**2017-20 Plan Summary**

**The Story**

Describe the students and community and how the LEA serves them.

**Bert Corona Charter High School** serves 244 students in the San Fernando Valley area of Los Angeles County. Represented with 1.3% African American, 98.05% Latino, .65% Asian, 12.19% English Learners, 18.8% Students with Disabilities, and 84.3% of our students are on Free and Reduced Lunch.

**VISION**

Our school is named in honor of and inspired by Bert Corona, a prominent Latino community-organizer who dedicated his life to lead the struggle of poor immigrant communities in California and across the nation for social and economic justice.

**MISSION**

The **Bert Corona Charter High School** prepares urban students in grades 9-12 for academic success and active community participation. The school is located in the San Fernando Valley of Los Angeles, California, an area fraught with poverty and academically struggling students. The majority of students attending schools in this area come from predominantly Latino immigrant families where Spanish is spoken in the home. A significant number of area public school students are eligible for federal free or reduced meals, indicative of the high poverty levels in the area. The **Bert Corona Charter High School** seeks to close the achievement gap for these students by providing clear and high expectations for all students to achieve a personalized and supportive learning environment that recognizes students’ accomplishments, family-school-community partnerships and service, and integrated technology in the classroom.

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

**Bert Corona Charter HS** has ensured that the following key factors are addressed:

### Rigorous Academics

At **Bert Corona Charter HS** we seek to ensure that our Citizen Scholars have the skills they need to be successful in their college educations and in their careers. **Bert Corona Charter HS** utilizes our hallmarks to ensure our students have authentic learning opportunities that will help prepare them for the future. Through enhanced technology learning, project-based learning, service learning, and parent engagement we prepare our Citizen Scholars to be lifelong learners who are ready for college and for their careers.

### Support for All Learners

One value and belief that is very important to us is that all kids have the ability to learn and should have the support they need to be successful in school. The needs of every child are different, and **Bert Corona Charter HS** is dedicated to ensuring that all students have equitable access to learning opportunities. Through project-based learning and an inclusive program, all students work together in general education classrooms to access the rigorous learning required by the California Standard which will push them to their highest potential. **Bert Corona Charter HS** dedicate time during professional development to analyze student data and outcomes to determine the best ways to support all learners. We leverage our partnerships and experience in the community to build programs that foster responsibility, creativity, cultural connections, active citizenship, and college readiness.

### Wrap Around Services to Support the Whole Learner

We ask all of our Citizen Scholars to follow three basic behaviors at **Bert Corona Charter HS**: Be Safe, Be Responsible, Be Respectful. Safety is first in the line because if a student does not feel safe and secure, less (if any) learning will take place. Our schools place tremendous importance on serving the “whole child,” meaning academics are only part of what we pour into our kids. Our positive support plan includes counseling, incentives, celebrations, trips, and even administrators shaving their heads, all with the goal of making our schools places where **students** can be safe and happy and are therefore poised to learn. Once our Scholars feel safe and comfortable in their own skin, we push them to become citizens who are outwardly focused, looking to serve their community as change agents who seek out opportunities to positively impact others.

### Teaching Excellence

Out of all the stakeholders who impact a child's education, none are more valuable than parents and teachers. We work with our teachers to build excellence and expertise in their fields. Constant feedback, support and reflection are provided to teachers through consistent professional development, professional learning communities, and through intentional and meaningful observations. To provide a structure for teacher growth, we employ the Marzano model of teaching and learning through our annual study of *The Art and Science of Teaching* and through observations using the iObservation platform. Using these tools, teachers can set professional goals, consult and conference with colleagues, and track their progress and growth over time. We are dedicated to teacher expertise and excellence because we know their growth will ultimately impact student learning and growth.

### Excellence in Leadership

We believe that students and teachers thrive in an environment where they are supported. The administrative leadership team is dedicated to supporting our students and teachers with resources from our own experiences and through support from community partners. Using practices and structures outlined in *Leverage Leadership* by Paul Bambrick-Santoyo, we consistently reflect and refocus to ensure that the priorities of the organization are present in the classrooms and in the day-to-day work of our team. Our number one goal is support for all teachers and all learners.

### Sustainable Growth

At **Bert Corona Charter HS**, we strive to build leaders in our school community. This effort is consistent for all stakeholders: parents, students, teachers, and staff. Our desire is to create a community where all members take responsibility for their own learning and growth; this ownership will cultivate motivation, learning and growth for all stakeholders and will in turn ignite consistent and sustainable growth in our community.

