, as described above. All persons making the visit shall be deemed to have waived claims against the school for injury, accident, illness, or death occurring during or by reason of visit.*

### **Penalties**

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked

or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to \$500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.

2. 3. Disruptive conduct may lead to MPS' pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of up to three (3) years.

- **SCHOOL INFORMATION SYSTEM**

Parents, as well as students, will have access to their child's grades in each class, missing/incomplete/upcoming assignments, upcoming tests/projects, discipline, communication log, and teacher contact information. Each parent will be provided with a username and password to have access throughout the school year, 24 hours a day.

*All discipline entries will remain on SIS for the entire year.*

and all devices are to be out of sight, secure with the student's belongings in a backpack or purse. The duration of the non-permitted use includes before school on school grounds, instructional time, passing periods, lunch time, and tutoring. At no time, shall the educational program or school activity be interrupted.

- The school is not liable if such devices are damaged, lost or stolen. The use of these devices or their ringing/vibrating during school time will be considered a disruption of school activities and subject to disciplinary action which will include confiscation and discipline entry.
- All confiscated devices will be returned to the parent/guardian accompanied by the student at the end of the school day.

- **LOST AND FOUND**

There will be a lost and found box in the school. If you find books, clothing, or personal items on school grounds, please bring the items to the main office. Items not picked up will be donated monthly.

- **PE LOCKERS**

- When available, lockers are provided for physical education class during that period only.
- Lockers are not assigned to students.
- The lockers are school property; anything placed in them or brought to campus is subject to inspection at the discretion of the administration.
- Students are responsible for all items in their locker.
- Students may be provided with a lock or allowed to bring a lock for their gym lockers and use it for the period with the condition of removing them daily. Please check with the school administration for specifics.

*MPS does not accept any responsibility for stolen or lost money, clothing, valuables or other articles.*

- **TEXTBOOKS**

Textbooks and workbooks are issued at teacher's discretion. Students may be assigned a set of textbooks in addition to a classroom set. Students are responsible for the care of all textbooks and workbooks. Books are to be returned to the school in good condition at the end of the school year or at the time a student transfers out to another school.

Students will be required to report any damages to the textbooks to their classroom teachers. Parents/Guardians will be held responsible for the loss or willful cutting, defacing, or otherwise damaging of MPS textbooks, up to an amount not to exceed \$10,000 (ten thousand dollars), adjusted annually for inflation.

- MPS participates in the National School Lunch Program. Applications for free or reduced price meals are included in the enrollment packets to all families and can also be obtained on the MPS website and in the main office of each MPS school. All families are encouraged to complete the application form in order to include as many eligible students as possible.
- Students are responsible for adding funds to their meal account if they pay reduced or full price.

- **EARTHQUAKE AND MAJOR DISASTER PROCEDURES**

- Parents may contribute to supply ten dollars (\$10) to cover the cost of a survival kit to be kept at school and used in case of emergency.
- In the event of a fire, major earthquake or major disaster, students are to be evacuated to the assigned area by MPS.
- If the local public schools announce that the students will be dismissed, MPS will do the same.
- Parents are to remain in assigned area and sign out their child with the appropriate staff member because MPS has to account for all students.
- MPS Emergency Dismissal/Evacuation Card information must be updated with any change in information by parents/guardians as soon as it occurs.

- **STUDENT TRANSFER**

- Any student transferring out of Magnolia Public Schools must complete the "Student Transfer Form" which can be obtained from the main office. The form must be completed prior to a student transferring. It is the parent/guardian's responsibility to complete the form. The school is not responsible for having it completed.
- It is the student's parent(s)/guardian(s) responsibility to contact the school that student will be transferring to. It is the parent's responsibility to make all necessary arrangements for a successful transfer.
- If a student will be transferring to another school for the following school year, the parent is still responsible to inform the main office before the last day of school, or last day of attendance.

3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of "homeless."

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Homeless Liaison.

**School Liaison:** The Principal of each MPS school site shall serve as the Homeless Liaison for homeless students ((42 USC 11432(g)(1)(J) & (e)(3)(C).):

#### • DRESS CODE

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be

## USE OF SECURITY CAMERAS AT MAGNOLIA PUBLIC SCHOOLS

The Board of Directors (“Board”) of Magnolia Public Schools (“MPS” or the “School”) recognizes the value in protecting the health, safety, and welfare of students and staff, and in protecting the community’s investment in School owned or leased property and facilities. Upon carefully weighing the privacy rights of students and staff against MPS’ duty to provide a safe, secure, and orderly learning and work environment, the Board has resolved to authorize the limited use of security cameras at MPS schools, in school buildings, and upon school grounds pursuant to the following restrictions:

