B. Approval of 2026-27 School Safety Plans for all Magnolia Public Schools

M. Wittek, Director of Student Services, reported that CDE compliance is to submit these plans by March 1st for the following school year. She reported that in accordance with CA EdCode, all public schools are mandated to establish a school safety plan. She added that the plans include all legal updates, emergency procedures and regulations as advised by legal counsel, and feedback from the Parent Advisory Committees at the school sites.

She went over updates that were legally mandated to include in the safety plans: 1) Each school site is required to have three goals that are related to their school site safety plan. It must include a goal related to the physical environment and a goal for the school social climate. They used SEL survey data to help them develop that goal. 2) Immigration Enforcement Notification Procedures was added. This is aligned with SB 98 particularly connected to the Safe Act passed in 2025 stating that this information must be included in

the safety plans and letting students, faculty, and staff know when a confirmed site of immigration enforcement activity occurs on or near the campus. 3) Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses was added. In line with SB 848 which takes effect on July 2026. It requires inclusion in the safety plan of specific procedures for supervision of students to combat child abuse, neglect and sexual offenses. It is aligned with school employee misconduct and child safety regulations which went into affect January 1, 2026 and it expands CA child abuse prevention laws, mandatory training for all staff, more thorough hiring process to review statewide databases, and new policies on professional boundaries and student safety education.
