BERT CORONA

CHARTER SCHOOL

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Bert Corona Charter School is a public charter school authorized by the Los Angeles Unified Schools District to serve the East San Fernando Valley, a cohesive community within the City of Los Angeles. BCCS seeks to support low-income and struggling students in its community for future academic success and active community participation. The majority of students attending schools in this area come from immigrant families where Spanish is the home language.

This area of Los Angeles is an underserved community, primarily composed of immigrant families struggling to overcome the economic barriers that accompany poor educational resources and cultural isolation. Bert Corona Charter School offers students the opportunity to continue to learn through clear and high expectations for all students, a rigorous technology-integrated curriculum, a personalized learning environment, and family-school community partnerships.

Bert Corona Charter School seeks to close the achievement gap for these students by providing clear and high expectations for all students to achieve a personalized and supportive learning environment that recognizes students' accomplishments, family-school-community partnerships and service, and integrated technology in the classroom.

2023-24 School Description and Mission Statement

The Bert Corona Charter School's mission is to:

- Prepare students for academic success in high school; as well as, post-secondary education. College and Career Readiness.
- Prepare students to be responsible and active participants in their community.
- Enable students to become life-long learners.

Inspired by the life and work of Humberto "Bert" Corona as a labor and civil rights leader, students at the Bert Corona Charter School will become active citizens characterized by the ideals of a diverse and democratic society. Our students will provide service to their community, take responsibility for their own learning, and develop the habits of mind that will empower them to be successful in high school. Furthermore, the critical thinking skills and the habits of mind students develop while under the care of Bert Corona Charter school will prepare them for the rigors of college and career world.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	1.00	1.80
Misassignments	3.20	1.70
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	4.20	3.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.20	0.00
Local Assignment Options	0.00	0.60
Total Out-of-Field Teachers	0.20	0.60

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	22.5	10.4
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	35.3	5.3

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The materials purchased by BCCS are all on the State Board of Education (SBE) list of approved instructional materials, and the school continues to purchase sufficient materials to ensure a textbook, digital platform or other related materials for each student at each grade level, 5-8. It should be noted that in the area of history/social science, the SBE has not approved a list of instructional materials. The materials the schools are utilizing in all core subject areas (English language arts, mathematics, science, history/social science) are the most current. Where there is no updated approved list of materials, the school has supplemented the last adoption with appropriate resources to ensure the relevance of content.

SB 820 modified the definition of “technology-based instructional materials” resulting in the inclusion of technology equipment necessary to access instructional materials. This includes any devices that provide internet access. The bill also changes the sufficiency requirements of EC §60119. To reflect these changes, “technology-based instructional materials” have been added to the instructional materials list.

School Facility Conditions and Planned Improvements

The school campus is comprised of several bungalows. Repairs are made as necessary. In recent years, concrete sidings have been added on three buildings; air conditioners were replaced; a water fountain station was added on the field; and trash receptacles installed in the lunch area. The grass field is reseeded two times a year (summer and winter).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	12	11	27	29	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent engagement is a hallmark of BCCS. Parents have ample opportunity to engage in all areas, and we encourage parents to participate in all school initiatives. Our school calendar is filled with trainings and opportunities for parents to come to the school and engage with teachers, administrators, staff, and community partners. Our goal is to engage our parents as partners, not as mere participants or bystanders in their child's education. To accomplish this, we have opportunities for parents to engage beyond meetings. Each month parents participate in Parent Advisory meetings, School Advisory Council meetings, parent leadership meetings. We are also focused on training our parents on the same topics and initiatives our staff are trained on so they can provide feedback as we implement. We encourage our parents to come for observational rounds to provide feedback from a parent's lens on what is going on in our classrooms. We have many events throughout the year when parents can come and engage with their kids in academic topics and activities. One example is our annual CASA project, a service-learning project our kids participate in through a partnership with UnidosUS. The parents participate all along the way to help kids identify issues within the community they would like to address and then the kids develop projects that help educate others and address those community needs. Finally, we partner frequently with CCSA to help our parents engage in advocacy work for their school, the charter school movement in Los Angeles and across the state.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2023-24 School Safety Plan

BCCS follows the established standards of health and safety as commonly practiced in California public schools according to the California Education Code and California Health and Safety Code, including Education Codes 44237, 45125.1, and 45122.1. All city building codes are followed.

As required annually, BCCS reviews its Comprehensive School Safety Plan and updates it as needed by March 1st.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

Fiscal Year 2022-23 Types of Services Funded

Title I funds are used to support effective, evidence based educational strategies for students not meeting the state's challenging academic achievement standards. Based on an analysis of student achievement data, Title I resources may be used for professional development, supplemental instruction and intervention, parental involvement, personalization and support for students who are academically at risk.

Title III funds are allocated to supplement the core language instruction educational programs to ensure English Learner (EL) students achieve English proficiency and meet the same challenging state academic standards that other students are expected to meet. These support services must be based on evidence that demonstrates program effectiveness and may include effective professional development to teachers, administrators, and other school or community-based organizational personnel. Professional development activities funded with Title III funds must be of sufficient intensity and duration to have a positive and lasting impact on teacher capacity to meet the instructional needs of English learners.

The program description for all BCCS programs, as provided by all funding sources, is available in our LCAP. The LCAP can be accessed on our website at: <http://bccs.ypics.org/compliance/>