### Security Monitoring System

1. “Security Monitoring System” refers to the School’s network of security cameras, equipment, and recorded footage.
2. Security cameras may be installed in any public area within a School building and/or upon School grounds where people have no reasonable expectation of privacy including, but not limited to, in classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, break rooms, weight rooms, and gymnasiums.
3. Security cameras may not be installed in any area in which individuals possess a reasonable expectation of privacy, such as in restrooms, locker rooms, or private offices.
4. The precise location of security cameras shall be determined by MPS or by the School-site principal with the approval of the Chief Executive Officer (“CEO”). Input from staff members may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security monitoring system at the school site shall be shared with the Board prior to the installation of the security monitoring system.
5. Under no circumstances shall MPS’ security cameras record, or be equipped to record, audio data. Further, MPS’ security cameras are not intended, and shall not be used, for viewing of live footage. Instead, security camera footage shall be recorded to a digital file. Authorized personnel may view security camera footage by accessing the pre-recorded footage saved to a digital file.
6. Security camera footage may be used as evidence in a staff or student disciplinary matter and/or to provide evidence of any unlawful activity in and around School grounds.
7. Absent a reported incident, security camera footage will be erased after thirty (30) days.
8. Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.
9. Any violation of this policy may result in student discipline in accordance with the Parent Student

Handbook, or employee discipline, up to and including termination, in accordance with the Employee Handbook.

10. MPS shall notify stakeholders of the use of security cameras on campus in accordance with the law and the requirements outlined in this policy.

### Treatment of Recordings

#### Authorized Personnel

Only authorized MPS employees may access or operate the security camera system. The footage will only be reviewed by authorized employees if a safety or security incident or suspected incident or situation arises and a review of the footage is appropriate. Absent a qualifying safety or security related incident or suspected incident, the security camera footage shall not be reviewed, unless express permission to review the footage is given by the CEO or the Board President. In cases of a malfunction to the security monitoring system, the footage may be accessed to determine functionality.

Security camera footage may only be viewed in the presence of two (2) authorized persons, which shall include the Principal of the School-site and a second person authorized by the CEO. Alternately, the two (2) authorized persons may be configured as the Board President and a second person authorized by the Board President. Both authorized persons must be physically present with two (2) different unique access keys to access the footage.

Any other parties wishing to view the security camera footage shall first obtain the written consent of the CEO, and must meet the requirements of this policy, unless otherwise required by the law, or a court of competent jurisdiction.

#### Data Storage

Security camera footage shall be stored in a secure location and shall only be accessed by authorized personnel. Security camera footage shall be password protected/encrypted under the direction and support of the MPS IT Director. Additionally, such footage will be stored on a local wired server which will not be connected to an outside server.

Footage of incidents captured by security cameras located on school property may constitute a part of a student’s educational record, subject to relevant Board policies and administrative regulations, including applicable record retention policies. Upon the report of an incident or possible incident, only those persons with a legitimate educational purpose shall be permitted to view the recordings, and these requests must be made in writing and approved by the CEO prior to the footage being viewed by such parties. In most instances, the persons with a legitimate purpose will be the CEO, School-site principal, authorized administrative staff, and authorized MPS area education agency staff members.

**Record Keeping**

The Principal shall keep a written log of all persons who review the security camera footage at their School-site, including the date and time stamps of the footage under review, the name of the individuals viewing the footage, the date and time the footage was viewed, and the purpose for which the footage was viewed. If the content of the recording becomes the subject of a student or employee disciplinary proceeding, it may be treated like other evidence in that proceeding.

Security camera footage will be stored for thirty (30) days, unless the Principal, CEO, Board President, or other state or federal agency requests that specific footage be preserved for a longer period, in which case the applicable footage will be saved and protected with the same degree of security that other security camera footage is protected. No unauthorized copies of footage or duplicates may be made.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's Family Educational Rights and Privacy Act ("FERPA") Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

In the event footage is used in an employee disciplinary matter, the employee may be given access to the relevant footage at or before the time of discipline. This does not create a right of employees to access or review any other security camera footage.

Under no circumstances will the MPS' security camera footage be duplicated and removed from MPS property except in accordance with this policy, a court order, and/or a valid subpoena.

