## **CENTRALIA SCHOOL DISTRICT BOARD POLICY #5253 MAINTAINING PROFESSIONAL STAFF/STUDENT BOUNDARIES**

### **Purpose**

The purpose of this policy is to provide all staff, students, volunteers, and community members with information about their role in protecting children from inappropriate conduct by adults. This policy applies to all district staff and volunteers. For the purpose of this policy and procedure, the terms “district staff”, “staff member”, and “staff” also include volunteers.

### **General Standards**

The Board expects all district staff to maintain the highest professional standards when they interact with students. District staff are required to maintain an atmosphere conducive to learning by consistently maintaining professional boundaries.

The interactions and relationships between staff members and students should be based upon mutual respect and trust, an understanding of the appropriate boundaries between adults and students in and outside of the educational setting, and consistency with the educational mission of the schools.

Professional staff/student boundaries are consistent with the legal and ethical duty of care that district employees have for students.

District staff will not intrude on a student’s physical and/or emotional boundaries unless the intrusion is necessary to serve a demonstrated educational purpose. An educational purpose is one that relates to the staff member’s duties in the District.

Additionally, staff members are expected to be aware of the appearance of impropriety in their own conduct and the conduct of other staff when interacting with students. Staff members will notify and discuss issues with their building administrator or supervisor whenever they suspect or question whether their own or another staff member’s conduct is inappropriate or constitutes a violation of this policy.

Any concerns regarding boundary violations that may constitute abuse or neglect must be taken seriously and reviewed promptly. If, at any point, there is reasonable cause to believe that a boundary violation may meet the threshold of abuse or neglect, a report to Child Protective Services (CPS) or law enforcement must be made immediately, and no later than forty-eight (48) hours, in accordance with state law.

School personnel are individually responsible for ensuring that a report is made when required and may not rely on another individual to fulfill this legal obligation.

Notifying a building principal or supervisor of a concern does not relieve staff of their responsibility to assess whether a mandatory report is required, nor does it extend reporting timelines.

Failure to make a required report may result in disciplinary action and may subject the employee to civil or criminal penalties under state law.

The Board recognizes that staff may have familial and pre-existing social relationships with parents or guardians and students. Staff members should use appropriate professional judgment when they have a dual relationship with students to avoid violating this policy, the appearance of impropriety, and the appearance of favoritism. Staff members shall proactively discuss these circumstances with their building administrator or supervisor.

**Use of Technology**

The Board supports the use of technology to communicate for educational purposes. However, when the communication is unrelated to schoolwork or other legitimate school business district staff are prohibited from communicating with students by phone, e-mail, text, instant messenger, or other forms of electronic or written communication.

District staff members are prohibited from engaging in any conduct on social networking web sites or applications that violates the law, district policies or procedures, or other generally recognized professional standards. This prohibition includes prohibiting staff from “friending” and/or “following” students on any social media platform.

Staff whose conduct violates this policy may face discipline and/or termination consistent with the district’s policies and procedures, acceptable use agreement, and collective bargaining agreements, as applicable.

The superintendent/designee will develop protocols for reporting and investigating allegations and develop procedures and training to accompany this policy.

**BOARD POLICY #5011**  
**SEXUAL DISCRIMINATION AND SEX-BASED HARASSMENT OF DISTRICT STAFF PROHIBITED**

Centralia School District is committed to a positive and productive working environment free from discrimination, including sexual harassment. This commitment extends to all employees and other persons involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation, or at a class training held elsewhere.

