A previous concerned mentioned for the MSA-1 wall item was the 2-3 foot gap between the existing wall and the proposed wall. He stated that one of the proposals is to add a traffic barrier in this space. C. Brimmer, Committee Chair, shared her concerns regarding safety in this gap due to high gang related activity in the vicinity. P. Ontiveros, explained that in the near future if budget allows, there can be added cameras, more lights in the area or other adjustments that can reduce any criminal activity in the space. He also mentioned that the gap may be smaller than 3 feet but the final choice will be based on what is the most appropriate based on the studies. P. Ontiveros, summarized why the wall is needed and what benefits it will have. C. Brimmer requested a copy of the contract MPS has with Franco Architect and with GKK works which related to this project.

H. Beliak made a motion to move that the Ad-Hoc Facilities Committee of the Board of Directors of the MPS Board, per authority granted at the regularly scheduled January 17, 2019 board meeting by the MPS Board, approve Staff to authorize Oltmans Construction Company ("Oltmans") to construct a new 8-foot high wall at a cost not to exceed \$57,500 along the southern border of the MPS property with the condition that a safety plan for the 2-3 foot gap between walls be presented to the board/committee.
