IV. Open Discussion

A. Enrollment Expansion

Directors engaged in a brief discussion regarding the pros and cons of leveraging 4th grade and 6th grade as the next entry point for its enrollment expansion. All directors agreed they believe the expansion from 96 to 150 scholars would allow more scholars to be served, therefore increasing the scale of the solution to match the challenge being addressed in the community through LSC's existence. From a facilitates standpoint, several directors acknowledged that expanding to 4th grade as opposed to 6th grade would allow more time to properly secure a facility for the union & senior academy.

From an academic standpoint, several directors reiterated the additional academic support that will need to be offered to scholars entering LSC for the first time in 4th grade to ensure they are adequately able to meet proficiency standards in a high-stakes year. Steve Creech made a motion to seek an amendment to its original charter allowing LSC to expand both the enrollment cap from 96 scholars to 150 scholars in every grade level served and to offer 4th grade in the 2023-24 school year.

Dexter WJ Davis seconded the motion.

The board **VOTED** unanimously to approve the motion.
