### CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements.

### REPORT GUIDE

LAUSD’s oversight procedures are intended to balance a charter school’s autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school’s operative charter. Information gathered through oversight serves as part of the charter school’s ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school’s own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered California charter school law, as well as the *LAUSD Policy and Procedures for Charter Schools*, California State Board of Education’s criteria for evaluating charter schools, and the National Association of Charter School Authorizers’ *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

**Governance** – demonstrating fulfillment of the Governing Board’s fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school’s full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

**Student Achievement and Educational Performance** – demonstrating positive academic achievement and growth for all students

**Organizational Management, Programs, and Operations** – demonstrating effective leadership and implementation of the governing board’s policies and procedures, as well as the school’s educational program and systems and procedures for the day-to-day operations of the school

**Fiscal Operations** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2021-2022*. The “Sources of Evidence” sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school’s performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential “promising practices” are identified within this section with an asterisk [\*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under “Corrective Action Required,” the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school’s approved charter. **If the report includes any findings under “Corrective Action Required,” the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its “tiered intervention” approach to charter school non-

compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

**VERIFIED DATA**

**For Informational Use (Not Scored at This Time)**

The information provided on verified data is to determine the charter school’s verified data implementation. The renewal criteria for charter schools identified by the CDE as Middle and Low performing shall include the consideration of clear and convincing data, demonstrated by verified data, showing either of the following: (a) The charter school achieved measurable increases in academic achievement, as defined by at least one year’s progress for each year in school, or (b) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (Ed. Code, § 47607(c)(2)(B).

**The information below is based on charter school’s self-reported data and responses to questions provided prior to the oversight visit.**

The State Board of Education (SBE), at its November 2020 meeting, approved the criteria to define verified data and the list of valid and reliable assessments and measure of postsecondary outcomes (<https://www.cde.ca.gov/sp/ch/verifdata.asp>). The charter school identified the academic progress indicator(s) (verified data) used by the charter school during the 2021-2022 academic school year.

The California Department of Education (CDE) adopted postsecondary indicator(s) data to be used by the school to verify postsecondary outcomes “as defined by college enrollment, persistence, and completion... equal to similar peers.” The school is using the following data source(s):

- California Department of Education DataQuest College-Going Rate
- National Student Clearinghouse Student Tracker
- University of California Undergraduate Graduation Rates
- California State University Enrollment Dashboard Student Origin
- University of California Admissions by School Source
- The school is not using a state identified data sources (see Verified Data Notes below):

**Verified Data Notes:**

**Schoolwide, the End of Year (EOY) assessments results (Spring 2022) indicate the following:**

- **In Reading, 61% of 11<sup>th</sup> grade students performed at or above average (average is considered grade level)**
- **In Math, 50% of 11<sup>th</sup> grade students performed at or above average**

**Per school leadership, Students with Disabilities (SWD) grew from 10% to 18% at or above average in Math and from 0% to 33% in Reading from Fall 2022 to Spring 2022. English Language Learners (ELL) EOY data was still pending by the date of the oversight visit. However, in Reading, ELL grew from 0% to 33% at or above average from Fall 2021 to Winter 2021.**

**As it relates to postsecondary information, school leadership shared the following:**

**“BCCHS was opened in the fall of 2015 with a 9th grade cohort of 60 students. Our first full-cohort graduation was held in the spring of 2019. This cohort is still working their way through college. Our methods of grad tracking to date have been colloquial in nature, and have included asking our college-enrolled alumni to come back to our campus and address successive generations of BCCHS students about what it means to be “college ready.”**

Some of the evidence includes the following shared by school leadership:</p>	

- Lead by the Student Leadership facilitator and School Climate and Culture Director, sought to make regular efforts to gather students on school-wide Google Meet assemblies to publically share student successes and give encouragement. Gave out monthly On F.I.R.E. Awards to dozens of students (Focused, Intentional, Reflective, and Engaged).
- Behavior Growth Path utilization
- Wrap-Around services provided by organizations like Luminaries, GRYD, mentors from CSUN, Strength United, Phoenix House, and others.
- Slack Culture was a successful way to connect with student/staff, per school leadership. Slack is a workplace communication platform that facilitates all forms of instant communication, including calls, video calls, social-media style instant messaging, and document sharing.

