A Guide to Financial Oversight for Board Members

Agenda

I. Primary Board Responsibilities

II. Reviewing Financial Packages – Test Case

I. PRIMARY BOARD RESPONSIBILITIES

School Board's have a lot to do, these are the most critical.

Primary Board Responsibilities

1. **Determine the organization's mission and purpose.** It is the board's responsibility to create and review a statement of mission and purpose that articulates the organization's goals, means, and primary constituents served.

2. **Select the chief executive and assess his/her performance.** Boards must reach consensus on the chief executive's responsibilities and undertake a careful search to find the most qualified individual for the position.

3. **Provide proper financial oversight.** The board must assist in developing the annual budget and ensuring that proper financial controls are in place.

4. **Ensure legal and ethical integrity and maintain accountability.** The board is ultimately responsible for ensuring adherence to legal standards and ethical norms.

5. **Enhance the organization's public standing**. The board should clearly articulate the organization's mission, accomplishments, and goals to the public and garner support from the community.

II. REVIEWING A FINANCIAL STATEMENT PACKAGE

What you should be looking for and when to ask questions.

Financial Package Elements

The financial statement package provided on a monthly basis is intended to give both a retrospective and prospective view of the organization's financial condition. The possible elements included in the monthly package include:

- *Executive Summary*
- *Monthly Cash Flow/Forecast*
- *Budget vs. Actual*
- *Statement of Financial Position*
- *Statement of Cash Flows*
- *AP Aging*
- *Monthly Check Register*

Enrollment

Enrollment, and attendance in some cases, is the main driver of school revenue. Good financial oversight must start with understanding enrollment.

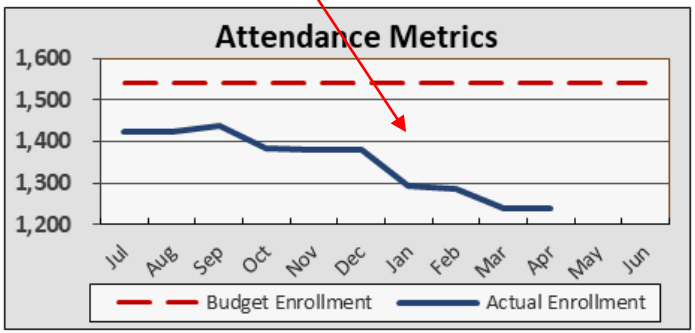

Do these changes match your expectations and other discussions about school operations?

Are enrolled students attending on a regular basis?

How does the actual enrollment compare to the budget?

Enrollment & Per Pupil Data			
	Avg-YTD	**Forecast**	**Budget**
Average Enrollment	*1349*	*1540*	*1540*
Attendance Rate	*91.7%*	*95.0%*	*95.0%*
Revenue per Student		*$12,130*	*$12,611*
Expenses per Student		*$12,118*	*$12,162*

What direction is enrollment trending?

Is the forecast updated to match the current enrollment?

Revenue

Maintaining a balanced budget means starting with the funds you have, ***THEN*** allocating them to meet needs.

Is it possible to estimate revenue more accurately in the future?

How does the year-to-date revenue compare to the year end forecast?

How does the change in forecasted revenue compare to the changes in enrollment?

Do delays in funding require more collection activities?

Are particular revenue sources changing from the budget?

Expenses

Properly allocating spending requires understanding the difference between "wants" and "needs" and adjusting based on available resources.

Does the school spending mirror it's priorities?

Are there any significant changes from the budget?

If the school sold all its assets, collected its receivables and paid off all its liabilities, the Fund Balance is what would be left over.

Are there significant timing differences between when expenses are incurred and revenue received?

Are there minimum "reserves" required by the authorizer or state?

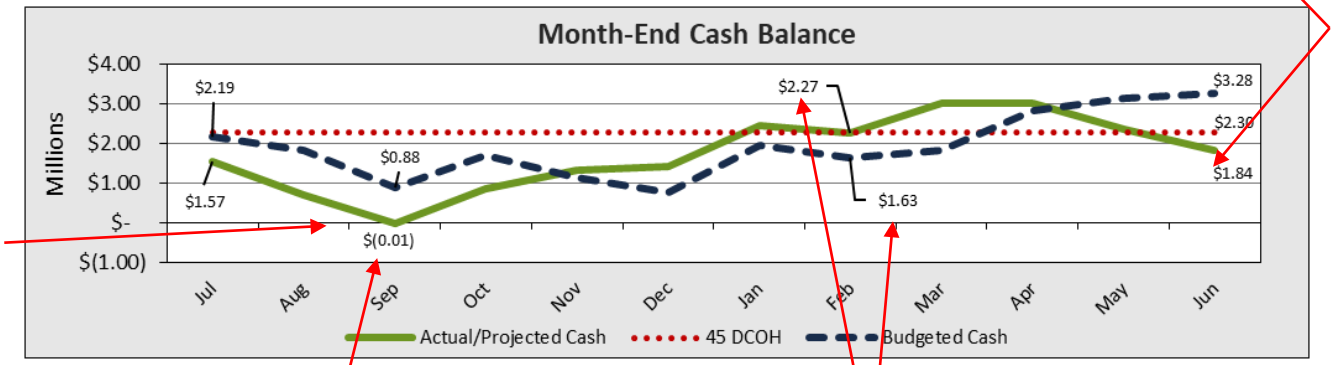

Cash Flow Forecast

There are often significant difference between the time that revenue is received, and bills need to be paid. In addition to maintaining a balanced budget, the school should monitor its expected cash balances throughout the year.

