B. Review and Discuss LGBTQIA Support Plan at PPA

Each board member given the opportunity to discuss their thoughts on the LGBTQIA Support Plan.

Access to the Gender Support Plan is not available to board members. Request for access directed to admin.

Stephanie asked where is the line drawn, and questions when leaving parents out of the equation- and would like to prevent the school from facing a lawsuit.

Katie would like to know what would happen in the event a child says they do not want to have a conversation with their parents.

Administration places emphasis on safety and mental health, and not leaving parents out of the conversation if a student is in a dire mental health place, and whether there is conflict being caused in the classroom

JT wonders if we're creating a policy in order to give administration direction or prevent the school from lawsuit.

Rochonne states a priority is to support students but also have a policy that gives direction and a governance.

Admin would like to give staff support in guidance on how to address when these situations come up.

Rochonne states this allows to walk a tight line in supporting students and supporting families at the same time.