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

**BCCHS** students need consistent support to be successful in math: on the MAPs test strong growth was realized in our 9th and 10th grade cohorts. In comparison with the national expected growth, 10th grade at **BCCHS** almost doubled the national expected growth. **BCCHS** students with special needs more than doubled the national expected growth and **BCCHS** EL students grew 4 times more than expected. **BCCHS** grades indicate the actual mastery and achievement level of students. As **BCCHS** students progress through the high school math courses, they tend to improve, **BCCHS'** plan is to continue providing interventions to ensure that students can master Algebra and move on to the higher level math.

**BCCHS** outcomes in science demonstrate mastery in Biology and Chemistry. In these courses the use of mastery grading and the vast majority of **BCCHS** students are meeting or exceeding expectations, many of them exceeding and earning an A

## ACHIEVE3000 August 2018 – April 2019

The students Lexile performance has changed over time by grade level as measured by ACHIEVE3000. The highest average 9th-grade Lexile level is 736L. The highest 10th-grade Lexile level is 842L. The highest average 11th-grade Lexile level is 892L. The highest 12th-grade Lexile is 1024L. In comparing Lexile levels from month to month the 9th, 10th, and 12th students had a slight decrease and 11th grade students shows growth. In review of the data there is a difference in comparison of scores as they pertain to actual students represented, as in some cases there is not a student to student comparison. However, growth within each student's range shows that gains are being realized by each student over time This program has been used by 11th-grade cohort by 1307 MC Activities and by the 12th-grade cohort 28 MC Activities.

This comparison looks at each individual student gains over time. NWEA MAPs data gathered this year is informative and reflective of growth over time. **BCCHS'** data also shows that the longer students are in attendance the greater the growth. For school year 2018-2019, the total number of all **BCCHS'** 161 students tested in the Fall of 2018, compared to 174 students tested in the Spring 2019. **BCCHS'** students show gains from Fall to Spring on the NWEA Assessment Summary reflect Lexile distribution as follows.

Table 1: NWEA Lexile Distribution for **BCCHS** Fall 2018 and Spring 2019

Grade	Grade Reading Ranges	Fall% (161 Students)	Spring% (174 Students)	Difference

### **ALEKS August 2018 – April 2019**

Using the ALEKS Knowledge Check data report for each students’ [mastery of topics by courses show the following](#):

**Geometry, First semester:** Students in the Geometry course started with an average Beginning Knowledge of 17% mastery of the content for the course. By the end of the semester, students in the Geometry course students had an average Ending Knowledge of 28% mastery, an increase of 11%. The current average Ending Knowledge for the Geometry course is 29% mastery.

**Algebra 1 First Semester:** (Not a double block) Students had an average Beginning Knowledge of 9% mastery for the content of the course. By the end of the semester, students in the Algebra 1 course had an average Ending Knowledge of 21% mastery. During the second semester, students in the Algebra 1 course took Algebra 1B course that gives students access to content for the second semester. The average Beginning Knowledge of the Algebra 1B course was 5% mastery of the content for the course. The most recent average Knowledge Check score for Algebra 1B is 8% mastery growth of 3%.

**Mathematics Programs:** ALEKS is intended to be used for at least 3 hours per week by each student. The math teachers have been using ALEKS as a supplemental resource and has been used during certain units to support the mathematical function. In the Geometry course, the majority of the “Most Recent Knowledge Checks” were taken in the month of February or mid-March. In the Algebra 1B course, the majority of the “Most Recent Knowledge Checks” were taken during the month of February. Keeping in mind that ALEKS is an adaptive program and a student can only gain access to topics by completing topics in sequential order. In other words, students do not have access to the content they may need to work on aligned to current instruction should they not have completed mathematical steps/functions at a particular time. There is a point where Teachers can use the assignment option to give students access to the content they need at a particular point in time.

