After School Education and Safety (ASES) Grant

The purpose of the After School Education and Safety (ASES) Program is to create incentives for establishing locally driven Expanded Learning Programs, including after school programs that partner with public schools and communities to provide academic and literacy support and safe, constructive alternatives for youth. The ASES Program involves collaboration among parents, youth, and representatives from schools; governmental agencies; individuals from community-based organizations; and the private sector.

After School Education and Safety Grant Renewal Process

Applicants awarded an ASES grant will receive a three-year renewable grant awarded in one-year increments beginning on July 1, 2023, provided that the assurances and program requirements have been met and the state budget is approved (California *Education Code* [EC] Section 8482.4[c]). Continuation of the grant after the initial three-year grant period is contingent upon meeting all of the administrative program requirements—including attendance, expenditure, and evaluation data reporting.

Grantees are required to reapply for their grant every three years through the ASES renewal application process. Current grantees may verify the grant cycle of their program at the CDE ASES Renewal Cycles web page at

After School Education and Safety Frontier Grant

The purpose of this ASES Program—Frontier Transportation Grant is to provide supplemental funding for existing ASES Program grantees that have transportation needs due to their after school program sites being located in Frontier Areas as specified in California *EC* Section 8483.7(a)(5). The CDE will determine annually whether transportation funds are available for ASES Program grantees that have sites located in Frontier Areas.

For more detailed information about both of these grants, please visit the CDE Funding Opportunities webpage at