**Notification**

MPS shall post security camera signage at all campus and facility entrances disclosing the use of security camera equipment on the premises. Additionally, MPS Home Office shall provide the following annual written notice to students and parents at the affected school-sites:

*Dear Students and Parents:*

*This letter from Magnolia Public Schools ("MPS") is to inform you of the decision by the MPS Board of Directors to authorize the use of security cameras in public areas of your campus, including in and around School buildings and on School property, including inside School classrooms. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for all students and staff. Private areas of campus,*

*such as restrooms and locker rooms, will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.*

*This notice hereby notifies students and parents that the video recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters, to the extent permitted by law and as determined necessary by the MPS administration. Further, this notice hereby notifies Students and parents that the content of video recordings may be used in a student's disciplinary proceeding and may be referred to local law enforcement, as appropriate. The content of the video recordings may be a confidential student record and, if so, will be retained with other student records and will be subject to the Family Educational Rights and Privacy Act ("FERPA") requirements.*

*Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's FERPA Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.*

*Security cameras will not be used to record audio, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed as discussed above.*

**Tampering**

Students and employees are prohibited from tampering with the MPS' security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage to the system caused by the student or employee. Students found in violation of this policy will be disciplined in accordance with MPS policies. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

## **STUDENT TECHNOLOGY USE POLICY AND AGREEMENT**

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Magnolia Public Schools ("Charter School") offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the school be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

### **Educational Purpose**

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of education. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

**"Educational purpose"** means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

**"Inappropriate use"** means a use that is inconsistent with an educational purpose or that is in clear violation of this policy and the Acceptable Use Agreement.

### **Notice and Use**

The Charter School shall notify students and parents/guardians about authorized uses of school computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

### **Safety**

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise

reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence.

To reinforce these measures, the Principal or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services on campus and may have teacher aides, student aides, and volunteers assist in this supervision.

The Principal or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Principal or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. Students are expected to follow safe practices when using Charter School technology.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Principal or designee shall block access to such sites on Charter School computers with Internet access. The Principal or designee shall oversee the maintenance of the Charter School's

technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of school computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

#### ACCEPTABLE USE AGREEMENT

The Charter School believes that providing access to technology enhances the educational experience for students. However, student use of school computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
  - a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
  - b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.
2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. The student and parent agree not to hold the Charter School or any Charter School staff responsible for

the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate school policy or local law. These include but are not limited to:
  - a. Playing games or online gaming.

  - g. Participating in political activities.
  - h. Conducting for-profit business.
  - i. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
  - j. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
  - k. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
  - l. Accessing or attempting to access material or systems on the network that the student is not authorized to access.
5. **No Expectation of Privacy.** Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they

are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

6. **Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.
7. **Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.
8. **Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the MPS student discipline policy and applicable laws.
9. **Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

MPS promotes the use of networked computer technology in its instructional program in order to facilitate learning and teaching. Towards this end, students may be provided with a "device" (computer, laptop / iPad / Chromebook, etc.) for educational activities at school and home. MPS will make every effort to ensure that the MPS technology services are used responsibly by students. Students are expected to act in a responsible, ethical and legal manner in accordance with this Agreement, accepted rules of network etiquette, and Federal and State law. Following are some safekeeping instructions for MPS-provided devices. As applicable, students shall:

- Bring their MPS device to school every day, fully charged;
- Never leave the MPS device unattended;
- Never loan the MPS device to other individuals;
- Know where the MPS device is at all times;
- Store the MPS device in the bag/case if provided by MPS; otherwise students are encouraged to purchase protective covers/cases for their devices;

- Store and use the device in a safe location and environment to avoid loss or damage to the device;
- Not remove the Asset Tag or other school property identifiers;
- Charge the MPS device's battery daily;
- Keep food and beverages away from the MPS device;
- Only use a soft cloth or approved screen cleaning solution to clean the screen of the device;

#### WAIVER OF PRIVACY RIGHTS

Users of the MPS technology services expressly waive any right of privacy in anything they create, store, send, or receive on the MPS device or through the Internet or any other computer network. Users consent to allowing MPS to access and review all materials users create, store, send, or receive on the device or through the Internet or any other computer network. Users understand that MPS monitors the use of its computer resources.

#### DISCLAIMER

## PARENT INVOLVEMENT POLICY

### I. Introduction

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents or other caregivers are involved in their children's education. To that end, the **Magnolia Public Schools (MPS)** (the "LEA") has adopted this parent involvement policy in order to promote learning and provide a more positive learning experience for the students of its schools.<sup>1</sup> This policy has also been submitted to the California Department of Education with the LEA's Consolidated Application.

### II. Involvement in Drafting the LEA Plan

Parents will be involved in the development of the LEA/SSD plan, Single Plan for Student Achievement (SPSA), and the LEA's Local Control and Accountability Plan (LCAP). On an annual basis, the

LEA will submit California Department of Education ("CDE") –required plans to the Parent Council for review and suggested changes before appropriate plans are submitted to the authorizers and the CDE with the Consolidated Application. In addition, all parents of participating children will annually be invited to review the LEA plan and submit comments.

