Mr. Mares asked about the increased cost to the books and supplies in 2027-2028.

Jessika mentioned that some of the multiyear contracts with book vendors would be expiring so OMI would need to continue or find new contracts.

The board **VOTED** to approve the motion.

C. Approve CharterSAFE Insurance/JPA MOU

J. Wire made a motion to approve the CharterSAFE MOU agreement.

M. Mares seconded the motion.

CMSgt James explained that OMI accepting the insurances services for two years would be beneficial to OMI because of the added protections that are being offered. In the event of a natural disaster, CharterSAFE would have the coverage for OMI to relocate and keep the school open.

The amount of payroll might have been slightly different in the two applications (CharterSAFE and Interwest) so the numbers quoted were different. The payroll estimates true themselves up after either being overestimated or underestimated.

The board **VOTED** to approve the motion.

D. Approval of Instructional Continuity Plan Addition to Comprehensive School Safety Plan

M. Mares made a motion to approve the Instructional Continuity Plan Addition to Comprehensive School Safety Plan.

The board **VOTED** to approve the motion.

E. Approve 2025-2026 Cadet Handbook

M. Mares made a motion to approve the 2025-2026 Cadet Handbook.

J. Wire seconded the motion.

The cadet handbook was minimized in size from around 90 pages to 27 per the direction of the Board of Directors.

Mr. Mares mentioned that he thinks that OMI should focus on one of these two tests- ACT and SAT testing. He would prefer that OMI stick with the SAT. Mr. Wire explained that he thinks that only having one option for the college tests would be harder on some individuals.

It was determined after a couple minutes of discussion that the handbook should be left as presented at the time of the board meeting and OMI staff can always bring it back to modify the language.

The board **VOTED** to approve the motion.

F. Approve 2025-2026 Board Meeting Dates

J. Wire made a motion to Approve 2025-2026 Board Meeting Dates.

Mr. Mares also asked about the CACC stipend. CMSgt James explained that a year or so ago he modified how someone received the stipend. Either the person worked CACC events or went to four different Saturday School sessions to earn the entire amount of the stipend.

The board **VOTED** to approve the motion.

MEMORANDUM OF AGREEMENT
BETWEEN
THE UNITED STATES COAST GUARD
AND
THE OAKLAND MILITARY INSTITUTE
REGARDING USE OF FACILITIES TO PERFORM PHYSICAL FITNESS
ACTIVITIES

1. **PARTIES.** The parties to this Agreement are the United States Coast Guard and the Oakland Military Institute, located in Oakland, California.

2. **AUTHORITY.** Coast Guard Civil Rights Manual, COMDTINST M5350.4E, Chapter 4 (Establishing policy for implementing the National Partnership in Education Program).

3. **PURPOSE.** The purpose of this Agreement is to set forth terms of mutual cooperation by which the *OAKLAND MILITARY INSTITUTE* will partner with the *UNITED STATES COAST GUARD* (herein referred to as *COAST GUARD*) to fulfill the educational and physical fitness needs of its student body while introducing the cadets to *COAST GUARD* missions, members and opportunities for military service.

4. **BACKGROUND.** The OAKLAND MILITARY INSTITUTE (OMI) is a public college preparatory academy founded in 2001 by then Oakland Mayor Jerry Brown and funded by the State of California. The Mission of *OMI* is to provide a structured and rigorous academic program where cadets develop as leaders, scholars, critical thinkers and citizens. Through a military framework, the school inspires honor and pride within its cadets, cultivating life-long respect, confidence, physical fitness, wellness and appreciation for others. Upon graduation, cadets will have completed the A-G requirements for admission to the Cal-State and University of California College school systems as well as top private and public universities nation-wide. One of the tenets of *OMI* is to help its cadets achieve a maximum level of personal fitness and wellness. Aquatics instruction is an integral part of second physical education courses. Unfortunately, *OMI* does not own a swimming pool at which to teach cadets to swim, nor does it have any sports or recreational facilities such as an indoor sports court to facilitate its interscholastic sporting competitions (e.g., volleyball, basketball). Another tenet of *OMI* is the development of leadership in its cadets. Formal classroom and field leadership training and exercises are part of the curriculum of the school. *OMI* desires to provide its cadets with opportunities to visit and conduct leadership training aboard military bases with the support of military personnel and base resources.

