IV. Facility Task Force

A. Highlights and Updates

Timeline of FRC request to share property

November-Facilities call, FRC asked if we would be open to having a conversation about Wright Community School (WCS) co-locating on our campus. We are one of many possibilities

Up in the air as to whether feasible

Sankofa kept checking in with FRC about the possibility, but FRC response is still in the air, no details

December

Sankofa continues to check in; still in the air, no details

January

January 8: Rebecca of CSDC emails asking if she can come by school to get an idea of phase II and the potential project of WCS

Jan 13: Rebecca to talk about phase II and share that CSDC would be interested in making this deal. Learned that Sankofa is one of 2 options.

Jan 14 : Sarah asked Fawn to reach out to Board

Jan 15: Meeting takes place with Board; Sarah shares with leadership team

Jan 17: Sarah meets with PTO leadership and staff to share co-locating possibility

Jan 17: Legal counsel reaches out to Sarah as WCS had reached out to them and realized there was a conflict of interest so they could not represent WCS

Jan 22: Sarah and Fawn meet with legal counsel to ask more questions and get additional information and possible scenarios

Jan 28: Sarah, Fawn, and Kim meet with legal counsel for them to share more information

Jan 29: FRC shared possible numbers

What we know

- Lease signed with CSDC has Sankofa paying on the purchase price of the entire site and renovations
- CSDC does not have the ability under the lease to give any other entity rights to the property without Sankofa amending our lease
- Legal team can help Sankofa flesh out the risks of engaging in deal
- Daycare has the option of extending its lease after December 2025 for up to 3 years provided they give notice by November 1
- Sankofa will have to takeover payment of the renovations in 2 years after WCS leaves
- WCS will need to let SCSC know by January 31 if they are entering a deal with CSDC for possible co-location option
- Would be a sub-lease situation
- Overall Sankofa families see this deal as positive provided some details are solidified (i.e. pickup/dropoff)
- Staff overall see co-locating as a positive for the school and giving Sankofa greater impact in charter community

Legal has made several suggestions that would be beneficial to Sankofa such as apportioning rent based on percentage of occupancy and making WCS responsible for maintenance on the portion of the property they occupy and use

Question: How does co-location impact design plans Sankofa has in place for the future?

Response: WCS plans have to be approved by Sankofa and work within the specifications Sankofa plans

Question: If deal moves forward, will WCS construction take place over the summer at the same time Sankofa is renovating? If so, would this have an impact on the timeline for opening on site in the new school year?

Response: Yes, renovations would take place at the same time for both schools. Part of the discussions with the legal team will involve discussions about timelines and making sure that this does not impact the new school year and students returning to campus.

Additional updates

V. Governance

A. Policy Updates

Salary scale adjustment proposal

Currently in hiring/offer season

Reviewed salary scales for neighboring districts to align our salaries remain competitive
In reviewing financial picture with our CFO it was determined that a 12% increase across the board makes sense

A 12% salary scale increase keeps us in line with Clayton County where we sit

E. Moore made a motion to Approve salary scale increase by 12%.

A. Nash seconded the motion.

The board **VOTED** unanimously to approve the motion.

VI. Public Comment

A. Community Talk

LaDonya Buchanan-discussion in last PTO meeting about creating community and parents creating community in current climate. How can the PTO support the Board and Sankofa in creating community?

Question taken under advisement for Board and school leadership to consider

Robbie Phillips: Will the 2nd floor renovations be ready for next school year?

Fawn: Right now the plan for the 2nd floor is on track. The permit has been approved.
Also walls installed between classrooms over the Christmas break.
