Purpose and Scope

The Fresno Unified School District (FUSD) Comprehensive Safe School Plan (CSSP) provides guidance and direction to principals, faculty and staff who have emergency management responsibilities. The ERP along with the School Comprehensive Safe School Plan shall be used during an emergency incident involving a FUSD School facility.

Key Emergency Contact

After contacting 911, it is imperative during an emergency to contact Vanessa Ramirez, Emergency Response Manager, 559-443-9644, as quickly as possible. Vanessa will respond immediately and alert the appropriate members of the District Safety Team.

Safe School Leadership Team (SSLT)

Each FUSD facility and administrative site will have a Safe School Leadership Team (SSLT) to take charge of the emergency, respond effectively, protect the occupants of the facility and reduce the risk of physical injury, property damage and business interruption. The team consist of the Principal and/or designee, office manager, school nurse, SRO / Probation Officer (if applicable), certificated and classified employee. Each person has an alternate should they not be on campus.

Standardized Emergency Management System (SEMS) is the system required by Government Code 8607(a) for managing response to multi-agency and multi-jurisdiction emergencies in California. SEMS consists of five organizational levels, which are activated as necessary: **Field Response, Local Government, Operational Area, Regional and State.**

The school site Safe School Leadership Team (SSLT) carries out the Field Response level of crisis and emergency management, the District School Safety Team functions at the Local Government level in this system. By organizing our crisis response plans according to SEMS, both school sites and the District are positioned to integrate services when an incident occurs on an area, regional or state level.

By standardizing key elements of the emergency management system, SEMS is intended to:

- Facilitate the flow of information within and between levels of the system,
- Facilitate coordination among all responding agencies.

Use of SEMS will improve the mobilization, deployment, utilization, tracking, and demobilization of needed mutual aid resources. Use of SEMS will reduce the incident of poor coordination and communications, and reduce resource ordering duplication on multi-agency and multi-jurisdiction responses. SEMS is designed to be flexible and adaptable to varied disasters that occur in California and to the needs of all emergency responders.

Essential Management Functions: SEMS has five essential functions adapted from Incident Command System (ICS). The Field Response uses the five primary ICS functions: **Command, Operations, Planning/Intelligence, Logistics, and Finance/Administration.** The term management is used instead of command at all levels except Field Response. The titles of the other functions remain the same at all levels.

Under the SEMS, tasks are delegated to members of the SSLT to successfully handle critical incidents. The SSLT member is then responsible for the task assigned and serves as the manager of the task. This type of delegation allows each manager to focus on just one or two aspects of the incident. These managers then

provide information to the incident commander (principal) and assist them in making informed decisions. Using this organizational system during a critical incident creates clear communication channels that will reduce the amount of confusion and chaos.

Permanently assigning specific areas of responsibility to members of the Safe School Team provides each member with the opportunity to specialize in the management of his/her area.

The SEMS can also address the uncertainty of exactly who will be in the building during an emergency. When assigning the management of critical roles in the SEMS, always assign an alternate for each role to assure coverage. This may require some individuals to be responsible for more than one task if the primary manager were out of the building. While the SEMS identifies roles for the members of the SSLT, all school faculty members should know their specific functions during an emergency. Teachers with students in class will have specific functions, as will teachers not assigned a class when an emergency occurs. It is imperative to emergency operations that SEMS roles and responsibilities are assigned and understood by the Safe School Leadership Team members. The Roles & Responsibilities outline above in this document will also assist the Incident Commander if one or more team members/alternates are not available. City emergency responders use the SEMS to manage emergency events. Because of this, a school with assigned roles for administrators and teachers will be able to work more efficiently with city agencies.

Safe School Leadership Team

Please note that the Safe School Leadership Team functions have been organized to align with the District Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS). Depending on staff available, team members may serve multiple roles. For example, the Principal may serve as both incident commander and Operations officers etc.