In evaluating BCCHS’ use of this program and from the data that is available, gathered, and used for teacher planning instruction, consideration of moving toward programming Knowledge Checks should take place once a month versus the current system that is in place. This would allow teachers and students to have a streamlined approach with ongoing up-to-date data regarding student mastery of content in their ALEKS courses.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a

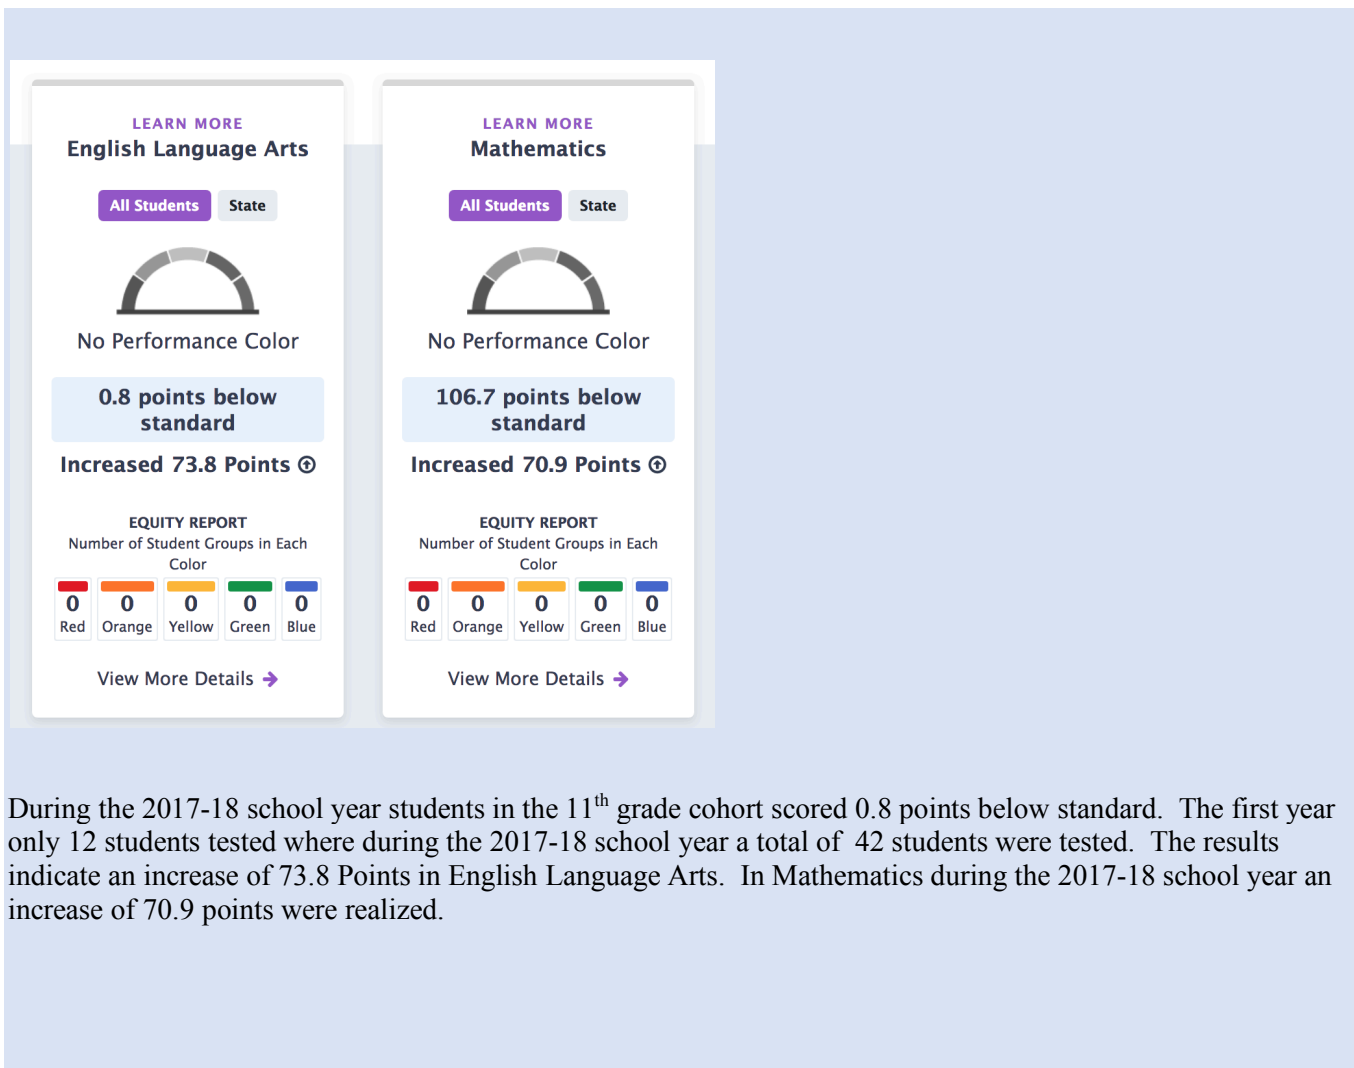

“Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

### Greatest Needs

Suspension Rate-Yellow, English Learner Progress-No Performance Color, English Language Arts-No Performance Color, Mathematics No Performance Color, College/Career No Performance Color, Graduation Rate No Performance Color, Basics-Standard Met, Implementation of Academic Standards-Standards, Parent Involvement-Standard Met, Local Climate Survey-Standard Met, Access to a Broad Course of Study-Standard Met.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

### Performance Gaps

During the 2017-18 school year students in the 11<sup>th</sup> grade cohort scored 0.8 points below standard. The first year only 12 students tested where during the 2017-18 school year a total of 42 students were tested. The results indicate an increase of 73.8 Points in English Language Arts. In Mathematics during the 2017-18 school year an increase of 70.9 points were realized.

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

### Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Bert Corona Charter High School

### Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Support is identified as follows:

- Mathematics was identified as red and is being addressed by a new math adoption for 2019-2020
- Success For All literacy program is provided to learners daily. Provides learners with targeted literacy instruction to provide support and enrichment for learners specific reading level. Achieve, a computer-based program, is provided to learners. Targets learners based on their lexile levels, provides informational texts and activities to foster comprehension and lexile growth.
- Resource teachers collaborate with general education teachers, families, learners, and other professionals to develop Individualized Education Plans that provide educational benefit to learners. The team is using benchmark goals and consistently reviewing learners progress towards meeting their IEP goals.
- Aleks, a computer-based program, is provided to learners. The program provides targeted instruction to learners based on their math achievement. Teachers provided targeted instruction to focus on establishing the foundational skills for learners to successful progress through the program. Enrichment is provided to learners in mathematics as well as intervention through additional periods of math instruction provided through electives. Learners, in these electives, are grouped based on their math levels and receive targeted instruction.
- Learners through after-school intervention programs receive targeted Mathematics instruction through the use of gamified computer-based intervention.
