## **VI. Board Committee Updates**

### **A. Executive Committee**

At last month’s meeting community representatives were appointed to our standing committees, and having expressed interest, Rachel Sucheki who was appointed to the finance committee will also serve on the executive committee. We certainly look forward to the positive impact each of our community representatives have already made and will continue to make alongside our committees.

The executive committee received academy updates and organizational highlights across both campuses. Instructional priorities continue to focus on teacher coaching, student progress monitoring, and assessments. Organizational updates included Liberty meeting a Charter School Growth Fund milestone and Dr. Ivey’s upcoming participation in the Yass Prize Alumni Award presentations.

## **B. Governance Committee**

Cameron Chandler provided the Governance Committee update including that the committee discussed a proposed amendment to the LSC Bylaws regarding community representation on board committees. The amendment would require community representatives to meet the same minimum qualifications as board members in order to serve. Board approval of this amendment will be requested at the December meeting.

The Committee also reviewed the Educator Assistance Legislation. Dr. Ivey confirmed that under South Carolina Code §59-19-85, the SICLI (Sick Leave Incentive/Bank) provision includes existing language protecting the SICLI bank. Liberty has already incorporated this language into its current policy framework.

**Board Action Governance Consent Agenda:** Upon an extensive review of current legislation and our existing policies to ensure alignment and compliance, the Governance Committee is prepared to present the following policies and amendments for Board approval under the Governance Committee consent agenda: these policies and amendments shared at last month's meeting are included in your board packet.