~~This policy is developed to meet the district’s obligations under Title IX and is aligned with Washington State laws and regulations that define sex-based discrimination. The district will not adopt or implement any policy, practice, or procedure or take any employment action on the basis of sex, except to meet its obligations related to pregnancy and pregnancy-related conditions.~~

~~The district will not make any pre-employment inquiry as to the marital status of an applicant for employment, including whether such applicant is “Miss or Mrs.” Pre-employment, the district may ask an applicant for employment to self-identify their sex, but only if this question is asked of all applicants and if the response is not used as a basis for discrimination by Title IX or this policy.~~

~~Consistent with the Title IX regulation, the district will not implement any policy, practice, or procedure or take any employment action on the basis of sex:~~

- ~~(1) Concerning the current, potential, or past parental, family, or marital status of an employee or applicant for employment, which treats persons differently; or~~
- ~~(2) That is based upon whether an employee or applicant for employment is the head of household or principal wage earner in such employee’s or applicant’s family unit.~~

~~The district has jurisdiction over complaints of sex-based discrimination pursuant to the Federal law Title IX of the Education Amendments of 1972 (Title IX) and Washington State laws, including Chapter 28A.640 RCW and Chapter 392-190 WAC.~~

**Definitions**

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sex discrimination means unfair treatment based on sex, including sexual orientation, gender identity, pregnancy, or related conditions. Sexual harassment can occur student to adult, adult to adult, or can be carried out by a group of students or adults and will be investigated by the district even if the alleged harasser is not part of the school staff or student

body. The district prohibits sexual harassment of district employees by other students, employees or third parties involved in school district activities.

The term "sexual harassment" is defined by the regulations implementing the federal law Title IX of the Education Amendments Act of 1972 at 34 C.F.R. § 106.30.

Under federal and state law, the term "sexual harassment" may include:

- Acts of Sexual violence;
- Unwelcome sexual or gender-directed conduct or communications that interferes with an individual's employment performance or creates an intimidation, hostile, or offensive environment;
- Unwelcome sexual advances;
- Unwelcome requests for sexual favors;
- Sexual demands when submission is a stated or implied obtaining work opportunity or other benefit;
- Sexual demands where submission or rejection is a factor in a work or other school-related decision affecting an individual.

A "hostile environment" for an employee is created where the unwanted conduct is sufficiently severe or pervasive to create a work environment that a reasonable person would consider intimidation, hostile, or abusive.

Formatted: Indent: Left: 0"

~~"Sex-based harassment" means sexual harassment and other harassment on the basis of sex stereotypes, sex characteristics, sexual orientation, gender identity, gender expression, pregnancy or related conditions, and marital status.~~

~~The term "sexual harassment" includes the following, which Title IX defines at 34 C.F.R. § 106.2:~~

- ~~●~~
- ~~● "Quid pro quo harassment"~~
- ~~● "Hostile environment harassment"; and~~
- ~~● Specific offenses of sexual assault, dating violence, domestic violence, or stalking~~

~~The term "sexual harassment" is also prohibited under state law as defined at WAC 392-190-056 and includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, or other verbal or physical conduct or communication of a sexual nature between two or more individuals if:~~

- ~~a. Submission to the conduct or communication is condition of obtaining employment;~~
- ~~b. A factor in decisions affecting that individual's employment; or~~
- ~~c. The conduct or communication has the purpose of effect of substantially interfering with an individual's employment or of creating an intimidating, hostile, or offensive educational~~

~~environment.~~

~~Harassment based on sexual orientation, gender expression, or gender identity is also prohibited under Washington state law as defined at RCW 49.60.040 and WAC 162.32.040.~~

~~For the purpose of these definitions, sexual harassment may include conduct or communication that involves adult to student, student to adult, student to student, adult to adult, male to female, male to male and female to female.~~

~~The district will address all sex-based harassment in its program and activities, even when some conduct alleged to be contributing to a hostile environment occurs outside of its program or activities.~~

~~The district has also developed other specific related policies for district employees to comply with its obligations under State and Federal laws, including Title IX, and to create an inclusive and welcoming work environment, including [WSSDA Model Policies or modified for your district equivalent] Policy 5210 (Prohibiting Discrimination of Staff), Policy 5012 (Parental, Family, or marital status; pregnancy or related conditions), and 5404 (Family Medical and Maternity Leave).~~

