# California Department Of Public Health Updates

## New Health Metric:

- As announced on August 28, 2020, the Blueprint for a Safer Economy includes a **health equity metric** which will be used (along with other metrics) to determine a county's tier.
- The purpose of this metric is to ensure California reopens its economy safely by reducing disease transmission in all communities.
- In order to advance to the next less restrictive tier, depending on its size, a county will need to meet an equity metric and/or demonstrate targeted investments to eliminate disparities in levels of transmission.
- New metric and requirements effective as of October 6, 2020.

# LA County Updates

## [LA County DPH K-12 Reopening Protocols \(Latest Update- 9/7\)](#)