#### Areas Noted for Further Growth and/or Improvement

Although the school has a well-developed school climate and student discipline system, school leadership noted that healthy relationships amongst students has been a challenge since coming back to in-person instruction. At the time of the oversight visit, the suspension rate was 5.8% for 2021-2022.

School leadership noted planned areas of improvement for the 2022-2023 school year. Some include the following:

- Hiring a language acquisition specialist to work with the EL/LTEL learners
- Advisory Committee looking to utilize the SEL focused curriculum to assemble and package a more heavily scripted hands-on curriculum that allows students to safely do some reflection before engaging with peers around topics that can be challenging for any student to tackle. School is looking to have Advisory during a time in the day to allow them to maximize energy, alertness, presence and openness.
- Service Learning PBL: In the 2022-2023 school year, school hopes to restructure the service learning PBL effort to “harness the energy of this school community and see it make significant impacts for social and environmental change in the San Fernando Valley.”
- EL Reclassification: 20% ELL, both recent arrivals and LTEL. Plan is to hire another specialist to give each of these students up to 200 minutes per week of additional ESL instruction
- Increase Four Year Cohort Graduation Rate (for the 2021, the rate slipped below 80%)

FISCAL OPERATIONS		RATING																														
<p>You have been assessed by the Fiscal Oversight team and you are receiving the rating of 3, <i>Proficient</i>.</p> <p><b>Other circumstances and information could influence the rating and are noted in this evaluation.</b></p> <p>Bert Corona Charter High’s fiscal condition has been positive since the 2017-2018 fiscal year. According to the 2020-2021 independent audit report, the school had positive net assets of \$510,126 and net income of \$113,660. The 2021-2022 Second Interim projected positive net assets of \$641,400 and net income of \$131,274.</p> <p>According to YPI Charter Schools, Inc.’s (YPICS) independent audit report dated June 30, 2021, Bert Corona Charter High is one of three schools operated by YPICS, all of which are authorized by the Los Angeles Unified School District (LAUSD). YPICS and its charter schools reported positive net assets of \$25,911,942 and a net loss of <b>(\$113,282)</b>. YPICS attributed its net loss to its building depreciation expense. YPICS’s 2020-2021 independent audit report shows total depreciation expense in the amount over \$1.14 million. YPICS, without its charter schools, reported negative net assets of <b>(\$16,373)</b> and net income of \$0. The organization attributed the reported negative net assets to home office staff’s accrued vacation expenses in 2019-2020. According to YPICS, there are no management fees charged to Bert Corona Charter High or the other charter schools that it operates. Instead, each school pays a portion of the actual expenses for shared costs and administrative services, including the salaries of YPICS’ Executive Director, its Chief Operations Officer, and other Learning and Support Center positions that are related to the organization as a whole. These costs are allocated on a pro-rated basis among the YPICS schools based on Average Daily Attendance (ADA).</p> <p><b>Areas of Demonstrated Strength and/or Progress:</b></p> <p>1. **Areas Noted for Further Growth and/or Improvement:**

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from YPICS (including bank statements, bank reconciliations, credit card statements, and check registers) for the three YPICS charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents and a sampling of checks and credit card transactions across these YPICS charter schools, to assess overall compliance with YPICS’s Fiscal Policies and Procedures. Any areas noted for further growth and/or improvement relating to YPICS’s and its charter schools’ overall compliance to the aforementioned manual are indicated within each charter school’s Annual Performance-Based Oversight Visit Report, which may or may not have been experienced by the specific YPICS school named above. Lastly, any exceptions that are school-specific, such as the fiscal condition, are reviewed separately for each YPICS charter school.

