SUBJECT: Recommendation to approve final staff rosters for YPICS, BCCS, BCCH, and MORCS for 2019-2020

BACKGROUND

The Board of Trustees yearly approves final staff rosters for each school to ensure hiring and staff ratios are in line with proposed budget expenditures as personnel costs are typically the most significant ongoing expense.

ANALYSIS

Since the June 17, 2019 meeting of the Board of Trustees, the schools have revised their staff rosters to ensure accurate alignment of teacher assignments to courses and that the needs of all students are met.

Employee Agreements for newly hired staff have been written and approved consistent with the June 17, 2019 approved fiscal school budgets.

RECOMMENDATION

It is recommended that the Board of Trustees approve the final staff rosters and employee agreements for BCCS, BCCH, and MORCS for the 2019-2020 school year.

September 30, 2019

- TO: YPI Charter Schools Board of Directors
- FROM: Yvette King-Berg Executive Director

SUBJECT: Recommendation to approve 2019-2020 Parental Involvement Policies and Home-School Agreements for BCCS, BCCHS, and MORCS

BACKGROUND

The Elementary and Secondary Education Act (ESEA) of 1965 has been reauthorized as the *Every Student Succeeds Act* (ESSA) and signed into law by President Barack Obama on December 10, 2015. Most of the provisions of the ESSA did not take effect until the 2017-2018 school year. The Local Educational Agency (LEA) Plan has transitioned to a Federal Addendum, will document the use of federal funds such as Title I, Title II, Title III and Title IV in the 2019-2020 school year.

Directly related to the Parental Involvement Policies is the Home-School Agreement develop initially at Bert Corona Charter School in 2006 to communicate the expectation and responsibilities the school would fulfill while working in partnership with families. Over the course of the 15-year history of the YPI Charter Schools, the agreement has been revised, refined, and clarified to ensure transparency.

Added to the Home-School Agreement this year is a "Code of Conduct for Students and Visitors". The document is contained in the agreement and also posted prominently at each school site to emphasize what is expected at each campus.

ANALYSIS

Title I, Part A, ESEA sections 722(g)(1)(I), 722(g)(1)(J)(i), 722(g)(1)(C), 722(g)(3)(E), and 722(g)(1)(J)(iii), defines the regulations of the Homeless Education Policy for schools participating in the federal *Every Student Succeeds Act*.

Each year, the policies for each school must be approved by the Board of Trustees.

RECOMMENDATION

YPICS Agenda – 9/30/19

It is recommended that the Board of Directors approve the 2019-2020 Parental Involvement Policies, Home-School Agreement, Homeless Education Policies, and Code of Conduct for BCCS, BCCHS, and MORCS.

September 30, 2019

- TO: YPI Charter Schools Board of Directors
- FROM: Yvette King-Berg Executive Director
- SUBJECT: Recommendation to approve bell schedules and instructional minutes offered by BCCS, BCCH, and MORCS for 2019-2020

BACKGROUND

Currently, the State of California requires the following number of instructional minutes:

Grade Level	Required Minutes
Grades 5-8	54,000
High School	64, 800

It should be noted that the above totals are the "minimum" and many traditional schools and districts as well as charter schools offer far more instructional minutes than this minimum.

ANALYSIS

The instructional minutes offered at YPICS vary by grade level, and facility arrangements, but all totals exceed minimum requirements:

Grade Level	Required Minutes	Actual Minutes
	Bert Corona Charter School	
5-8	54,000	
Mor	iseñor Oscar Romero Charter S	chool
6-8	54,000	
	Bert Corona Charter High	
9-12	64,800	64,800

RECOMMENDATION

It is recommended that the Board of Trustees approve the 2019-2020 bell schedules and instructional minutes for BCCS, BCCH, and MORCS.

RE Proposition 39 Over-Allocated Space in 2018-19 School Year

Dear Charter School Operator,

The Los Angeles Unified School District ("District") has determined that Bert Corona Charter High School (YPI Valley Public Charter School) ("Charter School") was over-allocated Proposition 39 space in the 2018-19 school year ("Applicable School Year"). This letter shall serve as written notice of Charter School's reimbursement obligation to the District for over-allocated space in the Applicable School Year. This letter also explains how the reimbursement amount of <u>\$74.024.28</u> was calculated pursuant to the formula set forth by state law, and provides instructions for Charter School's payment to the District.

Definition of Over-Allocated Space

State law controls Charter School's mandatory reimbursement obligations to the District for over- allocated Proposition 39 space. Pursuant to Education Code section 47614, subdivision (b)(2), if Charter School generated less in-district classroom average daily attendance ("ADA") than it projected for the Applicable School Year, Charter School "shall reimburse the district for the over-allocated space at rates to be set by the State Board of Education."

The State Board of Education adopted California Code of Regulations, title 5, section 11969.8, subdivision (a). which declares that space is considered to be over-allocated if:

- (1) Charter School's actual in-district classroom ADA is less than the projected in-district classroom ADA upon which the facility allocation was based, and
- (2) The difference is greater than or equal to a threshold ADA amount of 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater.

As shown below, Charter School's actual in-district classroom ADA was less than its projected indistrict classroom ADA upon which the facility allocation was based for the Applicable School Year. In addition, the difference was greater than or equal to the greater of 25 ADA or 10 percent of projected in-district classroom ADA.

Based on the foregoing, Charter School was over-allocated space in the Applicable School Year.

Reimbursement Amount Owed by Charter School to the District

Pursuant to section 11969.8, subdivision (a), the mandatory reimbursement amount owed by Charter School to the District due to over allocated space for the Applicable School Year was calculated using a per-pupil rate posted on the California Department of Education ("CDE") website.³ The per-pupil rate for over-allocated space for the Applicable School Year is \$2,211. (See <u>https://www.cde.ca.gov/sp/ch/overallocated.asp</u>.)

Section 11969.8, subdivision (a), states that the reimbursement amount owed by Charter School for over-allocated space shall be equal to (1) the per-pupil rate times the difference between Charter School's actual in-district classroom ADA and the projected in-district classroom ADA upon which the facility allocation was based, less (2) this rate times one-half the threshold ADA. The "threshold ADA" is defined by section 11969.8, subdivision (a), as 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater. Based on this regulatory formula, the following describes the reimbursement amount owed by Charter School to the District for the Applicable School Year:

¹ If Charter School and the District did not enter into a Proposition 39 alternative agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by applying the projection identified in the District's final notification of space offered. If Charter School and the District entered into a Proposition 39 alternative agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by applying the projection identified in the alternative agreement.

² In compliance with California Code of Regulations, title 5, section 11969.8, subdivision (a), "actual indistrict classroom ADA" was determined using the report submitted by Charter School pursuant to section 11969.9(1) in conjunction with the second principal apportionment under Education Code section 41601.

³ "The per-pupil rate for over-allocated space shall be equal to the statewide average cost avoided per pupil set pursuant to Education Code section 42263 for 2005-06, adjusted annually thereafter by the CDE by the annual percentage change in the general-purpose entitlement to charter schools calculated pursuant to Education Code section 47633, rounded to the next highest dollar, and posted on the CDE Web site." California Code of Regulations, title 5, section 11969.8, subdivision (a).

Therefore, Charter School owes the District a reimbursement amount of \$74,024.28 ("Reimbursement") due to over-allocated space for the Applicable School Year.

Charter School was reminded of its legal obligations to reimburse the District if it was over-allocated space both in the preliminary proposal and the final notification of space offered, if any, that were issued by the District for the Applicable School Year. If Charter School and the District entered into a Proposition 39 alternative agreement for the Applicable School Year, Charter School also affirmed therein that it remains subject to potential reimbursement obligations for over-allocated space pursuant to California Code of Regulations, title 5, section 11969.8.

RE Proposition 39 Over-Allocated Space in 2016-17 School Year

Dear Charter School Operator,

The Los Angeles Unified School District ("District") has determined that YPI Valley Public Charter High School ("Charter School") was over-allocated Proposition 39 space in the 2016-17 school year ("Applicable School Year"). This letter shall serve as written notice of Charter School's reimbursement obligation to the District for over-allocated space in the Applicable School Year. This letter also explains how the reimbursement amount of \$37,175.04 was calculated pursuant to the formula set forth by state law, and provides instructions for Charter School's payment to the District.

Definition of Over-Allocated Space

State law controls Charter School's mandatory reimbursement obligations to the District for over- allocated Proposition 39 space. Pursuant to Education Code section 47614, subdivision (b)(2), if Charter School generated less in-district classroom average daily attendance ("ADA") than it projected for the Applicable School Year, Charter School "shall reimburse the district for the over-allocated space at rates to be set by the State Board of Education."

The State Board of Education adopted California Code of Regulations, title 5, section 11969.8, subdivision (a), which declares that space is considered to be over-allocated if:

- (1) Charter School's actual in-district classroom ADA is less than the projected in-district classroom ADA upon which the facility allocation was based, and
- (2) The difference is greater than or equal to a threshold ADA amount of 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater.

As shown below, Charter School's actual in-district classroom ADA was less than its projected indistrict classroom ADA upon which the facility allocation was based for the Applicable School Year. In addition, the difference was greater than or equal to the greater of 25 ADA or 10 percent of projected

171.95	141.01	30.94	YES

Based on the foregoing, Charter School was over-allocated space in the Applicable School Year.

Reimbursement Amount Owed by Charter School to the District

Pursuant to section 11969.8, subdivision (a), the mandatory reimbursement amount owed by Charter School to the District due to over allocated space for the Applicable School Year was calculated using a per-pupil rate posted on the California Department of Education ("CDE") website.³ The per-pupil rate for over-allocated space for the Applicable School Year is \$2,016. (See https://www.cde.ca.gov/sp/ch/overallocated.asp.)

Section 11969.8, subdivision (a), states that the reimbursement amount owed by Charter School for over-allocated space shall be equal to (1) the per-pupil rate times the difference between Charter School's actual in-district classroom ADA and the projected in-district classroom ADA upon which the facility allocation was based, less (2) this rate times one-half the threshold ADA. The "threshold ADA" is defined by section 11969.8, subdivision (a), as 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater. Based on this regulatory formula, the following describes the reimbursement amount owed by Charter School to the District for the Applicable School Year:

³ "The per-pupil rate for over-allocated space shall be equal to the statewide average cost avoided per pupil set pursuant to Education Code section 42263 for 2005-06, adjusted annually thereafter by the CDE by the annual percentage change in the general-purpose entitlement to charter schools calculated pursuant to Education Code section 47633, rounded to the next highest dollar, and posted on the CDE Web site." California Code of Regulations, title 5, section 11969.8, subdivision (a).

¹ If Charter School and the District did not enter into a Proposition 39 alternative agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by applying the projection identified in the District's final notification of space offered. If Charter School and the District entered into a Proposition 39 alternative agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by multiplying the ratio of ADA-to-teaching stations (classrooms) provided to students attending Charter School's comparison group schools with the number of exclusive use teaching stations (classrooms) allocated to Charter School.

² In compliance with California Code of Regulations, title 5, section 11969.8, subdivision (a), "actual indistrict classroom ADA" was determined using the report submitted by Charter School pursuant to section 11969.9(1) in conjunction with the second principal apportionment under Education Code section 41601.

Therefore, Charter School owes the District a reimbursement amount of \$37,175.04 ("Reimbursement") due to over-allocated space for the Applicable School Year.

Charter School was reminded of its legal obligations to reimburse the District if it was over-allocated space both in the preliminary proposal and the final notification of space offered, if any, that were issued by the District for the Applicable School Year. If Charter School and the District entered into a Proposition 39 alternative agreement for the Applicable School Year, Charter School also affirmed therein that it remains subject to potential reimbursement obligations for over-allocated space pursuant to California Code of Regulations, title 5, section 11969.8. Moreover, the enclosed July 8, 2016 letter sent to charter schools from the District reminded charter schools – prior to the Applicable School Year – of their legal obligations to reimburse the District if they were over-allocated space.

Please remit the Reimbursement within 20 days of delivery of this letter via check payable to "The Los Angeles Unified School District" and delivered to:

RE Proposition 39 Over-Allocated Space in 2017-18 School Year

Dear Charter School Operator,

The Los Angeles Unified School District ("District") has determined that Bert Corona Charter High School (YPI Valley Public Charter School) ("Charter School") was over-allocated Proposition 39 space in the 2017-18 school year ("Applicable School Year"). This letter shall serve as written notice of Charter School's reimbursement obligation to the District for over-allocated space in the Applicable School Year. This letter also explains how the reimbursement amount of <u>\$87,700.55</u> was calculated pursuant to the formula set forth by state law, and provides instructions for Charter School's payment to the District.

Definition of Over-Allocated Space

State law controls Charter School's mandatory reimbursement obligations to the District for over- allocated Proposition 39 space. Pursuant to Education Code section 47614, subdivision (b)(2), if Charter School generated less in-district classroom average daily attendance ("ADA") than it projected for the Applicable School Year, Charter School "shall reimburse the district for the over-allocated space at rates to be set by the State Board of Education."

The State Board of Education adopted California Code of Regulations, title 5, section 11969.8, subdivision (a) which declares that space is considered to be over-allocated if:

- (1) Charter School's actual in-district classroom ADA is less than the projected in-district classroom ADA upon which the facility allocation was based, and
- (2) The difference is greater than or equal to a threshold ADA amount of 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater.

As shown below, Charter School's actual in-district classroom ADA was less than its projected indistrict classroom ADA upon which the facility allocation was based for the Applicable School Year. In addition, the difference was greater than or equal to the greater of 25 ADA or 10 percent of projected

245.89	190.92	54.97	YES

Based on the foregoing, Charter School was over-allocated space in the Applicable School Year.

Reimbursement Amount Owed by Charter School to the District

Pursuant to section 11969.8, subdivision (a), the mandatory reimbursement amount owed by Charter School to the District due to over allocated space for the Applicable School Year was calculated using a per-pupil rate posted on the California Department of Education ("CDE") website.³ The per-pupil rate for over-allocated space for the Applicable School Year is \$2,065. (See https://www.cde.ca.gov/sp/ch/overallocated.asp.)

Section 11969.8, subdivision (a), states that the reimbursement amount owed by Charter School for over-allocated space shall be equal to (1) the per-pupil rate times the difference between Charter School's actual in-district classroom ADA and the projected in-district classroom ADA upon which the facility allocation was based, less (2) this rate times one-half the threshold ADA. The "threshold ADA" is defined by section 11969.8, subdivision (a), as 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater. Based on this regulatory formula, the following describes the reimbursement amount owed by Charter School to the District for the Applicable School Year:

¹ If Charter School and the District did not enter into a Proposition 39 alternative agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by applying the projection identified in the District's final notification of space offered. If Charter School and the District entered into a Proposition 39 alternative agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by applying the projection identified in the District agreement for the Applicable School Year, Charter School's projected in-district classroom ADA was calculated by applying the projection identified in the alternative agreement.