- Using Data to drive instruction
  - using conference and rotations in the classroom
  - Assess math and ELA programs, recommit to or acquire a new curriculum to meet needs of students with special needs
  - strong observation and feedback cycle of instruction
  - Instructional leadership training
- In addition, the use of the i-Ready program, which is, based on actionable insights, engaging instruction and a proven program that offers diagnostic results for a class, instructional groupings, diagnostic results for a student which serves as an overall standards of mastery indicator.
- The i-Ready program is neither credit-bearing nor degree-bearing. The program does not lead to any certification or licensure. Upon participant request, Relay will furnish a letter attesting to the number of hours a participant has attended at the end of each term.
- Selecting and sponsoring qualified leaders who are dedicated to fully engaging in the full year program.

## **Monitoring and Evaluating Effectiveness**

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Administrative Team will monitor and evaluate the implementation and effectiveness of CSI plan to support student and school improvement. This process will be conducted through the implement data-driven instruction and differentiation based on student need through continuous monitoring of instruction and student achievement data. The school will provide technology support and resources for instructional staff to continuously monitor student achievement through paper and online benchmark assessments, ELD Profile, SST meetings, and other assessments and protocols. Intervention services for students including counseling, emotional social support, after school tutoring and enrichment are also part of the plan. In addition **Bert Corona Charter High School** will use of the i-Ready diagnostic process to replace NWEA.

## Annual Update

### LCAP Year Reviewed: 2018-19

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

#### Goal 1

State Priority 1: Basic Services will be provided to all students

State and/or Local Priorities addressed by this goal:

- A. 100% of teachers will be fully credentialed and appropriately assigned. 100% Compliance with ESSA and Authorizer requirements for credentialing and certification
- B. Provide pupils with access to CCSS standards-aligned instructional materials and a broad course of study. All students, including all unduplicated students and students with exceptional needs, will have access to standards-aligned materials and additional instructional materials as outlined in our charter petition
- C. School facilities are maintained in good repair

Local Priorities: Conditions of Learning, LAUSD Authorized

The quality of teachers has an impact on student success. **Bert Corona Charter HS** promotes student success by ensuring all teachers are fully credentialed, appropriately assigned, meet all other requirements for placement in the classroom or in support positions as required by ESSA and the Charter and are highly trained.