In the event of an emergency, the Safe School Leadership Team should report to a designated location to oversee and provide directions during the emergency. The principal and/or designee in charge are to facilitate the following: (1) secure the area, (2) check for damage, (3) assess injury situations, and (4) report findings to the instructional Superintendent. Safe School Leadership Team is listed below.

SCHOOL SAFETY WALK

After establishing your Safe School Leadership Team, the “Safety Walk” of your site must be done to assess safety conditions, emergency access, evacuation routes, PA system etc... This information is vital in the development of your Safety Plan. The “Safety Walk” should be done twice a year. Once at the start of the school year and once during the second semester.

THREAT ASSESSMENT MANAGEMENT TEAM (TAMT)
(Student Wellness Team)**

When a school identifies an individual or group that may pose potential harm to themselves or others, the school will convene their Threat Assessment Management Team (**TAMT**).

The task of the TAMT is to assess the level of threat posed; determine what level of response the school site will initiate; what district resources may be required and what response may be needed.

This team should work with outside agencies when making referrals under Welfare and Intuitions Code 5150.

The team will oversee and document the school site's response to threats, 5150 referrals and plan for monitoring or services that may need to occur after the crisis has passed.

When engaged in the FUSD 5150 referral process, this team becomes a Student Wellness Team. The team may expand at that point to include other staff, parents or whoever else may be required to monitor the student's well being when and if returned to school.

Emergency First Aid Guidelines for California Schools is the guide for providing first aid.

The guidelines and first aid supplies are located in the health office. Additional supplies (red 1st aid bags) at the high schools are located in the boy's gym, girl's gym, and may also be in shop classes.

The guidelines chart contains Universal Precautions for blood borne pathogens. Any time an employee is involved in a possible blood exposure incident, it shall be reported as a Worker's Compensation incident.

CPR PRECAUTIONS

To minimize the risk of infectious disease transmission during emergency mouth-to-mouth resuscitation, mouthpieces, shields, pocket masks, or other ventilation devices shall be used. Such equipment shall be stored with first aid equipment in the health office.

Unless the scope of the crisis/first aid response is prohibitive, the appropriate student and/or the emergency employee accident reports are to be completed as per usual District policy.

IMMEDIATE CARE RESPONDERS

Identify all persons who are trained in monitoring and providing medical care for students with significant health conditions (severe allergies, severe asthma, diabetes, seizures, and specialized healthcare procedures, such as catheterizations, GT feeding etc.). Staff will need to provide for the medical needs of these students if they remain at school for a significant amount of time. Nurse to be responsible for training designated personnel every year to monitor and provide medical care for students with significant health conditions.

The following staff members are designated Immediate Care Responders for the **2023-2024** school year at Golden Charter Academy.

Fresno Unified School District Pandemic Influenza Management Plan

The Fresno Unified School District Pandemic Influenza Management Plan consists of several components including the Fresno Unified School District Comprehensive Safe School Plan, Appendixes, Emergency Support Functions, Support Annexes, and Incident Annexes. The Pandemic Influenza Management Plan is one of several Incident Annexes and therefore serves to augment the FUSD Comprehensive Safe School Plan and other components. To ensure efficient and effective emergency management, the FUSD Pandemic Influenza Management Plan document must be implemented in its entirety.

PHASES OF A PANDEMIC

The World Health Organization (WHO), the medical arm of the United Nations, has developed a global influenza preparedness plan that includes a classification system for guiding planning and response activities for an influenza pandemic. This classification system is comprised of six phases of increasing public health risk associated with the emergence and spread of a new influenza virus subtype that may lead to a pandemic. The Director General of WHO formally declares the current global pandemic phase and adjusts the phase level to correspond with pandemic conditions around the world. For each phase, the global influenza preparedness plan identifies response measures WHO will take and recommends actions that countries around the world should implement.