**1. Checks Outstanding for 60 Days or More (Recurring Issue):**

Based on the CSD’s review and analysis of a sample of the school’s Bank Reconciliation Reports for the period from August 31, 2021 through January 31, 2022, the CSD noted 11 checks that, as of January 31, 2022, had been outstanding for 60 days or more. Details regarding these checks are provided below. This is a recurring issue cited in the school’s 2020-2021 Annual Performance-Based Oversight Report.

Page 13 under of YPICS’s Fiscal Policies and Procedures (Approved 9/27/2021) states: “Nvoicepay will stale date payments after 60 days. When this situation happens, Nvoicepay will void the payment and credit the funds back to the organization's bank account. ExED may also direct Nvoicepay to reissue a payment prior to the 60-day deadline. In this case, Nvoicepay will void the original payment and issue a new payment. The new payment will be recorded as a payment modification and will be linked to the original payment in Nvoicepay.”

As of the writing of this report, the school had not provided the CSD with an action plan for improvement.

The CSD recommends that the school review its fiscal policies and procedures regarding reviewing and resolving outstanding checks over specific periods of time instead of re-issuing outstanding checks perpetually. The CSD further recommends that the charter operator and its back office provider adhere to its fiscal policies and procedures, and provide continuing guidance and establish expectations for its staff regarding the research, investigation, write-off, and reissuance of checks that have been outstanding for specified periods of time.

**2. Check Reviews - Late Fees and Finance Charges (Recurring Issue):**

Based on the CSD’s review of the school’s check register for the period spanning from March 2021 through February 2022, a sample of 23 checks were selected for further review. The CSD noted two checks (supported by invoices) that referenced late fees and finance charges. These items are summarized below.

Item #	Check #	Check Issuance Date	Vendor	Transaction Description	Check Amount	Late Fees/Finance Chargers
1	310577	2/17/2022	Quadient Finance USA, Inc.	Finance charge	\$42.70	\$42.70
2	310583	2/22/2022	Ricoh USA Inc.	Late fee	\$293.41	\$11.50
<b>Total</b>					<b>\$336.11</b>	<b>\$54.20</b>

According to YPICS, “Quadient Finance USA has a short turnaround time and they refuse to set up for automatic payment. However, their monthly fees are much lower than other vendors even with the finance charges.” YPICS has stated that they would continue to search for another vendor that will allow automatic payments and has lower rates than the current vendor. As to Ricoh USA Inc., YPICS stated that, “the late fee is related to staff being on winter break and the delay in issuing payment for January invoice.” YPICS has stated they plan to hire an additional part-time employee to the Learning and Support Center and this additional staff would help eliminate potential issues with invoice processing.

The CSD recommends that the school implement procedures to track all invoices and ensure that all vendors are paid timely, to avoid additional finance and late charges in the future.

- 3. Noncompliance with School’s Fiscal Policies and Procedures – Lack of Bidding Documentation and Board Approval (Contracts):** Based on the CSD’s review of a sample of 23 checks and bank debit transactions, and supporting documentation, the CSD noted that Check #310101 for \$79,577 (3 invoices), dated 6/26/2021 and issued to Sky Sportswear, lacked competitive bidding documentation and evidence of contract approvals by the governing board.

Item #	Invoice #	Invoice Date	Vendor	Transaction Description	Check Amount
1	5045	5/27/2021	Sky Sportswear	Masks, blankets	\$2,320.00
2	5120	6/04/2021	Sky Sportswear	Student Uniforms	\$44,469.50
3	5156	6/08/2021	Sky Sportswear	Student Uniforms	\$32,787.50
<b>Total</b>					<b>\$79,577.00</b>

Pages 9-10 of YPICS’ Fiscal Policies and Procedures, under Purchases and Procurement, state: “All purchases must be authorized by the Executive Director, Chief Operations Officer, or Executive Administrator/Assistant Executive Administrator. Any expenditure in excess of \$10,000 for the purchase of a single item should have bids from three (3) suppliers if possible.” It also states that, “The Governing Board must approve any contract over \$50,000.”

