III. Executive Director's Report

A. Executive Director Report

Bill welcomed Sarah Monson to the Board. He briefly reviewed the Executive Director's report and noted that the ESSER funding plan will be shared at the next meeting. He shared that the summer school program was going well with 86% attendance and noticeable academic gains as well, and that Kate Parsons would share more. He discussed staff retention, noting that it was high and that hiring continues for the few remaining vacancies.

IV. Summer School Update

A. Summer School Update

Kate Parsons, 5th grade teacher and Instructional Leader Fellow, joined to discuss the summer school program for which she served as Director of Academics. She shared that the environment has been fun and productive, including core literacy and math instruction as well as science enrichment and outdoor recreation daily. While formal assessments were not completed during summer school, she shared anecdotal evidence of student academic assessments. She also shared some of the challenges of the program. The Board and Kate discussed some of the logistics of the program and also lessons learned from the program that can be applied to the upcoming school year. Kate left after this discussion.

V. Governance

A. DESE Annual Report

Bill gave a brief overview of the DESE Annual report, including its purpose and its outcomes. He shared that it will be hard to compare data from 2020-21 school year with prior years, including 2019-20, given the effects of the pandemic and remote learning. He noted that the school is working and planning how to improve any areas that were negatively impacted. The Board discussed the information presented, including how the data in the report compares to other schools and to data about learning loss during the pandemic.

S. Balogun left.

VI. Finance and Business Items

A. June / End of Year Financials

Meghan shared that the school ended the year with a significant surplus due to additional funding and reduced expenses from what was budgeted, and that the school is in a very healthy cash flow position. She noted that a plan for ESSER II funding is underway, including stakeholder engagement, and also that the audit report should be available in September. Bill commended Meghan on the financial outcome of the year, given the complexity of managing 3 separate entities and the building project this year along with the impacts and extra funding from the pandemic. He also noted that being in a strong financial position will help the school invest in high-impact programs, such as tutoring, to recover from the pandemic's effects.

B. Executive Coaching Contract

Bill has had Executive Coaching for 4 years and found it extremely valuable not only for himself but for the direction of the entire organization. As this coach is moving on from that work, he has found another coach and sought the Board's approval for that contract, which includes a 360 degree evaluation. The Board shared that they are in favor of coaching for Bill and the new evaluation.

J. Rosewell made a motion to Approve the executive coaching contract as presented.

D. Morrin seconded the motion.

The board **VOTED** unanimously to approve the motion.

Bill discussed the change orders proposed as shared in the building update dashboard, which include updating the sidewalks, curbs, and plantings on the Roosevelt side to match the quality of the rest of the campus. Additionally, change order 11 and 12 include some smaller must-do items that were not in the original plan. All of these items are funded by the existing budget.

A. Grant made a motion to approve change order 11 as presented and to authorize Bill to approve the forthcoming change order 12 for an amount not to exceed \$165,000.