Pandemic Phases	Public Health Goals	Fresno Unified School District Goals
<p>Interpandemic Period</p> <p><i>Phase 1</i> – No new influenza virus subtypes detected in humans. An influenza virus subtype that has caused human infection may be present in animals. If present in animals, the risk of human infection or disease is considered low.</p> <p><i>Phase 2</i> – No new influenza virus subtypes detected in humans. However, a circulating animal influenza virus subtype poses substantial risk of human disease.</p>	<p>Strengthen influenza pandemic preparedness at all levels. Closely monitor human and animal surveillance data.</p> <p>Minimize the risk of transmission to humans; detect and report such transmission rapidly if it occurs.</p>	<p>Ensure that staff members and students are trained in preventative measures such as respiratory etiquette and universal precautions.</p> <p>Minimize the risk of transmission to humans; ensure that staff members understand detection and reporting guidelines and report rapidly as required.</p>

Pandemic Phases	Public Health Goals	Fresno Unified School District Goals
<p>Pandemic Alert Period</p> <p><i>Phase 3</i> – Human infection(s) are occurring with a new subtype, but no human-to-human spread, or at most rare instances of spread to a close contact.</p> <p><i>Phase 4</i> – Small cluster(s) of human infection with limited human-to-human transmission but spread is highly localized suggesting that the virus is not well adapted to humans.</p> <p><i>Phase 5</i> – Larger cluster(s) of human infection but human-to-human spread is localized, suggesting that the virus is becoming increasingly better adapted to humans, but may not yet be fully transmissible (substantial pandemic risk).</p>	<p>Ensure rapid characterization of the new virus subtype and early detection, notification, and response to additional cases.</p> <p>Contain the new virus within limited foci or delay spread to gain time to implement preparedness measures, including vaccine development.</p> <p>Maximize efforts to contain or delay spread to possibly avert a pandemic, and to gain time to implement response measures.</p>	<p>Ensure all personnel are knowledgeable about the latest epidemiological information.</p> <p>Review and update business continuity plans per Base Plan.</p> <p>Ensure that best practices for infection detection and control measures are followed.</p> <p>Ensure adequate resources for staff/student protection.</p> <p>Ensure that FUSD is implementing best practice for social distancing techniques per LHO guidelines, including reducing the school activity calendar.</p> <p>Maximize communications with parents related to health and safety.</p>
<p>Pandemic Period</p> <p><i>Phase 6</i> – Pandemic is declared. Increased and sustained transmission in the general population.</p>	<p>Implement response measures including social distancing to minimize pandemic impacts.</p>	<p>Increase surveillance of staff/student health and attendance and implement administrative procedures to ensure adequate staffing for essential business and school functions.</p> <p>Follow LHO and FCOEDHS, social distancing, isolation, and quarantine measures.</p> <p>Ensure maximum support and education for ill and affected students.</p>

Public Employees as Emergency Disaster Workers

During an emergency/crisis, the welfare of all district employees is as important as student wellbeing. However, employees become emergency service workers under the Emergencies and Disasters Preparedness Plan (Government Code 3100, AR 4212) which states: "A public employee

becomes emergency service workers in the event of a declared emergency. This means that all school district employees will be required to work in this capacity in case a disaster occurs, and a state of emergency is declared”.

If a state of emergency is declared, our employees must have a plan in place to address their personal and family needs while they are at work (during regular or extra duty). Please remind your staff of their district obligations and for them to develop their person/family needs plan in the case they are called upon for after hour duty.

1. Fresno Unified School District assumes the following responsibilities:
 - a. Develop capabilities to implement non-medical measures to decrease the spread of disease throughout the school community as guided by the epidemiology of the pandemic and the Local Health Officer.
 - b. Develop and implement pandemic preparedness activities and a business continuity plan aimed at maintaining the provision of educational services and limiting the spread of disease throughout the duration of a pandemic.
 - c. Communicate with and educate the school community about approved public health practices and what each person can do to prepare or respond to minimize health risks.
 - d. Develop and implement educational support plans for students who are isolated or quarantined and coordinate these plans with the social support plans developed by the Fresno County Department of Public Health and the Fresno County Office of Education Director of Health Services.
 - e. Develop and implement support plans for Health Clinics designated to be used as “immunization clinics” or “flu clinics” to triage/evaluate and/or treat influenza patients not requiring hospital care.
2. Each Fresno Unified School assumes the following responsibilities:
 - a. The Principal/Designee will develop a response plan that will:
 - Identify chain of command in case of illness with a minimum of 2 back ups.
 - Review and best practices for respiratory hygiene and universal precautions. Train all school staff, volunteers and students. Identify and procure needed resources.

