

Governor's Proposals for the 2023-24 State Budget and K-12 Education

Board Presentation

Themes for the 2023-24 Governor's Budget

- California seems to have turned the page in State Budget development: from COVID-19 pandemic budgeting since May 2020 to more business as usual
 - Unfortunately, business as usual comes with a softening economy
 - Fortunately, California is better prepared to weather the proverbial storm due to investments made and reserves built up during the good years
- The Governor's Budget is focused on maintaining programs where possible while trimming others
 - As the COVID-19 crisis recedes, other crises receive more attention—homelessness, housing, and extreme weather
 - All of which affect our students and educators
- As bare bones as it is, the Governor's Budget is precariously balanced and a change in the economic forecast could require more difficult decisions at the May Revision

State Budget and Economy

- Persistent inflation, rising interest rates, lingering supply chain issues and the struggling stock market continue to stifle growth both nationally and for the state of California
- Most economists believe that a mild recession will occur in 2023 or 2024
- The state's revenue outlook is substantially different than the prior two years
- The Governor's Budget forecasts General Fund revenues that are \$29.5 billion lower than at the 2022-23 Enacted Budget
 - An estimated gap of \$22.5 billion in the state's General Fund for the 2023-24 fiscal year
- Through funding delays, reduction and pullbacks, fund shifts, trigger reductions and borrowing, Governor Gavin Newsom was able to keep the state's significant reserves intact
- The Governor's revenue forecast assumes slower economic growth, but not a recession, which comes with elevated risks

Proposition 98 and the Education Budget

- Proposition 98 resources grow leaner in the Governor's Budget, as do the proposed investments for K-12 schools and community colleges
 - Maintaining the purchasing power of the Local Control Funding Formula (LCFF) takes center stage with the cost-of-living adjustment (COLA)
 - Governor Newsom remains committed to key priorities in transitional kindergarten (TK) and expanded learning
 - The budget furthers educational equity to address persistent learning and achievement gaps
 - Governor Newsom surprises K-12 with a "sweep" of funding for arts and music instruction

Proposed State Budget and LEA Impacts

 For education, Governor Newsom proposes a State Budget to preserve investments made during the boom years

- The number of major changes for 2023-24 can be counted on one hand
 - However, the changes proposed are significant for local educational agencies (LEAs) across the state and include a proposed mid-year cut to previously budgeted one-time funds
- At least for now, gone are the litany of new ongoing and one-time categorical programs that have filled the Proposition 98 minimum guarantee during the economic expansion years

 (CalSTRS) relief for LEAs
- SSC recommends that LEAs anticipate a CalSTRS employer contribution rate of 19.10% in 2023-24 based on the best information available to date from CalSTRS
 - Thereafter, CalSTRS projects an employer contribution rate of 19.10% for the next several years
