RE:	ASES Grant Application for MSA-2,4, 6, and Santa Ana	

### **Proposed Board Recommendation**

I move that the Board of Directors authorize the CFO or a designee to submit the application to apply for the After School Education and Safety (ASES) grant program for Magnolia Science Academy 2, 4, 6 and Santa Ana.

### **Background**

This additional funding will allow Magnolia Science Academy 2, 4, 6 and Santa Ana to improve assistance to students and broaden the base of support for education in a safe, constructive environment through a high-quality after school program that will operate every school day between 3:00 pm to 6:00 pm

The ASES program provides an opportunity to merge school reform strategies with community resources. The goal is to support local efforts to improve assistance to students and broaden the base of support for education in a safe, constructive environment. It is the intent of ASES program legislation to encourage schools and school districts to provide safe and educationally enriching alternatives for children and youth during non-school hours. The program creates incentives for establishing locally driven before and after school education and enrichment programs.

The ASES program involves collaboration among parents, youth, representatives from schools and governmental agencies, such as local law enforcement and local parks and recreation departments, and individuals from community-based organizations and the private sector. Programs are created through partnerships between schools and local community resources to provide literacy, academic enrichment, and safe, constructive alternatives for students in grades K-9.

### **Outcome Measures Based upon Individual Program Focus**

After School Education and Safety (ASES) programs are required to select one or more outcome measures to demonstrate program effectiveness based upon program focus. Data for chosen measures must be submitted annually as required by *EC* Section 8484.

Please check one or more of the evaluation measures of program effectiveness that will be submitted annually to the CDE:

Any assessment or reporting requirement established by the CDE after the cessation of STAR testing.

Skill development as reported by school day teachers or after school staff.

Positive behavioral changes as reported by school day teachers or after school staff.

University of California at Irvine Online Toolbox program outcome(s).

California Healthy Kids Survey

## **Disqualification Form**

The following conditions must be met for an application to be considered for ASES funding. If an applicant does not comply with these items, the application will be disqualified. The Authorized Agent must sign below.

- An individual school without a valid or pending CDS code or charter school number will be disqualified.
- An individual school without valid FRPM data will be disqualified. If an applicant submits valid FRPM data using the Estimated FRPM Worksheet without also submitting documentation of advanced approval of use of the Worksheet from the EXLD, the school will be disqualified.
- An application without an original Authorized Signature on the Cover Page will be disqualified. Signatures submitted after the application deadline will not be accepted. If an application is submitted by more than one Applicant, all Co-applicants must sign the application. If a Coapplicant fails to sign the form, the Co-applicant will be dropped from the application. However, at least one LEA must always have signed the Cover Page of the application.
- An application without a Program Narrative will be disqualified. The Applicant must submit, as an attachment, a Program Narrative that describes the two ASES program elements.
- Applicants not in good standing by December 16, 2016, will be disqualified.
- Applications submitted after the application due date will be disqualified. Applications may be mailed or hand-delivered and must be received by 5:00 p.m. on October 12, 2016. Postmarks will not be accepted.