Pupils at **Bert Corona Charter HS** have sufficient access to the standards-aligned instructional materials;

School facilities are maintained in good repair.

Identified Need:

**Bert Corona Charter HS** will determine annually through a review of personnel data the percentage of fully credentialed and appropriately assigned teachers. Annual review of faculty, staff, and vendor Department of Justice and TB clearance

CCSS training will be embedded into professional development meetings.

Progress towards this goal will be measured through SARC report, documentation

IObservation and Evaluation Process for teacher growth

CCSS ELD Strategies for EL students to access core curriculum/attain academic English

Implementation of Bert Corona HS English Learner Plan

CCSS curriculum implementation of ELA, ELD, Mathematics, NEXT Generation Science Standards, and Social Science

Effective use of multimedia and technology in the classroom

Instructional Shifts for ELA/Math, Speaking/Listening Standards, CC Lesson, Big Ideas, Essential Questions, Academic Conversations/Discourse, Close Reading Strategies, and Text Dependent Questions

Using CCSS SBAC interim assessments, NWEA, SFA, Illuminate and other Assessment Program

Strategies for SWD to access core curriculum in general classroom

Positive Behavior and Intensive Support (PBIS) and alternatives to suspension

Maintenance of database system to track teacher credentialing, medical clearances and background clearances-Human Resources.

**Bert Corona Charter HS** will fully implement the Common Core in Math and ELA by 2016-17. Bert Corona HS will transition to NGSS in the 2016-17 school year and complete the transition by end of 2017-18 school year

**Annual Measureable Outcomes**

Expected

Actual

Verification of credential through the CA Commission on Teacher Credentialing	Human Resources, Administrator completed 100% compliance
Retention of Teachers	Retention of teachers was maintained-teachers moving to areas out of state or other areas of the <b>Bert Corona Charter HS</b> area.
Professional Development	Professional Development schedules of on-going teacher and staff training.
Master Schedule	The Master Schedule affirms teachers' assignments are in their area of certification.
Invoice for purchases	Purchase of materials, textbooks and supplies for equitable student access.
Facility inspection documents	Daily general cleaning by custodial staff will maintain campus cleanliness; logs are competed on file; bi-annual facility inspections will screen for safety hazards; monthly site inspections will be completed, cleanliness spot checks will also be performed.

Expected

Actual

Health and Safety Inspections conducted by CDE-Facilities, and Charter Safe Inspection conducted twice (2) a year

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

### Priority 1: Basic Services

- A. Teachers at **Bert Corona Charter HS** are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching: Charter determines annually through a review of personnel data the percentage of fully credentialed and appropriately assigned teachers.” 100% compliance
- B. 100% of students have access to standards-aligned materials and additional instructional materials as stated in our petition.
- C. School facilities are maintained in good condition.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

100% of teachers will hold ESSA required authorizations.

Classroom materials were purchased.

Facilities are maintained-inspection documents

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The budgeted expenditures added a Resource Teacher (RSP) for each grade level (adding two additional RSP teachers for individualized support). These positions were added to support students in mastery of learning and student advocacy.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes were made to this goal-teachers are participating in weekly Professional Development that includes support, coaching and teacher intervention.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

No material difference.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No material difference.

To be measured by student academic results and ongoing benchmarks

In addition to general implementation to all students, there will be an added focus on EL students gaining content knowledge. Success with subgroups will be measured by teacher lesson plans; daily class schedule; class roster and continued use of Student Outcomes Strategies (SOS) in conducting quarterly reviews of data.

Use of RTI model and afterschool intervention.

Added Counselor to support student educational program and college and career assisting students to pursue their college preparation and goals.

Support of instructional program includes: Counselor, Parent Coordinator, and other support professionals.

SFA, Achieve 3000, Illuminate, NWEA, and other assessments reflect that students are achieving at greater than National Expected growth. Our Smarter Balanced findings indicate that **Bert Corona Charter HS** needs to continue to implement a learning+ component that infuses a rigorous curriculum to support students and addressing of individual student challenges on a daily basis. Partnerships with college have provided additional course offerings. Use of SFA with fidelity and increase writing across the curriculum.

