B. New Business

• Summary of Key Points

- There is a good chance that the next step for this meeting is that Cammy Chandler will be the chair moving forward and Kim would take over the Governance committee.
- Dr. Khalil Graham reviewed the roles and responsibilities of every member.
- Dr. Graham reviewed the budget statements, cash flow, and key things that have been updated.
- Some budget updates included: 10% to facilities (\$300k) but this year is \$0. Network Staff was 10% and current projections for SY 22-23 are 22%. Academy is 55%. Supplies are 15%. Operations is 5%. Many expenses are on track.
- The Network Office percentage doubled due to start-up expenses. Items like Namely and 3 staff members earn over 300k total. The other staff members would make up for the rest of the money.
- We will have a final number of Scholars after the 10th day of school next school year.
- If we have the max number of students in the building, the budget will be \$3.4M. Under the scenario with the least number of students in the building, the budget will be \$2.38M. Our expectation is to be in the middle.
- The recruitment goal is 330 kids. That's the goal for the first day of school.
- The interventionists are grant-funded positions.
- For every two teaching assistants, we will likely add one teacher
- The Network team is growing by folks who will start up the next school building next year.
- This year, all school lunches were free from the Federal government due to COVID. We will have to add that money into the budget next year. We do not qualify for the free and reduced lunch the same way as Sumter School District (CEP status); however, qualifying scholars can participate in the National School lunch Program.
- LSC needs to update the numbers to recommend them to the board by May.
- The goal is to get the budget approved by June 2022.
- We have 93% of scholars in each grade currently enrolled.
- 205/205 of p-card transactions have been coded for March.
