**C. Officer and Trustee Elections**

Given the pending bylaws amendment which would allow for up to 5 officer terms (instead of 3), the proposed slate includes electing Kelvin as Interim Secretary with Alex to be elected upon approval of bylaws amendment, and electing Anne as interim treasurer, with Tricia to be elected upon approval of the bylaws amendment.

Additionally, the slate proposes a new board trustee, Sarah Monson. Bill, Kelvin, and Bob, have spoken with her, she is the parent of an SPCS 3rd grader. Bill shared that he had favorable conversations with her and that she has highly relevant experience in development, non-profits, and higher education. Kelvin mentioned that she has experience as a Board member so has experience with governance, and that she shared with him about her advocacy in alignment with the school's mission. Bob agreed with Kelvin and shared that Sarah is a Charter supporter, and that she seemed aligned with the difference between her role in governance and that as a parent. She has been involved as a PAC Member. Tricia appreciates those who nurtured this relationship. K. Molina made a motion to approve the Board slate as presented, including the election of Sarah Monson as Trustee, pending DESE approval.

**D. Update to School Calendar for FY21**

Bill discussed a change to how the school would observe the Juneteenth holiday this year based on updates from Springfield Public Schools and the Commonwealth of MA. The school had planned to observe the holiday on Monday, June 20th since the holiday fell on a Sunday, but decided to align with other organizations and move the observance to

Friday, June 18th, shortening school by one day. Given the short notice from the other organizations, the school's Leadership Team decided to make this decision prior to the Board meeting with support from the Board Chair. The Board asked how staff and family received this change. Bill shared that the reception was generally positive and that people understood the decision. Any planned activities in observance or celebration of the holiday were shifted to Thursday, June 17th instead to ensure that the holiday was observed by students and staff before the school year ended. The Board is asked to provide formal approval of this alteration to the school calendar for the 2021-22 school year.

T. Walker made a motion to observe Juneteenth on June 18, 2021 instead of June 21, 2021.

D. Morrin seconded the motion.

The board **VOTED** unanimously to approve the motion.

## **IV. Staff and Family Survey Report**

### **A. Staff and Family Survey Results**

Bill briefly gave an overview of the slides as shared. Overall satisfaction of staff and families is high. Several areas are likely lower than in a typical year due to the challenges of the COVID-19 pandemic, and our DEI work and culture is certainly an area of continuing growth. Bill highlighted some differences in how staff and families perceive certain areas, such as families rating cultural inclusion at the school high, but lower for staff. He noted that a continued area that we're watching is ensuring our newer leaders have the support and skills they need to succeed, and having a full-time Director of Talent is a step in the right direction.

We did notice differences in satisfaction between BIPOC and white staff members. This is the first year we've had this data, helps us understand how to start talking about this and where to start diving in to get to root causes.

## **V. Finance and Business Items**

### **A.**

## **May Financials**

Meghan provided a discussion of the May financials. She shared that we were able to release our transportation contingency because student transportation was guaranteed for the remainder of the school year. She also shared that our summer school expenses will be covered by grants or federal funding. She noted that planning is underway for the use of ESSER II and ESSER III funding, and that a stakeholder engagement process will occur before the use of those funds is decided.

D. Morrin left.

## **B. Insurance Contract Renewal**

Meghan briefly discussed the proposed contract renewal for insurance through Fred C. Church and the memo outlining the updates for FY22 coverage, which includes the addition of Cyber Liability coverage for FY22. The cost increase is related to this additional coverage, as well as the increase in payroll and student enrollment from FY21 to FY22.

T. Walker made a motion to authorize the school to renew the insurance contract as presented.

S. Balogun seconded the motion.

The board **VOTED** unanimously to approve the motion.

## **VI. Building Project**

### **A. Building Project Status Update**

Meghan shared that similar to last month, there are no major updates to the building project. The project is still on schedule and budget. The 6th grade class, one of our founding grades, was able to visit the new school and meet the architects, which was a great learning opportunity and they enjoyed seeing the new space.

We are expecting a temporary certificate of occupancy in July and a certificate of occupancy in late August.

## **VII. Academics**

#### **A. Academic End of Year Update**

Bill shared that next year, Meghan will be the Chief Operating Officer and Ashley Marshall will be the Director of Operations. Wendy Soref joined to discuss the academic update. She shared that there were many changes to our assessment plan due to the pandemic but highlighted a few key updates. She noted that the results are lower than we would typically expect, and that we're expecting a similar decline in MCAS results, given the challenges of remote learning and the pandemic. She noted that the team is incredibly invested in supporting students to make up the gap, including our summer school program, professional development sessions this fall, and increasing staffing on our student supports team. She noted that retention is similar to previous years, and that the school is not using retention as a broad response to the challenges of the pandemic.

The Board asked for a few additional details on the summer school program, and Wendy shared that it would be staffed by many of our strongest teachers and that they would use data to target interventions and strategies both for the whole class and for individual students, just as we would do during the regular school year.

Sherriff shared that he was encouraged by these results and that they were generally positive given the pandemic year. He highlighted that the STEP data shows that our model works, particularly when we have in-person instruction, and expects that the data will normalize over time to pre-pandemic levels.

### **VIII. Closing Items**

#### **A. Next Board Meeting**

The next scheduled board meeting is on Wednesday, 7/28/21 at 5:45 PM.

Respectfully Submitted,