**Investigation and Response**

~~The Superintendent will develop and implement procedures for receiving, investigating, and resolving complaints or reports of sex discrimination, including sex-based harassment, and will include reasonable and prompt timelines and delineates roles and responsibilities for such.~~

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, the district will promptly investigate to determine what occurred and will take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end sexual harassment, eliminate the hostile environment, prevent its occurrence and, as appropriate, remedy its effects. The district will take prompt, equitable, and remedial

action within its authority every time a report, complaint, and/or grievance alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. This reporting obligation is immediate and must be made at the first opportunity, but no later than forty-eight (48) hours after there is reasonable cause to believe abuse or neglect has occurred, in accordance with state law. School personnel are individually responsible for ensuring that the report is made and may not rely on another person to fulfill this legal obligation. Reporting suspected abuse to the building principal or supervisor does not relieve professional school personnel from their reporting responsibilities and timelines. Failure to make a required report may result in disciplinary action and may subject the employee to civil or criminal penalties under state law.

Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation to the extent that such investigation does not interfere with an on-going criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending staff or third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

#### **Retaliation and False Allegations**

~~It is a violation of this policy to engage in retaliation.~~ Retaliation, as defined under Federal and State laws and the Superintendent's procedure, against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline. ~~However, no party, witness, or other participating in the district's grievance process will be disciplined based solely on a determination of whether sex-based discrimination occurred under the Superintendent's procedure.~~

#### **Staff Responsibilities ~~and Training~~**

The superintendent will develop and implement formal and informal a procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt timelines and delineate staff responsibilities under this policy. that identifies the roles, responsibilities, and training requirements of the Title IX Coordinator and school employees.

Any school employee who witnesses sexual harassment or receives report, informal complaint, or written complaint about sexual harassment is responsible for informing the district's Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complaints

Policy No. 5011  
Personnel

to the formal complaint process.

This policy applies to sexual harassment (including sexual violence) targeted at district employees carried out by a student, employee, or a third party involved in school district activities.

A formal complaint filed by an employee or filed by or on behalf of a student complaint against an employee respondent will be investigated under the definitions, requirements, and procedures of Policy 3205 and Procedures 3205P.

Reports of sex discrimination and sexual harassment will be referred to the district's Title IX Coordinator. Reports of discrimination based on sexual orientation, gender expression, gender identity, ethnicity, race, creed, color, national origin, religion, homelessness, immigration or citizenship status, the presence of any sensory, mental, or physical disability, neurodivergence, or the use of a trained guide dog or service animal, honorably discharged veteran or military status, or age, or complaints alleging violations of the Boy Scouts of America Act will be referred to the district's Civil Rights Compliance Coordinator.

Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

The Superintendent will also develop materials to provide age appropriate information and education to district staff, students, parents, and volunteers regarding the policy and the recognition and prevention of sex-based harassment.

Formatted: Indent: Left: 0"

### **District Notice and Training**

The superintendent will develop procedures to provide information and education to district staff, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum, sexual harassment recognition and prevention and the elements of this policy will be included in staff and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, parents, volunteers, and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee, and reproduce in each staff, volunteer, and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

Policy No. 5011  
Personnel

~~At a minimum, the district's website will include a statement that the district prohibits sex discrimination and sex-based harassment in any education program or activity that it operates, as required by Title IX and other laws, and employment. It will also state that questions about Title IX, how to locate the district's policy and grievance procedure, and how to report sex discrimination or make a complaint may be directed to the District's Title IX Coordinator. The Title IX Coordinator's contact information will also be provided, including their name or title, office address, email address, and telephone number.~~

~~This policy and the procedure, which include the complaint process, will be conspicuously posted in each district building in a place accessible to staff, students, parents, volunteers, and visitors. Information about the policy and procedure will be clearly stated and posted throughout each school building, provided to each employee, and reproduced in each student, staff, volunteer, and parent handbook. Such notices will identify the district's Title IX coordinator and provide contact information, including the coordinator's email address.~~