² In compliance with California Code of Regulations, title 5, section 11969.8, subdivision (a), "actual indistrict classroom ADA" was determined using the report submitted by Charter School pursuant to section 11969.9(1) in conjunction with the second principal apportionment under Education Code section 41601.

³ "The per-pupil rate for over-allocated space shall be equal to the statewide average cost avoided per pupil set pursuant to Education Code section 42263 for 2005-06, adjusted annually thereafter by the CDE by the annual percentage change in the general-purpose entitlement to charter schools calculated pursuant to Education Code section 47633, rounded to the next highest dollar, and posted on the CDE Web site." Therefore, Charter School owes the District a reimbursement amount of \$87,700.55 ("Reimbursement") due to over-allocated space for the Applicable School Year.

Charter School was reminded of its legal obligations to reimburse the District if it was over-allocated space both in the preliminary proposal and the final notification of space offered, if any, that were issued by the District for the Applicable School Year. ENGLISH LEARNER PLAN (EL)

VISION

The vision for Bert Corona Charter High (BCCH) is to create a place of learning that empowers students to become functional and prepared communicators for the demanding global requirements of the future. The high school will provide a mutually supportive and positive learning environment in which every member will develop communications, technological, and leadership skills to foster self-confidence and personal growth. Emphasis will be placed on challenging students to develop problem-solving and interpersonal skills to succeed in the 21st Century through Service-Learning, Linked Learning, and Media Arts Career Technical Education (CTE) Pathway and technology integration across subjects. Early College Access, Service-Learning, and Linked Learning (Media Arts CTE Pathway) is the basis of the Bert Corona High School's educational focus and builds on core strengths from the Bert Corona Charter Middle School Service- Learning, Project-Based Learning, and the strong technology integration (all students receive chrome books for class and homework assignments).

MISSION

Bert Corona High School's mission is to prepare students for academic success in high school; as well as, post-secondary education and careers, prepare students to be responsible and active participants in their community, and enable students to become life-long learners. Students at the high school will become active citizens characterized by the ideals of a diverse and democratic society. Our students will provide service to their community, take responsibility for their own learning, and develop the habits of mind that will empower them to be successful in high school and beyond.

Bert Corona Charter High English Learner Master Plan

Introduction

Included in this revised English Language Learners Performance and Improvement Plan is the use of the following supporting two main legislations addressing the needs of English Learners? In July 2017, the California State of Education adopted a historic new English learner education policy, the English Learner Roadmap. This policy recognizing English learners as a system-wide responsibility, recognizing a need to provide EL students with rich and challenging curriculum from early childhood to grade 12, and respects the value of English learner's primary language and culture. On July 1, 2018 the California Department of Education regulations for implementing Prop. 58 to establish programs for English Learners that promote proficiency in multiple languages and leverage students' home language as an asset, the following principles as outline at *cde.ca.gov*:

Principle One: Assets-Oriented and Needs-Responsive Schools

Pre-schools and schools are responsive to different English learner (EL) strengths, needs, and identities and support the socio-emotional health and development of English learners. Programs value and build upon the cultural and linguistic assets students bring to their education in safe and affirming school climates. Educators value and build strong family, community, and school partnerships.

Principle Two: Intellectual Quality of Instruction and Meaningful Access

English learners engage in intellectually rich, developmentally appropriate learning experiences that foster high levels of English proficiency. These experiences integrate language development, literacy, and content learning as well as provide access for comprehension and participation through native language instruction and scaffolding. English learners have meaningful access to a full standards-based and relevant curriculum and the opportunity to develop proficiency in English and other languages.

Principle Three: System Conditions that Support Effectiveness

Each level of the school system (state, county, district, school, pre-school) has leaders and educators who are knowledgeable of and responsive to the strengths and needs of English learners and their communities and who utilize valid assessment and other data systems that inform instruction and continuous improvement. Each level of the system provides resources and tiered support to ensure strong programs and build the capacity of teachers and staff to leverage the strengths and meet the needs of English learners.

Principle Four: Alignment and Articulation Within and Across Systems

English learners experience a coherent, articulated, and aligned set of practices and pathways across grade levels and educational segments, beginning with a strong foundation in early childhood and appropriate identification of strengths and needs, and continuing through to reclassification, graduation, higher education, and career opportunities. These pathways foster the skills, language(s), literacy, and knowledge students need for college- and career-readiness and participation in a global, diverse, multilingual, twenty-first century world. This document builds on our core beliefs. First, students' learning and achievement are at the center of all our policy decisions and are the focus of the English Learner Master Plan. Families are critical partners in the privilege and responsibility of ensuring that all multilingual students become proficient in English and master the academic content required of every student in California. English learners face the dual tasks of learning rigorous academic subject matter while simultaneously mastering a new language.

We acknowledge that English learners face enormous challenges, yet they also bring vital linguistic and cultural assets to our community. At Bert Corona Charter High we value and promote 21st Century college and career ready knowledge and skills, as well as multilingual and multicultural proficiencies that provide real advantages to our students in today's complex, interconnected world. We strive to achieve these academic and linguistic goals by implementing the highest quality, evidence-based programs and services for these students. While the plan describes procedures and systems that are required by state and federal law, this plan describes what is to occur in the classroom. We promote culturally responsive teaching that acknowledges the strong cultural heritages of all ethnic and linguistic members that live in Los Angeles.

Our goal is to build on that rich heritage and expand upon it to ensure that our students have the tools they need to achieve their dreams. A teacher handbook is included with this document that describes some of the research-based practices that Bert Corona Charter High endorses and expects to see these strategies used in classrooms. Professional development efforts will be focused around the use and implementation of California Common Core State Standards for English Language Development strategies.

The mastery of standard, academic English is an issue of access, equity, and social justice. The Bert Corona Charter High believes that a student's education should not be determined by his or her race, ethnicity, linguistic background, or socioeconomic status. We acknowledge the role that each of our individual characteristics plays in making our students who they are, and in our language learners; whether we are learning a new language, new vocabulary related to a program of study or a job, or different registers of speech in varied social settings. We are all continually learning to use language. Therefore, all teachers are teachers of language. With California's adoption of the new Common Core State Standards, and their emphasis on academic language and literacy across the disciplines using the English Language Development component will further support our students in the acquisition of English.

Bert Corona Charter High further supports and provides language enrichment through the use of Success for All program as we build students' mastery of standard, academic English and academic content proficiency. In this plan, we endorse teaching practices and strategies that respect, affirm, and build upon the language and culture of each child.

The *English Learners Plan* was developed to successfully provide educational services to our English Learners by addressing the following eight components:

- 1. Goals for English Learners
- 2. Initial Student Identification
- 3. Instructional Programs
- 4. Placement of Students and Reclassification Process
- 5. Evaluation, Monitoring and Accountability
- 6. Staffing and Professional Development
- 7. Parent Advisory Committees
- 8. Funding

This comprehensive *English Learners (EL) Plan* is premised on the ideal of equal educational opportunities for ALL students; it provides a comprehensive delivery system that will meet the needs of our English Learner students by:

- a) Providing a framework of the English Learners Program.
- b) Providing identification and assessment of appropriate instructional placement.
- c) Providing staff training programs; which will enhance bilingual competencies of personnel.
- d) Providing a balanced curriculum to ensure preparation and ongoing guidance to our students.
- e) Providing a method and criteria for selections, development, evaluation, and adoption of curriculum materials.
- f) Providing in-service training to develop and improve instructional strategies.
- g) Insuring the participation of staff, parents, students, and community members in the planning and implementation of the programs for our English Learners students.
- h) Determining and providing administrative leadership and fiscal needs to actualize the *English Learners Plan*.
- i) Providing periodic and ongoing evaluations of the instructional programs.
- j) Ensuring that the evaluation of resources is supplemental and distributed equally through all schools.

This *EL Plan* is the structure and foundation for an effective and successful instructional program for our EL students. The plan will be monitored and evaluated for necessary modifications to best meet the needs of our students on an ongoing process.

All Bert Corona Charter High personnel, teachers, staff, and administrators-are expected to follow the procedures specified in this <u>EL Master Plan</u>. Staff members who find ways to improve on these practices are encouraged to bring any proposed modifications to the attention of the Executive Administrator, for written approval to ensure that any such modifications meet the standards set by our governing board and are consistent with state and federal law. **All** responsible personnel of Bert Corona Charter High are to fully

implement this EL <u>Master Plan;</u> failure to do so will be reflected in the employees' evaluation.

The major goals for English learners are to develop proficiency in English and in the school's core curriculum as rapidly and as effectively as possible in an established English-language classroom. English learners are reclassified as fluent English proficient after meeting established criteria to ensure these students have overcome language barriers, have recouped any academic deficits incurred in other areas of the curriculum, and can demonstrate English-language proficiency comparable to that of the school's average native English-language speakers.

English Learners Vision Statement

We believe in the potential of our students. We believe ALL students must have equal access to a high quality education. We believe and acknowledge that English Learner (EL) students have a rich language and cultural background that provides a strong foundation for learning. We hold that knowledge is not language-based. We acknowledge that academic proficiency in the English Language is necessary.

We acknowledge that academic proficiency in the English Language is necessary for educational and professional success.

Based on these beliefs, Bert Corona Charter High addresses the needs of its EL students, grades 9th through12th through a comprehensive educational plan, which incorporates the acquisition of the English language while providing the option of increasing academic proficiency in the students' primary language and preserving their cultural heritage.

Components of the Vision

- 1. English is a vehicle for access to education. Not being able to speak the language used in schools for instruction is, therefore, a barrier to an education and limits the potential of students in Bert Corona High School.
- 2. A child's primary language is part of his or her identity. Learning to speak and write in one's home language, having that language incorporated into one's education, and making the choice about how and when one uses it are basic human rights. To ask children not to use their home language or adopt a new language is the same as asking them to deny their identity or to take on a new one.
- 3. Language resources. A child's home language is a resource to be conserved, protected, and developed. **ALL** EL students should have the option to become fully bilingual and bi-literate.

As we create an excellent English Learner Program for our students, it is important that our school community embraces the following:

- Builds an understanding about the needs of English Learners and about the impact of language and culture on education.
- Provides the leadership, builds the will, and create the attitudes to better enable educators to welcome and embrace English Learners.

Bert Corona Charter High English Learner Master Plan

Page 7

- Creates the structures that support academic success for English Learners.
- Builds the capacity to deliver programs that address the specific needs of our English Learners.
- Implements an accountability model that ensures the success of English Learners in our schools.

Goals For English Learners Program

Bert Corona Charter High will incorporate an ELD program that is aligned with the California Common Core State Standards-English Language Development that will target students who are developing their English language skills that will include:

- Ongoing measurement of each EL student's progress toward English language proficiency, through the use of ELD portfolios.
- Use of Explicit Direct Instruction, small group instruction, and small group tutoring throughout the day to assist EL students.
- Ongoing professional development in the area of sheltered instruction and specially designed academic instruction in English (SDAIE) for all subject area teachers, primarily using the Sheltered Instructional Observation Protocol (SIOP) model.
- Opportunities for ELD level 1 and 2 students to receive additional instructional support during the Success For All Reading Block with the Rosetta Stone Program.

Instructional Vision

Bert Corona Charter High will empower Citizen Scholars, California's future leaders, to succeed in the global community by setting high expectations for academic achievement, technological collaboration, research skills, problem solving, and social competence.

Instructional Mission

The mission of Bert Corona Charter High is to deliver rigorous, data-driven instruction in a service-oriented, project-based, culturally relevant, and technologically enhanced environment. BCCH Citizen Scholars will be college-ready, active citizens, and lifelong learners.

The BCCH educational approach includes the following:

- Access to instructional curriculum that meets the challenges of College and Career Readiness, and integrates Common Core Standards.
- Credentialed teachers supporting all students.
- A technology-rich learning environment, including access to technology both at school and at home to support academic achievement and access to research, Google Suite for Education, and other adaptive programs that provide timely and actionable feedback.
- College readiness assessments, including universal PSAT and SAT.
- College-ready skill benchmark assessments throughout all curricular domains, including reading for research, writing for argumentation, and presentation for defense.

• CTE vocational skill instruction and independent skill development taught by a credentialed and industry-experienced professional, using industry-standard digital and media arts tools and technology.

Students will explore how subjects relate to each other, through interdisciplinary projectbased learning, while achieving proficiency in the core academic and technical subjects and becoming critical thinkers. Teachers will engage students by organizing curricula around essential questions, building on students' prior knowledge, and connecting learning to students' lives.

Bert Corona Charter High recognizes and supports the importance of utilizing researchbased instructional practices to promote student achievement. In order to address how learning best occurs, faculty will be provided professional development and coaching in the following areas:

- Designing standards-based instruction using the principles of backwards designs and aligns learning objectives to interim assessments.
- Implementing instructional activities that are aligned to CA Common Core standards and reflect research-based best practices.
- Incorporating instructional strategies detailed in Get Better Faster (GBF)¹, including the use of Bambrick-Santoyo's observation and self- assessments instruments.
- The use of Whetstone, an online platform system (aligned to GBF) for leaders and teachers, which manages walkthroughs, observations, feedback, reporting, datadriven instruction and professional development. Additionally, Whetstone will allow the Instructional Leadership Team to see real-time data on observation frequency, action steps, and teacher coaching trends.
- Professional development will be provided to teachers in the use of all teaching protocols, setting of benchmarks, methodology and annual Get Better Faster Teacher Development growth plans. Professional development will focus on training for collective and differentiated skills gaps and creating action plans for follow-up.
- Supervise and Support Effective Teachers in Every Classroom-Teachers will have weekly coaching observations by an instructional lead (Executive Administrator, Mentor Teacher, or Lead Teacher) who will provide bite-sized, actionable, and observable feedback that can be accomplished in a week. The Executive Administrator will facilitate weekly data meetings to drive instruction and results.

The Relay Graduation School of Education² focuses on two elements of instructional Leadership:

- Data Driven Instruction, which focuses on school-wide systems for collecting and analyzing student work to ensure that all students meet rigorous expectations
- Observation and Feedback, which guides leaders to help teachers grow to their full potential by building a schedule that supports frequent classroom observations and focused feedback meetings. The program is delivered in 15 professional

development sessions spaced over a school year. Each session builds on the previous to deepen observers' skills and effectiveness. Topics include:

- Get better Faster Teacher Development Scope and Sequence³- Teacher actions
- Observation and Feedback Protocols- Leader and Coach actions
- Inter-rater reliability for observers-Leader and Coach actions
- Constructing effective feedback-Leader and Coach Actions
- Weekly Data Meeting Leader Moves and Actions
- Analyzing data on teacher practice for trends and patterns- Teacher, Leader, and Coach actions
- Collecting data to convene collegial conversation- Teacher, Leader, and Coach actions
- Connecting teacher practice to student achievement- Teacher, Leader, and Coach actions

Backwards-planning guides teachers through the unit and lesson design process:

- Deconstruction and analysis of the Common Core State Standards
- Differentiated assessment design aligned to prioritized standards and identified learning targets
- Innovative, research-based instructional strategies clearly articulating student learning objectives
- Aligning standards and assessments to real-world learning applications that take the shape of meaningful, rigorous, and accessible projects.

