Dr. Streshly asked to have a board sub committee to review the data for charter renewal. OMI staff will be making a packet for charter renewal that gives statistics of the school. Mr. Mares asked if OMI Staff could trial having high school cadets as tutors alongside the adult tutors.

B. Legislature Update: New Laws Affecting CA Public Schools

The Board was asked to review the attachment with legislative update.

This legislative update is provided to inform the Board of Directors of new state laws and policy changes taking effect in 2026 that have direct implications for Oakland Military Institute's governance, operations, staffing, and campus practices. The summary highlights required areas of board awareness and, where applicable, forthcoming policy actions or administrative adjustments needed to ensure continued compliance with California law.

C. Financial Update

Ms. Welcome explained that OMI is in a good place financially due to the balances of incoming revenue. The cash balance remains strong, above the average one month payroll line. Average schoolwide attendance was at 96%.

D. Van Purchase Update

CTEIG funds will be used to purchase 2 new vans in Spring 2026 and plans for an additional 2 in Fall 2026.

This item is provided as an informational update to the Board in advance of any purchase action. Oakland Military Institute is evaluating the acquisition of an additional 10-passenger Ford Transit Multipurpose Passenger Vehicle (MPV) to support cadet transportation needs. The proposed vehicle configuration is appropriate for school use under California Department of Education (CDE) guidance and California Department of Transportation (Caltrans) classifications, allowing operation by non-CDL staff while meeting pupil transportation requirements.

OMI currently operates six Ford Transit MPVs (model years 2016 and 2018). These vehicles show varying mileage and cosmetic condition consistent with long-term school use, yet retain meaningful market value, with estimated trade-in ranges of approximately \$16,000 to \$21,500 per vehicle. This fleet history demonstrates both durability and fiscal efficiency of the Transit MPV platform.

Staff are sharing this information to brief the Board on anticipated costs, compliance considerations, and fleet context prior to bringing forward any formal purchase recommendation or approval request.

The resources (\$307,000) available is from the Career Technical Education Incentive Grant (CTEIG). Two vehicle purchase is due by spring 2026.
