Lauren Lewis made a motion to approve the minutes from Academic Excellence Committee Meeting on 08-15-23.

## **II. Academic Excellence**

### **A. State of the School Report**

The state of the school report addresses the agenda items of enrollment, attendance, and academic achievement as assessed by testing. Next month we will have Beginning of Year testing updates. See attached.

Ms. Lewis stated that the plan for achieving the goal to increase numbers of students achieving master-level is targeted intervention in small group rotations. Students are being held to third grade standards, even though remedial lessons are what bring them up to standard.

Special Education and ESL data will be included in future reports. The child requiring a SpEd self-contained classroom remains with us this year. This child requires a full time para professional and is partially integrated into a kindergarten class. Ms. Lewis is hopeful that the child will have some reading skills by the end of the year.

There is one child with a 504 (A 504 plan is intended for disabled children who do not need or qualify for special education but could benefit from accommodations and/or specialized help.) who has a hearing disability for whom measures are being taken that are meeting his/her learning needs.

### **B. Academics and CEO Comments**

1. Our Truancy Court, our preventive measure to enhance attendance and decrease tardiness, will hold its first hearing soon. One family, with whom conversations have already been held about absences, has been sent a formal letter requesting appearance. Non-appearance will be in violation of Texas Code.

a. Next month more families will be requested to attend.

b. Tardiness that results in more than four accumulated hours of absence is also addressed in this court.

c. Since the children are not responsible for their attendance, corrective action is on the parents' part and will be volunteer service to the school.

2. Behavior issues continue to be an issue, mostly in the first and second grades. Extra effort is being made to support the teachers as they work to bring the behavior to Prelude standards.

### **C. Staffing**

1. There has been no change in the teaching staff. Teachers are adhering to the attendance policy.

2. A new teacher aide has been hired as a 'floater', to work in whatever class is in need. She focuses on behavior assistance.

## **III. Other Business**

### **A.**

## **Recruitment**

Verdant EDU has been working with marketing and intake measures. One new student was added today (not in the State of the School report). Their goal remains to have 50 new students by October. They must report their numbers not only to us but to the local funders who hired them to assist us. Our enrollment goal remains at 216 for the next two years.

## **IV. Closing Items**

### **A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 2:12 PM.

Respectfully Submitted,  
Dr. Denise Miner-Williams
