Opportunity for authentic connection to group & place

Regular training

III. Action Items

A. Board Goals & GC Goal Setting

John will update committee on the board goals for 2021-22.

1) Refine and build tools and structures to monitor PCM's effectiveness and compliance with applicable laws and the charter contract.

Additional guidance: Each committee must have its own set of tools and structure to monitor the school's effectiveness and compliance.

Monitoring tools and structures should be tied to existing tools and goals. For established committees, goals are due at the October board meeting. For newer committees, goals are due at the December board meeting.

2) PCM trustees will increase awareness of PCM in the community with each member's specific actions and by leveraging each committee.

Additional guidance: the emphasis/intent of this goal is on engaging **all** board members and committees in their efforts to increase awareness, and holding **all** board members and committees for driving toward this goal.

Committee will discuss committee goals for 2021-22. Goals should align with board goals.

B. Orientation Packet (if needed)

Review Orientation Packet for new board and committee members.

Committee will determine approval or advancement of the packet for further consideration.
