II. Development

A. Fundraising Training

Matt Blumenfeld, from Financial Development Agency, presented on the draft fundraising strategic plan. Below are key points:

- A campaign approach will be used to highlight Springfield Prep's Facility Fund. The goal will be to obtain 123 gifts over next 4 years to totaling \$550,000. In order to reach this goal SPCS will need to identify and solicit approximately 294 prospects.
- The role of board during the campaign will be to make connections, act as ambassadors and bring information back to the school/staff for review.
- The campaign will last 4 years, but the goal of the first year is to introduce people to what makes SPCS unique and valuable.
- The donor process should be as follows: Identification and Evaluation > Cultivation > Solicitation > Stewardship / Next Gift.
- Ashley will serve as the "Moves Manager".
- SPCS should prioritize leveraging multi-year pledges and "naming" opportunities for a new school, once identified.
- Board members noted that it can be difficult to discuss charter schools in the current climate, and asked for Bill to provide some talking points to share with potential "friends" of the school. Bill will draft an elevator pitch for board members to reference as well as a series of FAQs regarding SPCS and charter schools as a whole.

- The Development Committee will start next year, for now all development items will be managed by the full board.

D. Board meeting schedule

The board discuss the upcoming meeting schedule. All members were in favor of having a meeting in November 29th and cancelling December meetings due to holiday scheduling challenges.

VII. Academic Achievement

A. September-October Academic Dashboard

The Board reviewed the Academic Dashboard. Bill provided a brief overview of initial STEP results.

- According to STEP, some students are performing significantly below grade level.
- This could be due to the fact that STEP is a very rigorous tool and because the school has worked hard over the past year to maintain a high bar in how it scores STEP tests.
- Comprehension in first and second grade is a big hurdle. School leadership has considered switching from a shared reading group to a guided reading group to address the issue.
- Once full STEP data is in and ANet data is available, school leadership will have a much clearer picture of whether the low results are a cause of concern or reflect the manner in which we are scoring the tests.

- Doug asked about attrition data and it was not present in the highlight view. Meghan will add attrition data to dashboard for the next meeting.

VIII. Closing Items

A. Adjourn Meeting

K. Molina made a motion to adjourn the meeting.

R. Leonard seconded the motion.

The board **VOTED** unanimously to approve the motion.

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 7:30 PM.

Respectfully Submitted,

M. Wagner
