**IV. Items Scheduled For Action**

**A. FY24-25 January YPICS Financials**

C. Lopez made a motion to approve the YPICS January 2025 financials and check registers as submitted.

D. Cho seconded the motion.

Enrollment has increased at MORCS and BCCHS.

Attendance across all three schools went down (fire, ICE enforcement). We are planning to file J-13 for attendance revenue.

We held some liabilities on our books; both were due to the closure of one organization and another business. These entities no longer exist, and their entities are completely closed. This will add back revenue to the schools' budgets.

The board **VOTED** unanimously to approve the motion.

**Roll Call**

**C. YPICS Executive Director's Report**

Ms. King-Berg acknowledged Ena LaVan, Chief Accountability Officer, for her tireless work on the federal monitoring audits. YPICS is happy to report no findings. Additionally, it has been a hectic year for MORCS, Charter Renewal, DVR in process, and the Federal Program Monitoring Review.

January was a busy month, and many new laws were passed; we will review these further as we bring you new areas of compliance timely to meet the deadlines.

**D. Form 700 Filers**

Ms. King-Berg reminded the Board to fill out their Form 700 forms. Emails were individually sent to Board Members from the county and if any board members need assistance, they were directed to reach out to Elida Gachuzo for assistance.

**E. Board Committee Updates**

The Finance Committee met today; Mary Keipp chaired the meeting in Mr. Green's absence. The entire board will vote on the committee recommendations today. All other Board committee updates will be given at the next board meeting.

**F. YPICS Director of Special Education's Report**

The Director of Special Education's report was made available to the Board in the board packet for review.

Report Highlight is the Legal Update, which provides essential guidance on special education practices we regularly encounter.

These updates serve to inform our understanding and application of special education law. In this month's board report, I highlighted a case specifically addressing Prior Written Notices (PWN) and the critical need to follow through with the specific actions outlined within those notices.

We are legally obligated to provide parents with consistent updates via PWN whenever an evaluation is requested. This obligation extends beyond the initial data-gathering phase; we must also issue a subsequent PWN to clearly communicate our final decision regarding the evaluation, regardless of whether we choose to proceed or not. This practice safeguards parental rights and prevents potential legal concerns for the schools.

**G. Monseñor Oscar Romero Charter School Executive Administrator's Report**

The Executive Administrator's report was made available to the Board in the board packet for review.

At Monseñor Oscar Romero Charter School, our mission to support student growth academically, socially, and emotionally continues to guide our efforts as we move through the school year. This month's board report highlights key areas of progress and reflection as we review recent data and our ongoing work to meet the needs of all students.

In academics, our focus has been on English Learner support, with the ELPAC testing window now open and a goal to complete all testing by the end of April. Our educators have been integrating Ellevation Strategies into instruction to enhance language acquisition, ensuring that students receive the targeted support they need to succeed.

In attendance, we have seen a slight dip in Average Daily Attendance (ADA) due to external factors, but we remain committed to reinforcing the importance of regular attendance.

In culture and climate, we have made strides in fostering a positive school environment. Our emotion meter results show improvement, with fewer students reporting negative feelings.

The following updates demonstrate the collective efforts of our staff, students, and families in advancing our mission. While there is still work to be done, we are encouraged by the progress made and remain steadfast in our commitment to supporting the success and well-being of every student.

#### **H. Bert Corona Charter High School Executive Administrator/ COO's Report**

The Executive Administrator/ Chief Operations Officer's report was made available to the Board in the board packet for review.

NWEA MAPs Student Growth Summary Report Mathematics Fall to Winter In mathematics, 114 of the 203 students school-wide (56%) met their projected growth goals between the fall and winter assessments. Here is a breakdown by grade level: 9th Grade: 39 out of 52 students (75%) met their growth goal. 10th Grade: 25 out of 48 students (52%) met their growth goal. 11th Grade: 21 out of 47 students (45%) met their growth goal. 12th Grade: 29 out of 56 students (52%) met their growth goal.

NWEA MAPs Student Growth Summary Report Reading Fall to Winter In reading, 113 of the 201 students school-wide (56%) met their projected growth goals between the fall and winter assessments. Here is a breakdown by grade level: 9th Grade: 29 out of 51 students (57%) met their growth goal. 10th Grade: 30 out of 47 students (64%) met their growth goal. 11th Grade: 25 out of 48 students (52%) met their growth goal. 12th Grade: 29 out of 55 students (53%) met their growth goal.

Professional Development Our current professional development focus is centered on enhancing academic monitoring practices. We are working on strengthening teachers'

ability to circulate the classroom purposefully to provide targeted support and guidance to students. We are emphasizing the importance of asking probing questions that check for understanding and also stimulate critical thinking. The planning time is shifting to developing effective questioning strategies, differentiating questions to meet diverse student needs, and creating a classroom culture where students feel comfortable making mistakes in the process of learning. This focus on consistently using probing questions is expected to increase student comprehension of content, increase learning from peers through discussion, and the ability to gauge student understanding and misconceptions for immediate feedback and guidance.