At Bert Corona Charter High School, it will be the expectation that students are engaged in the curriculum and learning objectives at all times. Teachers are expected to continuously communicate learning objectives to all students while using formative and summative assessments to check for student mastery of all concepts and state content standards. Research clearly suggests that learning best occurs when students are actively engaged in their own learning. This requires that students are actively involved in conversations about learning objects, instruction, and assessment. Furthermore, this student-centered approach supports a more culturally relevant curriculum that connects with student's interests and prior experiences. Frequent and meaningful connections with parents that engage them in conversations about their child's education will also ensure that the academic program reflects the diversity of the BCCH community being served.

As part of the curriculum design process, research-based instructional strategies for increasing student achievement will be embedded into the daily culture of the classroom. Strategies addressed in Classroom Instruction that Works (Marzano, Pickering, and Pollock) are used by teachers in their classrooms. These researchers have compiled teaching practices and strategies that "Have a high probability of enhancing student achievement for all students in all subject areas at all grade levels" (Marzano, Pickering,

³ Bambrick-Santoyo, P, (2016, p.XXXi) Jossey-Bass, San Francisco, CA.

Bert Corona Charter High English Learner Master Plan

Pollock, 2001). Teachers will be challenged to examine the three elements of effective pedagogy: Instructional Strategies, Management Techniques, and Curriculum Design.

This approach further encourages teachers to develop standards-aligned assessments and project-based instructional activities at each grade level, and across the content areas. The professional development preparation during the initial year will focus on this integration, as a transition period toward a more complete use of the technique in subsequent years. The foundational coursework, as outlined above, will use a repertoire of instructional strategies, curriculum, and materials. Instructional strategies will include:

- Direct instruction
- Group Practice
- Independent Practice
- Guided Discourse
- Socratic Discourse
- Modeling (I do / we do / you do)
- Project-based learning
- Cooperative group work
- Interdisciplinary driving questions
- The presentation of clearly defined "Learning Targets" for all students by all
 - Teachers
 - Rubric self-assessment
 - Clearly defined reteaching structures
- The involvement of community members and educational partners in instructional
 - Presentation
 - Mentoring program
 - Defined reteaching structures
- Teachers may also implement other strategies to meet the needs of students with reading difficulties, students with disabilities, advanced learners, and English learners, students with culturally diverse backgrounds, and students with combinations of special instructional needs. Strategies useful in planning for universal access may include:
 - Utilizing frequent progress-monitoring assessments and checks for understanding
 - Engaging in careful planning and organization
 - Differentiating to meet students' instructional needs
 - Reteaching and conferencing to allow for authentic questions
 - Allowing students to work past deadlines
 - o Cooperative group learning with a "more knowledgeable other"

English Language Development

Bert Corona Charter High is committed to the California State Board of Education (SBE) adopted California Common Core State Standards for English Language Arts, Literacy in History/Social Studies, Science, and Technical Subjects (Common Core State Standards), all of which describe the knowledge, skills, and abilities in reading, writing, speaking and listening, conventions, knowledge of language, and vocabulary that all students need for college and career readiness across key academic content areas. These NEXT Generation Standards, along with the Common Core State Standards for Mathematics and the NEXT Generation Science Standards, ensure K–12 students gain the necessary literacy and mathematical understanding and practices required in 21st-century higher education and workplace communities.

The Bert Corona Charter High's Board strongly believes that all students should be held to the same high expectations outlined in the Common Core State Standards. This includes students who are English language learners. However, these students will require additional time, appropriate instructional support, and aligned assessments as they acquire both English language proficiency and content area knowledge.

The Bert Corona Charter High's ELs will need instructional support in developing proficiency in English language and literacy as they engage in learning academic content based on these new, rigorous standards. ELs may face an additional challenge in developing literacy in English since they must develop oral proficiency in English— including depth and breadth of vocabulary—at the same time that they are learning to read and write. Bert Corona Charter High will follow the new CA Common Core English Language Development Standards to clarify what knowledge, skills, and abilities are needed to help ELs engage with and master next generation standards, including college- and career-readiness standards.

Bert Corona High School's English Learner Students

ELs will come to Bert Corona Charter High with a range of cultural and linguistic backgrounds, although Spanish is the largest first language, experiences with formal schooling, proficiency with native language and English literacy, migrant statuses, and socioeconomic statuses, as well as other experiences in the home, school, and community. All of these factors inform how educators support ELs to achieve school success through implementation of the new CA Common Core ELD Standards and the academic content standards. Some of these key factors follow:

Stages of Cognitive Development. It is important to note how ELs learn the English language at different stages of their cognitive development. Most notably, it is important to distinguish between students in the primary grades, for whom the focus is "learning to read" while also engaging in challenging content learning, and students in the intermediate and secondary grades, for whom the focus is "reading to learn" in various content areas. EL students who enter Bert Corona Charter High in secondary grades, depending upon the level and extent of previous schooling they have received, may need additional support mastering certain linguistic and cognitive skills in order to fully engage in intellectually challenging academic tasks.

 Native Language Literacy. Adolescent ELs who enter Bert Corona Charter High in the secondary grades may have varying levels of native language foundations in literacy. All students will be able to draw upon knowledge of oral vocabulary and structures (e.g., recognition of cognates) to inform their English language learning to some extent, depending on their native language oral proficiency and how closely their native language is related to English. Students with established native language literacy and content knowledge would be able to transfer these skills and knowledge to English with appropriate instructional support.

Programs and Services for English Learners. At Bert Corona Charter High EL could be in a newcomer program, a structured English immersion program, and a mainstream program where ELs may receive specialized ELD instruction, or a separate ELD class. The new CA Common Core ELD Standards will apply to all of these settings and designed to be used by all teachers of academic content and of ELD in these settings. Bert Corona Charter High will use the new CA Common Core ELD Standards in ways that are appropriate to the school setting and identified student needs. For example, they are the focal standards in settings specifically designed for English language development— such as an ELD class where ELs are grouped by English language proficiency level. Bert Corona Charter High will use supplemental EL materials found on the CDE approved list of materials for ELs. Bert Corona Charter High teachers will use the new CA Common Core ELD Standards to support ELs in mainstream academic content classrooms.

Organization of the Proficiency Level Descriptors

The organization of the PLDs represents English language development as a continuum of increasing proficiency in language learning and use, starting with native language competencies students possess when they enter school, and concluding (though not ending) with lifelong language learning that all language users engage. The three levels are labeled to represent three stages of English language development, describing expectations for how well students can understand and use the English language at each level as they continue to build on existing language skills and knowledge.

- 1 Emerging: Students at this level typically progress very quickly, learning to use English for immediate needs as well as beginning to understand and use academic vocabulary and other features of academic language.
- 2 Expanding: Students at this level are challenged to increase their English skills in more contexts, and learn a greater variety of vocabulary and linguistic structures, applying their growing language skills in more sophisticated ways appropriate to their age and grade level.
- 3 Bridging: Students at this level continue to learn and apply a range of high-level English language skills in a wide variety of contexts, including comprehension and production of highly technical texts. The "bridge" is the transition to full engagement in grade-level academic tasks and activities in a variety of content areas without the need for specialized ELD instruction. However, ELs at all levels of English language proficiency fully participate in grade level tasks in all content areas with varying degrees of scaffolding in order to develop both content knowledge and English.

The PLDs also emphasize that ELs at all proficiency levels are capable of higher-level thinking and can engage in complex, cognitively demanding social and academic activities requiring language as long as they are provided appropriate linguistic support. The extent of support needed varies depending on the familiarity and complexity of the task and topic, as well as on the student's English language proficiency level. Within the PLDs, three general levels of support are identified: Substantial, Moderate, and Light. The descriptors for these general levels of support are intended to signal the extent of linguistic scaffolding most likely needed for implementing the CA ELD Standards appropriately at each proficiency level. They are not intended to explain how to provide support or differentiate instruction for ELs at each level.

Title III funding from the federal government to help English learners to speak, read, and write in English and to achieve in reading and mathematics. Bert Corona Charter High will receive Title III funds that are reviewed each year, as required under every Student Succeeds Act, to see if they meet the three Annual Measurable Achievement Objectives (AMAOs) for our English learners:

Table 1: AMAO's and Measurable Goals

Table 1: AMOS for English Learners			
Annual Measurable Achievement Outcomes	Measurable Goals		
 Progress in learning English Increase one proficiency level Initial Fluent (IFEP) Well developed, Intermediate English Learner-somewhat to moderately developed, Novice English Learner - minimally developed must reach English Proficient level bringing all skills to Intermediate Level. English Proficient levels are expected to maintain that level. <u>Emerging</u>: Students at this level typically progress very quickly, learn to use English for immediate needs, and begin to understand and use academic language for the grade level, with substantial language support provided. <u>Expanding</u>: Students at this level use their growing language skills in more advanced ways that are appropriate to their age and grade level, with moderate language support provided. <u>Bridging</u>: Students at this level can independently use a variety of high-level English language skills and fully participate in grade-level academic activities in all content areas, with light language support provided. 	 Administer the ELPAC to ascertain the level of proficiency. Conduct analysis of ELs Identify factors that contribute to meeting or not meeting AMAOs. Holding quarterly meetings with parents to discuss each student's progress toward English language proficiency.

English Learners will achieve and sustain high levels of academic, linguistic and cultural competency. The goals are:

- The BCCH <u>English Learner Master Plan</u> program will be developed and fully implemented.
- **ALL** English Learners will master the English language as efficiently and effectively as possible.
- ALL English Learners will achieve academic success.
- ELs and RFEPs will have representation in success with college entrance exams and enrollments in colleges and universities consistent with their size of the entire student enrollment.
- ELs and RFEPs will continue traditions of responsibility and positive relationships within their families and home community and will be prepared develop the ability to live and work productively in various cultural settings throughout the wider society.
- ELs and English Only students enrolled in programs where they will master listening, speaking, reading, and writing in Spanish as well as English.
- Parents of ELs and RFEPs will be engaged and represented in their children's education consistent with the proportion of the students enrolled.

English Learners will develop the skills necessary to be successful citizens. These skills include:

- Academic preparation
- Information literacy
- Fluency in technology
- Cross-Cultural sensitivity
- Interpersonal communication
- Community and civic participation
- Social and environmental responsibility.

Essential Elements for English Learner Programs

The enrollment process begins when a parent or guardian takes their child to BCCH and completes the enrollment packet. A key component of the enrollment process is the Home Language Survey (HLS). The HLS is a questionnaire used to determine the student's primary language and whether the student will be required to take an assessment for English language proficiency. The results of the English language proficiency assessment will determine the appropriate instructional services a student will need to meet their full academic potential.

• California *Education Code* (EC), Section 52164.1 (a) contains legal requirements which direct schools to determine the language(s) spoken in the home of each student. Please see the California Department of Education website for more information.

The HLS consists of the following four questions:

- What language did the student learn when he or she first began to talk?
- What language does this student most frequently use at home?
- What language do you use most frequently to speak to this student?
- Which language do the adults at home most often use?

A home language determination is required only once. The information provided by the parent/guardian on the initial HLS takes precedence over any information provided on subsequent surveys. Parents/guardians are to receive an explanation regarding the purpose of the HLS, as well as the possibility that their child may be given an assessment to determine their level of English language proficiency. The explanation should be given:

- Orally during enrollment
- During an initial consultation on programs for ELs
- Through the initial parent/guardian notification letter Schools should reassure parents/guardians that the HLS is used solely to offer appropriate educational services, not for determining legal status or for immigration purposes.

Amending the Home Language Survey: The parent/guardian has the right to amend the HLS at any time. However, any changes to the HLS will need to be made by the parent/guardian prior to the ELPAC Summative Assessment window. If the parent/guardian amends the HLS prior to ELPAC Summative administration, the school must honor the changes made while continuing to take reasonable doubt into consideration. If there is no reasonable doubt as to the student's English language proficiency, the school must initiate the Language Classification Correction process.

Parent/Guardian Notification Requirements: Research shows that strong family-school relationships are an indicator of student success. Schools have an obligation to ensure meaningful communication with parents/guardians in a language they can understand and to adequately notify parents/guardians of information about language instructional programs and services. When 15 percent or more of the student population speaks a single primary language other than English, as determined from the preceding year's Census data submitted to the Department of Education, the school is required to send all correspondence to parents/guardians in English and the primary language (California EC 48985).

Title I [*Elementary and Secondary Elementary Act*, Section 1112 (g)(1)(A)] requires schools to inform parents/guardians of initially identified ELs within 30 days after the beginning of the school year/track (or, if during the school year, within two weeks of the child being placed in a program).

After the student completes the initial English language proficiency assessment,

Bert Corona Charter High English Learner Master Plan

Page 17

parents/guardians must receive in timely manner information about the student's

English Language Proficiency (ELP), instructional program options, and of their right to opt out of an EL instructional program. Translating this information into the family's home language is critical, and if a written translation is not provided, an oral interpretation should be made available whenever needed.

In order to create the necessary conditions for English Learners to achieve at higher levels Bert Corona Charter High will implement the following essential elements.

Learning Environment

English Learners at Bert Corona Charter High will be provided a safe, non-threatening and affirming learning environment in which it is the norm for them to:

- Interact, collaborate, communicate, and negotiate with their peers.
- Experience an education that is rich and challenging, which will prepare the student to be college and career ready.
- Use and fully develop their language and culture.
- Have their voices heard and reflected throughout the school community.
- Share equitably in the allocation of access and resources.

Curriculum

English Learners will have access to a challenging, well-articulated curriculum, which builds bilingualism and bi-literacy. This curriculum will be:

- Based on and aligned to the California Common Core State Standards, English Language Development, California Department of Education State and Bert Corona Charter High standards.
- Rigorous, meaningful, purposeful, interesting, and rich.
- Student-centered and student-friendly.
- Multicultural
- Designed to provide authentic and ongoing reflection

Pedagogy

English Learners will have access to culturally and linguistically responsive teaching strategies that are focused on their experiences, interests, and needs. This includes:

- Complex, hands-on learning experiences.
- Opportunities for active processing, deep and critical thinking, and reflection.
- Connections between new and prior knowledge.
- Examining issues of social justice, which have daily impact on students' families and their communities.

Instructional Resource

I. English Language Arts

The CA Common Core State Standards was updated as stated in the Department of Education Publications Senate Bill 1200, Statutes of 2012 and provided an update for: English Language Arts and Literacy in History/ Social Studies, Science and Technical Subjects (CA CCSS for ELA/Literacy). The CA CCSS for ELA/Literacy were modified on March 13, 2013, following the recommendation of State Superintendent of Public Instruction Tom Torlakson, to include the addition of the College and Career Readiness Anchor Standards and technical changes.

