A. Review of 90 Day Action Plan

Dr. Graham provided a general update to the committee on overall progress in year zero with respect to the following areas:

1. Teaching and Learning (on track)
2. Operations (on track)
3. Community Engagement (on track)
4. Fundraising (not on track)
5. Strategic Planning (on track)

Each committee member was provided a copy of the executive director's one-page monthly update regarding detailed progress to goals that will be also shared at the upcoming full board meeting.

B. Review of Progress to Goals

During this time, the board engaged in a discussion around the following recruitment priority areas below regarding strategy and tactics:

1. Teacher recruitment (21/21 teachers and 3/3 support staff hired to date)
2. Operations recruitment (just launched job postings)
3. Scholar recruitment (100% fully enrolled with 192/192 and 250/384 applications)
4. Donor recruitment (\$393,500K committed)
5. Strategy for Campus Site #2 (two options being pursued)

A discussion was also facilitated regarding next steps with the development plan as well as the first draft of the year one budget.

C. Review of Relevant Reports & Documents

Dr. Graham shared an updated draft version of the year zero budget and provided several one-pagers outlining varying views on the budget as it relates to LSC's unique educational model. . A second reading of the budget will occur at next month's full board meeting with a final vote being requested at the June full board meeting.

The committee also received a presentation from USC Aiken and Clemson requesting to partner with LSC in the establishment of a local *Call Me MiSTER* cohort. The proposal to establish the *Call Me MiSTER* cohort includes funding to cover living stipends for three program participants (total of \$15,000) in addition to an advisor stipend (\$5,000) for a total annual cost of \$20,000. One of the program requirements is that students participate in a "live and learn" community. Since USC Sumter does not have any residential facilities, the funds that Liberty provides would cover the costs associated with housing

the program participants for one year. In exchange for the funding, each participant would agree to one year of service post-graduation at the charter school in addition to assisting with the school's ASPIRE (after-school program). There were concerns from committee members about the start-up cost and the fact that it would require funding on a recurring basis.

No action is being recommended to the full board by the executive committee at this time.
