A. Committee Goals

Prabhu Reddy provided an update on goals for FY 21-22 for the Finance committee.

The finance committees key priorities for next year are creating alignment with CEO successor in financial management and to provide successor with support in the area of financial management.

Questions?

- What is long term is long term?
 - The latest option has been looking at a 5 year plan.
- Given our current socio economic climate, do we see any potential threats to funding coming?
 - Yes, a key threat is the high cost of real estate development. Securing locations for EQ7 & EQ8 will be more expensive than the current schools in our network.
 - The interest rate environment will impact the bottom dollar as well inflation. Money spent on these things take away from money spent in the classroom.
 - We will need to create an execution plan as a backup in the case of recession. Equitas has continually planned for this and is in a great place to handle this possibility.

VI. Resource Development

A.

Committee Goals

Deepa Krishna provided an update on FY 21-22 goals for the Resource committee.

The overall goal has been reduced from \$40,000 to \$26,000 based on the committees evaluation of what is realistic.

This money raised goes directly to funding Alumni Scholarships.

Currently, approximately \$6,000 of the \$26,000 goal has been raised.

The resource committee will work with a consultant reach the Give Get Goals and to ensure that all Board members have the resources they need to activate their network for fundraising.

Maggie Ford provides an update on the Boards Give Get.

The Board has currently raised \$6310.00 with 44% participation.

The specific scholarships funded by the Give Get because other funds that come through are restricted.

Of the 1,550,000 committed Fundraising, Y to D 600K has been received.

The Uncommitted fundraising goal is \$330,000

- Totals received are 2.6M, 100K, 42K, 16K

Only 16k of the uncommitted funds raised are eligible towards alumni scholarship. The Give Get is still short of the goal.

Questions:

- Is there risk?
 - When bench marks are not hit there is always a risk.
- Is there was a direct tie between the board Give/Get and scholarship recipients? Is there a story that the board can share with their network?
 - Lilia Mitre with the parent partnership department will put together alumni stories for the Board to share with their network.

- There is currently a risk that we are not going to hit our enrollment targets because across the country, there are less students than before.
- We are averaging 6 applications a day. Our intents to reenroll are higher than before.
- There are plans to work with SD's to help build plans for each school to address specific enrollment needs.
- Equitas 5 and 6 are more fluid in their enrollment numbers because they do not have a permanent home yet which is on par with trends we have seen in the past.

Questions/Comments:

F. Academic Outcomes

- DEIA data dissonance is seen because the survey used has a small number of questions that are actually targeted at DEIA. The DEIA survey is pointed at DEI so it changes the data set some.
- These two data sets give two separate pictures that each require different strategies.