- Review procedures for sending ill individuals' home and make adjustments if necessary.
 - Report the number of staff and students daily absent with pandemic flu to Vanessa Ramirez, 559-443-9644.
 - Designate office staff who will document actions taken.
 - Working with Vanessa Ramirez, provide information to all stakeholders on the extent of infection at school site and potential changes that might take place at school.

SCHOOL SITE PERSONNEL DUTIES AND RESPONSIBILITIES

In the event of a major disaster, there is no guarantee that emergency medical or fire personnel will be able to immediately respond to school sites. Therefore, the **school staff must be prepared to ensure the care and safety of students during the first several hours after a major disaster without outside assistance**. It is critical to determine *who* does *what*, *where*, and *how*—before such a disaster occurs.

Principal/Safe School Leadership Team

1. Acts as the liaison between the school site and central office and maintains communication with appropriate central office staff and/or local law enforcement agencies, fire department, and medical assistance agencies as appropriate.

2. Posts and regularly updates Safe School Leadership Team information and the emergency phone numbers, emergency first aid responders, and chemical inventory lists.
3. Ensures Safe School Leadership Team members are knowledgeable of location of shut-off valves and how to turn them off. **Do not attempt to turn utilities back on yourself.**
4. Ensures that all staff are trained to carry out responsibilities during disaster and drill procedures; encourages teachers to work in teams through a buddy system.
5. Establishes a communications system consisting of the following elements:
 - a. System of specific disaster warning signals that are well known to staff and students and includes both bell and voice signals.
 - b. Alternate system for written communication with staff in the event voice-to-voice communication is not available.
 - c. Designate and enforce exclusive use of a telephone line and number to be used only by the Principal (or authorized person) and the Superintendent (or designee).
 - d. A communication Center in a location accessible to parents, interested community members, and media to handle inquiries, rumor control, and information in an orderly fashion.

The following guidelines should be adhered to:

- Include a sign-in sheet for all media to complete. (PC 627.2)
 - Notify the Central Monitoring Station at 73831 (or 457-3831 from an outside line) of the emergency and media response. Notify Vanessa Ramirez, at 443-9644 who will notify the Instructional Superintendent(s) and the Emergency Planning Manager.
 - Follow the directions of the Instructional Superintendent. Only the Superintendent or designee and Vanessa Ramirez, Emergency Response Manager, or designee is authorized to release information. **All other personnel should cordially refer the media to the Communications Office (457-3733).**
 - Designate a person to record incidents for documentation purposes including debriefing.
6. Ensure that the emergency phones are in working order and that precautions are taken to keep that number private.
 7. Ensures that each classroom or homeroom maintains a current emergency card system for every student (i.e., copies of emergency card or other effective system, which summarizes the information on the emergency card). (See Student Release Team page)
 8. Establishes a student release system that will facilitate an organized method to release individual students to authorized adults only.
 9. Assigns the following duties to school staff:

- a. Patrol entrances to direct emergency personnel, parents, district staff, and media to appropriate areas, and prohibit unauthorized persons from entering campus.
 - b. Monitor/supervise halls and corridors to maintain a safe and secure environment.
 - c. Conduct search-and-rescue operations to systematically search every room to locate trapped/injured persons and to recover critical supplies and equipment.
 - d. Establish/coordinate Communication Center.
 - e. Administer first aid.
 - f. Work with emergency medical triage teams to identify injured students and staff and to record ambulance destinations.
 - g. Supervise Student Release Procedures.
 - h. Check building utility systems and appliances for damage.
10. Schedule regular emergency drills and reviews the emergency plan with staff, students, and parents and to schedule regular site inspections for safety hazards.
11. Plans alternate classroom evacuation routes if standard routes are obstructed.
12. Ensure that other personnel who provide services to students and staff are aware of emergency procedures.
13. Reviews and updates the site-level plan annually, with particular attention to the unique characteristics of the site.
14. Inform any satellite programs (on or adjacent to your site) of the emergency immediately. (Example: Parenting Center, Pre-school, Special Needs Program).

