RE:	Chromebook Purchase for Magnolia Science Academy – Santa Ana

Proposed Board Recommendation

I move that the board approve the Chromebook Purchase for Magnolia Science Academy – Santa Ana (MSA-SA) as detailed in the attached quote.

Background

MSA-SA’s May approved budget projects 530 students. Current budget assumes 630 students. To maintain one-on-one device to student ratio, additional Chromebooks, carts and licenses are needed. Total of 120 chromebooks, 167 licences and 5 carts will be purchased. Additional licenses and carts will be used for the Chromebooks received from the MSA-SC school. Chromebooks are utilized in the regular classrooms and in intervention programs to support blended learning using our digital curriculum and resources.

The purchases are properly assumed in the updated budget. The expense is over CEO limits of approval and therefore granting Board approval.

PCMG is a board approved vendor for all MPS schools.

Budget Implications

Total cost of purchases is \$32,192.76. The purchases are properly assumed in the current updated budget of MSA-SA

How Does This Action Relate/Affect/Benefit All MSAs?

Blended learning programs are integral part of all MPS schools. Successful practices are being disseminated among all MSAs through home office professional development and support.