The English Language Arts courses will prepare students for thoughtful study by conveying the importance of being active thinkers during reading and writing exercises. In the area of curriculum development and language arts instruction for grades 9th-12th, Bert Corona Charter High will:

- Develop and or adopt an English Language Arts curriculum that incorporates the grade-level curriculum content specified in the Common Core State Standard. (
- Integrate reading, writing, speaking, and listening to form a greater understanding of history-social science, mathematics, and science.
- Develop important "habits of mind" in the form of evidence, connections and patterns, supposition, and meaning that will produce active and thoughtful writers, poets, researchers, and speakers.
- Teach students to read with ease, fluency, and enjoyment.
- Expose students to multicultural fiction, non-fiction, poetry, essays, and scripts.
- Teach students to write with clarity, expression, and purpose.
- Coach students to deliver and critique oral presentations effectively.
- Engage students to reflect upon ways literature and writing impact their lives through authentic writing and multicultural literature selections.
- Integrate appropriate technology and technological analysis into the study of English-Language Arts.
- Adopt and implement Common Core State Standards.

As stated the CA ELD Standards, which emphasize that ELs at all, English language proficiency levels are engaged in the type of rich instruction called for in the CA CCSS for ELA/Literacy, with appropriate scaffolding that attends to their particular language learning needs. The goal of the CA ELD Standards is that at each grade level or span, is to ensure that ELs are fully supported as they read, analyze, interpret, create a variety of literary and informational text types;

- Develop an understanding of how language is a complex, dynamic, and social resource for making meaning;
- Develop an understanding of how content is organized in different text types across disciplines using text organization and structure, language features, and vocabulary depending on purpose and audience;
- Become aware that different languages and varieties of English exist;

Page 19
- Recognize their home languages and cultures as resources to value in their own right and to draw upon in order to build proficiency in English;
- Contribute actively to class and group discussions by asking questions, responding appropriately, and providing useful feedback;
- Demonstrate knowledge of content through oral presentations, writing, collaborative conversations, and multimedia; and Develop proficiency in shifting registers based on task, purpose, audience, and text type.
- This framework for implementation of the CA CCSS for ELA/Literacy and CA ELD Standards is a critical and essential contribution toward achieving this goal.

Guiding Principles

The following guiding principles and beliefs informed the development of the framework:

- Schooling should help all students achieve their highest potential.
- The responsibility for learners' literacy and language development is shared. An ELA/ELD curriculum is designed, comprehensive, and integrated. Effective teaching is essential to student success.
- Motivation and engagement play crucial roles in learning.

BACKGROUND

Family and Community Engagement

Bert Corona Charter High promotes strong family and community engagement programs. These programs include: Quarterly Parent Conferences, Parent Advisory Committee equivalent to the English Learners Advisory Committee (ELAC), Bi-Annual Mini-Conferences, and monthly Parent Meetings at school site; which will include ongoing communications through letters, telephone, which support meaningful involvement and actively promote the development of parent and community leaders who effectively advocate on behalf of English Learners.

These programs help English Learner families establish home environments that support their children's learning. First, they develop communication strategies that engage everyone to design effective forms of school-to-home and home-to-school communication. Further, they recruit and organize family/community to support parents in their Bert Corona Charter High policy as well as the decision-making process.

Ensuring the educational success of every child requires a concerted, collaborative effort on the part of parents, teachers, administrators, and the community at large.

Staffing and Professional Development

Based on a clear and common vision of what constitutes effective teaching for English Learners, along with well-defined standards of practice and performance which explicitly state what teachers should know and do to meet the diverse needs of English Learners, Bert Corona Charter High has developed a coherent and comprehensive professional development program. This program will assist teachers who work with English Learners to close the achievement gap and accelerate student achievement and language

proficiency through grade twelve. The program will also be designed to increase the rate of English Learners who successfully attend college and advanced learning institutions.

Record Keeping

To ensure that accurate records are kept, every student identified as EL attending Bert Corona Charter High has an English Learner Folder (ELF). The ELF is maintained with the Coordinator of Instruction and shared with student's ELD teacher in grades 9th -through 12th. The ELF contains the following:

- 1. ELPAC Reports
- 2. Primary Language Assessments (IPT-Spanish)
- 3. Reclassification Documents
- 4. Home Language Survey
- 5. Parent Notifications
- 6. Waiver Documents
- 7. Other Norm-Referenced Standardized Test Results
- 8. Alternative Reclassification
- 9. Follow Up Reclassification
- 10. All assessments and scores

INITIAL IDENTIFICATION (CCR-EL4)

Initial Identification

EL4 Bert Corona Charter High will properly identified, assessed, and supports all students who have a primary language other than English.

Home Language Survey

EL4a A Home Language Survey (HLS) is used to determine the primary language and is on file for each student at Bert Corona Charter.

Schools in California are required, at the time of the student's enrollment into Bert Corona Charter High to determine the language(s) spoken in the student's home in order to provide meaningful and appropriate instruction. This information is provided on the Home Language Survey (HLS). When enrolling a student at Bert Corona Charter High, a parent or guardian is required to complete a Home Language Survey as part of the process.

Assessment of English Language Proficiency

EL4b Each student whose home language is other than English as determined on the HLS has been assessed within 30 school days of initial enrollment in English comprehension, speaking, reading, and writing using the state-designated instrument.

Note: Administration of the HLS must include all four questions. The decision to test students who indicate a language other than English only on the fourth question should be made on an individual basis. Alternative assessments may be used for special education students with low-incidence and severe disabilities.

All students who's Home Language Survey indicates a language other than English on the survey's first three questions must be assessed in English language skills within thirty calendar days of initial enrollment in Bert Corona Charter High. The questions are: (1) first language learned by the child, (2) the language most frequently spoken by the child at home, and (3) which language is most frequently used by the parents or guardians when speaking with the child.

The California English Language Proficiency Assessment (ELPAC), the state approved instrument for testing English language proficiency, is used for this purpose. The ELPAC assesses the student's proficiency in English reading, writing, speaking, and listening skills. Students identified as having a home language other than English by the Home Language Survey, but score at the Early Advanced or Advanced levels on the ELPAC are designated initially as fluent English Proficient and placed in the appropriate language program.

- Initial Fluent (IFEP) Well developed, Intermediate English Learner-somewhat to moderately developed, Novice English Learner minimally developed must reach English Proficient level bringing all skills to Intermediate Level.
- English Proficient levels are expected to maintain that level.
- <u>Emerging</u>: Students at this level typically progress very quickly, learn to use English for immediate needs, and begin to understand and use academic language for the grade level, with substantial language support provided.
- <u>Expanding</u>: Students at this level use their growing language skills in more advanced ways that are appropriate to their age and grade level, with moderate language support provided.
- <u>Bridging:</u> Students at this level can independently use a variety of high-level English language skills and fully participate in grade-level academic activities in all content areas, with light language support provided.

Students who indicate a language other than English only on the fourth question of the HLS, the language spoken most frequently by adults in the home need not be assessed with the ELPAC, and will be initially designated as English Only (EO) and placed in the appropriate program.

Primary Language Proficiency Assessment

EL4c Bert Corona Charter High has further assessed each English learner for primarylanguage proficiency, including comprehension, speaking, reading, and writing within 90 calendar days of initial enrollment. Parallel forms of the tests to determine English-language proficiency are used if available.

All identified English Learner students are assessed for primary language proficiency in reading, writing, speaking, and listening within ninety (90) calendar days of initial enrollment. An administrator trained and a fluent speaker of the student's primary language conducts the assessment. When no staff person is available for speakers of other languages, an informal assessment will be administered.

Parental Notification

EL4d All parents of EL and FEP students have been notified in writing of their child's English-language and primary-language proficiency results.

Every effort should be made to inform parents immediately of results of assessments; no later than ten (10) days following the completion of all initial assessments, the Initial Language Identification Form and the Initial Primary Language Identification Form will be sent to parents by the site resource teacher.

Maintenance of Records

Upon completion of the assessment process in grades 9th through 12th, the school will record the results into Bert Corona Charter High database. Results of initial assessments are entered for each student and communicated to the student's teacher(s). A copy of the Home Language Survey, original forms with assessment results in English and Primary Language, and Parent Notification forms are placed in the student's English Learner Folder (ELF).

<u>FLOW CHART – Figure 1</u> Assessment for Initial identification and Program Placement

Bert Corona Charter High English Learner Master Plan

The instruction for Bert Corona Charter High English Learners consist of two primary programs which comply with all current state and federal laws,

- 1. Structured English Immersion
- 2. English Learners Mainstream Programs

These programs consist of a Common Core State Standards-English Language Development component and access to the core curriculum including the following:

- 1. Self-image/Cross-Cultural Awareness
- 2. Differentiated Instruction
- 3. Differential Materials
- 4. Student Assessments (multiple measures)
- 5. Qualified Staff
- 6. Catch-Up Plan (Computer Assisted Learning)

Parental Involvement

Parental involvement in decisions regarding the education of their children is required and critical to the student's academic success. At initial enrollment and every year thereafter, parents are notified of the educational options for their children including waivers for alternative programs.

All descriptions of the program are disseminated in the language comprehensible by the parent.

Instructional Programs [CCR-EL3]

Instructional Programs

EL3 Bert Corona Charter High provides services to English learners to ensure that they are acquiring English-language proficiency and recovering any academic deficits that may have been incurred, in other areas of the core curriculum. Bert Corona Charter High provides additional and appropriate educational services to English learners in grades 9th through 12th in all classroom situations. These services are for the purposes of enabling English learners to overcome language barriers and must be provided until they have demonstrated English-language proficiency comparable to that of the Bert Corona Charter High average native English-language speakers and recouped any academic deficits that may have been incurred in other areas of the core curriculum as a result of language barriers.

EL3a Each English learner receives a program of instruction in English-language development in order to develop proficiency in English as rapidly and as effectively as possible.

EL3b English learners are meeting Bert Corona Charter High content and performance standards for their respective grade levels in core curricular areas. Bert Corona Charter High may choose to ensure that English learners acquire English and learn grade-level academic content simultaneously by implementing a program designed to keep English learners at grade level in all areas of the curriculum. Bert Corona Charter High may choose to concentrate first on teaching English so long as Bert Corona Charter High subsequently brings students to grade level in all other areas of the curriculum within a reasonable amount of time. Bert Corona Charter High has a plan that describes any academic deficits will be monitored and provided intervention.

These models comply with all current state and federal laws. Parental involvement in decisions regarding the education of their children is required and critical to the student's academic success. At initial enrollment and every year thereafter, parents are notified of the educational options for their children.

In July 2017, the California State of Education adopted a historic new English learner education policy, the English Learner Roadmap. This policy recognizing English learners as a system-wide responsibility, recognizing a need to provide EL students with rich and challenging curriculum from early childhood to grade 12, and respects the value of English learner's primary language and culture. On July 1, 2018 the California Department of Education regulations for implementing Prop. 58 to establish programs for English Learners that promote proficiency in multiple languages and leverage students' home language as an asset, the following principles as outline at *cde.ca.gov*:

All programs for English Learners provide Common Core State Standards English Language Development (ELD) and access to the core curriculum. All descriptions of programs are disseminated in the language comprehensible to the parent.

Placement in Structured English Immersion (SEI) or the English Language Mainstream setting is based on assessment, of the student's English proficiency. ELs that lack Reasonable Fluency in English are initially placed in SEI with support in primary language when needed. Those scoring above this level are placed in the English Language Mainstream.

Elements of Program Options

The goal and expectations for two English Learners programs are as follows: In the SEI, students scoring at ELPAC Levels 1 and 2, are expected to reach reasonable fluency 1-3 years with a time period of 5 to 7 years to be reclassified as FEP.

In our Mainstream program, students are expected to be reclassified in 3-5 years and 5 to 7 years to be reclassified as FEP.

English Learners Program Settings* -

*All of the instructional programs designed for English Learners must contain the following components:

- 1. Explicit, well-articulated, standards-based, differentiated English Language Development (ELD) instruction, specifically designed for English Learners;
- 2. Well –articulated standards-based core curriculum instruction provided with primary language support and/or through specially designed academic instruction in English (SDAIE); and
- 3. Structured activities designed to develop multicultural competency and positive self-esteem, integrated through the core curriculum.

Task-based instruction allows students to work with concepts and language in a variety of ways (e.g. via reframing, where students can act, draw, or map out the concepts, or use poetry, song, chant, letters, or keep diaries);

- 1. Grade-level content instruction in English designed for English Learner;
- 2. Facilitating English Learners in accessing the same core curriculum as that of English-only students;
- 3. Language-sensitive and culture-sensitive content teaching;
- 4. Developed through comprehensible language;
- 5. Making accommodations in the learning environment so more students are able to access the content;
- 6. An ideal place to use language for communication;
- 7. A natural vehicle through which to teach English;
- 8. Good language teaching when the input is made comprehensible;
- 9. Instruction encouraging the active use of language and the emphasis on big ideas;

Bert Corona Charter High English Learner Master Plan

- 10. Instruction that allows the teacher to check for understanding frequently using interactive strategies;
- 11. Integrating assessment in an on-going and formative manner through observations portfolios, journals, and product-development; and
- 12. Built on language modifications such as pause time, questioning, pacing, and highlighting.

Key Features of SDAIE

In effective SDAIE classrooms, leaders, and teachers work together to ensure the use of sound practices that make content comprehensible for English Learners. These practices include:

- 1) modeling
- 2) contextualizing
- 3) reframing
- 4) checking for comprehension
- 5) questioning
- 6) orchestrating all modalities of learning
- 7) bridging
- 8) building schema
- 9) developing metacognition
- 10) monitoring/assessing
- 11) adjusting speech register
- 12) interacting

For English Learners at Beginning, Early Intermediate, and sometimes at the Intermediate level, access to the core can be facilitated by primary language support. The assignment of a BCLAD teacher is always the best method for providing language support.

However, when there are 10 or more students of the same language who need a particular course and a BCLAD teacher is not available, then the students will be grouped together with a CLAD-certificated teacher and provided a bilingual instructional assistant, who will use the primary language to motivate, clarify, direct, support, and explain.

Structured English Immersion (SEI)

The Structured English Immersion Program is an English language acquisition process for young children in whom nearly all classroom instruction is in English but with the curriculum and presentation designed for children who are learning the language. Students are taught subjects "nearly all," but not exclusively in English. Teachers may use the student's primary language to motivate, clarify, direct, support, and explain. The goal of this program is for English Learners to demonstrate a reasonable fluency in English.

Bert Corona Charter High makes every effort to use a simultaneous approach designed to allow English Learners to learn English and to keep up academically on grade level in the content areas. In instances when a student does fall behind in his/her academic progress, an individualized catch-up/recovery plan will be developed to address specific needs. Student identified for this type of support will be placed in a setting that offers additional English Learner Support.

English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) are both used to meet the requirements of Structured English Immersion. ELD specifically teaches students English: listening, speaking, reading and writing. SDAIE

provides grade level academic instruction that gives students access to the core curriculum and teaches English vocabulary and reinforces English structures. Primary language support is provided as needed for the student to access the core.