Reach University Employer Partnership Memorandum Of Understanding

Addendum: Intern Teacher Credential and Master of Arts in Teaching Program

This Addendum supplements the Reach University Employer Partnership Memorandum of Understanding and the Graduate Programs Addendum (“Base Agreement”) between Reach University and the Local Education Agency, and also incorporates the role of Alternatives in Action, the current California Commission on Teacher Credentialing (“CCTC”) accredited recommending agency.

This Addendum outlines additional terms, responsibilities (among Reach University, Alternatives in Action, and the Local Education Agency), and program details specific to the Teacher Intern credentialing pathway offered through Alternatives in Action. All credential recommendations are made by Alternatives in Action, a CCTC-accredited recommending agency. Reach University provides the Master of Arts in Teaching degree pathway. All provisions of the Base Agreement remain in full force and effect unless expressly modified by this Addendum.

A.1 Program Overview & Definitions

The program description herein reflects Reach University’s program as of the effective date of this Addendum. For the most up-to-date version, please see reach.edu and info.reach.edu.

The Teacher Intern Program allows candidates to earn their Master of Arts in Teaching degree while participating in a credentialing pathway operated by Alternatives in Action. Reach University supports candidates’ academic progress; Alternatives in Action oversees all credentialing processes and recommendations. An Early Completion Option (ECO) is offered to qualified Intern candidates; however, ECO candidates are not eligible for the Master of Arts in Teaching program, as they do not complete coursework for credit.

A.1.1 Definitions

- **Intern Program:** An alternative certification program. Intern teachers are employed as the teacher of record in a classroom while concurrently enrolled in the credential program.
- **Preservice:** Candidates must complete Preservice in order to be eligible for an Intern Credential. At Reach University, Preservice is a three-unit (135-hour) graduate-level course. Once granted, Intern Credentials may be backdated by 90 calendar days (current CTC policy). Preservice for Single-Subject and Multiple-Subject candidates must include: General pedagogy including classroom management and planning, reading/language arts, subject-specific pedagogy, human development, and specific content regarding the teaching of English Learners, pursuant to California Code of Regulations §80033.
- **Fieldwork:** Employment as a teacher of record, where fieldwork, practice, support, supervision, and application of coursework to teaching take place. The Local Education Agency ensures candidates are placed in teaching assignments that match the credentials and subject areas for which the candidates are seeking their credentials for a minimum of 600 hours per year. A candidate’s teaching position and intern programming go

hand-in-hand. *Any changes to their employment status may affect their program status, and vice versa.*

- ECO: The Early Completion Option (ECO) is intended to provide candidates who have requisite skills and knowledge an opportunity to challenge the coursework portion of a Single-Subject or Multiple-Subject Intern Credentialing Program. The Early Completion Option does not waive the entire program but allows for an expedited pathway by waiving preparation program coursework for those candidates who meet the criteria.
- M.A.T.: Master of Arts in Teaching, a graduate degree that emphasizes both practical teaching skills and in-depth subject matter knowledge.
- ILP: Individual Learning Plan, a personalized plan designed to guide the professional growth and development of a candidate. The ILP addresses the California Standards for the Teaching Profession (CSTPs), the Teacher Performance Expectations (TPEs), and provides a roadmap for the candidate's work in their respective program. This plan is intended to be a living document, with opportunities to develop professional goals and measurable outcomes, plan, reflect on progress, and modify as needed in response to the authentic needs of the candidate. The ILP is designed and implemented solely for the professional growth and development of the candidate and not for evaluation for employment purposes.

A.1.2 Intern Teacher Credential & Master Of Arts In Teaching Program

Candidates work as intern teachers while pursuing a Preliminary California Teaching Credential and a Master of Arts in Teaching degree.

