I am incredibly pleased with the achievement growth scores on the latest local assessments for school-wide ELs and SWDs for both middle and high schools. The committee discussed challenges and opportunities for growth. As YPICS continues to focus on engagement, it is recommended that schools research the root causes of chronic absenteeism and find ways to track it.

H. YPICS Chief Accountability Officer's Report

The Chief Accountability Officer provided her report to the Board of Trustees.

State Accountability: System of Support “Differentiated Assistance” California’s accountability and continuous improvement system is based on a 3-tiered system of eligibility for assistance. It is intended to support school districts in building their capacity to improve student outcomes through the LCAP process, which includes deciding how resources provided are applied to meet the needs of student groups.

- Level 1 “All Schools”
- Level 2 “Differentiated Assistance” supported by COEs and the California Collaborative for Educational Excellence (CCEE)
- Level 3 “Intensive Intervention” for persistent performance issues

Charter school criteria for 2023 is having two years of one of the following:

- Student group performance in two or more LCFF priority areas or
- Performance on local indicators in two or more priority areas or
- A combination of student group performance in one state priority area and local indicator performance in a different priority area is needed.

The YPICS middle schools were notified before the Winter Break of their identification for “Differentiated Assistance.” As described above, the schools’ eligibility for DA was based on the 2023 Dashboard for the following student groups: Hispanic or Latino, Socioeconomically Disadvantaged, English Learners, and Students with Disabilities.

As part of the State Accountability (DA), the middle schools will have support from the Los Angeles County Office of Education to delve into a root cause analysis of the data outcomes focused on the identified student groups. The collaboration with the COE will also come with access to LACOE resources (professional development, planning) to increase the schools’ capacity to raise student achievement. The first engagement with LACOE will occur on Tuesday, February 6th, for the LACOE Differentiated Assistance Symposium.

Federal Accountability: Every Student Succeeds Act (ESSA) Assistance Following the State Accountability Model, the CDE is required to identify schools for ESSA Assistance. Based on the 2022 and the 2023 Dashboards, schools may be identified for one of two levels of federal improvement assistance: CSI or ATSI. Comprehensive Support and Improvement (CSI): Eligibility and exit are determined for the following categories: Low graduation rate and or Not less than the lowest-performing 5% of Title I-funded schools.

Additional Targeted Support and Improvement (ATSI) applies to Title I and non-Title I schools. Schools are eligible if they have one or more student groups for two years that meet the “Low Performing” criteria (described in CSI) based on the CA School Dashboard. Student groups used for ATSI: Race/ethnicity, Homeless, English Learners, Foster Youth, Students with Disabilities, and Socioeconomically Disadvantaged.

Based on 2023 Dashboard data, Bert Corona has exited ATSI to CSI Low Performing; Bert Corona High School and Monseñor Oscar Romero have entered CSI Low Performing.

I. YPICS Executive Director's Report

The Executive Director provided her report to the Board of Trustees.

State:

Excerpt from Overview of the Governor's Proposal for the 2024-25 State Budget and K-12 Education; From School Services of California Posted January 10, 2024

When you expect a budget gap of \$68 billion, a budget gap of \$37.9 billion feels like a good day. While there is no debating the magnitude of unrealized revenues from 2022, Governor Gavin Newsom today framed the current budget situation as the state returning to a more normal economic environment from recent years of explosive growth. This is a key difference from the expectations set last fall by the Legislative Analyst's Office (LAO) Fiscal Outlook and the tone set today by Governor Newsom. The good news for education is that there are no mid-year cuts, deferrals, or program rollbacks. The bad news for education is a shrinking Local Control Funding Formula (LCFF) due to heavy declining enrollment and a meager cost-of-living adjustment (COLA). California is better prepared to weather the proverbial storm due to the significant rainy day deposits made during the good years that allow the state to address this budget gap. In addition to reserve withdrawals (including the Proposition 98 Rainy Day Fund), the Governor proposes reductions, internal borrowing, funding delays, funding shifts, and non-Proposition 98 deferrals. It remains to be seen whether one-time funds successfully create a bridge to increased future revenues or if they eventually run dry and merely delay cuts to align actual spending to revenues.
