Dual Enrollment

Dual Enrollment courses may fulfill an A-G graduation requirement if the course meets the UC College Course Guidelines, the course has been identified as one of the six Cal-GETC areas (English Communication, Mathematical Concepts and Quantitative Reasoning, Arts and Humanities, Social and Behavioral Sciences, Physical and Biological Sciences, and/or Ethnic Studies), and administration approval is obtained PRIOR to the beginning of the semester the cadet plans to take the course. DE coursework may be applied towards [The OMI Advantage](#).

Note: Concurrent enrollment courses will not count towards meeting OMI high school graduation requirements, therefore concurrent courses will not be reflected on the OMI transcript.

*SB 74 - Alternative Graduation Pathways for Special Education based on IEP

- A newly defined high school alternate diploma-pathway exclusively for students with significant cognitive disabilities, that allows high school diploma attainment through meeting state minimum course requirements [130 credits in specified courses] using California's Alternate Achievement Standards, and that also meets federal graduation criteria for state accountability;
- Equitable access across all California local educational agencies (LEAs) to an existing diploma-pathway option that only requires meeting the minimum state standards for graduation [130 credits in state specified courses] and not additional local requirements. This allowance should be determined on an individual student basis with the IEP team expectation always starting with how a student can meet all state and local requirements for graduation. This opportunity would allow for the IEP team to carefully determine that the student would benefit from only meeting state (and not local) minimum graduation requirements, and to essentially waive local requirements for graduation