~~Additionally, sex-based harassment recognition and prevention and the elements of the this policy will be included in staff, student, and regular volunteer orientations.~~

**Policy Review**

**CENTRALIA SCHOOL DISTRICT  
BOARD POLICY #3205  
~~SEXUAL DISCRIMINATION OF SEX-BASED~~ HARASSMENT OF  
STUDENTS PROHIBITED**

This district is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

**Definitions**

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. [Sex discrimination means unfair treatment based on sex, including sexual orientation, gender identity, pregnancy, or related conditions.](#) Sexual harassment can occur adult to student, student to student or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

Formatted: Font: Not Bold

The term “sexual harassment” includes:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual’s educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- [sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual.](#)
- [Voyeurism, including observing, photographing, videotaping, filming, or otherwise recording a student without their knowledge or consent in a manner that is sexual in nature or violates the student’s reasonable expectation of privacy.](#)

A “hostile environment” has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student’s ability to participate in or benefit from the school’s program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

**Investigation and Response**

Page 1 of 4

Policy No. 3205  
Students

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint, alleging sexual harassment comes to the attention of the district, either formally or formally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. [This reporting obligation is immediate and must be made at the first opportunity, but no later than forty-eight \(48\) hours after there is reasonable cause to believe abuse or neglect has occurred, in accordance with state law. Reporting suspected abuse to the building principal or supervisor does not relieve professional school personnel from their reporting responsibilities and timelines. Failure to make a required report may result in disciplinary action and may subject the employee to civil or criminal penalties under state law.](#)

Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

### **Retaliation and False Allegations**

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

### **Staff Responsibilities**

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will in-

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing their immediate supervisor who will investigate such reports and inform the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

District/school staff, including employees, contractors, and agents shall not provide a recommendation of employment for an employee, contractor, or agent that the district/school, or the individual acting on behalf of the district/school, knows or has probable cause to believe, has engaged in sexual misconduct with a student or minor in violation of the law.

#### **Notice and Training**

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum sexual harassment recognition and prevention and the elements of this policy will be included in staff, student and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents, volunteers and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee and reproduced in each student, staff, volunteer and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

#### **Policy Review**

The superintendent will ensure that the use and efficacy of this policy will be reviewed annually and any recommendation for changes to this policy will be provided to the board. The superintendent is encouraged to involve staff, students, volunteers and parents in the review process.

Method of transportation must be shown on the form. Employees are expected to travel by the most economical means feasible and the most direct route.
2. When two or more persons are attending the same conference, plans should be made to use the minimum number of vehicles necessary for transport.
3. The applicant will be notified of approval or disapproval of the request.

4. Within ten (10) days after returning, the employee making the trip must submit to the business office a travel voucher supported by appropriate itemized receipts (unless claiming allowed per diem rates). The actual amounts spent must be listed.
5. Travel on school district business by public carrier is exempt from federal tax if a federal tax is charged. Exemption forms may be secured from the business office or at most ticket offices. Travelers who do not avail themselves of this exemption will not be reimbursed for the amount of the federal tax. Receipts for such travel must be secured.

### **Lodging, Meals and Other Expenses**

1. Reasonable expenses for lodging and meals are reimbursable. Receipts must be secured and submitted with the claim for lodging.
2. No reimbursement will be made for expenses of guests or fines.
3. Fees paid for registration to a conference are reimbursable. Claims for such registration must be supported by a receipt.
4. Dues for organizational memberships are not reimbursable.
5. Necessary long distance calls, internet connections, fax charges, and telegrams are reimbursable.
6. **Tips and gratuities.**  
Mandatory tips may be paid or reimbursed only when they are part of an otherwise allowable district business or travel expense. Any tip related to a meal reimbursement must be included within the applicable per diem or per-meal limit and is not payable above that limit. Voluntary or discretionary tips beyond the allowable meal limit, or tips that are not mandatory, are not allowed and may not be paid or reimbursed with district funds, including district credit cards.
7. **Disallowed charges to the District will be required to be reimbursed back to the District, in the event that the reimbursement does not take place, the District may establish a lien against the salary of that employee pursuant to RCW 42.24**
8. The Superintendent may make adjustments for unforeseen or exceptional expenses incurred.