Intern candidates are novice teachers. They are employed as teachers of record while pursuing preliminary credentials. Each week, Intern candidates attend synchronous classes and engage in approximately 10 hours of independent studies, including academic coursework and job-embedded practice. Intern candidates engage in at least 5 hours of supervision with an Intern District-Employed Mentor each week, and engage in twelve one-on-one coaching cycles with a Reach University-provided field supervisor per academic year. They also complete two cycles of the CalTPA, the state teaching performance assessment.

Participation in the Intern and Master of Arts in Teaching Program is a significant workload beyond the responsibilities of a typical credentialed teacher. Local Education Agencies are responsible for ensuring that candidates are supported to be successful both in the classroom and in their graduate credentialing coursework.

Degree Earned: Master of Arts in Teaching

Credential Earned: California Intern Teaching Credential and California Preliminary Single-Subject or Multiple-Subject Teaching Credential (upon successful completion of the Intern Teacher Credential Program and credentialing requirements).

Program Duration: Two years. Accepts up to 9 transfer credits.

Program Eligibility: The Intern Teacher Credential Program leads to a California Preliminary Single-Subject or Multiple-Subject Teaching Credential. WSCUC accredits the concurrent Master of Arts in Teaching Program. Admission requirements can be found at reach.edu.

To be recommended for an Intern Credential, and prior to enrolling in the Intern Teacher Credential Program, candidates must:

- Hold a baccalaureate degree or higher from a regionally accredited institution of higher education. Pursuant to Education Code Sections 44325, 44326, 44453.
- Demonstrate subject matter competence prior to being recommended for the Intern Credential.
- Provide all required enrollment documents established by the CCTC and by the Intern Teacher Credential Program.
- Complete the requisite hours of pre-service preparation established by the CCTC (the Reach Preservice Course taken in the term *before* the starting semester does meet this requirement).
- Have a qualified Intern District-Employed Mentor identified who meets the CCTC criteria for mentor eligibility.

Alternatives in Action, the recommending agency, reserves the right to determine admissions and continued enrollment. Once admitted, all two-year pathway candidates are eligible for Reach University's concurrent Master of Arts in Teaching Program.

Program Components:

- As candidates enroll in Alternatives in Action's teacher intern program, they will begin by completing preservice. Candidates must complete Preservice in order to be eligible for an Intern Credential. Preservice is a three-unit (135-hour) graduate-level course that must cover general pedagogy—such as classroom management and planning, reading/language arts, subject-specific pedagogy, human development—as well as specific content on teaching English Learners, in accordance with California Code of Regulations §80033.
- Fieldwork is a required component of the Intern program. The Local Education Agency must ensure that candidates are placed in teaching assignments that match the credentials and subject areas for which the candidates are seeking their credentials for a minimum of 600 hours per year. A candidate's teaching position and intern programming go hand-in-hand. *Any changes to their employment status may affect their program status, and vice versa.*
- Intern District-Employed Mentor: Intern candidates must be assigned an Intern District-Employed Mentor. An Intern District-Employed Mentor must hold a Clear Credential in the content area for which they are providing supervision and have a minimum of three years of content area K-12 teaching experience. The Intern District-Employed Mentor must have demonstrated exemplary teaching practices as determined by the employer and the Program. Matching a candidate and an Intern District-Employed Mentor must be a collaborative process between the Local Education Agency and the Program. The Program provides Intern Mentors with a minimum of 10 hours of initial orientation to the program curriculum, about effective supervision approaches such as cognitive coaching, adult learning theory, and current content-specific pedagogy and instructional practices. The Program ensures that Intern District-Employed Mentors remain current in the knowledge and skills for candidate supervision and program expectations. Intern District-Employed Mentor must also provide opportunities for

candidates to be observed and receive feedback, co-observe and debrief, co-plan lessons, and review student data around structured literacy, diagnostic and intervention techniques, oral and written language, and provide support for students with dyslexia per the California Dyslexia Guidelines. At a minimum, the Intern District-Employed Mentor provides their Intern an average of five hours of support and guidance per week.

