

PCHS POOL RE-OPENING PLAN

SAFE RE-OPENING GUIDELINES

Summary for LAUSD and PCHS Administration

Prepared by PCHS Aquatic Director: Brooke King, bking@palihigh.org

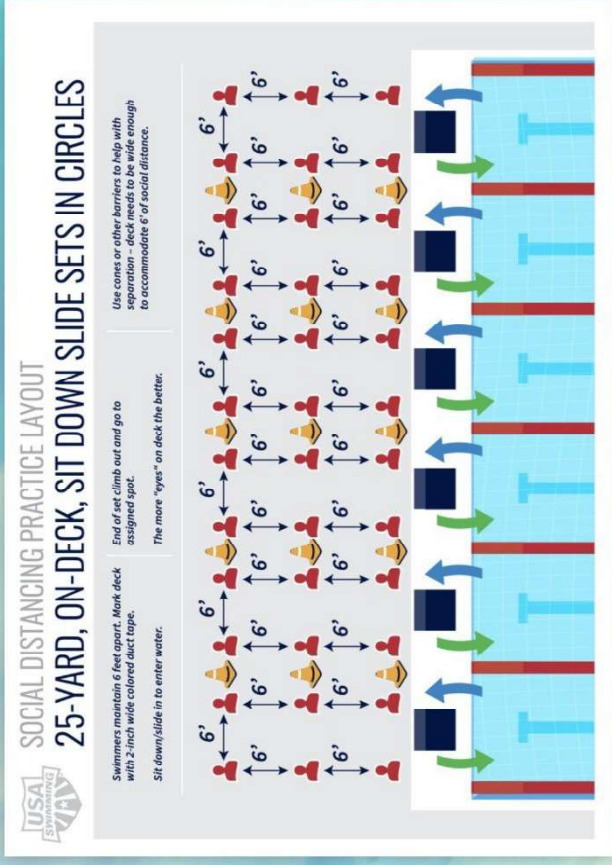

SUMMARY

- LA County Department of Public Health Department has cleared opening of public pools
- Anticipated local pool re-openings (at limited capacity): Collins-Katz YMCA (Uni High) 6/22, SMC targeted week of 7/6, Culver City 7/6, Malibu 7/11
- LA City Pool Operations Plan submitted to City Council and LAUSD reps for possible opening of 17 year-round facilities and 5 B.O.E sites (copy of plan reviewed by PCHS)
- Our robust re-opening plan complies with CDC, LA County Department of Public Health regulations, as well as ARC, NRPA, and USA Swimming Guidelines
- PCHS's pool was designed for community use with an entrance/exit facing Temescal Canyon Rd
- Our relationships with YMCA and local community groups are very positive
- We require permit groups to provide certificates of liability insurance and will require public to sign a waiver of liability form
- Reporting procedures to appropriate health authorities and corresponding contact tracing notifications in place

PCHS/PE Use

If students return to campus for the 2020-21 school year

- Groups are staggered
- Extra time allowed for entrance and exit prior to next group arriving to limit interaction
- 6 ft social distancing required at all times
- Masks required at all times in the facility (lifeguards, coaches, and swimmers as they enter)
- Employees and students asked daily if they are exhibiting COVID symptoms (per current CDC Symptoms of Coronavirus) or if they have been exposed to anyone who has been diagnosed with COVID
- Teachers/Coaches are instrumental in enforcing all rules and regulations
- Sharing of pool equipment prohibited, pool furniture not provided
- PCHS Custodial Staff and Pool Staff sanitizing hand rails, high touch point areas, and bathroom using EPA/LAUSD approved sanitizers and disinfectants on a frequently scheduled basis
- Delineators and traffic flow markings for distancing (one entry/one exit campus side doors)
- No showers, only bathroom use: 2 people at a time occupancy limit
- Plan for immediate closure if protocols not being consistently followed or if confirmed COVID exposure at facility (employee or student)

Community Use

Modified Reservation and Check-In System

- Pool lap swim reservation and payment will be made online prior to arrival (no recreational swim)
- One person per lane per time slot (15 users max per slot)
- No contact check-in: information on all patrons recorded for contact tracing purposes
- Masks required at all times in the facility (lifeguards/swimmers as they enter)
- Lifeguards do not regulate mask compliance
- Aquatic Director's role encompasses designated COVID POC
- PCHS Custodial Staff and Pool Staff sanitize hand rails, high touch point areas, and bathroom using EPA/LAUSD approved sanitizers and disinfectants on a frequently scheduled basis
- Signage placed throughout facility requiring masks, social distancing and stating no entry if signs of illness
- EPA/LAUSD approved hand sanitizer at entrance/exit
- Delineators and traffic flow markings on deck (via separate Temescal entrance and exit)
- No showers, only bathroom use: 2 people at a time occupancy limit
- Sharing of pool equipment prohibited, pool furniture not provided
- Plan for immediate closure if protocols not being consistently followed, or if confirmed COVID exposure at facility