Program Requirements

- All teachers must be appropriately certified, i.e., CLAD, BCLAD or in training, providing core instruction for ELs.
- Parents must be informed of the placement of their children in a Structured English Immersion Program and must be notified of the opportunity to apply for a parental exception waiver. In order to request a waiver, parents must visit the school unless a specific hardship exists.
- Core instruction in Language Arts, Math, Science, and Social Science is taught "overwhelmingly" in English using primary language support and SDAIE strategies.
- ELD instruction is provided daily using the Bert Corona Charter High adopted programs delivered by an appropriately certified teacher, i.e., CLAD, BCLAD or in training. In grades 9th through 12th students are grouped according to their level of English proficiency, for 45 minutes, this is provided during the Success For All Reading period, as determined by the ELPAC and other local ELD assessments students are provided ELD instruction per day at ELPAC levels 1 and 2, and at ELPAC Levels 3-5 placement is determined per each individual student diagnosis. At all levels, ELD instruction is coordinated with English Proficiency levels as determined by the ELPAC. Instruction must include listening, speaking, reading, and writing.
- Primary language materials may be used in all subjects.
- All students participate in activities that promote a positive self-image and crosscultural understanding.
- After participating in this program for one year, students will be placed in the English Language Mainstream Program unless the student has not reached the level of reasonable fluency.

***Note:** Best practice and evidence from schools throughout the state support a design that provides substantial ELD (Two to three separate periods daily) for ELs at ELPAC levels 1 and 2. It is also good practice to have separate, 2-hour blocks of ELD for ELPAC level 3. A reading laboratory, as well as access to articles through Achieve 3000 and materials on the Internet will be provided in Bert Corona Charter High Advisory, PASS (Passport to Student Success)/ Rti to support student advisement, and supplemental support.

However, for some ELPAC 3s, and for ELPAC 4s, ELD instruction may be provided within sheltered or even "mainstream" English Language Arts/Literature (ELA) classes. Here are reasonable criteria for judging whether such ELD instruction meets the needs of students and the requirements of law:

- a. The ELA teacher knows the ELPAC levels of students (oral, reading, and writing).
- b. The teacher holds a CLAD, BCLAD, or equivalent EL authorization.
- c. The teacher also uses interim ELD assessments beyond ELPAC

- d. ELs are grouped (for at least some time) for ELD instruction by ELD level, and that instruction matches their <u>ELD</u> diagnosed need. It is different from the grade-level, ELA content. ELD need not be taught daily. Time and frequency should be justified.
- e. The teacher and students can identify which ELD Standards are being taught.
- f. The right materials for ELD are available and used.
- g. The teacher has evidence (see "c", above) that ELs are making reasonable progress (i.e., there is progress toward reaching ELD benchmarks).

English Language Mainstream Program

In the English Language Mainstream Program, the student is placed into an all-English class with minimal primary language support. The student will receive ELD from the classroom teacher and be assigned to a section of ELD until they acquire reasonable fluency in English. English Language Mainstream Program teachers will be responsible for providing ELD instruction that continues the students' English language development, preparing them for reclassification, and make up any academic deficits which may have been incurred in the core curriculum as a result of language barriers. In addition, students will be provided with one or more core subjects taught using SDAIE. SDAIE is an instructional methodology designed to make lessons as comprehensible as possible to non-native speakers of English so that these students will be able to progress in their studies of Language Arts, Math, Science, and Social Science and meet grade-level standards.

Program Requirements

- All teachers must be appropriately certified, i.e., CLAD, BCLAD, Hughes or in training for these authorizations.
- ELD instruction is provided using Bert Corona High School-adopted program from an appropriately certified teacher, i.e., CLAD, or BCLAD. In grades 9th through 12th, students are provided 1 period of ELD instruction per day at ELPAC Levels 1 and 2, and at ELPAC Levels 3-5. At all levels, ELD instruction is coordinated with English proficiency levels as determined by the ELPAC. Instruction must include listening, speaking, reading, and writing.

Bert Corona Charter High English Learner Master Plan

Expanded Program (Grades 9th through 12th)

The Instructional program for students enrolling with ELPAC scores at levels 1 or 2, will consist of a 4-year program and/or a modified program.

ENGLISH LEARNERS (EL's)

Bert Corona Charter High will administer the ELPAC initial identification assessment to students within 30 calendar days of enrollment for those students who indicate on the Home Language Survey that their primary language as other than English and for those students who have no record of English language development assessment results. Bert Corona Charter High will also administer the ELPAC annually to identify English Learners until they are re-designated from English Learner to Fluent English Proficient. According to the California State Board of Education Common Core ELD Standards:

- Initial Fluent (IFEP) Well developed, Intermediate English Learner-somewhat to moderately developed, Novice English Learner minimally developed must reach English Proficient level bringing all skills to Intermediate Level.
- English Proficient levels are expected to maintain that level.
- <u>Emerging</u>: Students at this level typically progress very quickly, learn to use English for immediate needs, and begin to understand and use academic language for the grade level, with substantial language support provided.
- <u>Expanding</u>: Students at this level use their growing language skills in more advanced ways that are appropriate to their age and grade level, with moderate language support provided.
- <u>Bridging:</u> Students at this level can independently use a variety of high-level English language skills and fully participate in grade-level academic activities in all content areas, with light language support provided.

Reclassification

<u>The California State Board of Education's Reclassification Guidelines for English</u> <u>Learners</u>

- 1. Comparison of performance in basic skills earning C grades on core subject of English at grade level.
- 2. Assessment of English Proficiency- English Language Proficiency Assessment (ELPAC 4) and NWEA MAP
- 3. Teacher evaluation of student academic performance
- 4. Parent opinion and consultation

As stated Bert Corona Charter High continues to work closely, one-on-one with teachers reviewing student portfolios in determine if students are eligible for the reclassification redesignation process; which indicates that students, while achieving an early advanced and advanced on the ELPAC were not able to be re-designated as the student did not meet the criteria listed above, specifically the comparison of performance in basic skills.

The Language Census Report concludes that ELs are placed in other (undefined) instructional setting and not in a structured ELD program. Every Student Succeeds Act requires a development of a *Local Education Plan*. Bert Corona Charter High is following and adhering to the California Common Core State Standards/English Language Arts/English Language Development and as outlined in our EL Master Plan for English Learners. Further an assessment of the student's primary language literacy level skill will be used to determine the student's English level, and used as a base for English Language Development.

Goals for ELs are:

1. English learners (ELs) acquire full proficiency in English as rapidly and effectively as possible. (20 USC 1703[f], 6892; EC 300[f], 5 CCR 11302[a])

2. ELs meet state standards for academic achievement. (20 USC 1703[f], 6812, 6892; 5 CCR 11302[b]; Castañeda v. Pickard [5th Cir. 1981] 648 F.2d 989.)

The instructional improvement plan is based on the student academic achievement, student goals, organizational components of Bert Corona Charter High and various organizational perspectives or frameworks.

Success Indicators

The implementation of the ELD program will be reviewed by using assessment data results from indicators as it relates to student academic achievement. Growth on ELPAC assessment will be used to determine if students are meeting set growth target as indicated in their individual learning plan. Goals for ELs are:

1. English learners (ELs) acquire full proficiency in English as rapidly and effectively as possible. (20 USC 1703[f], 6892; EC 300[f], 5 CCR 11302[a])

2. ELs meet state standards for academic achievement. (20 USC 1703[f], 6812, 6892; 5 CCR 11302[b]; Castañeda v. Pickard [5th Cir. 1981] 648 F.2d 989.)

The following assessment instruments will be used to monitor progress and to determine student placement.

- Set growth achievement detailed in individual student learning plan.
- I-Ready
- Annual Smarter Balanced Assessment
- Performance Assessments, including an oral presentation and inquiry format
- Student Portfolio: Writing Sample
- ELPAC

In addition, Bert Corona Charter High will work during the 2019-2020 school year toward achieving the following success indicators:

- 1. English Learners will increase by +3% on the basic re-designation in the Smarter Balanced scores for English/Language Arts section
- 2. English Learners will increase by +3% on the basic re-designation in Smarter Balanced scores for the mathematics section.

The English Learner Master Plan will be used as a resource guide for curriculum planning. Teachers will attend appropriate English Learner training or receive such staff development. This will allow our teachers to become qualified to train other teachers during in-service professional development.

Bert Corona Charter High teachers also participate in BTSA professional development, or provided via staff development or university training.

Professional Development

The development of the faculty and staff is of primary importance to the Bert Corona Charter High community. As the school progresses, student learning needs will be primarily addressed through the formal faculty meetings, leadership meetings, and assessment of student achievement data. For example, recognized that due to the low proficiency rates for incoming students in English Language Arts, the school staff needed assistance with strategies specific for English Learners. Steps will be taken every year to increase professional development for leadership and staff. Bert Corona Charter High recognizes the importance of being strategic and allocates sufficient funding to ensure ongoing professional development.

Continuous Professional Development

A key component of the Bert Corona Charter High instructional goals is the use of backward design in teacher developing their unit plans and instructional effectively. For support Bert Corona Charter High has received instructional coaching and professional development from the Success For All Foundation, GEMAS Consulting, and Loyola Marymount University, this includes ELD, SDAIE, strategic design unit planning and instructional support.

During ongoing professional development teachers use benchmark results, mid-year and end of the year assessments, as well as other student data. Reflective data taken from leadership, faculty, staff, and parents helps develop the planning for professional development. As stated above, the school has focused much of the professional development toward strengthening of instructional strategies.

The school has adopted an instructional model that focuses on the following strategies:

- Collaborative and project-based learning
- Writing to learn in all subjects
- Literacy groups during SFA and throughout the day
- Questioning strategies, which include reading strategies such as clarify, predicting and summarizing; learned in SFA and expected in all instruction.
- Scaffolding texts; which is modeled and used throughout the SFA program.
- Academic classroom talk, we believe the power is in the discussion.
- Interactive computer assisted instruction

A main component of the induction process is the Bert Corona Charter High teacher's summer preparation session. This is a two-week teacher led orientation prior to the start of the academic school year. New teachers attend various meetings and workshops that acquaint them with procedures and processes relative to the operation of the school and culture of the campus. Teachers are introduced to the Bert Corona Charter High instructional model and veteran teachers present workshops. In addition, new teachers will be enrolled in the sponsored Beginning Teacher Support and Assessment Process.

All Bert Corona High School teachers take part in a weekly teacher meeting that focuses on instruction. These meetings are held every Monday from 2:30 p.m. to 4:00 p.m. The initiation of ongoing professional development follows from mid-year and end of the year assessments. Reflective data taken from leadership, faculty, staff, and parents helps develop the planning for professional development. As stated above, the school has focused much of the professional development towards the strengthening of instructional strategies. Bert Corona Charter High will provide trainings and access to workshops in support of on-going standards based alignment for instructional delivery to provide for successful student academic achievements. Teachers, administrators and staff will participate in the training process to identify activities that will provide:

Teachers with the subject matter knowledge and teaching skills to provide all students the opportunity to meet challenging state academic achievement standards, and instructional leadership with educational skills to help teachers provide all students the opportunity to meet the state's academic achievement standards.

Professional Staff Development plan is aligned with Every *Student Succeeds Act* (ESSA) legislation will be incorporated in this plan. (Change as per new adoption).

Staff professional development is aimed at closing the achievement gap. Orientation begins two weeks before the school year begins. This time is used not only to express in detail the values and expectations of the school, but also allows the teachers the time necessary to collaborate and learn about each other. All teachers attend professional development in-services offered by the administration throughout the school year. Operation check-in meetings are held on Tuesday mornings from 3:45 pm until 4:15 pm. Teachers are offered the opportunity to observe their colleagues teach, be observed by staff or education consultants; as well as other stakeholders Teachers have been provided with weekly, individual planning time to be used to plan, reflect, and improve their quality of teaching. All teachers have specific planning time. Bert Corona Charter High Block Schedule allows for teacher to prepare, observe other classroom, research, and work on individual student plans.

Teachers will have the opportunity to review benchmarks, assessments, and progress of each of their students in their classroom and progress in other classes. They also can gain knowledge from observed trends in data collected, data analysis, strategies that work, challenges and strategize to meet student needs. Staff is encouraged to attend workshops and professional development seminars throughout the year.

In-service themes include: Special Education-Teaching strategies, Student Study Team (SST), effective school-wide study practices, and an opportunity for teachers to collectively reflect and assess individual student academic achievement. Experienced staff members, educational consultants or professional experts facilitate these faculty meetings and in-services. Staff development supports the quality of teaching that occurs at Bert Corona Charter High and assist teachers with planning and implementing a rigorous, college preparatory curriculum that is research-based and aligned to the California Common Core ELD State Standards. Professional development also provides teachers with resources and strategies to collaborate and share their expertise.

Collaboration and Integration

Bert Corona Charter High also uses professional development time to assist teachers accentuate key concepts school-wide, make cross-curricular connections, coordinate units, and integrate content areas. Bert Corona Charter High ensures that teachers of related subjects (i.e. science and math) meet for common planning time during the week. This time has been built into teachers' schedules as part of the school day. This time is used to plan strategically and build units around "big ideas" or knowledge networks. This time has also been used to refine schoolwide writing rubrics and other instructional tools. During their weekly collaborative, cross-curricular planning times, teachers build on the school-wide projects and concepts that have been introduced.

Bert Corona Charter High understands the importance of utilizing research-based instructional practices to promote student achievement. In order to address how learning best occurs, faculty will be provided professional development and support in the following areas:

- Design standards-based instruction (using the principles of backwards design)
- Align appropriate assessments to the standards
- Implement instructional activities that are aligned to standards and reflect research-based best practices

Teachers will incorporate instructional strategies detailed in Classroom Instruction that Works, by Marzano, Pickering, and Pollock. In addition to using the Marzano's observation and self-assessments instruments:

The traditional backwards design process guides teachers through a three step process:

- Internalization and prioritization of the California Common Core Standards
- Differentiated assessment methods aligned to prioritized standards and identified learning targets
- Innovative, research-based instructional strategies clearly articulating student learning objectives

This process of aligning standards and assessments to real-world learning applications those take the shape of meaningful, rigorous, and assessable projects. At Bert Corona Charter School, it will be the expectation that students are engaged in the curriculum and learning objectives at all times. Teachers are expected to continuously communicate learning objectives to all students while formatively and summative assessing for student mastery of all concepts and Common Core State Standards. Research clearly suggests that learning best occurs when students are actively engaged in their own learning. This requires that students are involved in conversations about learning objects, instruction, and assessment. Furthermore, this student's interests and prior experiences. Frequent and meaningful connections with parents, and engaging them in conversations about their child's education will also ensure that the academic program reflects the diversity of the community being served. As part of the curriculum design process, research-based instructional strategies for increasing student achievement will be embedded into the daily culture of the classroom. Strategies brought to light in Classroom

Bert Corona Charter High English Learner Master Plan

Instruction that Works (Marzano, Pickering, and Pollock) will be utilized by teachers in their classrooms. These researchers have compiled teaching practices and strategies that "have a high probability of enhancing student achievement for all students in all subject areas at all grade levels" (Marzano, Pickering, Pollock, 2001). Teachers will be challenged to examine the three elements of effective pedagogy: Instructional Strategies, Management Techniques, and Curriculum Design.