If the LEA/SSD plan is not satisfactory to the parents of participating children, the LEA will submit any comments from parents of participating children with the LEA/SSD plan when it is submitted to the CDE.

### III. Involvement in School Review and Improvement

All parents will be involved, to the extent applicable, in the process of school review and improvement. This includes disseminating the results of the local annual review of each school served under Title I, Part A to parents.

In addition, the parents of participating children will be invited to annually review the effectiveness of the parental involvement policy and other Title I, Part A activities and provide comments to the LEA.

**Identification of a school for improvement:** Before the LEA identifies its school for improvement, for corrective action, or for restructuring, it shall provide the parents of all children enrolled in the school with notice of an opportunity to review the school-level data, including academic assessment data, on which the proposed identification is based. If the **Principal** of the school believes, or a majority of the parents of the students enrolled in such school believe, that the proposed identification is in error for statistical or other substantive reasons, the **Principal** may provide supporting evidence to the LEA, which shall consider that evidence before making a determination.

**School plan:** Parents of participating children will be involved in the development and/or revision of a school plan required of the school identified for improvement, corrective action or restructuring, which plan shall be approved by the LEA in accordance with the Every Student Succeeds Act (ESSA).

**Notice required after school identification:** If the LEA's school is identified for improvement, corrective action or restructuring, the LEA will promptly provide to all parents of children enrolled in the school (in an understandable and uniform format, and to the extent practicable, in a language the parents can understand), a notice containing the following:

- An explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary or secondary schools served by the LEA and the CDE;
- The reasons for the identification;

<sup>1</sup> Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the

LEA's school, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

- An explanation of what the LEA or the CDE is doing to address the problem of low achievement;
- An explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and
- As applicable, an explanation of the parents' option to transfer their child to another public school under the control of the LEA, return to their district of residence or to obtain supplemental educational services for the child.

**Information regarding corrective action taken:** The LEA shall publish and disseminate information regarding any corrective action taken at a school to parents of each student enrolled in the school in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

**Restructuring:** Whenever a school fails to make adequate yearly progress after 1 full school year of corrective action or when the LEA is required to implement alternative governance, the LEA shall provide prompt notice to parents and provide parents with an adequate opportunity to comment before taking any action and to participate in developing any plan required by ESSA.

#### **IV. Coordination, Technical Assistance, and Other Support**

The LEA will provide the coordination, technical assistance and other support necessary to assist its participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance in the following ways:

- The LEA will reserve funds to the school for parent involvement activities as required by law;
- The LEA (board and school leaders) will collaborate to devise a timeline for parental involvement activities throughout the school year and create a follow up tool to ensure that the activities occur.
- The LEA will develop the necessary technical assistance for planning and implementing effective parent involvement activities to improve student academic achievement and school performance.

#### **V. Annual Meeting**

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are invited and encouraged to attend. The School will hold additional meetings to ensure the maximum parental participation, providing the same information, to be

offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

#### **VI. Notice**

Within **60** days of the beginning of school, the School will send **[e.g., via mail, sent home with students, and/or placed in orientation packets and/or registration packets]** a notice to **[if in a targeted assistance school]** [parents of participating children] **[or if in a school with a school wide program]** [all parents] containing, but not limited to, the following information:

- Information about Title I, Part A programs;
- An explanation of the requirements of Title I, Part A programs;
- A description of the rights parents have for participation in Title I, Part A programs;
- A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent involvement policy, and if applicable, the schoolwide program.
- A description and explanation of the curriculum in use at the School, the forms of academic assessment used to measure student progress and the proficiency levels students are expected to meet;
- An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.
- A copy of the most current Parent Involvement Policy and a feedback form for parents to comment on its content.

With this notice, the School will include a survey for parents to complete identifying whether they will require transportation, child care or home visits in order to participate in the parental involvement program of the School. If there is sufficient need for transportation or child care at any of the parental involvement activities identified in this policy, the School may provide such services and notify the parents of such provided services.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

#### **VII. Title I, Part A Program Involvement**

In order to involve parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide

program plan, the School will involve parents of participating students as follows:

- The School will conduct at least one Family Learning Night each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy, and if applicable, the schoolwide program plan. These meetings will be held at flexible times. Additionally, some may be located at community libraries or at parent volunteer homes for those who live far from the School.
- Parents not attending the Family Learning Nights will be contacted by a volunteer by telephone to encourage participation and inform them of future Family Learning Nights.
- The School will publish a regular Newsletter with notification of upcoming participation opportunities.
- The School will create a School Site Council (SSC) where it will plan, review and improve Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan. The SSC will meet at the School and will consist of:

Category (a):

- The principal
- 4 teacher representatives selected by teachers at the school
- 1 other school personnel selected by peers at the school

Category (b):

- 3 parents of students attending the school selected by such parents
- 3 students selected by students attending the school

The SSC shall be constituted to ensure parity between the principal, classroom teachers and other school personnel; (b) equal numbers of parents or other community members selected by parents, and pupils. Classroom teachers shall comprise the majority of persons represented under category (a). (Education Code Section 52852)

Furthermore, Education Code Section 52852 states that parents or community members on the SSC may not be employed by the school district.