SUBJECT: Delegating Authority to WIAA

BACKGROUND: On an annual basis, Centralia School District has delegated authority and maintained membership with the WIAA (Washington Interscholastic Athletics and Activities Association) due to the opportunities provided to the students of our district.

RATIONALE: It is in our best interest as a school district to delegate authority and continue membership with the WIAA as our chosen governing body due to the opportunities provided to our student athletes and activity participants. Membership in the WIAA allows us to compete with majority of schools in the state of Washington, provides a pathway to post-season tournament play, and provides experiences to our students that would not be attainable without this delegation. To knowledge, Centralia has been a member school of the WIAA since the formation of the organization.

FISCAL IMPACT: General operating budget for district wide programming.

# SCHOOL BOARD RESOLUTION FORM

*DUE ANNUALLY BY THE SECOND FRIDAY IN JUNE*

School District Type (select one):  Public  Private  Charter  Tribal

School District Name: Centralia School District #401 Resolution # (optional):  Date: 5/20/2026

Schools Approved for WIAA Membership: Centralia High School & Centralia Middle School

By action of the 1976 Legislature, each School District Board of Directors may delegate control, supervision, and regulation of any extracurricular activity to the WIAA and compensate such entity for services provided. The local **SCHOOL BOARD PRESIDENT** and **SUPERINTENDENT** must sign this resolution form to indicate that the School Board has approved the Public School District's or Private School's membership with the Washington Interscholastic Activities Association (WIAA) and as members, these schools will follow the WIAA Rules and Regulations.

### DELEGATING AUTHORITY TO WIAA

WHEREAS Chapter 32, Laws of 1975-76, 2nd Ex. Sess. grants authority to each school district board of directors to control, supervise and regulate the conduct of interschool athletic activities and other interschool extracurricular activities of an athletic, cultural, social, or recreational nature for students in the district.

WHEREAS Chapter 32, Laws of 1975-76, 2nd Ex. Sess. authorizes school district boards of directors to delegate control, supervision and regulation of any of the aforesaid activities to any voluntary, nonprofit entity and to compensate any such entity for services provided subject to the satisfaction of certain conditions and approval by the State Board of Education.

WHEREAS the Washington Interscholastic Activities Association is a voluntary, nonprofit entity which has satisfied the conditions, expressly set forth in Chapter 32, Laws of 1975-76, 2nd Ex. Sess. and has further been approved by the State Board of Education in action taken on August 17, 1977.

WHEREAS the board of directors of directors of the following School District or School being otherwise fully informed of the rules and regulations of the Washington Interscholastic Activities Association as approved by the State Board of Education and recognizing that said rules and regulations provide for private sponsorship of post-season tournaments for extracurricular activities by WIAA, consent to abide by such rules and regulations.

NOW THEREFORE, the board of directors of the following School District or School hereby delegates to the Washington Interscholastic Activities Association the authority to control, supervise and regulate interschool activities consistent with the rules and regulations of WIAA. The Board of Directors retains the right to establish eligibility standards that meet or exceed the rules and regulations of WIAA.

