The SARC Web Application is populated with data from California Department of Education (CDE), and these data are based on information that public schools/local educational agencies (LEAs) submitted to the CDE.

Please note that the 2021–22 school year data for Tables 6 and 7-Teacher Preparation and Placement, Table 8-Teachers Without Credentials and Misassignments, Table 9-Credentialed Teachers Assigned Out-of-Field, and Table 10-Class Assignments are not available at this time. For active public schools, we anticipate that the 2021–22 school year data for Tables 6, 7, 8, 9 and 10 will be available after the February 1 posting due date and will not be editable. Nonpublic nonsectarian schools are expected to input their information in the teacher data tables since the CDE does not have access to these data for these school types. We encourage all schools/LEAs to post their Board
