Professional Development

i-Ready Classroom Mathematics Professional Development partners with educators to deliver sustained, classroom-focused, flexible professional development. Designed to evolve along with each implementation, *i-Ready Classroom Mathematics* Professional Development equips teachers and leaders with strategies and tools for mathematics learning.

Program Components

i-Ready Classroom Mathematics Professional Development is delivered in a flexible sequence of up to six hours that meets the needs of educators at each phase of their development: New, Practicing, and Advanced. Professional development may be conducted in person or virtually. Our courses focus on the following goals:

- **New Users:** Launching mathematics curriculum with discourse-driven instruction
- **Practicing Users:** Strengthening daily mathematics instruction through carefully developed practices and meaningful mathematics conversations
- **Advanced Users:** Expanding effective instructional practices through deepening mathematical conversations and reasoning

Districts purchasing recommended professional development for three or more implementing sites receive a centralized leadership course/session (one per every 10 sites) of up to three hours in length. Districts may purchase more than the recommended sessions per site to support high-quality implementations.

All professional development is delivered by a facilitator with the experience and capacity to effectively collaborate with our school and district partners across the country. Educators receive session resources and materials specific to their phase of development.

The Online Educator Learning platform provides on-demand, interactive courses that enhance concepts introduced in facilitated professional development sessions. Additional resources are available on [ReadyCentral.com](https://www.ReadyCentral.com) and [i-ReadyCentral.com](https://www.i-ReadyCentral.com), including videos, turnkey implementation tools, and actionable ideas from educators across the country.

i-Ready Classroom Mathematics

Professional Development helps educators:

- Analyze data to create instructional plans that help students access grade-level instruction
- Effectively use student-centered educational practices for deep mathematical learning
- Plan strategies to support discourse-driven instruction, foster mathematics talk, and engage students in productive struggle
- Implement widely recognized best practices in mathematics instruction, such as selecting and sequencing student work
- Move from product knowledge to informed practice in a flexible, implementation-specific setting

Curriculum Associates®

Information on Professional Development Sessions and COVID-19

Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PD sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates' policy is to only provide PD sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put its employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district's health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PD Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.

Notice for Usage of Teacher Toolbox Materials

Thank you for your interest in Teacher Toolbox! Teacher Toolbox is a digital collection of instructional materials, designed to support teachers in delivering research-based instruction, remediation, and enrichment to students in Grades K–8.

Your Teacher Toolbox subscription provides access to Teacher Toolbox content for Grades K–8. During this time, educators may use Teacher Toolbox materials during whole class and small group instruction, for individual assignments, and may post student-facing Teacher Toolbox PDFs on a password-protected learning management system (LMS). Please be aware that files expire on June 30 of each year for purposes of Teacher Toolbox maintenance and updates. If you add files to an LMS, this expiration date may require that you re-load these files after this date.
