

Sep 19, 2022

Hi John,

 I came to the same, bittersweet conclusion that regardless of my strong desire and passion to serve on the board, with everything else I have going on in my personal life, now is not the time.

Please accept this email as my official resignation from the board. I hope that I can be of service through volunteerism for now, and perhaps more deeply in the future.

I wish you and the school nothing but the best.

Sincerely,

Melisa