Debt Covenants	Forecast	Budget
Days Cash On Hand *(45 min)*	36.07	63.85
Debt Service Coverage *(1.20 min)*	1.01	1.24

Should be Board set a minimum cash reserve to prepare for the unknown?

Are debt covenant being met?

Are there any cash shortfalls during the year?

Will any loans be needed ?
(And what options does the school have?)

Is the actual cash balance consistent with the budget?

California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

ABOUT OUR SCHOOL

Feather River Charter School (FRCS) opened in the fall of the 2016-17 school year. Feather River Charter School is a WASC accredited, non-classroom based public charter school authorized by Winship-Robbins Elementary School District in Sutter County serving students in Sacramento, Yolo, Yuba, Sutter, Colusa, and Placer Counties for students from transitional kindergarten through 12th grade. We take great pride in being able to offer our students flexible personalized learning experiences through our many unique and dynamic programs. Our school values and supports parent choice and personalized learning for all students. FRCS Home School Teachers (HST's) are California credentialed teachers who partner with families to nurture, guide and enhance a student's educational needs. A focus of collaboration with academic achievement and the development of the whole child with personalized learning is pivotal.

At Feather River Charter School, we have goals for our students that are known as Schoolwide Learner Outcomes (SLOs). SLOs are a part of our school culture: they reflect our school vision, the College and Career Readiness standards, and the education of the whole child. The Junior High Virtual Academy (JHVA) and High School Virtual Academy (HSVA) were developed to support students. Both programs were developed to teach live online instruction providing standards aligned courses by credentialed teachers. FRCS teachers collaborate with parents/learning coaches to create Learning Plans for students each learning period that outlines the lessons to be completed during a specified time frame. All students have access to online all access curriculum as well as curriculum to support educational standards. Internal benchmark diagnostic assessment data gathered from a computerized adaptable test, taken each fall, winter and spring, for grades TK-12, pinpoints the proficiency level of students across a range of subjects. The benchmark diagnostic assessments are specifically designed to provide meaningful information for gauging student progress toward mastery of the skills measured by the summative assessments. This data along with learning styles are used to build the individualized learning path for each student to target specific learning objectives and standards. Regular assessment determines the level of mastery and individualizing the Learning Plan helps students progress quickly. Teachers can provide instruction and support either in person or online through web-conference platforms. This tool allows for teacher collaboration and instruction by using video, voice, text, and shared writing space. Students have 24-hour access to all curricula, and learning can take place at a variety of locations according to student and family preference, including libraries and the students' residences. FRCS has implemented an online direct instruction platform (four to six week direct instruction, intervention courses for mathematics and language arts), and other programs so that all students have the critical thinking skills to be successful in college and career pathways. FRCS's tiered level of support is robust and differentiated for different learning styles. FRCS is continuously planning and adjusting programs to meet the needs of the student population served. Feather River Charter School's leadership and staff look forward to continuing their collaboration with the district in providing an option to students looking for an Independent study/homeschool program.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2020—2021)

Today's Career Tech Education (CTE) is a program of study integrating core academic knowledge with technical and occupational knowledge. Feather River Charter School continues to develop and implement Career Technical Education (CTE) pathways to help prepare students for rapidly shifting workplace requirements. In alignment with the statewide Doing What Matters Initiative (DWMI), we strive to develop a CTE program that is responsive to the needs of regional economies. We actively collaborate with local college and industry representatives to implement CTE course pathways, internships, and/or industry certificates that will help prepare students for the regional labor market needs. Upon completion of a CTE pathway, students have the knowledge base required to sit for and pass the exam leading to industry certification, giving them the opportunity to apply for a career-ready job. Our CTE program is also intended to prepare students for college simultaneously. As such, we are actively aligning our CTE courses with the University of California A-G subject-area requirements. Further, our CTE program provides access to all students regardless of gender, socio-economic status, special needs, and/or English proficiency. Currently we are offering approximately 29 CTE pathways in areas of Agriculture & Natural Resources, Arts, Media, & Entertainment, Business & Finance, Education, Child Development, & Family Services, Engineering & Architecture, Fashion & Interior Design, Health Science & Medical Technology, Hospitality, Tourism, & Recreation, Information & Communication Technologies, Manufacturing & Product Development, Marketing, Sales, & Services, and Public Services. In addition it is our school's mission to meet the needs of our students and we are continuously asking for feedback to improve our program and add the CTE pathways and courses our students are interested in participating in.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Feather River Charter School ensures parents, legal guardians, and teachers have an opportunity to participate in our school in a variety of ways. Board meetings, parent education workshops, weekly Community Connection events and weekly staff office hours are posted on school websites, social media, and shared with all families in a weekly email.