During the 2021-2022 fiscal oversight visit, YPICS’ back office provider, ExED, responded to the CSD that the YPICS governing board reviewed the check register that included check #310101 at the 07/26/21 board meeting and that the payment was for separate purchases, each for less than \$50K. The YPICS’s back office provider also mentioned that the school did have a discussion with the governing board regarding this purchase but did not document the conversation in the board meeting minutes. YPICS has stated that for purchases over \$50,000, staff will present board informative to the YPICS Board of Directors, in addition to reviewing the check register.

The CSD recommends that the school, YPICS and its back office provider strictly adhere to its written policies pertaining to purchases and/or its procurement processes referenced above, including, but not limited to, ensuring that complete vendor contracts or agreements and/or competitive bidding documents are maintained and are readily accessible (including all related exhibits), that clearly define work

to be performed at the time the contracts/agreements are executed and/or support that vendors are properly selected and contracted based on the school’s governing board-approved procurement policies and procedures.

Additionally, it is the CSD’s view that the contracts for purchases from the same vendors within the same fiscal year that exceed the YPICS established threshold (i.e., \$50,000) be reviewed and approved by its governing board so not to bypass the spirit of YPICS’ governing board role in reviewing and approving contracts. The CSD recommends that YPICS strictly adhere to its written policies pertaining to contract threshold amounts and approvals referenced above.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. Thus, the CSD’s recommendations concerning the above-noted findings and observations should be discussed at YPICS’ next governing board meeting, highly preferably no later than 90 days following the school’s receipt of this report. It is the school’s responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight.

**Other Observations (Items described in this section, which may not been addressed in the charter school’s Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices.)**

**1. Public Posting of Audited Financial Statements:**

Bert Corona Charter High has not posted its Fiscal Year 2020-2021 Audited Financial Statements on the school’s website. YPICS’ Executive Director stated in her response to the CSD on June 9, 2022 that the audit is available for public viewing and may be requested during office hours at the school office and that state statute does not require the audit to be posted on the website. Additionally, YPICS’ Executive Director shared that the audit was also available for the public during the YPICS board meeting in January 2022 when the audit report was on the governing board agenda.

In order to enhance transparency to the members of public and other stakeholders interested in the school’s finances, the CSD recommends that Bert Corona Charter High post its current and future Audited Financial Statements on its website even though it is not required by law.

The CSD will continue to monitor the issue referenced above in the “Other Observations” section prior to or during the next oversight visit. The results may be factored into the school’s rating for next year.

The school’s reported Norm Enrollment was 202, 245, 191, 191, and 191 students for Fiscal Years 2017-2018, 2018-2019, 2019-2020, 2020-2021, and 2021-2022 respectively, representing an accumulated decrease in enrollment of 11 students since Fiscal Year 2017-2018. The school’s reported Norm Enrollment for Fiscal Year 2021-2022 is 191 students, which represents a shortfall of 159 students (or approximately 45%) below its projected student enrollment for Fiscal Year 2021-2022 (i.e., 350 students) per its enrollment roll-out plan or a shortfall of 309 students (or approximately 62%) below its current approved enrollment capacity (i.e.,500 students) per the school’s operative charter. Per YPICS, its plans to increase enrollment include re-engaging main feeder schools and making presentations to parents and students; updating the school website to increase web presence and online outreach; and installing banners on major roadways around the campus. YPICS also shared that they intend to increase matriculation from Bert Corona Charter to Bert Corona Charter High School by offering a media arts summer bridge program. As noted above, the school has maintained a balance budget for Fiscal Year 2020-2021 and projected a balance budget for Fiscal Year 2021-2022 per its 2021-2022 Second Interim Financials. The CSD will continue to monitor the school’s student enrollment through oversight.
- 33. Pursuant to the “Proposition 39 Request for Facilities Alternative Agreement” executed between LAUSD and YPICS on February 11, 2022, that resolved the over-allocation dispute, Bert Corona Charter High owed \$125,492.83 in Prop. 39 over-allocated space reimbursement fees to LAUSD. Bert Corona Charter High has committed to satisfying this amount owed, pursuant to a payment plan comprised of 62 monthly payments of \$2,024.08 commencing in March 2022 through April 2027. LAUSD will continue to monitor this matter through oversight.