- Support and supervision are shared responsibilities between the Local Education Agency and the Program. Pursuant to California Code of Regulations §80033, participating institutions in partnership with employing Local Education Agencies shall provide 144 hours of support and supervision annually and 45 hours of support and supervision specific to teaching English learners. These hours are completed through a combination of support and supervision with the Intern District-Employed Mentor and the field supervisor.
- California Teaching Performance Assessment (CalTPA) support is provided by Reach University and is supplemented by employer support. Passing the CalTPA is required in order for a candidate to be recommended for a Preliminary Teaching Credential.
- Coursework: Key elements are aligned with California TPEs and Reach University's PLOs. The Program's coursework provides multiple opportunities for candidates to learn, apply, and reflect on each Teaching Performance Expectation (TPE). As candidates progress through the Program, pedagogical assignments are increasingly complex and challenging. The scope of the pedagogical assignments (a) addresses the TPEs as they apply to the subjects to be authorized by the credential, and (b) prepares the candidate for the teaching performance assessment (TPA) and other program-based assessments. Reach University will provide all CCTC-required coursework aligned with the California Teaching Performance Expectations (TPEs) for the Intern Program, ensure Intern candidates are prepared to teach and assess literacy skills (foundational, written, and oral), and work with students needing intervention when available.
- Master of Arts in Teaching candidates in the two-year Intern Program pathway take two additional elective courses to obtain a master's degree.

A.2 Roles & Responsibilities

This section defines the commitments of the Local Education Agency, Reach University, and Alternatives in Action to support successful implementation of the Teacher Intern Program.

A.2.1 Program Access & Support

Local Education Agency Responsibilities

- **Inform employees/Intern candidates of the TWO CCTC requirements to earn an Intern Credential:**
 - **Preservice completion:** A preparation course (135 hours) in the term *before* the starting semester. Preservice must be passed to be eligible for an Intern Credential as well as to continue in the Intern Program (e.g., for a Fall enrollee, the Preservice course is offered in the summer term). Preservice covers general pedagogy, including classroom management and planning, subject-specific pedagogy, and specific content regarding the teaching of English Learners pursuant to the California Code of Regulations.
 - **Subject Matter Competence Requirement (SMCR)** completion through CSETs and/or collegiate courses (including a combination of the two).
- Ensure and verify that all Intern candidates are placed in classrooms designed to provide the most comprehensive clinical practice experiences possible, particularly in literacy instruction for all students. Placements must provide:

 - Sites where candidates can practice screening and diagnostic techniques, implement early intervention strategies, and develop oral and written literacy skills aligned with state Literacy Standards.
 - Ample opportunities to practice a strong literature, language, and comprehension component with a balance of oral and written literacy skills and the additional cross-cutting themes in literacy, especially in the literacy areas of making meaning, language development, and effective expression.

Reach University Employer Partnership Memorandum Of Understanding **Addendum: Teacher Induction Program**

This Addendum supplements the Reach University Employer Partnership Memorandum of Understanding and the Graduate Programs Addendum (“Base Agreement”) between Reach University and the Local Education Agency, and also incorporates the role of Alternatives in Action (“Alternatives in Action”), the current California Commission on Teacher Credentialing (“CCTC”) accredited recommending agency.

This Addendum outlines additional terms, responsibilities (among Reach University, Alternatives in Action, and the Local Education Agency), and program details specific to the Teacher Induction Program, operated through Alternatives in Action. Alternatives in Action serves as the lead sponsor and CCTC-accredited recommending agency for all credential recommendations. Reach University provides administrative support where applicable, but does not independently offer or recommend candidates for the Teacher Induction Program. All provisions of the Base Agreement and Graduate Programs Addendum remain in full force and effect unless expressly modified by this Addendum.

A.1 Program Overview

The program description herein reflects Reach University’s program as of the effective date of this Addendum. For the most up-to-date version, please see reach.edu and info.reach.edu.