Additionally, the SSC will be involved in decisions regarding how funds reserved for parent involvement activities are allotted for those activities.

- Each year, the School will hold an End of School Night, at which parents of participating

children will be invited to review Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan and recommend any changes.

- **At least one** of parents of participating children will be invited to accompany School staff on retreats to participate in discussions and sessions dealing with Title I, Part A programs.
- If requested by parents of participating children, the School will schedule regular meetings where parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within **48 hours**.
- If the schoolwide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan to the LEA.

#### VIII. Building Capacity for Involvement

##### A. Standards, Assessments, Title I Requirements, Monitoring Progress and Improving Student Achievement

In order to ensure effective parental involvement and support a partnership among the LEA, parents and the community to improve student academic achievement, the LEA will provide the following programs to assist parents in understanding State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

- The LEA will encourage parents to serve on its board of directors;
- The LEA will seek input from the Parent/Guardian Club and the SSC on ways to assist parents to understand the Standards and Requirements.
- The LEA will encourage parents to serve on its board committees.
- The LEA will regularly publish in its Newsletter, and/or on its website, descriptions and explanations of State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.
- Regular meetings will be held by the LEA at each school, at community libraries and/or parent volunteer homes to discuss how

parents can work with educators to improve their child's academic achievement.

- The LEA will hold Back to School nights to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.
- Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

### **B. Helping Parents to Work with their Children**

In an effort to foster parental involvement, the LEA will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

- **Student-Teacher Status Portal:** MPS uses an online web portal to enable parents, students, and teachers to communicate more efficiently. Teachers have a webpage for every class in which they post course material, homework assignments, projects, course grade statistics and records of students' grades on quizzes, tests, class participation and homework assignments. Students and parents use confidential passwords to log on.

Families without home computers will be encouraged to come to the school and use one of the available computer stations. Classes are held at the school on how to use the portal as well as how to access it via free Internet access at public libraries if that is more convenient than coming to the school.

- The LEA will provide parents with access to literacy programs that bond families around reading and using the public library.
- The LEA will provide annual seminars on parenting skills and parent-child communication.
- The school's psychologist will work with parents to better understand their children and the issues facing them.
- The LEA will train parents how to tutor their children in the school.
- Individualized student and parent advisory sessions: Each of LEA teachers and mentors will be assigned to a small group of students. They will arrange two to four meetings at school during the school year to discuss their students' academic achievements.

- One-on-one meetings with the parents of academically low-achieving students to support the parent in providing the student the study environment he/she needs.

### **C. Education on Parent Involvement**

The LEA will annually educate teachers, pupil services personnel, principals and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the LEA's schools, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

- **Home Visits:** Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school.<sup>2</sup> Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, the LEA will use home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with low-achieving students.

The LEA teachers will visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- A phone tree will be established where volunteers call all parents of participating students to solicit feedback and ideas for building ties between parents and the LEA, how to best communicate with parents and how to work with parents as equal partners.

<sup>2</sup> Source:

[http://crede.berkeley.edu/products/print/pract\\_briefs/pb1.shtml](http://crede.berkeley.edu/products/print/pract_briefs/pb1.shtml)

- A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the LEA and what types of parental involvement programs in which parents would most likely participate.

#### **D. Other Optional Parent Participation**

The LEA will involve parents in the development of the training regarding the importance of parent involvement for teachers, principals and other educators to improve the effectiveness of such training.

In order to maximize parental involvement and participation, the LEA will arrange school meetings at various times or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at the LEA.

The LEA will adopt and implement model approaches to improving parental involvement.

The LEA will develop appropriate roles for community-based organizations and businesses in parent involvement activities, such as sponsoring events, providing volunteers for school activities, and creating internships for students.

#### **IX. Coordination with Other Programs**

If applicable, the LEA shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with programs such as Head Start, Early Reading First, and public preschool and other programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The LEA will coordinate and integrate parent involvement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program.

#### **X. Annual Evaluation**

The LEA, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this family involvement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under ESSA. The LEA will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy,

or are of any racial or ethnic minority background. The LEA will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, this family involvement policy.

