Dr. Ivey made reference to the increasing numbers from community outreach efforts to include website updates, new social media strategies, updated billboard images, and the monthly eNewsletter. Dr. Ivey confirmed that five representatives from LSC will be participating in the upcoming SC Charter Schools Conference with one additional school leader being invited to speak. VII. Financials & Vendors/Contracted Services

A. October Financials

Dr. Khalil Graham reviewed key points from the monthly financial report provided by *McCay Kiddy*, LSC's external fiscal management firm, to include expenditures and donations and noted that LSC remains 100% on track with its planning year budget that is comprised entirely of philanthropic donations.

B. USDE Charter Schools Program Grant Update

Dr. Trevor Ivey provided an update on the federal CSP grant, noting that LSC is 100% on track with filing approved claims from its initially approved budget. He also noted that an amendment has been filed with SCDE that allow for one activity to be eliminated (project director stipend) and two approved activities relating to school planning consultants to be expanded. Dr. Ivey informed the board that a second claim in the amount of \$30,694.20 will soon be filed with SCDE. Once approved, this will equate 44% of the year one allocation being spent.

C. Purchase Card Update

Dr. Khalil Graham updated the board on the process to secure a purchase card from Synovus Bank, reminding directors that a procurement policy, procurement card, and purchase card policy had previously been approved by the board. Upon the recommendation of the bank, LSC is advised to add two additional sub-accounts to its master accounts to separately track costs (personnel expenses, etc). Dr. Graham is recommending action on this item and indicated a signed approval form will need to be submitted for this authorization to occur.

D. Finalized Year Zero Budget

Dr. Khalil Graham informed the board that he and the senior leadership team continues to work with *McCay Kiddy*, LSC's external fiscal management firm, to finalize the year zero budget. He noted that they are very close to finalizing enrollment numbers and staffing allocations based upon the SCPCSD charter contract and will be ready to present it to the finance committee next month.

VIII. Enrollment Campaign: Progress to Goals

A. Lotterease Enrollment Data

Dr. Trevor Ivey provided a detailed update to the board on current enrollment data. LSC launched its fall enrollment period on October 1. With the fall enrollment period closing on November 30, LSC has already received a total of 144 applications thus meeting its

current enrollment projection under our approved charter - 83 in kindergarten and 61 in first grade - noting that the threshold has been met for a kindergarten lottery. Dr. Ivey also noted that LSC has received at least one application from most rural parts of the county with 14 applications coming from outside of Sumter that reflect a total of nine zip codes.

B. Family Preview Sessions

Dr. Trevor Ivey informed the board that school leaders have held a total of 41 Family Preview Sessions at 14 venues across Sumter County to share the story, mission, and model of the newly approved charter school that has been attended by a total of 132 different families. During the month of November, a total of 27 additional Family Preview Sessions are scheduled. Additional venues include Jehovah Missionary Baptist Church, Pilgrim's Pride, and the Harmony Court Center. Dr. Ivey noted that any parent who attends & completes a lottery enrollment application will receive a special Thanksgiving gift.

C. Scholar Recruitment in Rural Areas

To aid in increasing awareness of LSC across all parts of the county, Dr. Trevor Ivey informed the board that school leaders will spend three days in November (9, 12, 16) conducting drop-in enrollment sessions at all nine of the county's rural community centers. Those communities include Dalzell, Rembert, Rafting Creek, Cherryvale, DeLaine, Wedgefield, Shiloh, Eastern, Salterstown, Ebenezer, and Pinewood. He also noted that assistance is needed in helping to spread the word but that social media and billboard campaigns have been updated to include these sessions.

D. Community Canvassing

Dr. Trevor Ivey also shared with the board upcoming opportunities remaining to assist with canvassing of various parts of the communities on November 14/19. An organizational meeting is scheduled for November 13 to receive directions. T-shirts are being provided to canvassers.

E. Enrollment Demand vs. Current Charter Allocation

In an effort to be responsive to community need, Dr. Trevor Ivey presented to the board a formal proposal to increase its initial enrollment for the kindergarten and first-grade founding classes from a total of 144 to 192 scholars. Each grade level will be comprised of 96 scholars. Still utilizing a two-teacher model for each Primary Academy classroom (K-2), the student teacher ratio will be maintained at 12:1 with an additional class being offered at each founding grade level. School leaders are also proposing that it remove preschool from its current enrollment model. At full build-out, LSC will serve 1,152 scholars in four academies. The proposal will need to be adopted by the full board, which authorizes school leaders to file an amendment request with the SCPCSD Board of Trustees to consider at a future meeting.

IX. Facilities

A. Progress to Goals

Dr. Rodney Thompson updated the board on progress to goals for renovation & construction at the site of LSC's Primary Academy. He noted the following: demo is roughly 40% complete to date, removed the wood walls from the backside of kitchen area, removed the tile from the bathrooms, removed the terrazzo flooring from the kitchen area and storage rooms, with additional work being performed to remove the concrete floor from kitchen (which is taking more time than expected because it is roughly 6" thick), and continuing to cleanup overgrown brush on site. Dr. Thompson noted that the team's plan is that in the next 3-4 weeks we will be done with demo with the exception of the windows and finalize the design.