The Teacher Induction Program is a two-year job-embedded individualized induction program focused on assisting new teachers in transitioning into the profession and obtaining their California Clear Credential through Alternatives in Action.

Induction candidates are teachers who have attained their Preliminary Teaching Credential and are seeking to attain their Clear Teaching Credential. Teacher Induction Program provides job-embedded support and professional learning for induction candidates to obtain a Clear California Single-Subject or Multiple-Subject credential or Education Specialist Credential. The Teacher Induction Program supports candidate development and growth in the teaching profession by building on the knowledge and skills they have gained during their preliminary preparation program through a robust mentoring system. Mentoring support includes both “just in time” and long-term analysis of their teaching practice to support candidates in developing enduring professional skills through cycles of inquiry. The Teacher Induction Program serves to strengthen teachers' professional practice and contribute to their retention in the profession. Reach University will provide the California Standards for the Teaching Profession (CSTPs) for the Induction candidates.

Credential Earned: California Clear Teaching or Education Specialist Credential.

Program Duration: Two years. Transferred credits are not accepted.

Program Eligibility: To be recommended for a Clear Credential, candidates must: (a) meet with a TIP Mentor for a minimum of 30 hours per year and provide documentation, (b) complete an Individualized Learning Plan (ILP), including a CSTP co-assessment (between the candidate and TIP Mentor) and a triad meeting (a candidate, their TIP Mentor, and the School Site Leader) within the first 60 days of enrollment, (c) successfully complete Cycles of Inquiry in collaboration with a

TIP Mentor, and (d) satisfy all renewal requirements placed on their California Preliminary Teaching or Education Specialist Credential by the CCTC.

Key Program Components – Mentorship and Fieldwork:

The Teacher Induction Program requires each candidate to be assigned a qualified mentor who provides guidance and expectations for the mentoring experience. All TIP Mentors for Induction candidates are hired and managed by Reach University. They will have their employment verified during the enrollment process and must meet all TIP Mentor requirements established by the CCTC. Qualifications for mentors will include, but are not limited to:

- Knowledge of the context and the content area of the candidate's teaching assignment
- Demonstrated commitment to professional learning and collaboration
- A Clear California Teaching Credential
- Meet candidates' needs for support
- Have a minimum of 3 years of effective teaching experience

TIP Mentors are expected to support candidates in the Program to the best of their abilities through various means, including but not limited to:

- Provide "just in time" support for candidates, in accordance with their ILP, in addition to providing support for the candidates in their cycles of inquiry
- Support candidate progress towards mastery of the California Standards for the Teaching Profession
- Facilitate candidate growth and development through modeling, guiding reflection on practice, and feedback on classroom instruction
- Connect candidates with available resources to support their professional growth and accomplishment of the ILP
- Periodically review the ILP with candidates and make adjustments as needed

The Program will provide ongoing training and support for TIP Mentors that includes, but is not limited to:

- Coaching and mentoring
- Goal setting
- Use of appropriate mentoring instruments
- Best practices in adult learning
- Support for individual mentoring challenges, reflection on mentoring practices, and opportunities to engage with mentoring peers in professional learning networks
- Processes designed to support candidates' growth and effectiveness

Fieldwork Provisions and Guidelines: For candidates in the Teacher Induction Program, teaching assignments must include at least **one** class in the teacher’s designated credential area (i.e., a single-subject science credentialed teacher must teach at least one science class). Candidates must be allowed to work with a group of students on an ongoing basis, including opportunities to plan, execute instruction, and analyze the resultant data representing student learning.

→ Please note that the completion of mentor hours is a CCTC requirement with a minimum of 30 hours per year of the two-year program.

A.2 Roles & Responsibilities

This section defines the commitments of the Local Education Agency, Reach University, and Alternatives in Action to support successful implementation of the Teacher Induction Program.

- Ensure that all data collection and reporting to the CCTC reflects accurate records of candidate participation, progress, and program completion.