#### **XI. School-Parent Compact**

At the beginning of each school year, the School will enter into School-Parent Compacts with parents of participating children. The School-Parent Compact will outline how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The Parent Council will annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

#### **XII. Involvement of Parents of Limited English Proficient Students, Disabled Parents and Parents of Migratory Children**

The LEA shall implement an effective means of outreach to parents of limited English proficient students to inform them regarding how they can be involved in the education of their children and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards expected of all student. To accomplish this goal, the LEA will do the following:

- The LEA will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.
- The LEA will provide language translators at parent meetings to the extent practicable.
- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- The LEA will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's principal will visit the classes to interact with the parents.
- **English Learner Advisory Committee:** The English Learner Advisory Committee (ELAC) is mainly a committee of parents or other community members who want to advocate for English Learners. The committee provides parents of English Learners opportunities to learn more about the programs offered to their students and advises the principal and the

School Site Council (SSC) on programs and services for English Learners.

State law mandates each school site with 21 or more students of Limited English Proficiency (LEP) in attendance, regardless of language, to form a functioning English Learner Advisory Committee (ELAC). The ELAC will be formed at the LEA when the School has 21 or more students of LEP.

The LEA will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the LEA will do the following:

- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- Teachers will be encouraged to make home visits to discuss student progress with the parents. Parents, students, and teachers meet throughout the year to monitor students' progress.
- Teachers will meet one-on-one with parents of such students on an as needed basis to ensure the proper supports are in place for the student.

### **XIII. Notices**

In accordance with law, the LEA will provide the following notices to parents of children attending Title I, Part A schools:

- Annual report card;
- A notice regarding the professional qualifications of the student's classroom teachers;
- The notice regarding language instruction programs;
- Any other notices required by law.

### **XIV. Miscellaneous**

The LEA shall ensure that all information related to LEA and parent programs, meetings and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

The LEA will provide other reasonable support for parental involvement activities as requested by parents.

## INTERNAL COMPLAINT PROCEDURES

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns. Please use the Internal Complaints Policy Form following this Policy to file complaints. A copy of this Policy and Complaint Form are also available in the main office of each MPS school.

Specific complaints of unlawful harassment are addressed under the School's "TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY."

### a) Internal Complaints:

*(Complaints by Employees Against Employees)*

This section of the policy is for use when an MPS employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express

concerns and the need for resolution without fear of adverse consequence to employment.

### b) Policy for Complaints Against Employees:

*(Complaints by Third Parties Against Employees)*

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Principal (or the CEO) (or designee) shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

### General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process. Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors

in a timely manner. MPS school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, MPS will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This policy applies to all employee, student, or volunteer actions and relationships, regardless of position or gender. pupil fees and our Local Control and Accountability Plan (LCAP).

This document presents information about how we process UCP complaints concerning particular programs or activities that are subject to the UCP.

A UCP complaint is a written and signed statement by a complainant alleging a violation of federal or state laws or regulations, which may include an allegation of unlawful discrimination, harassment, intimidation, bullying or charging pupil fees for participation in an educational activity or non-compliance with the requirements of our LCAP.

A complainant is any individual, including a person's duly authorized representative or an interested third party, public agency, or organization who files a written complaint alleging violation of federal or state laws or regulations, including allegations of unlawful discrimination, harassment, intimidation, bullying and non-compliance with laws relating to pupil fees or non-compliance with the requirements of our LCAP.

If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, we shall assist the complainant in the filing of the complaint.

#### b. The Responsibilities of MPS

#### c. Pupil Fees

A pupil fee is a fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, in violation of state codes and constitutional provisions which require educational activities to be provided free of charge to all pupils without regard to their families' ability or willingness to pay fees or request special waivers. Educational activities are those offered by a school, school district, charter school, or county office of education that constitute a fundamental part of education, including, but not limited to, curricular and extracurricular activities.

A pupil fee includes, but is not limited to, all of the following:

- A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.
- A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.

- A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

**d. The Local Control Accountability Plan**

The LCAP is an important component of the Local Control Funding Formula (LCFF), the revised school finance system that overhauled how California funds its K-12 schools. Under the LCFF we are required to prepare an LCAP, which describes how we intend to meet annual goals for our pupils, with specific activities to address state and local priorities identified pursuant to California Education Code (EC) Section 52060(d).

**e. The UCP Annual Notice**

We ensure annual dissemination of a written notice of our complaint procedures to all students, employees, parents or guardians of its students, school advisory committee members, and other interested parties that includes information regarding allegations about discrimination, harassment, intimidation, or bullying.