Permit Use

Groups submit safety plan following USA Swimming Guidelines

- Groups are staggered
- Extra time allowed for entrance and exit prior to next group arriving to limit interaction
- Coaches are instrumental in enforcing all rules and regulations with their members
- Attendance routinely taken for contact tracing purposes
- EPA/LAUSD approved hand sanitizer at entrance/exit
- Masks required at all times in the facility (lifeguards, coaches and swimmers as they enter)
- Sharing of pool equipment prohibited, pool furniture not provided
- Limit 2 swimmers per lane, swimmer bags stored end of each lane (30 ppl max per session)
- PCHS Custodial Staff and Pool Staff sanitize hand rails, high touch point areas, and bathroom using EPA/LAUSD approved sanitizers and disinfectants on a frequently scheduled basis
- Signage placed throughout facility requiring masks, social distancing and stating no entry if signs of illness
- Delineators and traffic flow markings on deck (via separate Temescal entrance and exit)
- No showers, only bathroom use: 2 people at a time occupancy limit
- Plan for immediate closure if protocols not being consistently followed, or if confirmed COVID exposure at facility

Pool Employee Requirements

- Guards have individually assigned PPE, whistles, buoys
- N95/surgical masks, nitrile gloves, face shields and coveralls provided for emergency response
- Safety protocols reviewed at the start of each shift - continuous training provided
- Guards are scheduled to work in assigned pairs to minimize contact with other co-workers (2 shifts a day-alternating pairs)
- Re-training in new COVID safety protocols (EAP and SOP)
- SDS manuals up to date and reviewed with staff
- Review of updated SDS information and protocols
- Increased frequency of water chemistry testing
- First Aid protocols updated utilizing Universal Precautions and emphasis on prompt and proper disposal of PPE
- Breathing resuscitation requires BVM w/HEPA filter
- Rear in-water rescues when possible
- Hands-only CPR standard emphasized
- Sick time encouraged and accommodated
- Breaks arranged in separate rooms so one person at a time
- Employee or patron testing positive will require area to be closed for required cleaning and disinfection

TIMELINE

Set Opening Date

LAUSD/ PCHS Approvals

Sourcing

Adequate PPE, signage, and sanitizing products sourced, delivered and installed

Open to Public

Online reservation system is activated and communications go out

Contact Pool User Groups

Aquatic Director schedules meetings online with groups reviewing COVID protocols

Lifeguard Staffing

Guards on roster contacted to return for training in new SOP

Open to Permit

Pool permit hours are programmed outside of public hours and into online calendar

COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC HEALTH
ORDER OF THE HEALTH OFFICER

Protocols for Reopening of Public Swimming Pools

The County of Los Angeles Department of Public Health is adopting a staged approach, supported by science and public health expertise, that is aligned with California's roadmap to allow the safe reopening of public swimming pools. Public swimming pools include: campground pools, club pools, commercial pools, health or fitness clubs, hotel pools, licensed day care facility pools, medical facility pools, mineral spring pools, motel pools, municipal pools, public or private school pools, recreational or mobile home park pools, resort pools, special purpose pools, and swim school pools.

Hot tubs/jacuzzi/spa pools, water parks and splash pads located within amusement parks are to remain closed until allowed to resume modified or full operation.

Residential Swimming Pools (i.e. apartment house pools, bed and breakfast inn pools, condominium pools, homeowner association pools) are required to follow the protocols for Reopening Swimming Pools in Shared Residential Facilities.

All public pool operators covered by this guidance must implement all applicable measures listed below and be prepared to explain why any measure that is not implemented is not applicable.

Please note: This document may be updated as additional information and resources become available so be sure to check the LA County website <http://www.lacounty.gov/health/departmental> regularly for any updates to this document.

This checklist covers:

- (1) Workplace policies and practices to protect employee health
- (2) Measures to ensure physical distancing
- (3) Measures to ensure infection control
- (4) Communication with employees and the public.
- (5) Measures that ensure equitable access to critical services

These five key areas must be addressed as your facility develops any reopening protocols.

All businesses covered by this guidance must implement all applicable measures listed below and be prepared to explain why any measure that is not implemented is not applicable to the business.

FACILITY RE-OPENING MESSAGING AND PLANNING

1. Message: Facility re-opening is a process that involves many stakeholders and requires a coordinated effort. The following are key considerations for facility re-opening:

- **Facility Re-opening:**
 1. Develop a re-opening plan that includes a timeline, a list of stakeholders, and a communication strategy.
 2. Identify the key stakeholders involved in the re-opening process, including local health officials, the community, and the media.
 3. Develop a communication strategy that includes a list of key messages, a list of media outlets, and a list of community organizations.
 4. Develop a timeline for the re-opening process, including a list of key milestones and a list of key dates.
 5. Develop a list of key messages that address the concerns of the community and the media.
 6. Develop a list of media outlets that will be used to disseminate the key messages.
 7. Develop a list of community organizations that will be used to disseminate the key messages.
 8. Develop a list of key dates that will be used to coordinate the re-opening process.
- **Facility Re-opening:**
 1. Develop a re-opening plan that includes a timeline, a list of stakeholders, and a communication strategy.
 2. Identify the key stakeholders involved in the re-opening process, including local health officials, the community, and the media.
 3. Develop a communication strategy that includes a list of key messages, a list of media outlets, and a list of community organizations.
 4. Develop a timeline for the re-opening process, including a list of key milestones and a list of key dates.