The professional development in preparation will continue to focus on this integration, as a transition period towards a more complete use of the technique in subsequent years. The foundational coursework, as outlined above, will use a repertoire of instructional strategies, curriculum, and materials. Instructional strategies will include:

- Direct instruction
- Research based projects
- Cooperative group work and projects
- Inter-disciplinary approaches to curriculum
- The presentation of clearly defined "Learning Targets" for all students by all teachers
- Rubric self-assessment
- The involvement of community members and educational partners in instructional presentation
- Mentoring program
- Implementation of a Professional Learning Community for peer interactions based on the work of nationally recognized work of Richard DuFour and Robert Eaker.
- Scope and Sequence
- Curriculum will address all state required standards and will utilize:

Bert Corona Charter High has incorporated the following recommendations:

- Have uniform standards: Bert Corona Charter High will have clear and high expectations of all students that fully align with the California Common Core State Standards.
- Make the curriculum challenging: Rigorous curriculum will be organized around major concepts that students are to know deeply.
- Help students catch up: A personalized environment and regular assessments will ensure that no students fall behind. Extra support before and after school will be given to those students in need.
- Provide good teachers: All Bert Corona Charter High core subject teachers will have an appropriate credential in their subject matter based on ESSA requirements for highly qualified teachers. In addition, regular planning and professional development time will allow teachers to improve their practice.

Young people want to make a difference in their families and communities and they value experiences that empower them to do so. Learning must both reflect students' lives and expand their understanding to encompass a global perspective. Schools must provide opportunities for students to develop personal responsibility, self-management of their own learning, and practice democratic principles. They must celebrate authentic

accomplishments; as well as, cultural and individual diversity in an environment of tolerance and respect. These concepts are the foundation of the Bert Corona Charter High School.

Program Goals

Bert Corona Charter High will create an educational environment that will foster success in the classroom; as well as, the community. To this end, the school works relentlessly toward the following program goals:

- Prepare students for academic success in high school as well as post-secondary education.
- Prepare students to be responsible and active participants in their community.
- Enable students to become life-long learners.

These foundational values inform the school's philosophy and the Schoolwide Learner Outcomes (SLOs). The faculty through discussion and collaboration developed the SLOs. The school leader annually sets academic goals and the SLOs to evaluate both students and faculty. In this respect, the school's vision, philosophy, goals, core values and SLOs have a common thread of setting high expectations for students in academic and personal success.

How Students Become Self-Motivated, Competent, Lifelong Learners

Bert Corona Charter High is committed to enabling students to become self-motivated, competent, lifelong learners by providing a multicultural, student-centered environment in which all students are held to high academic and behavioral standards. Bert Corona Charter High continually strives to develop a culture that fosters in student's self-motivation, competence and the foundation of lifelong learning.

<u>Purpose</u>

Administrators, faculty, parents and staff working with students demonstrate a shared purpose to develop each student's knowledge and skill to its highest potential. There is evident belief that this purpose is primary for the school and possible to achieve for virtually every student. The school's goals, policies, practices, attitudes and allocation of resources reflect the primacy of this purpose.

Leadership

Leadership is shared among administrators, faculty, classified staff, students and parents. Decisions are reached through consensus and minority opinions are considered and valued. Departments and individual teachers enjoy a large degree of professional autonomy. They are encouraged to use their best professional judgment in accordance with California State Department of Education, and/or Common Core State Standards, and NGSS in achieving high levels of student learning.

Environment

Bert Corona Charter High English Learner Master Plan

The environment of the school is safe, orderly and supportive. Students find the school a good place to study and a pleasant place to be. Schoolwide standards for students' behavior are perceived by students and staff members to be fair and equitably enforced. Instances of vandalism and violence on campus are dealt with in a timely manner; student absenteeism and dropout rates are maintained at a minimum level.

Diagnostic assessments that will be used to enable Bert Corona Charter High to monitor the effects of proposed changes on student performance

Bert Corona Charter High Assessments

ELPAC-- the California English Language Proficiency Assessment is a standardized test generated by the state to look at the progress of students who are developing proficiency in English. All EL students take this in the fall of the following is a sample of the kinds of standardized reports available to the school community for analysis:

Measurable Goals of the Educational Program

Please refer to the LCFF State Priorities table in Element 1 for a description of the measurable goals and objectives of Bert Corona Charter High School educational program. Bert Corona Charter High School educational goals or objectives, include a description of the knowledge, skills, and aptitudes to be measured. Each state priority has multiple parts, in order to align with the goals and annual actions to these multiple parts of each State priority.

Specific performance targets (pupil outcomes), for all pupils (i.e. school-wide) and for each subgroup of pupils identified pursuant to Education Code § 52052, that align with the eight (8) state priorities identified in Education Code § 52060(d).

Measurable Pupil Outcomes: Summative Assessment Performance Targets

Student-Level Outcomes

It is important to note that while our primary focus in all aspects of our curriculum, direct subject-matter instruction, project-based learning time and instruction in the arts is in ensuring each student's mastery of grade level standards in the core content areas, as a mission-based school, we also value highly qualities and skills above and beyond the core state standards. As detailed throughout this petition, our "backwards design" approach to lesson planning and our focus on data-informed instruction both work to clearly define and then assess which state standards and other objectives are desired and then achieved.

Bert Corona Charter High School utilizes a variety of assessment tools in evaluating student achievement of stated objectives across all disciplines. Among the assessments used are teachers' assessments of student work and mastery of applicable standards and other learning objectives, student work portfolios, teacher observation, and conferencing with students.

The skills, knowledge, and attitudes in the chart below are measurable school-wide learning objectives derived from state and national standards, as well as school-wide learning outcomes. The use of in-house assessments and the frequency of assessment are also addressed. Bert Corona Charter High School uses the following online assessments.

Prevention/Intervention/Acceleration Reading Program:

All 9th grade students are leveled and placed into a reading elective block based on their instructional level. Therefore, if an 9th-grade student with special learning needs or an English Language Learner is reading at the 4th reading level based on the Gates-MacGinitie normed reference test he or she is assigned to a certificated teacher that is responsible for teaching reading at the 4th-gradereading level. The reverse is also true, if there is a 10th-grade gifted student that is reading at the 12th-grade reading level based on the Gates-MacGinitie, then he or she will have the opportunity to participate in an elective 12th grade Reading Edge Course.

The Reading Edge is a research-based, and research-proven program designed to meet the unique needs of young adolescent readers. Since the range of reading achievement is extremely broad in this age group, the Reading Edge provides instruction for students at beginning through 8th-grade+ reading levels. Students are assessed and placed at their appropriate reading levels. Students reading at a third-grade level or higher will focus on developing comprehension strategies using both narrative and expository texts. Students reading at earlier levels use high-interest fiction, nonfiction, and reader's theatre to develop basic decoding skills, reading fluency, vocabulary building, and comprehension. All levels focus on building background knowledge and developing study skills to foster future success in school and beyond. Additionally, the Reading Edge uses cooperative-learning techniques to engage students with their learning and to create and foster a positive classroom environment. High school students who are reading at a second and third-grade level have mastered basic phonics skills, but they haven't achieved enough reading fluency and vocabulary to make contact with the world of adult reading, contact that first occurs at the fourth-grade reading level. The goal of these units is to give students at this level the help they need to achieve a fourth-grade reading level as quickly as possible. This general goal can be broken down into the following areas:

- The students will acquire word recognition skills. In levels 2 3, students are provided direct instruction in techniques and strategies they can use to successfully decode unfamiliar words, such as using phonetic clues within the word, using other words in the text as clues, breaking down multisyllabic words, and identifying prefixes, suffixes, and base words.
- The students will achieve greater reading fluency. Fluency is the ability to read smoothly at an acceptable speed with few errors and with good expression. While students can sometimes read fluently without understanding what they read, achieving fluency frees up the intellectual resources that students need to accomplish comprehension tasks.
- The students will continue to develop their vocabulary. These students need help with both learning completely new words (a task that is particularly critical for students who are learning English as a second language) and with learning to read words that are already in their spoken vocabulary. Levels 2 3 offer activities that assist with both aspects of vocabulary development.
- The students will learn basic comprehension strategies. While levels 2 3 appropriately emphasize fluency over comprehension, the students will learn that fluency is only important to the extent that it results in better and more efficient understanding. Fluency is thus always taught in tandem with guidance and validates s for comprehension. The comprehension strategies that are offered range from basic clarifying techniques (such as sounding words out, looking at other words and pictures for clues, and asking for help) to important strategies that contribute to active reading, such as predicting, asking questions, making mind movies, and summarizing.
- The students will learn to write in response to what they read. Levels 2 3 focuses on helping students write correct and complete sentences, applying appropriate punctuation, capitalization, grammar, and spelling, as well as vocabulary building.
- Reading Level 1 (first-grade reading level) focuses on giving beginning readers the tools they need for literal comprehension. It uses a sequence of illustrated stories, presented with phonetically regular text that becomes more difficult as students master new skills.
- Reading Levels 2 3 (grades 2 and 3 reading levels) use simple fiction, nonfiction, and reader's theater to focus on basic decoding skills and improving reading fluency.

Once students are reading at levels 4 - 8+ (grades 4 through 8+ reading levels), content educators will continue to use short stories, novels, poetry, and nonfiction to help students learn effective comprehension strategies.

Frequent feedback motivates students in all instructional levels:

- Students get weekly feedback on their progress.
 They set individual and team goals and track their progress. Being aware of their own gains and experiencing success a step at a time motivates students to take on new challenges with confidence.
- As soon as they are ready, students are moved to the next level. Every eight weeks students are given a test to identify their reading level. Assessing reading skills regularly assures that students are continually challenged and do not lose momentum.
- The Reading Edge is flexible. Teachers can use formal and informal assessment data from The Reading Edge to tailor instruction so that it meets the needs of their students and the school and state goals.

All instructional levels of the Reading Edge allow students to progress at their own pace, gaining pride and confidence in their abilities as readers. Instruction is consistently matched to students' gains in ability. Within each class, motivated students are given the option to forge ahead with new material, even as they help their partners and teammates. All students, regardless of achievement levels, receive instruction that is keyed to their particular needs and to level-appropriate goals.

Core Subject Classes:

When entering a classroom, visitors will see standards-based instruction. Visitors will also see a unit section, which will identify the state standards being addressed, the assessments being utilized, and specific learning objectives and outcomes for the day. Often in the first ten minutes of the classroom teachers will utilize a warm-up to help students activate background knowledge. Or, teachers may use the time to provide direct instruction to help students acquire new knowledge.

All instruction will follow the Strategic Design Model, which trains teachers to use backwards-planning process to make deliberate decisions to provide effective instruction. The Designing for Student Achievement method by Insight Education Group, teaches teachers to identify desired outcomes (Standards and Bloom's taxonomy) align those outcomes to multiple assessments (formative, and summative assessment options are used) and to develop and differentiate instruction toward student needs (Bloom's Taxonomy, research-based strategies, and differentiated instruction.)

Students work in both leveled and collaborative groups to actively engage in culturally relevant project-based learning. While in their groups, students will utilize Thinking Maps to help them to think critically across all subject areas and to complete all of their standards-based tasks and assessments. The following CRRE (Culturally Relevant and Responsive Education) instructional strategies will also be utilized throughout the day:

Contrastive Analysis: Oral and written language skills: integrating linguistic knowledge of SAAE (Standard American Academic English) into home language of Standard English Learners.

- Personal Thesaurus: To build on prior knowledge.
- Culturally Relevant Literature: Draws upon personal knowledge to make meaning of the text: Learning environments that facilitate literacy acquisition and establish linkages between the home and school cultures.
- Building on the Learning Styles and Strengths of SELs (Standard English Learner) learning styles: Individual preferred orientations, social interactions during study time, and types of reward structures that motivate the individual to persist and reach their individual goals.

The NWEA MAP Test (Measures of Academic Progress) creates a personalized assessment experience by adapting to each student's learning level—precisely measuring progress and growth for each student. If your child correctly answers a question, the computer assessment provides a harder question next. If they miss that same question, then an easier question is asked. This provides essential information about what your child knows and is ready to learn.

The NWEA MAP is published by the Northwest Evaluation Association (NWEA) and is given via computer to children in grades K-12. Its structure is cross-grade, which provides the measurement of students who perform on, above, and below grade level. It is multiple choice and contains questions that are the depth of knowledge so that you can see if your child performs at level 1, 2 or 3 of difficulties. The test is untimed, but students generally spend about 60 minutes per subject area. Feedback results are available in 24 hours. The MAP is not a high-stakes test but is given to students at the beginning, middle, and end of the school year to measure a student's academic achievement and calculate academic growth. The MAP offers teachers a way to focus and plan for how they use the time for either intervening with students or providing enrichment (if your child qualifies) to challenge higher-level students.

The MAP Test assessments reveal precisely which academic skills and concepts your child has acquired and what he/she is ready to learn. MAP assessments are grade independent and adapt to each student's instructional level so that you can track your child's achievement and notice trends to help with setting objectives. Every item on a MAP assessment is anchored to a vertically aligned equal interval scale, called the RIT scale for Rasch Unit—a stable measurement, like inches on a ruler that covers all grades. Because the measurement is reliable and accurate, RIT scores serve as an essential data point in a student's learning plan; educators can see their precise learning level and respond accordingly.

Teachers have developed standards-based curriculum and are in the process of developing or testing common assessments that enable the instructional staff to assess, on an on-going basis, student competency in key content-area standards. Teachers share their analyses of student performance and suitability of the benchmarks for assessing student

Bert Corona Charter High English Learner Master Plan

Student Grades: Reports are mailed home frequently (every 5 weeks) during the year to indicate student progress. Parents may contact teachers or meet with Advisor on a regular basis.

Alert Solution: Phone communication tool used to provide parents with up-to-date information about their students' attendance, class performance and test scores, as well as school events and upcoming activities.

State Assessments

As is required by the California Department of Education, students will also participate in the Smarter Balanced and all other mandated accountability programs (ELPAC, etc.). Bert Corona Charter High will meet all statewide standards and conduct the pupil assessments required pursuant to Section 60602.5 and any other statewide standards authorized in statute or student assessments applicable to students in non-charter public schools. We firmly believe that the academic program will fully prepare students for success in these statewide assessment programs. Additional support structures (i.e., after-school tutoring, summer enrichment programs, mentoring programs, peer study groups, etc.) will be in place to ensure that students surpass the performance of their peers in comparable high school settings.