Our UCP Annual Notice shall also include information regarding the requirements of EC Section 49010 through 49013 relating to pupil fees and information regarding the requirements of EC Section 52075 relating to the LCAP.

Our UCP Annual Notice shall be in English and in the primary language, pursuant to section 48985 of the Education Code, or mode of communication of the recipient of the notice.

**f. UCP Complaint Investigation**

Los Angeles, CA 90012  
Phone: (213) 628-3634

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is knowledgeable about the laws and programs assigned to investigate.

Unlawful discrimination, harassment, intimidation or bullying complaints shall be filed no later than six months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

All complainants are protected from retaliation.

We advise complainants of the right to pursue civil law remedies under state or federal discrimination, harassment, intimidation or bullying laws.

**g. UCP Complaint Resolution**

A pupil fees complaint shall be filed no later than one year from the date the alleged violation occurred.

We ensure an attempt shall be made in good faith to engage in reasonable efforts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint.

We will provide an opportunity for complainants and/or representatives to present evidence or information.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Refusal by MPS to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

The complaint will be investigated and a written report with a Decision will be issued to the complainant by us within 60 days from the date of the receipt of the complaint, unless the complainant agrees in writing to an extension of time.

This report will contain the following elements:

## INFORMAL COMPLAINT PROCEDURES

The ultimate purpose of this informal complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

### LEVEL 1: Direct Resolution

If reasonably possible, informal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly.

If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

### LEVEL 2: School Level Resolution

- At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in three (3) working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within ten (10) working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the Chief Executive Officer (CEO) of MPS in an effort to resolve the issue.

### LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached "Informal Complaint Procedures Form" giving details about the complaint and steps taken to resolve it, and contact the CEO of MPS at:

Chief Executive Officer  
Magnolia Public Schools  
250 E. 1st St., Ste. 1500  
Los Angeles, CA 90012  
(213) 628-3634

The CEO (designee) will acknowledge receipt of the written complaint in five (5) working days, attempt to identify a resolution that is acceptable to both parties, within fifteen (15) working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

### LEVEL 4: Board Level Resolution \*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. (Same contact information as in Level 3) The complainant should update the Internal Complaint Procedures Form that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in five (5) working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60 day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within 60 days of the School's initial receipt of the complaint or within the time period that has been specified in a written

agreement with the complainant. The decision of the Board shall be final.

\* For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the Informal Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's Decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a "Uniform Complaint Procedure Form" - provided in this handbook – and file it within 15 days of receiving the Decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's Decision. The appeal should be sent to:

California Department of Education  
1430 N Street  
Sacramento, CA 95814

## Criteria

## CRITERION 1

The following crime report was gathered to recognize the crime statistics in our school neighborhood. Magnolia Science Academy San Diego has a Zero Tolerance Policy for drugs and alcohol. Students participate in a number of programs throughout the school year that impact his/her social-emotional needs. MSASD implements Multi-Tiered Systems of Supports promising practices each school year to support students. Some of the Tier I supports implemented are as follows: The Wizard Way- School-wide Character Education Program, Restorative Practices- Circles in homerooms and in core classes as needed, anti-bullying assemblies, social emotional learning assemblies, character education assemblies, character development awards, citizenship/academic semester awards. We have open lines of communication with parents via in person conferences and via ParentSquare Platform. Below is a sample crime report for the past 3 months in our neighborhood.

## CRITERION 2

MSA-San Diego administration facilitates an in-service to all our employees during our August 2018 staff development meetings. All staff members are required to complete modules via SafeSchools online program for the 2018-19 School Year. Records of each staff member completing this training are on file with the principal.

## CRITERION 3

The School Safety Manual is reviewed by the MSA-San Diego administration team, which includes the Principal, Dean of Students, Dean of Academics, and Dean of Culture. Faculty members participate in an in-service at the beginning of each school year on the various types of emergency and disaster procedures and routines. As required by state law, safety drills (including fire, lockdown, and earthquake drills) are conducted twice each school year. Students and staff review the evacuation procedures, routes, assembly areas, assigned responsibilities, and actions that must be taken. Emergency procedure information is distributed to each classroom teacher. Students receive information via our practice drills and classroom instruction.

## CRITERION 4

At the beginning of each school year and during critical periods of the year, student conduct, expectations, responsibilities, and discipline procedures are reviewed with students. Information with specific procedures relating to suspension, expulsion, and mandatory expulsion is distributed through our Staff and Student/Parent Handbooks. In addition, students receive information during assemblies and classroom instruction. When a student commits an act which requires a suspension, the Disciplinary Committee meets, and parent are contacted by either the Dean of Students or the principal for a conference. The conference includes the student, parents, principal or Dean of Students, and/or the staff member involved. An action plan is discussed and implemented. The suspension is recorded in Illuminate and in CalPads by the school clerk or administrator.