State Priority Goal **Bert Corona Charter HS** prioritizes student achievement as measured by CAASPP Smarter Balanced, CDE determined measures, English Learner testing.

Pupil Achievement as measure by all of the following

- A. Statewide assessments
- B. Completing Courses that satisfy University or California State University entrance requirements/study that aligned with State Board approved career technical educational standards and framework.
- C. English Learners who make progress toward English proficiency
- D. The English learner reclassification rate
- E. Students who have passed an advanced placement examination
- F. Subsequent assessment of college preparedness

State and/or Local Priorities addressed by this goal:

Statewide assessments

The percentage of English Learner pupils who make progress toward English proficiency as measure by the CELDT/ELPAC

English learner reclassification rate

Local Priorities: Pupil Outcomes

## Annual Measureable Outcomes

### Expected

Expected Annual Outcome: Benchmarks for growth will be established by the State on the CAASPP Statewide assessment in the areas of English Language Arts/Literacy and Mathematics.

Action: All students, including all student subgroups (Hispanic/Latino, Socioeconomically Disadvantaged, English Learners, Students with Disabilities), unduplicated students and students with exceptional needs (including foster youth), will meet or exceed targets for growth once set by the State on the CAASPP Statewide assessment in the areas of English Language Arts/Literacy and Mathematics. **Bert Corona Charter HS** will provide highly qualified educational support personnel: RSP teachers, Psychologist, Counselor, Speech Pathologist, Administrative Team who will implement data-driven instruction and differentiation based on student need through continuous monitoring of instruction and student achievement data. The school will provide technology support and resources for instructional staff to continuously monitor student achievement through paper and online benchmark assessments, ELD Profile, SST meetings, and other assessments and protocols. Intervention services for students including counseling, emotional social support, after school tutoring and enrichment are also part of the plan.

Continue professional development activities initiated in 2016-2017 school year focused on CCSS implementation with ELs.

- EL students will continue to have additional support in gaining CCSS-aligned academic content knowledge via differentiated instruction in the classroom and direct ELD instruction 4 days/week.
- Provide appropriate intervention and support for EL students via technology-based and differentiated instruction, intervention support, enrichment and progress monitoring with ELD Profile and retell assessments.

### **Impact on LCAP and Annual Update**

How did these consultations impact the LCAP for the upcoming year?

[The impact of these consultations provided for an opportunity for all stakeholders to become involved and contribute to **Bert Corona Charter HS** successes.

The involvement of all stakeholders has been a tiered process that provides the opportunity for all; teachers, administrators, Board Members, parents, community members and others to closely review data and discuss the school's priorities as it related to all facets of an educational process. The **Bert Corona Charter HS** will review all internal data on an ongoing basis, benchmarks, NWEA, SFA, Achieve 3000, Illuminate assessments and other internally created documents and processes, Teachers assessments, grades and also the English Language Arts/Literacy and Mathematics Summative Assessments.

Additionally:

Small focus groups were held with school leaders, parents, teachers, and students throughout the year to collect comments/advise about the LCAP process and implementation.

All feedback was collected, synthesized, and organized to inform draft LCAP.

Data that will be reviewed include but are not limited to the following:

School Accountability Report Cards

English Learner Reports (Annual Measurable Achievement Objectives 1 and 2 and Reclassification Rates) (Suspended due to transition from CDE)

Course Grades

Attendance Reports

NWEA, SFA, Achieve3000, and other assessment results.

2018-19 Actions/Services

**Bert Corona Charter HS** provided highly qualified educational support personnel: RSP teachers, Psychologist, Counselor, Speech Pathologist, Administrative Team who will implement data-driven instruction and differentiation based on student need through continuous monitoring of instruction and student achievement data. The school provided technology support and resources for instructional staff to continuously monitor student achievement through paper and online benchmark assessments, ELD Profile, SST meetings, and other assessments and protocols. Intervention services for students including counseling, emotional social support, after school tutoring and enrichment are also part of the plan.

To build understanding and expertise above the needs of English Learners and research based practices, and to use the LCAP planning process to focus upon implementation and supporting those approaches.

All ELs have full access to the curriculum, and the school assures meaningful movement and tracking towards English proficiency with a focus on closing gaps in academic achievement in all content standards.