Imminent Danger / Lockdown Procedure / RUN-HIDE-FIGHT

An extreme emergency exists when one or more of the following situations occur on campus: (1) drive-by shooting/show-by, (2) armed intruder/assailant on campus, (3) mass protest, or (4) helicopter searches or SWAT team operations.

1. Imminent Danger Signal – A verbal Lockdown call will be made over the PA system and over the two-way radios to signal staff to lock down. Remember, ***RUN-HIDE-FIGHT*** in the event of an Active Assailant. ***RUN:*** If a safe path is available. ***HIDE:*** If you cannot get out safely. ***FIGHT:*** If your life is in danger. An announcement over the PA System will be made to indicate when the lockdown is lifted.
2. The school nurse will be in charge of emergency first aid: the library or other designated area will be utilized as a gathering place (if other than library, indicate gathering place: Waterfall Room
In the nurse's absence Office Manager will be in charge.
3. The Office Manager will maintain phone communication with the district office and Central Monitoring Station for internal communications.
4. Attendance Secretary will serve as emergency locator to notify parents, guardians, and/or doctors of injured persons.
5. The Principal or designee will identify a person to serve as public information contact under the direction of the District Communications Office
6. The Plant Coordinator will be responsible for locking all lavatory doors, cafeteria doors, office doors, and gates as directed.
7. Teachers who are unassigned should assemble in the staff lunchroom or other designated meeting room for instructions.
8. When the imminent danger signal is given, teachers should take the following actions:
 - Proceed immediately to homerooms
 - Direct as many students as possible into rooms
 - Supervise the area outside room until students are in rooms
 - Lock doors and follow classroom emergency guide instructions
 - Students in rooms are to be seated on the floor with sign-up sheets provided so that each student accounts for his/her presence in the room
 - Notify the front office of any additional outbreaks