## CRITERION 5

If a dangerous student is placed at MSA-San Diego, the Principal will verbally notify the classroom teachers, the Dean of Academics, and the Dean of Students. All court records regarding a dangerous student are kept in a separate file in the Principal's office in order to maintain student's confidentiality. In addition, any information received by a teacher, counselor, or administrator will also be kept confidential and shall not be disseminated further by the teacher, counselor, or any administrator.

## CRITERION 6

All MSA-San Diego staff participate in an in-service on sexual harassment during our back to school meetings. In addition, staff members complete an online training via SafeSchools. Moreover, the Staff Handbook information is given to address sexual harassment. All students and parents are required to sign a Student & Parent Acknowledgement form annually. Student and Parent signatures acknowledge that they have read and understood, and have agreed to the Student/Parent Handbook, which includes the discrimination and sexual harassment policy, and will abide by the policy and accept consequences in case of policy violations.

## CRITERION 7

MSA-San Diego Dress Code is provided in the Parent & Student Handbook that is sent home yearly to all students. It can also be found in the student's planners.

The dress code states:

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. Students will not be allowed to enter the campus if they are not in proper uniform. This uniform policy will be enforced, without exception, from the very first day of school. Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be form fitting, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school, no inappropriate image(s) or language may be displayed. The administration has discretion in determining appropriateness of images or language on clothing.
- Mini-skirts, short skirts, and short shorts are not allowed. Jeans may be worn during free dress days but cannot be tight fitting or baggy.
- Midriffs, backless or side less shirts or dresses, halter tops, or tank tops with less than a 1 inch strap are NOT allowed.
- Hats, gloves, bandanas, or sunglasses are not permitted to be worn in school
- Neatness and good grooming is required.
- Hairstyles must follow the school's dress code policy.

Failure to observe the dress code will result in the following:

Change of attire by either having a parent bring it in, or alternative appropriate article clothing will be provided by the school. The parents or guardians will be notified through our online Student Information System (SIS). The dress code has been specifically addressed in assemblies, orientation night, and voice dials to all parents and guardians.

## CRITERION 8

The site's Emergency Preparedness Plan includes evacuation procedures as well as evacuation routes. Lockdown procedures are also included and address emergencies during the school day, before school, after school, and at lunch. These procedures have been reviewed with staff, students and parents via classroom discussion, staff meetings, and school assemblies. In case the evacuation area is inaccessible, students will exit the classrooms and meet at the parking lot in front of the school. An off-site evacuation site has been established at Mission Trails Church located at 4880 Zion Ave, San Diego, CA 92120. In addition, we conduct two school-wide drills each school year which includes the annual "California Shakeout Earthquake Drill".

## CRITERION 9

Building a safe school environment, creating a positive learning climate, and providing students with opportunities for successful, rewarding experiences requires the effort of many. This is illustrated in the Student-Parent Handbook, which outlines the commitments and responsibilities required of students, teachers, parents/guardians, school administrators, and central office. Our handbook is prepared annually and is provided to students and parents to review. The principal is responsible for maintaining the discipline in the school. The principal may delegate tasks required for the maintenance of good student conduct to the Dean of Students, and other site personnel. Our students are under direct supervision by staff members at all times while in school or while attending all school-directed activities. Annually, all the staff and administration commits to improving the climate by having a clean, healthy, safe, and well-maintained school environment. In addition, we communicate with school police in securing our campus with safety alarms and gates, thus prioritizing the safety of our students and campus. Unlawful access onto our campus by those without legitimate business is strictly forbidden.

## CRITERION 10

This plan includes procedures ensuring the full participation of students and staff with special needs and disabilities through the planning and implementation of mitigation, preparedness, response, and recovery strategies as part of the overall management of school emergencies and disasters.

To comply with statutes involving students with special needs, individuals responsible for evacuation and emergency operation plans, notification protocols, shelter identification, emergency medical care, and other emergency response and recovery programs involve the following:

- Review working knowledge of the accessibility and nondiscrimination requirements applicable under Federal disability rights laws
- Understanding special needs demographics of students on site
- Involve students with different types of disabilities and staff and teachers in identifying the communication and transportation needs

- Accommodations, support systems, equipment, services, and supplies that they will need during an emergency.
- Identify existing resources within the school and local community
- Local responders establish a relationship with individual students with disabilities and their teachers

In addition, at MSA-San Diego, our Special Education Assistants and Special Education Teachers work in the classrooms with students that have special needs. In the event of an emergency, these employees are available to help students and adults evacuate the buildings.

#### CRITERION 11
