time to address certain disparities on the bids. The firms resubmitted the bids and a breakdown of the expenses was provided. Committee members addressed their questions and concerns to which staff addressed. Committee recommended approval on the outside scope of work for this project and would consider further discussion regarding the second scope of work regarding the inside of the middle schools first floor.

M. Muhammedov made a motion to amend the motion and approve the selection of Franco Architects Inc. for design and engineering services for site and improvement projects (collectively, the “Project”) at Magnolia Science Academy—1 (“MSA-1”) and that the Committee further recommends and moves that the Board of Directors of MPS approve the same.
