## **Overview of the Lottery Procedures**

Dr. Ivey provided an overview of the Lottery Procedures.

LSC has received the required minimum number of lottery applications for its 2026-2027 classes (kindergarten, first grade, second grade, third grade, fourth grade, fifth grade, and sixth grade). Pursuant to the SC Charter Schools Act of 1996 (59-40-10), a public lottery is required in order to determine the selected students for all grade levels. For next year, we will be filling all 150 new seats in the Kindergarten class.

The meeting was live-streamed via the school's official YouTube page. To be considered in the initial lottery, applications must have been received on or before 11:59 pm November 30 via *Lotterease*, the electronic platform being utilized to collect enrollment applications and to facilitate the actual lottery event. Please note that applications received between November 30 and the time in which the lottery is conducted are also included in this pool of applications.

### **B. Administration of the Lottery**

Dr. Ivey welcomed South Carolina Public Charter School District Superintendent Chris Neeley to administer the lottery.

Dr. Ivey shared that the online platform *Lotterease* randomly selected 150 new seats for the Kindergarten class. The number of seats is in accordance with the board-approved enrollment. As the lottery was conducted, all applicant students were listed as either "selected" or "waitlisted" via their applicant ID on the *Lotterease* website. The results of the lottery are considered unofficial until school officials independently complete verification.

### **C. Next Steps**

Dr. Ivey reviewed the next steps:

1. Selected vs. Waitlisted
2. Accepting & Declining Enrollment Offer
3. Verification Process
4. Enrollease & Submitting Enrollment Information
5. Lottery for Additional Seats

## **V. Executive Director's Report**

### **A. ED's Monthly Updates**

Dr. Ivey's monthly report included;

STEAM Charter is currently performing at 87% on track, with 38 of 46 indicators meeting or exceeding expectations across all domains. Teaching & Learning remains a major strength,

with 100% of indicators on track, including full completion of curriculum modules, check-ins, leader huddles, interventions, progress monitoring, MTSS, and all academic cycles.

Talent is 75% on track, highlighted by fully staffed 25–26 vacancies, strong culture metrics (90% Great Place to Work and 90% feedback participation), full HR compliance, and strong coaching and observation cycles. Areas needing attention include further developing AED/Finance/HR capacity and improving GET completion above 78%.

Family & Community Engagement is 85% on track, with enrollment targets met, high satisfaction (90%), strong attendance (95%), and robust engagement programs. Off-track items include completing required family engagement hours and the Pupils in Poverty report, which may impact funding.

Communications & External Affairs is 80% on track, with \$1.5M raised, strong grant submissions, solid board management, and active leadership initiatives; the primary gap is year-to-date external funding at \$467K.

Administration is 57% on track, with the FY26 budget, reimbursements, financial goals, facilities operations, JA expansion, and food service initiatives on track, while breakfast participation, LINQ implementation, and IDEA submission delays remain areas to improve. All Additional Considerations are 100% on track, supported by strengthened scholar culture, increased PD, expanded family engagement, full special education compliance, and strong participation in programs such as Dads on Duty, Pro Dads, and PTO.

December priorities include stabilizing facilities, launching 26–27 hiring, preparing for SPARK and Cognia, defining success measures, and reinforcing EA interventions. Key challenges include expansion-campus facility needs, leader and staff sustainability, and overall leadership capacity.

Board input is specifically requested on facilities, succession planning, and the Best Practices Task Force (uniforms, grading, Code of Conduct, and calendar), along with continued board presence in schools, support of leadership expectations, engagement with the ED Academic Task Force, reinforcement of the 6th Grade Roadmap, and Focus Five support to anchor the spring rally cry.