Bert Corona Charter High Outcome Goals-Skills, Knowledge, and Attitudes

Bert Corona Charter High will satisfy state requirements for student assessments as required by law. Bert Corona Charter High School is committed to closing achievement gaps and increasing the academic performance of all its students, including low achievers, high achievers, and English Language Learners and students with special needs. The goals and performance outcomes for all students and the school are as follows

College-Readiness

All students matriculating through Bert Corona Charter High will complete a boardapproved A through G, CSU and UC mandated scope and sequence of courses, at a graded level of performance of C or better. These courses are based on CACC state standards, approved by the UC Regents, and required by every student seeking a diploma. There are no non-diploma course sequences available to students at Bert Corona High School. All graduates of Bert Corona Charter High will be immediately eligible for admission to a CSU or UC institution of higher education, the determination of which being dependent on GPA and SAT performance. All seniors will be required to take the PSAT NMSQT and the SAT prior to graduation.

Life-Long Learning

Students at Bert Corona Charter High will be monitored for reading level growth (gradelevel lexile), writing accuracy and effectiveness, and problem solving ability. Formal interim assessments as well as state and national criterion-referenced measurement tools will give multiple points of feedback to students as they seek to become skilled in capacities they will need to continue their educational journeys in post-secondary training and beyond. These capacities will include a toolkit of immediately employable job skills in the area of digital media production and publishing, which the school will instill in each of its graduates through a three year CTE continuum of courses taught by a highly skilled and credentialed multi-media artist with industry experience.

Active Citizens

Students at Bert Corona Charter High will be required to invest a minimum of 100 hours of volunteer service over the course of their high school enrollment. Students will be trained in the protocols of community partnership and taught the history of activism and service modeled by the schools' founding namesake, Mr. Bert Corona. Both staff and parent stakeholders will continue to build relationships with local service organizations, resulting in sustained, annual service opportunities for all students. The school will be known within its local community as the high school that lives out the legacy of Bert Corona in its service to Pacoima and the San Fernando Valley.

RE: Change in status of the Executive Director Position at the Youth Policy Institute (Sole-Statutory Member of YPI Charter Schools)

Dear Mr. Cole-Gutierrez:

I am writing on behalf of Youth Policy Institute Charter Schools, Inc. ("YPICS" or the "YPI Charter Schools). We were informed late last night that Dixon Slingerland has resigned as CEO of the Youth Policy Institute. The Executive Chair of the YPI Board of Directors, Dan Grunfeld will become the Interim CEO and lead the transition.

Dan Grunfeld previously served as President and CEO of Public Counsel, the nation's largest *pro bono* law firm, from 1997 to 2007. Subsequently, he was part of Los Angeles Mayor Antonio Villaraigosa's four-person Executive Team, Co-Managing Partner of the California offices of the law firm Kaye Scholer, and Leader of the West Coast Litigation Department of the law firm Morgan Lewis & Bockius. In 2017, he was named Executive Vice Dean of the Pardee RAND Graduate School.

Iris Zuniga continues to serve in her position as the Executive Vice President of the Youth Policy Institute. She has been serving YPI since 2006. Her experience with YPI will help smooth the transition as well.

Ultimately, Dixon Slingerland has served YPI for 28 years. His presence and support will be missed. The transition will not impact YPI Charter Schools.

Sincerely,

Juste King-Berg

Yvette King-Berg Executive Director

CHARTER SCHOOL COMPLIANCE MONITORING 2019-2020

Dear Charter School Governing Board President and Charter School Leaders:

As part of its oversight responsibility set forth in California Education Code § 47604.3, the LAUSD, through the Charter Schools Division (CSD), monitors each charter public school's compliance with applicable legal, charter, and policy requirements. The CSD's compliance oversight process encompasses three important actions by each charter school:

- (1) <u>School Administrator's Certification</u>: As the CSD continues its focus on ensuring that the wellbeing of students remains first and foremost, **by October 7, 2019**, (designed to be aligned with the six week deadline for Child Abuse Mandated Reporter training) as part of the school's Q1 electronic submission of documents, we request that the school site administrator submit the attached certification confirming the school's implementation of safety measures at the beginning of the school year. This beginning of the year certification by the school administrator informs the governing board and supports the school in ensuring that critical organizational and management systems are in place as the school year begins, as these requirements greatly impact students, staff and the public. **Please return the entire document with** <u>only</u> **the school administrator's columns completed, along with the administrator's signature no later than October 7, 2019**.
- (2) <u>Certification of Board Compliance Review</u>: As in previous years, and as part of the Governing Board's fulfillment of its fiduciary governance responsibility to ensure that the charter school complies with all applicable laws and other requirements, it is critical that the school's Governing Board periodically review, discuss, monitor, and modify, if necessary, the school's policies and systems for compliance with such requirements. Please complete and sign the final certification at the end of the attached document, Compliance Monitoring and Certification of Board Compliance Review 2019-2020, and return the entire document, (including the administrator's certification from the first submission). Please include the relevant Board agenda(s) and minutes as evidence of the Governing Board's review of these items and submit to the Charter Schools Division via Dropbox no later than January 13, 2020.

The CSD is very much aware and acknowledges that governing boards provide fiduciary oversight and hire a leader (or leaders) to execute day-to-day operations and appropriately delegated functions. Moreover, the charter school's governing board is the first line of charter school oversight. As part of the District's oversight process, this certification is intended to serve as a formal acknowledgement from charter school governing boards of their review and appropriate due diligence in these key areas as part of their own organizational oversight function. This annual certification also provides charter governing boards an opportunity to confirm with their school leadership that systems are/remain in place to fulfill these critical requirements that impact students, staff, and the public.

(3) <u>Documentation of Compliance</u>: As we have historically done, the CSD will review documentation of compliance with several key legal requirements as part of this year's annual performancebased oversight visit to each charter school. To facilitate effective and efficient compliance review on the day of the visit, please adhere to the guidance provided in the Annual Performance-Based Oversight Visit Preparation Guide 2019-2020 for the preparation of the school's compliance documentation. Please ensure that this documentation is current, complete, and accurate. The "Supporting Documentation" column of the table in the attached Compliance Monitoring and Certification of Board Compliance Review 2019-2020 may provide useful support and assistance in this endeavor.

We appreciate your continued collaboration and cooperation as we work together so that all youth achieve in healthy and safe environments. Should you have questions, please contact your assigned CSD administrator.

Best wishes,

SUBJECT: MASTER PLAN FOR ENGLISH LEARNERS: APPROPRIATE INSTRUCTION AND SERVICES FOR ENGLISH LEARNERS (EL) – DESIGNATED AND **INTEGRATED ENGLISH LANGUAGE DEVELOPMENT (ELD):**

Dear Charter School Leaders,

The expectation of all charter schools is that they fulfill the dual obligation of providing a program for each EL that is designed and implemented to overcome language barriers and provide access to the core curriculum. (See Castañeda v. Pickard 648 F.2d 989, [5th Cir. 1981]). As part of a comprehensive and compliant ELD instructional program, charter schools are expected to implement an integrated and designated ELD instructional program for all ELs. The California Department of Education (CDE) has provided numerous communications and resources to support all public schools in this endeavor, including but not limited to: 1) Dear Colleague Letter; 2) ELA/ELD Framework; 3) Designated and Integrated ELD; and, 4) Reminder of Legal Obligations to ELs.

As shared by CDE in the *Reminder of Legal Obligations to English Learners* from Dr. Veronica Aguila, Assistant Superintendent/Division Director on August 30, 2016, "The CDE is informing administrators that charter schools are required to provide English Learner instructional services that meet this dual obligation, and other services determined necessary by the charter school, immediately." We ask that each charter school reflect on the academic achievement, and record of performance of their EL subgroup as well as their Long-Term English Learners (LTELs).

The following questions, though not exhaustive, should be used to evaluate whether the school's integrated and designated ELD instructional programs are appropriately addressing the needs of ELs, LTELs, and Reclassified Fluent English Proficient (RFEP) students:

- 1. How does your school provide both a comprehensive designated and integrated ELD instructional program for every EL student to meet the linguistic and academic goals at their grade level and language learning needs?
- 2. How often does integrated ELD and designated ELD take place, and for what lengths of time?
- 3. What are the program(s)/resources used in both the core curriculum and ELD? Please be specific to grade-levels and subject areas. Why were these program(s)/resources selected and how do they meet the needs of ELs?
- 4. Who delivers designated and integrated ELD to ELs, and where does it take place?

Certification page and Plan is to be upload to Drop Box provided by the Charter Schools Division

- 5. As you've evaluated the effectiveness of your EL program, what does the performance data of current ELs, LTELs, RFEPs, and never EL students demonstrate about the outcomes of your designated and integrated ELD instructional program?
- 6. How do you monitor EL students that are incurring academic deficits while learning English? How do you ensure that they receive the appropriate in class and out of class instructional supports?

Please review the school's current English Learner Master Plan and revise it as necessary to address these important components. Ensure that the school's Master Plan updates any obsolete information; for example, some plans still refer to the CAHSEE or CST as one of the measures for reclassification criteria. For schools that were using the LAUSD's Master Plan, please submit a written response to questions 1-6 above.

School's updated plan with the attached certification or school's response to questions 1-6 above (Only for schools who were utilizing the District's Master Plan) with attached certification must be submitted no later than Friday, October 4, 2019 to the Charter Schools Division as part of the Quarter 1 (Q1) electronic document submission.

Sincerely,

José Cole-Gutiérrez Director, Charter Schools Division

ANNUAL PERFORMANCE-BASED OVERSIGHT VISIT PREPARATION GUIDE 2019-2020

OVERVIEW

As part of our continuing efforts to provide performance-based oversight and to support the success of all students enrolled in LAUSD-authorized charter schools, the Charter Schools Division (CSD) observes and monitors each school's performance in view of state and federal law, District policy, and the school's charter. You can access District Policies Applicable to ALL LAUSD-Authorized Independent Charter Schools at https://achieve.lausd.net/Page/1823. In addition, you can access supplemental information on the CSD website at https://achieve.lausd.net/Page/1823. In addition, you can access supplemental information on the CSD website at https://achieve.lausd.net/Page/1816. CSD staff members often make a number of informal visits to their assigned schools and may attend governing board meetings and admission lotteries throughout the academic year as part of year-round oversight. In accordance with California Education Code § 47604.32, the CSD annually conducts at least one formal school site visit - the "annual performance-based oversight visit" - that focuses on charter school performance in the following four categories:

Category I:	Governance
Category II:	Student Achievement and Educational Performance
Category III:	Organizational Management, Programs, and Operations
Category IV:	Fiscal Operations

The CSD provides the following guidance to assist charter schools in preparing for this year's CSD annual performance-based oversight visit. We hope this information will clearly communicate our expectations and thus enable each school to make sufficient advanced preparation to ensure a smooth, productive, and efficient visit experience for all. Prior to the annual oversight visit, your CSD assigned administrator, in consultation with the charter school's leadership, and the CSD Fiscal Team member assigned to the school, will determine and communicate the specific activities and schedule for the visit.

LOGISTICS

In order to facilitate a productive and efficient review process, the CSD requests each charter school to provide appropriate space(s) for the following visit activities:

- □ Small confidential work area containing a table and chairs with at least one nearby electrical outlet and **internet access**, for the use of the CSD visiting team to conduct document review and other team activities
- □ Room or other space in which the CSD team and the school leadership team can gather together for the Morning Meeting and visit debriefing
- □ The school is notified in advance if the visit will include stakeholder focus group interviews, a room or other space appropriate for conducting these confidential interviews.

Note: A single room or space may be appropriate, of course, to serve multiple purposes.

Please provide the following items in a separate folder for the CSD visiting team:

- □ Visit Schedule
- □ Master Schedule
- □ Staff Roster
- □ Site Map
- □ Bell Schedule
- □ School Contact Information

The CSD annual performance-based oversight visit typically encompasses the following activities, which provide opportunities to gather evidence (information and data) related to the performance indicators as well as to share "educator-to-educator" information and insights (required activities are in **bold/italics**):

- 1. Interview/Discussion
 - a. *"Morning Meeting"* with school leadership, which includes reflection and discussion of school academic achievement data and other key aspects of school performance
 - b. *Interview/discussions with organization and school-site leadership* on specific topics (e.g. special education) and as needed to clarify and/or augment information already gathered
 - c. Interviews of stakeholder groups (students, parents, staff) as determined by CSD staff
 - d. Debriefing of visit with school leadership
- 2. Observation
 - a. Classroom observation
 - b. Site observation
- 3. Document Review
 - a. *Review of documentation provided by school* (see guidance below)
 - b. Request and review of additional documentation
- 4. Fiscal Review¹

See section below on preparation for fiscal review

PREPARATION FOR INTERVIEW/DISCUSSION

¹ Note: The fiscal review component of the annual oversight visit may take place on a different day and/or at a different location (e.g. charter operator offices). The school/charter operator is notified directly by the Fiscal Team, usually four weeks in advance of the scheduled annual performance-based oversight visit.

In the weeks prior to the scheduled visit, your CSD administrator will provide school-specific guiding questions that focus on performance in one or more of the four assessment categories. The guiding questions and school's responses lead the discussion between the school's leadership team and CSD staff during the Morning Meeting need to

PREPARATION FOR DOCUMENT REVIEW

As an integral part of every annual oversight visit, the CSD reviews documentation in order to gather information and evidence regarding the school's performance in the four categories set forth above. The charter school has the option of using the existing Dropbox account for the oversight binders. If the charter school needs to update staff access, the charter school should email <u>charterschools@lausd.net</u> with the names and email addresses of staff that need to be added or removed from the Dropbox access. Charter school staff will then receive an email to accept the access. You will create folders labeled Binder 1, Binder 2, Binder 3 and Binder 3A to organize and submit the required documents. Please limit file names to less than 40 characters in length.

PREPARATION FOR BINDER (hard-copy or electronic)

In order to facilitate the document review process, it is important to assemble and organize the school's documentation for the first three performance categories into the following binders:

- Binder 1: Governance Documentation
- Binder 2: Student Achievement and Educational Performance Documentation
- Binder 3: Organizational Management, Programs, and Operations Documentation
- Binder 3A: Documentation of Compliance with Clearance, Credentialing, ESSA Qualifications, Mandated Reporter Training requirements and Bloodborne Pathogen Training which must be generated in **hard copy**.
- Please note: Some of the documentation is provided as part of the Quarterly submissions. Only include in the oversight binders if there are changes and/or updates to the documents.

PREPARATION FOR FISCAL OPERATIONS DOCUMENTATION

As outlined more fully below, all documentation for the fourth performance category, Fiscal Operations, should be submitted **electronically** to the Fiscal Team member assigned to your school **two weeks prior to the fiscal site visit**, which is usually a component of the annual oversight visit but may be scheduled for a different day.

The following sections of this guide provide brief descriptions of the specific documentation needed for each performance category. Include all documentation applicable to the grade levels served by the school.

Dear County and District Superintendents; Superintendents of State Special Schools; and Public, Charter, and Private School Administrators:

IMPLEMENTATION OF SENATE BILL 1375 REQUIREMENTS RELATED TO SEX EQUITY IN EDUCATION

Title IX remains a critical federal civil rights law that prohibits discrimination on the basis of sex (including sexual harassment) in our schools. It protects male and female students and employees in any educational entity that receives federal funds. In addition, Title IX protects transgender students and students who do not conform to sex stereotypes. State law also prohibits discrimination based on gender (sex), gender expression, gender identity, and sexual orientation.

