II. Finance Committee

A. March Financial Dashboard Review

Ending cash amount for February was \$277, 403

- There were \$2,187 in uncategorized expenses for February--Sarah and staff are working to categorize those expenses
- YTD uncategorized expenses=\$62, 046
- Question: Is there an amount we are trying to stay under for uncategorized funds?
Answer: Would like to keep it under \$3000. Over \$5000 would be considered in the red. Sarah is working to get them loaded in the system, but she has the invoices and receipts to account for funds

Received \$10, 667 of funds

Expenses totaled \$37, 573

- \$28,066 salaries
- \$1,688 benefits
- \$5,632 professional services
- \$2,187 uncategorized expenses

Negative cash flow \$26,905

On track to end FY23 with \$344,588 based on EdTec's projections. This is a decrease of \$65,643 from last month's projection.

Ending cash balance does not include funds from the Charter School Growth Fund Grant and CSP because these are not committed yet. Anticipate receiving both grants.

For 2022, we received \$2,230 from 7 donors. Two of those donors were fellow board members. For 2023, we've received \$3,803 to date, which came from 7 board members.

B. Sy23-24 Draft Budget Review

Jarrold Lawson shared his screen to show us the dashboard from EdTec to update the finances

Projected operating income 16,507 based on projections. Expected to be tight for first year.

We are at 85% of our goal for enrollment.

Shared projections for the opening year expenditures and revenue. Lunch and breakfast funds will not come in immediately. Per Sarah we cannot apply for federal funds until we receive a certificate of occupancy. We will have to front load the money to ensure the kids get meals so there will be about a 6 month gap between applying and receiving funds.

Front loading of funds for meals is included in the expenses.

Question about \$41, 436 student sales breakfast and lunch programs. This is based on sale of items outside of regular meals

Per Sarah probably not realistic that we will be making \$41K from selling outside food items to students at this stage. Need to take out that out completely. Jarrod is going to rework formula and budget to see what that does to remaining operating funds and we will discuss at a later date.

Getting clarification on where grant funds are placed in the budget and that the correct amounts are allocated. Jarrod will review based on numbers provided by Sarah and report back to us.

Co-working space line item needs to be taken to \$0 from \$40,000

Transportation-could be taken to \$0 rather than \$20,000 since we don't have a bus system at this point. Could add transportation funds to uniform funds. Perhaps double the uniform budget and 0 out the transportation budget. Messaging to families has been that transportation will not be provided.

Per Sarah we're anticipating some high special ed costs based on the population that is incoming and the evaluations that are being requested (each evaluation costs \$1200)

Clarification on the line item that includes board expenses and whether board background checks are included in the staff flat service fee for the service.

Asking for more detail notes in the assumptions to ascertain what the projections are based on so we can make reasonable decisions.

1st hearing during Finance Committee meeting on May 10. Sarah sending to the legal organ.

2nd hearing will be during May Board meeting. Budget is due to SCSC by June 1.

III. Academic Committee

A. Sexual Harassment Policy

Policy discussion tabled until next meeting.
