- Profession services: \$34,944
- Building services: \$49,345
- Supplies \$10,764
- Uncategorized expenses: \$16,469

There was **-\$9,580** of negative cash flow for December 2023. The ending balance of the operating account was \$524,636.

Based on Edtec's projections, we are projected to end June 2024 with **-\$35,708** of cash in the operating account.

- **This is a decrease of \$86,531 from October's projections** (last report we received).

- Based on the current projection, the lowest balance (besides June 2024) will be in May 2024 at \$104,993.
- Cash on hand ranges between -4 and 43 days between January 2024 and June 2024. Cash on hand will be 43 days in February 2024 and drop to **-4 days** in June 2024.
- Edtec shared that they expect additional funding to be received before June but did not want to list that on the financials until they have more information.
- Need to investigate this report further and will report to the Board at a later date

IV. Board Vote

A. Policies

A. Nash made a motion to Approve amendments to the Code of Conduct to go into effect immediately.

K. Williams seconded the motion.

Revisions to code of conduct to address serious issues earlier than the current code of conduct

Behavior Level consequences have changed-broken into levels including minor, moderate and serious and the consequences for each incident

Conduct added to each level

Serious level of conduct receives more severe treatment at an earlier point (i.e., physical assault, terroristic threats, use of weapon, inappropriate touch including gesturing, sexual battery and sexual assault)

Hearing process added to the Code of Conduct (also in the general handbook)

Going forward all families will be required to sign the Code of Conduct to acknowledge that they have received and understand the policies

Comments/questions from Parents:

Adrian Jones-

- wanted to know if parental input was requested
- how do parents obtain a copy of the new Code of Conduct?
- if parents do not agree with the changes how do they initiate another discussion related to the changes?

Response

Errika on behalf of the Board: No focus group with parents about the changes, but the Board took into account comments, feedback and questions from parents about the behavior at previous Board meetings (including November) to address the concerns that have been presented by the community to date.

Sarah: Decided to amend code of conduct based on feedback from parents. Typically when incidents occur, leadership meets with the parents of child harmed and the child who harmed. From the start of school, leadership has gathered input and feedback from families through this process to see what changes they would like to see made to address situations in which there has been ongoing harm and review of the current policies. If approved, the new code of conduct will be uploaded tomorrow onto the website. The grievance policy is also available and outlined on the website.

Adrian Jones-

- within the Code of Conduct is there a detailed outline of prohibited conduct at each level and detailed consequences of each?

Response

Sarah: the proposed new Code of Conduct is attached to the agenda, but it is a matrix that outlines conduct and consequences at each level.

Adrian Jones-

- question about whether students are grandfathered in with the new Code of Conduct or does each student start off with a clean slate once the new Code goes into effect?
- Concern about repeat aggressor who might still be in school prior to new code and how implementation of new code impacts that student

Response

Sarah: Consequences are ratcheted up for more serious actions.

Errika: The Board understands the concern about a student already in place who might be a previous repeat offender. However, the Code of Conduct would not be retroactive.

To be retroactive would be unfair and unethical

Adrian Jones: Agrees that Code of Conduct being retroactive would be unfair. Makes sense to have clear start date for new code.

The board **VOTED** to approve the motion.
