### **IV. Finance & Fundraising Items**

#### **A. FY20 Budget Draft**

The board discussed the FY20 Budget Draft. The budget reflects the school's increase in size as it adds a fifth grade, including additional staff and increased enrollment. The budget is balanced and includes a contingency. The board discussed the projections for private fundraising and also discussed the increase in personnel costs, which is due to strong staff retention and changing staff demographics, which impact benefits costs. Bill and Meghan will work with the finance committee to make any necessary updates prior to the May board meeting, and then submit a final budget for approval.

#### **B. Capital Campaign Report**

Bill provided a brief update on the status of the capital campaign. The campaign is in a soft launch phase, which includes meeting with foundations to build relationships and share our plans to renovate or build a permanent home.

#### **C. Monthly Financials**

Doug provided an overview of the monthly financials. The financial picture is strong and the school is projecting a contingency at year end.

R. Leonard made a motion to file the financials for audit.

A. Grant seconded the motion.

The board **VOTED** unanimously to approve the motion.

#### **D. Financial Responsibility Matrix**

Doug provided an overview of the Financial Responsibility Matrix. He explained that the finance committee wanted to share this as a reminder of the responsibilities of management and of the board. The board felt that this tool would be a good way to calendar monthly, quarterly, and annual topics that require attention, and that it is a good tool that can be used to train new board members in finance responsibilities.

### **V. Academic Items**

#### **A. March Academic Dashboard**

Bill reported out on the March Academic Dashboard, focusing on ANet data and 3rd grade ANet data in particular. Across the school, grade level averages on ANet are

strong and "above the network" in ELA and math. When data is broken out at a student level, some trends emerge that have been harder to see. When comparing 3rd grade "A3" performance from last year to how students performed on MCAS, it seems that this year's 3rd grade may have more students who do not meet or exceed expectations. The school has been using this data to inform its instruction and Jess and Wendy have helped 3rd grade teachers develop standards reteach plans and methods of tracking progress using exit tickets. Teachers are entering this data in a daily tracker and using this to inform their approach. Jess and Wendy are also pushing in to ELA and math classes to provide targeted support.

#### **B. 2019-20 Family Survey Report**

The board discussed the Family Survey results for the 2018-19 school year. Approximately 80% of families participated in the survey and the positive response rate was very high in all areas (90%+ in nearly all categories). Notably, positive response rates in a number of categories have increased over last year, indicating that the school is continually improving.

### **VI. Governance Items**

#### **A. Candidate for Finance Committee Membership**

S. Fuller made a motion to approve Jean Callan as a non-voting Finance Committee member.

D. Morrin seconded the motion.

The board **VOTED** unanimously to approve the motion.

### **VII. Closing Items**

#### **A. Next Board Meeting**

The next board meeting is May 29 at 5:45pm at the school.

#### **B. Adjourn Meeting**

R. Leonard made a motion to adjourn the meeting at 7:26 pm.

A. Grant seconded the motion.

The board **VOTED** unanimously to approve the motion.

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 7:25 PM.

Respectfully Submitted,

B. Spierer
