## **II. Management**

### **A. Updates**

Ms. Cox provided an update to the board.

Ms. Efaw is analyzing results of the Idaho Reading Assessment which students completed during the first weeks of school. 93% of students have completed the assessment and, in all grades, students have maintained or grown in reading proficiency. Ms. Efaw is grouping students based on IRI data into strategic academic groups to provide them with the learning opportunities appropriate for them.

In the coming weeks, students will complete the NWEA MAP Assessment. The assessment will be provided to students in-person as much as possible (rather than remotely). Individual appointments for testing will be made for students who are attending school virtually. Assessment results will be presented at the October board meeting.

The Panorama Ed staff culture and climate survey went out. Results and analysis will be presented by the November board meeting.

Ms. Cox shared how students are doing, things that are going well, and the challenges of this start to the new school year.

- Students are resilient and engaged.
- Our coaching and feedback model is going very well.
- The Future team is strong but the unknowns, frequent environmental changes, and long hours are causing fatigue for some staff and leadership.

Mr. Kuzio and Ms. Oliver shared their experiences visiting the school this week. Both said it was inspiring and surreal to see education being delivered in such a different way than we all imagined due to COVID-19.

## **B. Pathways**

Ms. Cox provided an update to the Reopening Pathways the board previously approved. Beginning the week of September 28th, through the week of October 12th, and aligned to recommendations from Central District Health, we will begin gradually inviting students back into the building. Re-entry plans are based on safety, feasibility, and robust learning options to ensure equity for in-person and virtual students. Ms. Cox is providing an abundance of communication about reopening plans with families and staff.

## **III. Finance Committee**

### **A. Update**

Mr. Kuzio shared that a team has begun working on the annual audit. Findings will be presented no later than the November board meeting.

Ms. Tassos, Director of Operations, is working on reconciliations and reporting protocols with Bluum. Full financial reports for July through September will be presented at the October board meeting.

#### **IV. Governance**

##### **A. Recruiting**

Ms. Smith discussed the need to focus on building board capacity and recruiting to ensure we have the skills and perspectives needed to have a strong board of directors. Please help the Governance Committee recruit new potential board members, ask them to serve on a committee, and/or attend board meeting. The Governance Committee will revisit future training based on the needs of the full and expanded board.

##### **B. Board on Track**

Mr. Kuzio discussed the work of the board over the last many months especially around a smooth leadership transition and providing support around COVID-19. He asked that everyone on the board complete the board assessments in Board OnTrack within the next week. This will provide us with feedback to determine how to best establish new goals, plan and train in the coming year, and move from a founding to a governing board.

Ms. Metzgar updated the board on the use of board agenda and minute publication through Board OnTrack. All members of the board now have access to take minutes using the tool.

#### **V. Closing Items**

##### **A. Gratitude/Team Check**

The board participated in a gratitude exercise.

##### **B. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 2:25 PM.

Respectfully Submitted,  
Suzanne Metzgar