### INTERSCHOLASTIC OFFICIALS L&I COVERAGE STATEWIDE & MEMBERSHIP BILLING

Beginning July 1, 1988, interscholastic sports officials were covered by Washington State Labor and Industries via a common rate and payment system that eliminated game-by-game calculations and record keeping by school and/or district business offices. WIAA will guarantee payment of L&I premiums for WOA registered officials for all interscholastic activities under WIAA's jurisdiction and will assess WIAA member schools based on tiered billing rates at the same time service fees are billed. Officials L&I coverage is only in effect for activities in which registered WOA officials officiate, and which are authorized and offered by School Board approval and listed on the school's WIAA membership form.

Member schools will be billed in August according to the Membership Fee Structure outlined in the handbook of the upcoming school year. Labor and Industries (L&I) fees will be included on the bills sent out to each member school at that time. Per Rule 3.6.4: Member school service and Labor and Industries fees are due November 1. Schools that fail to submit service and L & I fees by December 1 will be excluded from participation in regular season contests and culminating events until fees are remitted and be assessed a \$100.00 late fee.

*By signing below the School District Superintendent/Head of School, School Board President (for Public School Districts), and school board members agree to the information above for the public school district or private school listed above, on or before the date listed above.*

# 7th Grade

## New materials

- *New Kid* Graphic Novel

## Reworked Units

- Explanatory and argumentative essays aligned with Washington State History

## MLL and SpEd Considerations

- Students are taught writing using a color coded method “CER” which is designed to better support ML students. We provide leveled texts, and audio books for most texts.
- We incorporate a variety of vocabulary learning strategies which support all learners, but especially SpEd and ML students, including cognitive dictionaries and frayer models.

## Academic Development Considerations

- Writing that is connected to Washington State History
- Novels that are engaging, diverse, and age appropriate

# 7th Grade Honors

## **New materials**

- A new Book Club for novels written in prose (focus on poetry and figurative language).

## **Reworked Units**

- More titles for book club options focusing on protagonists who face a personal trauma.

## **Academic Development Considerations**

- Intentionally increasing text complexity of curriculum while adding scaffolding for all learners.
- Expanding book clubs allow for more student control and increases focused discussion and conversation in a professional way (debates, socratic seminars, small group discussion).
- Providing more variety for students to connect with the text for higher engagement.
- Transition from elementary instruction to honors expectations to make sure students are better prepared for 8th grade and high school honors courses.

# 8th Grade

## New materials

- NewsELA - current event articles for nonfiction texts, annotation, text-based responses
- Book Club Novels - middle school level texts to engage students in discussions with their peers. (WW2 & Dystopian Fiction & Realistic Fiction)

## Reworked Units

- Collections Literature Book - we are diving back into using great core works from the literature book to elevate our lexile levels and text complexity, as well as literary analysis based writing.
- In-class choice reading with more accountability
- Incorporate more writing throughout units.

## MLL and SpEd Considerations

- Pre-teaching concepts, build background knowledge, vocabulary instruction, dual-language when available.
- Scaffolding materials to meet students where they are at and releasing responsibility throughout the year.
- Following similar/same language for writing expectations for CER and Essays.

## Academic Development Considerations

# 10th Grade

## New materials

- Fences by August Wilson (Drama)
- No Fear Shakespeare (supplemental)

## MLL Considerations

- Students gain additional choice which will drive engagement in the spring months which typically present a slump in student motivation.
- This curriculum receives strong positive feedback from students and they are able to achieve at high levels, so major reworking was not required.

## Reworked Units

- Holocaust unit is now a WWII book club, offering students their choice of emphasis within that broader topic.
- We are replacing older textbooks with an edition of *Macbeth* with additional supports for students.

# Recommendation

- IMC fully approve the course changes and the adopted texts.
- A minimum of once a year ELA 7-12 team meetings to monitor changes and professional development.
- Intentional work on AVID strategies district wide. English Language Arts classrooms are a great place for AVID strategies to be modeled and thrive.

They refined and improved specific units, and they provided increased access for multilingual students and students getting special education services. The following titles are new whole-class texts. Additionally, there are several “book club” books that have been added, and they are approved through the temporary materials process.
