T. Walker seconded the motion.

The board **VOTED** unanimously to approve the motion.

III. Diversity, Equity & Inclusion

A. Diversity, Equity & Inclusion Task Force

Bill discussed the Education Board Partners summit that Nancy and Kelvin attended remotely. He shared that the DEI task force will review the materials from that summit and share a plan of next steps with the Board. Nancy shared key takeaways from the summit, including thoughts on how to continue to have an anti-racist lens when evaluating school results and successes, and the Board briefly discussed family involvement in board and school discussions and decisions, including the ways in which families could be involved directly or their opinions solicited for input.

IV. Executive Director's Report

A. Executive Director's Report & School Model Discussion

Bill discussed the Executive Director's memo. He shared that the school is remaining in the current Remote+ model until winter break and will survey families and re-evaluate over the break and in early January based on health data, DESE guidance, vaccination options, and any regulations. The Board discussed the value of consistency and predictability in not rushing to change the model. Bill discussed the kindergarten program the school hopes to begin in the new year, and some of the initiatives teachers have taken to support remote learners either at home or on-site.

Meghan discussed a contract with First Student to provide transportation to the small cohort of on-site students daily. The school is likely to be reimbursed for the expense, but it is also within the existing transportation budget for the year. She asked the Board to vote on the contract as presented.

A. Grant made a motion to approve the First Student contract as provided.

S. Fuller seconded the motion.

The board **VOTED** unanimously to approve the motion.

V. Building Project

A. Building Project Status Update

Bob Baldwin joined at this point to discuss the building project status. He shared that construction is proceeding to plan, including the start of excavation for the new gymnasium building. He discussed two change orders; the first regarding the gym expansion that the Board had previously approved, and the second regarding preliminary demolition and preparation work to allow for a later fit-out of the vacant tenant space for the school's usage.

He also discussed the upcoming closing of permanent financing for the project within the next two weeks. Bill discussed the summary of the New Markets Tax Credits financing and the transactions that will occur between Springfield Prep, Friends of Springfield Prep, and Springfield Prep Realty. Bob Baldwin discussed the challenge related to tax-exempt status approval for Springfield Prep Realty and the temporary change of the bond from tax-exempt to taxable, which he expects to be remedied in January.

B. Building Project Financing Closing

J. Rosewell made a motion to adopt the December 9th resolutions as presented.

S. Fuller seconded the motion.

The board **VOTED** unanimously to approve the motion.

C. Change Order Approvals

J. Rosewell made a motion to approve Change Order #2 as presented for \$100,000 for the initial build-out of the vacant tenant space.

T. Walker seconded the motion.

It was decided that since the gym expansion had been approved in a prior meeting, and the formal change order fell within that approved cost, that a vote was not also needed for Change Order #1.

The board **VOTED** unanimously to approve the motion.

VI. Academics

A. Accountability Plan review and approval

Bill shared an overview of the new accountability plan and the Board discussed the changes made since the 2016 Accountability Plan and the rationale for those updates. The Board asked if these were appropriate goals given the pandemic, and Bill expressed that while many would be attainable, he expects flexibility if the data is unavailable or if we face additional challenges due to the health situation. The Board also discussed if DESE expected these goals to be numeric, rather than subjective, and Bill shared that based on his discussions with our liaison at DESE, challenging quantitative goals are expected.

S. Balogun made a motion to approve the accountability plan and authorize Bill to submit it on behalf of the Board.

A. Malone seconded the motion.

The board **VOTED** unanimously to approve the motion.

B. Academic Dashboard review

Bill discussed the academic dashboard presented, particularly the ANet data. He noted that there were some results that were lower than in prior years, especially in lower grades. This was the first time the ANet was administered remotely, and we expect that some of the data reflect differences in test administration between schools. The Board discussed how this data can serve as a new baseline for us to improve upon given the school closure in March. Bill mentioned that despite being in a remote learning model, the school is still focusing on analyzing data from rigorous assessments like ANet to better understand gaps in student learning and adjust our strategies accordingly.

VII. Closing Items

A. Next Board Meeting

The next scheduled board meeting is on Wednesday, 1/27/21 at 5:45 PM.

B. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 7:07 PM.

Respectfully Submitted,
N. Abramowitz