20250822 Conversion, Entrance Camp and Enrollment Summary for SY2025_26.pdf

BACKGROUND:

As OMI begins the 2025–26 school year, the academy has enrolled a total of **524 cadets**, comprised of **164 new cadets** and **360 returning cadets**. This reflects a strong overall retention rate, particularly at the high school level, where returning cadets make up 85% of the population. Middle school enrollment is evenly split between new and returning cadets, supporting healthy institutional growth.

Summer Entrance Camp 2025 played a critical role in onboarding new students. Of the 185 candidates expected, 157 attended camp, 147 completed it, and two were already under contract. With the addition of 11 candidates receiving alternate placements, OMI successfully converted **88.6% of projected candidates** into enrolled cadets.

Losses were observed mainly at key transition points between grades 8–9 and 10–11. However, overall enrollment remains strong, and the academy enters the new school year with a balanced, mission-ready student body supported by a successful recruitment and onboarding strategy.

MEMORANDUM FOR The Board of Directors**SUBJECT: Summary of Conversion, Entrance Camp, and Enrollment for SY 2025-26**

1. Total enrollment of 519 cadets for the 2025–26 academic year. This includes 164 new cadets (31.3%) and 360 returning cadets (68.7%), demonstrating strong retention across high school and balanced growth at the middle school level. During Summer Entrance Camp 2025, OMI projected 185 potential new cadets. Of these, 157 reported, 147 completed the camp, and 2 were placed on contract following the camp to complete an alternate camp. It is recommended that the two candidates continue enrollment at Oakland Military Institute with a stipulated contract, which includes completion of an alternative entrance camp during the early part of the 2025-26 school year.

2. An additional 11 were accommodated through alternate placements, resulting in 164 total new cadets enrolled, an 88.6% conversion rate from the initial projection. Six of the candidate families communicated their request for an alternative camp due to already scheduled family events. The additional five candidates are from three total families that were waitlist priorities who came forward once grade vacancy notices were extended.

3. The current enrollment includes losses primarily at transition points, including 13 cadets from 9th grade, 11 cadets from 10th grade, and the most impacted 11th grade, with 12 cadets leaving OMI. These insights inform our focus on targeted interventions and continued support throughout cadet progression. It is recommended that the candidates above continue enrollment at Oakland Military Institute with a stipulated contract, which includes completion of an alternative entrance camp during the 2025-26 school year.

SUBJECT: Summary of Conversion, Entrance Camp and Enrollment for SY 2025-26

4. During May 2025, OMI conducted its final Intent to Return analysis, which projected that only 24 cadets (4.66%) in grades 6th through 11th would not be returning. The current assessment of cadet loss completed on 22 August 2025 has 58 (12.5%) total cadets not returning. Grade 10 reported 11 cadets not returning (14.5%), and grade 11 reported 12 cadets leaving OMI (18.7%).

5. To summarize, the cadet enrollment to begin the 2025-26 school year is 519. The successful conversion of 149 candidates to enroll can be attributed to the front office support with Ms. Diane Au as OMI's Data Manager, working tirelessly through the summer months. The chart below includes new and returning cadets while also incorporating the number of cadets who did not advance (retained) to the next grade. One 6th grade cadet, two 7th grade cadets, and one 9th

**Raising CAASPP Scores
through Strategic Support**

2025-2026

Metrics: Highlights

CAASPP

- ELA has multiple subgroups that are projected to be better than the state in 2025: English Learners, Socioeconomically Disadvantaged, and Black/African American students
- For Math, we estimate that the Math dashboard indicator (DFS - distance from standard) will increase from 2024 to 2025
- 50% of continuously enrolled students in 7th and 8th grade improved their DFS [distance from standard] from 2024 to 2025 by 15 or more points, which bodes well for our CORE Growth metric

Other Dashboard Metrics

- Chronic Absenteeism Rate decreased by 13.4% from 23.9% to 10.5%
- # of students who earned college credits increased by 15.4%
- Suspension Rate decreased by 4.3% from 6.35% to 2.04%
- Our college and career readiness increased from 72% to 80%
