Item #3 **Parent Survey Data: What Does it tell us as a Learning Community,** Yolanda Fuentes, BCCHS Executive Administrator (*Informational Item*)

Ms. Fuentes led a discussion regarding the parent survey completed during parent conferences. Parents indicated that they are satisfied or highly satisfied with their opportunities to be included in school decision making. They feel respected, welcomed, and that their children are safe.

Mr. Melendez suggested that we move the parent survey to one of the first locations visited during the parent rounds to get more parent feedback.

Item #4 **Local Control Accountability Plan (LCAP),** Yolanda Fuentes, YPICS Executive Director (*Informational Item*)

Ms. Fuentes shared the first available academic data for this year. The data shows that we are making progress. Prior to this year many of the students were not ready for high school work and now 50 percent, over the previous year of only 36 percent, of the students are high school ready in ELA. Math continues to be an area of struggle, but the data shows tremendous growth.

We are looking at today's data to continue to think about what are some of the next steps to improve what we do for students.

Quick reminder, in January we will reflect on our first semester data and begin to look at what is working or not instructionally to support all of our students as we begin to think about what needs to be added, deleted, or changed in our LCAP at our January meeting.

Mr. Garcia reported that he and the math team are focusing on making greater opportunities in the classroom to work in smaller group to better differentiate for the myriad of student needs. He has observed that students are learning to have greater grit in math and not give up as quickly in the past. He is pleased with the growth.

Item #5 **BCCHS Wellness Policy,** Yolanda Fuentes, Executive Administrator (*Action Item*)

Ms. Fuentes reviewed our Wellness Policy and requested feedback. Finally, she requested that SAC approve the final policy.
