II. Communications

A. Presentations from the Public

There were no communications from the Public.

III. Items Scheduled for Information

A. Chief Operation Officer's Report

W. Njboke arrived.

COO Duenas-

Kids are excited for ELOP. We had a school fair, 17 additional clubs/classes were created. YPICS has received good feedback from students and staff. The first Valley Enrollment Fair held at BCCS on February 26th. The event did not yield enough interested families or parents. However, both the High School and Bert had a total of 7 students to sign up to enroll. This year is different. Looking good, generating buzz, staff is excited about doing the work, volunteering. It's nice to see staff excited.

B. Executive Director's Report

ED King-Berg

We will continue to closely watch [SB 579 \(Allen\)](#) – Hold Harmless for 2022-23 School Year.

SB 579 would provide an additional year of hold harmless for all schools, including charter schools, in 2022-23. SB 579 was amended to address 2021-22 hold harmless funding for charter schools. SB 579 has passed the Senate, and now it needs to pass the Assembly. Additionally, it will need to align with the final State Budget.

Secondly, we have finally come close to finalizing the YPICS Teacher Effectiveness Rubric. We began the development process last year and have included all teachers,

instructional coaches, and administration to provide feedback. The final document will be ready for YPICS Board approval in April 2022, in time to begin using the rubric to set YPICS-wide teacher instructional expectations and a strive toward excellence beginning the first day of the 2022-2023 school year.

SARC Report was pulled off of the ED report and voted on as a separate action item.

C. Board Academic Excellence Committee School Data Reports

Board Vice Chair Lopez - The Committee had an extensive conversation and reviewed data analysis with the school Executive Administrators. The meeting was productive, we are pleased with the academic growth at all three schools, especially during the pandemic. The last item we discussed is the issue of no ds and no fs for high school students. It will be presented today for action. We know the situation is primarily relevant to the pandemic. Student academic achievement has been affected for three years. A significant number of large school districts in California have moved to pass a policy like this one. Given the ongoing pandemic challenges the last thing we want to do is cause harm.

EA Dr. Quon –

iReady growth fall 2021 to winter 2021, shows growth.

iReady Math Analysis:

- All grade levels showing growth from D1 to D2 in Math
- Students “On or Above” Grade level increased from 6% to 11% in Math from D1 to D2
- Students “Two or More Grade Levels Below” decreased from 71% to 61% from D1 to D2
- Median Progress to Annual Typical Growth is at 73% overall for all students in math
- 8th grade math saw the highest growth at 108% median growth and 42% stretch growth

Math for SPED students did not show the growth. We can do better in math and that will be our focus second semester.

iReady Reading Analysis:

- All grade levels showing growth from D1 to D2 in Reading
- In reading sped students has amazing growth.

Students “On or Above” Grade level increased from 13% to 17% in Reading from D1 to D2

- Students “Two or More Grade Levels Below” decreased from 72% to 63% from D1 to D2 Median Progress to Annual Typical Growth is at 97% overall for all students in reading
- 7th grade reading saw the highest growth at 124% median growth and 42% stretch growth

EA Dr. Myers-

iReady Summary on iReady Math:

BCCS progress toward annual typical growth grew from **33%** of students meeting this target in **January 2021** to **64%** of students meeting this target in **January 2022**.

iReady Summary on iReady Reading:

BCCS progress toward annual typical growth grew from **47%** of students meeting this target in **January 2021** to **94%** of students meeting this target in **January 2022**. This mid-year result is exciting to see given we still have 4 more months of instruction.

EA Mr. Simonsen -

Growth is from beginning of year until January 2022. Reviewing data. Girls the regressed stayed in grade level. 27% girls are at grade level. Not all tested both times. The boys are lower. In math about 10% more on failing males. It's the reading that is staggering. Comparing to those that failed their math/ reading classes.

Board Chair Keipp wanted to know if the school was using high interest reading for boys.

EA Simonsen - The High School is reimplementing Achieve 3000, because it is high interest levels for both boys and girls and it covers all a-g content. Second semester teachers will implement articles 2-3 by the end of the year. This will help support students reading across all content areas.

The remaining data is in the provided report.

D. FY21-22 Winter ConApp

The Con App was presented, discussed, and approved.

E. Update on the Annual Update to the 2021-22 LCAP and Budget Overview for Parents (BCCS, BCCHS, & MORCS)

Assembly Bill (AB) 130 (Chapter 44/2021)—Section 124 (e)—requires local educational agencies (LEAs) to present “an update on the annual update to the 2021-22 LCAP and

budget overview for parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the local educational agency.” The update must include: 1. A one-time Supplement to the Annual Update for the 2021-22 LCAP using the State Board approved template. 2. All available mid-year outcome data related to metrics identified in the 2021-22 LCAP 3. Mid-year expenditure and implementation data on all actions identified in the 2021-22 LCAP 4. An update on the Budget Overview for Parents was provided.

F. Form 700 Filers

This is just a reminder that every elected official and public employee who makes or influences governmental decisions is required to submit a Statement of Economic Interest, also known as the Form 700. The Form 700 provides transparency and ensures accountability in two ways: 1. It provides necessary information to the public about an official’s personal financial interests to ensure that officials are making decisions in the best interest of the public and not enhancing their personal finances. 2. It serves as a reminder to the public official of potential conflicts of interest so the official can abstain from making. Please support Ms. Gachuzo when she reaches out to obtain your signatures, so that YPICS remains compliant with this regulatory obligation.

G. ED and COO Evaluations (ED and COO Evaluation Rubrics)

Board Chair Keipp-

It is that time of year to complete the Executive Director along with the COO evaluations. The evaluation templates were provided in your board packet. The process will be the same as we did last time, each member of the board, completed the evaluation for Ms. King-Berg, had a closed session where we discussed the evaluation on 3/28/2022. We will evaluate The ED in closed session and provide feedback for the COO Evaluation. King-Berg will provide us the results of her evaluation of the other administrators.