The board of directors includes parents/guardians of current or previous students who have a direct impact on the governance of the school. These parent representatives provide insight as it is related to program planning, design, and implementation. By nature of our program, parents/guardians are directly involved in their student's education and may also assist with community events, park days, and other school-related activities such as curriculum swaps or book clubs. Parent satisfaction surveys are provided electronically to all parents annually in the spring. The surveys are developed specifically to assess parent input on effectiveness of all aspects of the school. In addition, the school has partnered with local community organizations and businesses to provide educational workshops, lessons, classes, and outreach that enrich the students' educational experience.

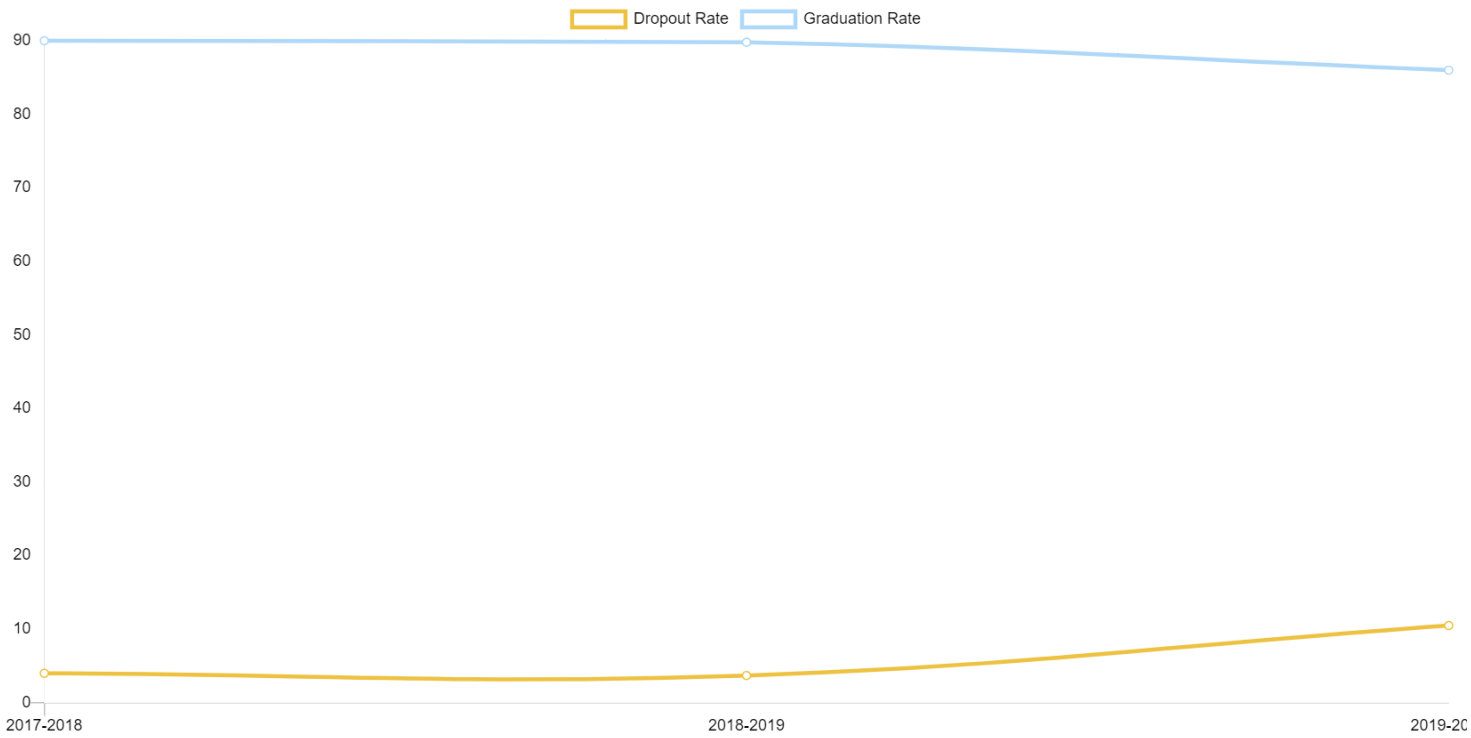

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Note: The 2019—2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019—2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019—2020 school year compared to prior years.

School Safety Plan (School Year 2021–2022)

Feather River Charter School has a Comprehensive Safety Plan which is reviewed, updated, and discussed every fall before school resumes. The safety plan includes emergency procedures and contact information, evacuation routes, incident command system procedures, and an injury and illness prevention plan. The FRCS approved the Comprehensive Safety Plan on February 23, 2021 for the upcoming 2021-2022 school year. The school employs Psychologists and Counselors to provide support in the event of a crisis. The Governing Board of FRCS recognizes that students and staff have the right to a safe and secure environment. Board policies have been created and adopted to support student safety. Board policies can be found on the school's website. All staff are required to complete safety training aligned with educational necessary content such as Mandated Reporting, Universal Precautions for Bloodborne Pathogens, Bullying Prevention, Sexual Harassment, and Suicide Prevention. FRCS is continually enhancing training and board policies as needed for both student and staff safety.
