In order to be effective now that MPS is embarking on a path to testing and tracing, extra support is needed which led to this shift. A. D. Yilmaz, MPS Chief Accountability Officer, shared the Oversight Report from the Los Angeles Department of Education for MSA-1, 2, 3, & 5. LACOE provided a governance review, a fiscal annual report and an instructional program report. A. Rubalcava, CEO & Superintendent reviewed the governance report where MPS received the highest scoring grade. S. Orazov, MPS Chief Financial Officer, presented the fiscal annual report. He went through MPS LACOE schools budget performance throughout the year indicating that they are on a good track. S. Orazov ensured that he and his team will continue working with all school Principals to closely monitor expenses. E. Acar, MPS Chief Academic Officer, went over the instructional program report. He indicated that there were positive remarks made from the school site visits where a LACOE staff observed classrooms and interacted with MPS staff and students. They were graded on 5 areas where overall they performed well with a few site recommendations. All questions were addressed, this item did not require any actions.

**B. MPS Suspension/Expulsion Procedure**

B. Lopez, Director of Student Services, presented the Suspension and Expulsion Policy and Procedures as well as current suspension and expulsion statistics from MPS schools. She emphasized that these practices will be carried onto the distance learning environment. She also explained how they took a research based approach—teaching all staff how to identify behavior and how to approach it. The procedure regarding

suspensions and expulsions with due process are in the Student Parent Handbook that is shared through ParentSquare for parents and stakeholders to view. It details how a parent/guardian is informed when a suspension or expulsion were to occur and how they are able to make an appeal. Suspension appeals are to be made in writing to the Reflection Committee. Expulsions appeals are to be made in writing to the CEO outlining the reason for the appeal matching any supporting documentation within 10 days of being informed of the expulsion. The CEO would then call a meeting with the Board of Directors and the Board should convene a hearing of the appeal within 30 calendar days of receiving a written timely request of the appeal. If a suspension were to occur there will be instructional support for the student to continue having access to learning. If an expulsion were to occur, a rehabilitation plan will take place and the District of residence would be informed. B.Lopez also went over procedures for Consideration of Suspension or Expulsion or Involuntary Removal of Students with Disabilities.

This was an information item, no actions required.

### **C. Enrollment Update**

A. Rubalcava, MPS CEO & Superintendent, presented Census Day enrollment. As of now MPS schools serve 3,873 students. Schools that went above enrollment expectations were MSA-1, 2, 5 and 7. MSA-4 and MSA-6 statistically remained the same as last year with a small decrease of around 3-4 students due in part that parents move away from the area. MSA-8 and MSA-3 saw a significant dip in enrollment also due to parents moving away as well as mobility issues; noting that in MSA-3, students were coming from different zip codes. A. Rubalcava and team are looking at best strategy approaches noting that parents are critical partners as they are ambassadors to the community. There will be a focus on strengthening existing structures. He added that financially, schools funding will not be impacted based on their enrollment and will be based on the P2 count to 2019 (protected for this year). In addition, SB 820 could give MPS extra funding for the extra students that were not accounted in the June 29th budget. A. Rubalcava acknowledged and thanked the MPS board member who made a contribution to an MSA school that was matched by their company. All questions were addressed, this was an information item and no actions were necessary.