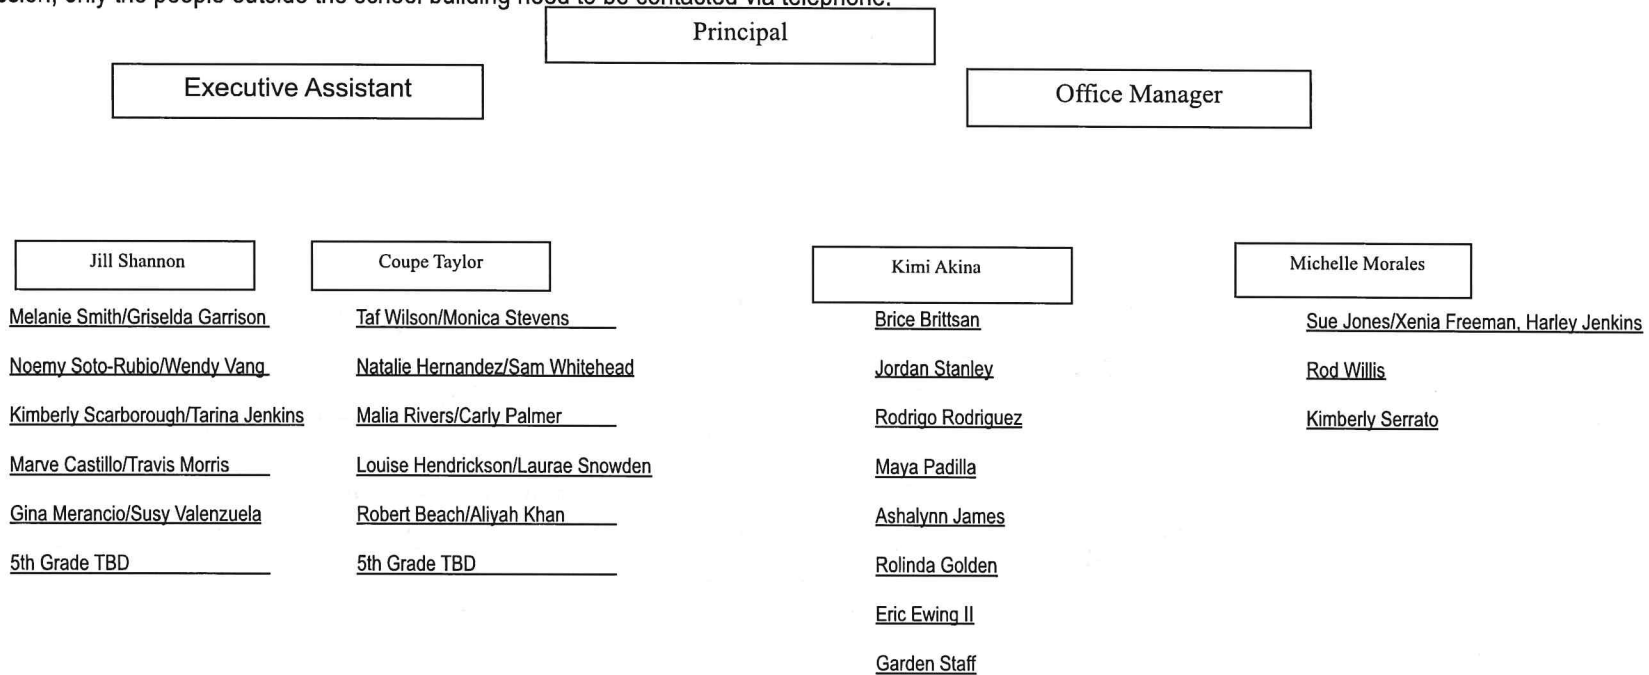

- Students are to remain in the classroom until the all-clear signal is given
9. If gunfire is heard, everyone should be instructed to get under desks and away from windows.
 10. School staff should stay until the crisis is declared over

**State of California Government Code,
Chapter 8, Division IV, Title I**

The State of California Government Code States: that all public employees become emergency service workers in the event of a declared emergency. This means that all school district employees will be required to work in this capacity in case a disaster occurs, and a state of emergency is declared.

PHONE TREE

Once it is verified that a crisis exists, the building administrator or designee sets the phone tree in motion. When a crisis occurs during weekends, vacation periods, or when a large number of staff is away from the school, it will be necessary to transmit information via a phone tree. At other times, when crises occur when school is in session, only the people outside the school building need to be contacted via telephone.

STAFF CRISIS MANAGEMENT PLAN
(Site-specific safety procedures)

Please include in this section school site safety procedures and pertinent information from these procedures on the template pages in the Safe School Plan. It is recommended that you account for the School Resource Officer and Probation Officer on campus as well as the personnel that make up the multi-disciplinary team at your site.

These key individuals, as well as other personnel who provide services to students and staff on campus should review the Safe School Plan.

EMERGENCY RESPONSE PROCEDURES

Site specific response procedures should be included for the following:

1. Shelter In Place
2. Building Evacuation
3. Duck, Cover and Hold
4. Lockdown
5. Re-Unification Procedure

Each procedure should contain the following elements:

1. Verbal command used to initiate
2. Description of incidents that will trigger the emergency response
3. Description of action to be taken by teachers, students and CRT
4. Procedure and signal to rescind emergency response

**FRESNO UNIFIED SCHOOL DISTRICT
2-WAY RADIO PROCEDURES**

IN CASE OF A BOMB THREAT, DO NOT ACTIVATE THESE RADIOS, AS THE FREQUENCY MAY ACTIVATE THE BOMB.