Senate Bill 1375 strengthens and expands the Title IX and state sex equity in education requirements. Specifically, on or before July 1, 2017, public schools, private schools, school districts, county offices of education, and charter schools are required to post information on their Internet Web site relative to the designated Title IX Coordinator, the rights of students and the responsibilities of schools, and a description of how to file a complaint.

These requirements are essential in efforts to ensure equity in education and your efforts are greatly appreciated. If you have any questions, please contact me by phone at 916-445-9174 or by e-mail at <u>oeoinfo@cde.ca.gov</u>.

Sincerely,

[Original signed copy on file at CDE]

Sharon Felix-Campos, Director Office of Equal Opportunity Civil Rights, Title IX, ADA/504, MOA Coordinator

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605 and 47607, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements. Pursuant to the requirements of SB 1290, the District "shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal." Ed. Code § 47607(a)(3)(A).

Report Guide

In conducting oversight as a charter school authorizer, the District places an emphasis on performance and compliance with applicable law, policy, and the approved charter, as well as on the lead fiduciary role of a charter school's governing board in the overall success of the school for students. Information gathered through oversight serves as part of the school's ongoing record of performance and provides important data for the CSD, LAUSD Superintendent, and ultimately the LAUSD Board of Education in making informed decisions about charter school authorization. In designing this document, the District has considered California charter school law, as well as the California State Board of Education's criteria for evaluating charter schools and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

<u>Governance</u> – demonstrating fulfillment of the governing board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

<u>Student Achievement and Educational Performance</u> – demonstrating academic achievement and growth for all students

<u>Organizational Management, Programs, and Operations</u> – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

Fiscal Operations - demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2019-2020*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory. In addition, the Summary of School Performance section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern. In accordance with its "tiered intervention" approach to charter school noncompliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of Accomplished in any category is encouraged to submit to the

Attachment I Facilities Information

Required Safety Compliance Documentation

Before a charter school may occupy any site, it must ensure the subject site is clean, safe, and complies with all mandatory requirements set forth in the school's approved charter petition (including, but not limited to, conditions pertaining to occupancy and use of the site, site compliance, pest management, and asbestos management) and applicable laws. Additionally, a charter school may not exceed the operating capacity of a site, and shall operate within any limitations or requirements provided by the formal documentation from the appropriate jurisdictional authority.

The District requires charter schools to annually submit the following documentation:

1) <u>Certificate of Occupancy or Temporary Certificate of Occupancy</u>

A **Certificate** of **Occupancy** is issued pursuant to a building permit for new construction, additions, and changes of **occupancy** after all the necessary construction has been approved by the inspector. It is evidence that the Department of Building and Safety has determined that the construction was done according to the requirements of the code for the given **occupancy** to be housed in the building.

2) Fire Permit

A Fire Permit certifies that a thorough and comprehensive fire life safety inspection has been conducted annually to protect lives and property of those who access the facility (CFC Division II Section 103,104).

3) Safe School Plan

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California *Education Code* sections 32280-32289. This tool provides a list of required contents to assist schools in creating a compliant plan. Charter schools must develop comprehensive school safety plans using existing resources, including the materials and services of the partnership, pursuant to this chapter. It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled "Safe Schools: A Planning Guide for Action" in conjunction with developing their plan for school safety. **Co-located charter schools implement the District's Safe School Plan.**

4) Certified Accessibility Plan

While charter schools are exempt from many California laws governing school districts, charter schools are not exempt from federal requirements such as Title II of the Americans with Disabilities Act (ADA). Title II prohibits discrimination on the basis of disability in all services, programs, and activities provided to the public by State and local governments, except public transportation services.

Accordingly, charter schools operating on private sites shall develop Transition and Self Evaluation plans noting barriers to accessibility and the plan to remove and/or eliminate said barriers within a reasonable timeframe in the Transition Plan and noting intentional or unintentional policies and practices which discriminate against people with disabilities, their acquaintances, and others assumed to have a disability. Charter schools may also consider designating an ADA Coordinator or equivalent, establishing a grievance procedure and posting notices at all facilities and mediums. Please additionally review the legal requirements for public entities which employ 50 or more persons. A transition plan must include:

- 1. A list of obstacles to accessibility of the facility or program. An accessibility evaluation survey is conducted to determine the accessibility obstacles and issues.
- 2. A detailed description of the methods that will be used to provide accessibility.
- 3. A schedule for implementing the changes. If completion will take longer than a year, the steps that will be taken each year must be identified.
- 4. Signoff by the official is your organization with authority to authorize the expenditure of funds to make the changes.

Charter schools may wish to utilize Certified Access Specialists ("CASp"), experienced, trained, and tested individuals who can inspect buildings and sites for compliance with applicable state and federal construction-related accessibility standards. Per the Division of the State Architect (DSA), a CASp inspection may include, for example, a review by a professional who knows which accessibility standards apply to a facility, and an action plan for changes needed for the facility to become compliant. For more information on the CASp program (codified by Senate Bill 262 in 2003), go to: http://www.dgs.ca.gov/dsa/Programs/programCert/casp.aspx.

23. Ms. Ratliff, Mr. Zimmer – Keeping Parents Informed: Charter Transparency (Res-017-15/16) (Noticed November 10, 2015 and Postponed from a Previous Meeting)

ADOPTED AS AMENDED BY CONSENT VOTE

Whereas, Charter schools were established in 1992 by the California Education Code as a way to encourage innovation, increase opportunities for teaching and learning and expand school choice for parents and students;

Whereas, A Board of Education or other authorizing entity grants a charter with the expectation that a school will adhere to the procedures outlined in its petition and uphold the public's trust in carrying out the agreement;

Whereas, The Los Angeles Unified School District aims to authorize, and provide sound oversight to, a portfolio of high quality innovative charter schools;

Whereas, California Education Code 47607 allows an authorizing entity to grant a charter for a period not to exceed five years and to grant one or more renewals of five years each;

Whereas, California Education Code 47606(c)(2) 47605(c)(2) states, "Charter schools shall, on a regular basis, consult with their parents, legal guardians and teachers regarding the school's educational programs";

Whereas, California Education Code 47604.32 requires the authorizing entity, including the Governing Board of the Los Angeles Unified School District, to provide oversight of a charter school's operations, including its fiscal conditions and financial operations;

Whereas, California Ed Code 47604.3 requires charter schools to promptly respond to all

Stamped Order of Business 1 p.m., 01-12-16 reasonable inquiries from its chartering authority, including those regarding its financial records;

Whereas, The District requires every charter school to cooperate with investigations of waste, fraud, abuse and other material violations of law related to its operation;

Whereas, California Education Code 47607(c) states that the authorizing entity may revoke a charter through the showing of substantial evidence that the school did any of the following: Committed a material violation of any of the conditions, standards or procedures set forth in the charter; failed to meet or pursue any of the pupil outcomes identified in the charter; failed to meet generally accepted accounting principles or engaged in fiscal mismanagement; violated any provision of the law;

Whereas, California Education Code 47607(c)-(e) and corresponding state regulations require the chartering authority to adhere to the following procedures when revoking a charter: Issuance of a Notice of Violations; issuance of a Notice to Revoke and Notice of Facts in Support of Revocation; a public hearing; and a final vote;

Whereas, The District currently requires charter schools to notify parents and guardians within 72 hours of a closure action and to simultaneously provide proof of the notification to the Charter Schools Division, but does not mandate any such notice when the revocation process is initiated or underway; and

Whereas, When a school has a renewal hearing before the Board, there is currently no requirement that a school must inform parents, legal guardians, and teachers of the outcome; now, therefore, be it

Whereas, Traditional public schools are bound by applicable laws to adhere to prescribed standards, and/or to publicly disclose information relating to, their safety and facilities, curriculum and instructional focus, staff qualifications and compensation, governance and finances, food services, academic performance and student demographics;

Whereas, Charter schools are legally afforded greater flexibility with respect to the same standards; and, therefore, there is greater uncertainty about many of the above matters, which could be addressed through enhanced disclosure; and

Whereas, Although the District has an active program of voluntary seismic improvements to District-owned school sites, there may be a lack of clarity among both traditional and charter school parents regarding the seismic vulnerability of their students' school buildings, and the Field Act and (for non-District-owned sites) multiple applicable building codes are complex and have changed over years making it difficult to infer seismic safety from compliance alone; now, therefore, be it

<u>Resolved</u>, That the Los Angeles Unified School District expects a charter management organization or every District-authorized charter school to be transparent with its stakeholders (as traditional District public schools are required to be) regarding all aspects of its operation, including the possible revocation of its charter; <u>Resolved</u> further, That a charter school be required to notify all parents, guardians and teachers in writing within 72 hours when the District issues a Notice of Violations, a Notice of Intent to Revoke and/or the Recommendation for <u>Notice of</u> Non-renewal; and that the notification include the District's rationale for the action, if provided by the District. The school shall also be required to simultaneously provide proof of the notification to the Charter Schools Division;

<u>Resolved</u> further, That <u>in order to achieve these goals of transparency, accountability and</u> <u>keeping parents informed (with information similar to that available to traditional public school</u> <u>parents), a charter management organization or charter school</u> <u>District-authorized charter schools</u> <u>are be</u> required to have available, as allowed by law, to parents, guardians, and staff, information regarding:

Resolved, further, That such study shall be conducted with input from the District's stakeholders, including, but not limited to, representatives of parents, community members, and independent charter schools, and that the Superintendent shall report the results of such study to the Board by April 11, 2016; and, be it finally

Executive Administrator's Report September 16, 2019

The mission of the YPI Charter Schools (YPICS) is to prepare students for academic success in high school, as well as post-secondary education; prepare students to be responsible and active participants in their community; and enable students to become lifelong learners. Students at YPI Charter Schools will become active citizens who characterize the ideals of a diverse and democratic society. Students will provide service to their community, take responsibility for their own learning, and develop the habits of mind and body that will empower them to be successful in high school and beyond.

Academics

i-Ready

YPICS is using i-Ready this year for benchmark assessments instead of NWEA Maps. The tranation has been generally smooth. Teachers are well practiced at using computer based benchmark assessments. Staff has generally agreed that i-Ready provides data that is easier for teachers to use to adjust instruction in the classroom. i-Ready provides 5 levels of groupings and identifies areas of strentgh and growth for each Scholar which staff can use in the classroom and for intervention

Math i-Ready Scores (Benchmark 0)

Math continues to be our most challenging area. Students are most proficient in the domain of Measurement and Data (15%) and least in the domain of Numer and Operations (11%). In Math, 9% of the students are on grade level, 27% are 1 grade level below, and 64% are 2 or more grade levels below.

The graph below breaks down the data by grade level. Green is on grade level. Yellow is 1 grade level below. Red is 2 or more grade levels below

Enrollment

BCCS has decreased enrollment from the 18-19 school year by 8 students. Enrollment dropped from 377 students to 369 students. We are hoping to increase the current enrollment by adding the last 3 students on the 8th grade waitlist. Typically, BCCS does not accept new 8th grade students. This year, we have already accepted 7 new 8th grade students.

• Action Plan

- o <u>Comprehensive math curriculum</u> (iReady)
 - This year we implemented a new math curriculum that will support teachers with pacing, planning, and differentiation. Ready curriculum has the highest possible math curriculum rating on Edreports.org, and was selected through a multi-stage research and vetting process with the YPICS Academic team.
- o <u>Targeted benchmark testing</u> (iReady)
 - This year we also implemented a new benchmark testing module, which is criterion-referenced, and has a high correlation rate with success on the SBAC / CAASPP state tests. Our baseline data for August 2019 shows:

iReady Reading (ELA) Proficiency (Aug 2019)	iReady Math Proficiency (Aug 2019)				
12% at or above grade level	8% at or above grade level				

- o <u>Academic intervention resources (iReady</u>)
 - iReady includes a suite of intervention resources, both online and classroom instruction-based for ELA and Math. We are implementing a Math Support course in addition to grade-level math in order to ensure that high-need students are given additional time to learn and practice math concepts\
- o Intensive teacher coaching (Relay Graduate School of Education)
 - This year, we are providing intensive coaching for all teachers using the Relay coaching model. This involves weekly observations and feedback meetings using a

reserach-based scope and sequence to guide development. In October we will begin having weekly data meetings with all teachers as well.

- o <u>Tutoring for all grade-levels</u> (Gear Up)
 - Through our partnership with Youth Policy Institute, (specifically the Gear Up and Promise Neighborhood grants), this year we have Math and ELA tutors for Math and ELA in all grade levels! This is currently during the school day, but will shortly expand to after-school as well to support EXL's after-school tutoring program.

- Action Plan
 - o Schoolwide policies: Essential 5
 - We have successfully focused on our 5 high-leverage expectations schoolwide (including electronics policy, tardies, uniform policy, etc), by being extremely clear about expectations and diligent in our followthrough
 - o Grade level routines and procedures
 - Grade level leaders have taken a larger role in implementing and monitoring grade-level procedures such as entry procedure and quiet signal so that students experience consistent routines and expectations in each classroom
 - o Restorative Justice Coordinator
 - We are implementing a restorative approach to conflict by conducting community, harm/conflict, an reintegration circles in order to teach students how to heal the harm that their actions may cause to the community
 - o Saturday School
 - We have established Saturday School this year as a behavioral intervention which includes Restorative Justice workshops for students with Tier 3 needs

III. Operations

- Facility Management (with LAUSD)
 - o Admin are quickly learning how to manage the facility
- Gear Up
 - o The Gear Up grant will significantly support our efforts to ensure that parents are college/career ready by providing a range of parent workshops this year
- Attendance Committee
 - o This new committee will ensure the successful intervention with families of students whose attendance is poor or inconsistent

BERTCORONA CHARTER HIGH SCHOOL

Executive Administrator's Report September 16, 2019

The mission of the YPI Charter Schools (YPICS) is to prepare students for academic success in high school, as well as post-secondary education; prepare students to be responsible and active participants in their community; and enable students to become lifelong learners. Students at YPI Charter Schools will become active citizens who characterize the ideals of a diverse and democratic society. Students will provide service to their community, take responsibility for their own learning, and develop the habits of mind and body that will empower them to be successful in high school and beyond.

Academics

i-Ready

YPICS is using i-Ready this year for benchmark assessments instead of NWEA Maps. The transition has been generally smooth. Teachers are well practiced at using computer based benchmark assessments. Staff has generally agreed that i-Ready provides data that is easier for teachers to use to adjust instruction in the classroom. i-Ready provides 5 levels of groupings and identifies areas of strentgh and growth for each Scholar which staff can use in the classroom and for intervention

Relay Implementation

Observations and Feedback

BCCH Administrator has been conferencing with all our teachers to ensure that they fully understand and are implementing Relay. Staff has been very receptive to feedback and have already begun to implement making the changes that are needed. The administration is adhering to the Relay implementation plan found in the GET BETTER FASTER SCOPE & SEQUENCE. Feedback has been provided on Phase I strategies.