Our district system is licensed and monitored by the Federal Communications Commission for school business use. In an emergency, effective communication is crucial. Follow these guidelines for radio use:

- Only one signal can be on the frequency at a time. Be sure to monitor the system before transmitting.
- Minimize transmissions. Keep sentences short.
- Speak slowly and clearly into the radio.
- Use clear "sign-off" terms.
- During normal use, use only the channel assigned to your school.
- It is suggested that the Incident Commander use two radios. One for general staff/student monitoring and one for campus clearance procedures.

Suspension: Terroristic Threats

- *In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terrorist threats against school officials or school property, or both.*
- *For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family. (Add. Stats. 1997, Ch. 405)*

California Welfare and Institutions Code 5150

Such facility shall require an application in writing stating the circumstances under which the person's condition was called to the attention of the officer, member of the attending staff, or professional person, and stating that the officer, member of the attending staff, or professional person has probable cause to believe that the person is, as a result of mental disorder, a danger to others, or to himself or herself, or gravely disabled. If the probable cause is based on the statement of a person other than the officer, member of the attending staff, or professional person, such person shall be liable in a civil action for intentionally giving a statement, which he or she knows to be false.

SITE THREAT ASSESSMENT TEAM (STAT)

- Administrator (Principal, Assistant Principal, or Designee)
- Mental Health Professional (School Psychologist or Student Assistance Program (SAP) Counselor trained in threat assessment)
- Law Enforcement or security staff
- School Nurse, School Social Worker, or other staff designated by the school Principal

DISTRICT THREAT ASSESSMENT TEAM (DTAT)

Contacting Communications Department/Public Information Officer triggers the DTAT

The DTAT will consist of:

- Director of Risk Management or designee
- Instructional Assistant Superintendent for the school site
- FUSD Emergency Planning Crisis Response (EPCR) Manager

And when appropriate:

- District Hearings Officer, Department of Prevention and Intervention
- District Legal counsel

STEP ONE: EVALUATE THE THREAT

1. Obtain an account of the threat and the context from the student and witness
2. Write down exact threat
3. Obtain student's explanation of the threat's meaning and his/her intentions
 - a. Threat directed toward others (homicidal)
 - b. Threat directed toward self (suicidal)
4. Obtain witness perceptions of the threat's meaning
5. Administrator to begin consulting Site Threat Assessment Team (STAT) members
6. Administrator may place the student who made the threat on suspension while threat assessment is completed (up to 5 days of suspension).
7. Document information on the Student Threat Inquiry form (supplemental)
 - a. Threat assessment/safety evaluation must be completed, immediately if deemed substantive.
 - b. Threat assessment/safety evaluation must be completed within 2 days if deemed as transient.
 - c. Outcome of threat assessment determines final disciplinary action (if appropriate).

STEP TWO: TRANSIENT OR SUBSTANTIVE?

STAT determines whether the threat is **transient** or **substantive**:

Factors to consider when determining type of threat:

- Age of student
- Capability of student to carry out the threat
- Student's discipline history
- Credibility of student and willingness to acknowledge his or her behavior
- Credibility of witness accounts

TRANSIENT

SUBSTANTIVE

Often are rhetorical remarks, not genuine expression of intent to harm	Express intent to physically injure someone else or self beyond the immediate situation
At worst, express temporary feelings of anger or frustration	There is at least some risk the student will carry out the threat to others or self
Usually can be resolved on the scene or in the office	Require that you take protective action, including warning intended victims and parent and/or protection of student from self-harm
After resolution, the threat no longer exists	May be legal violations and require police consultation
Usually ends with an apology or clarification	

WHEN IN DOUBT, TREAT THREATS AS SUBSTANTIVE STEP THREE: RESPONDING TO THE THREAT

TRANSIENT THREAT
Responding to transient threat: Typical response may include reprimand, parental notification, or other disciplinary action Student may need to make amends, attend mediation, and or counseling Continue to monitor student (school staff follow-up as necessary).
SUBSTANTIVE THREAT
Responding to substantive threat: Decide whether the threat is serious or very serious : Assault threats are classified serious (I am going to beat him up) Threats to kill, rape, or inflict very serious injury are classified very serious Threats involving a weapon are considered very serious Threat to harm self are considered very serious
