AT-RISK STUDENTS™ CONFERENCE

NEW YORK | ORLANDO | NASHVILLE | LAS VEGAS

SOCIAL-EMOTIONAL LEARNING™ FORUM

ORLANDO | NASHVILLE

The At-Risk & Struggling Students Conference focuses on evidence-based programs and strategies to prevent dropouts and to help students succeed. More than 1.2 million students in the United States and Canada drop out of high school each year – with males, low-income and minority students disproportionately impacted. While the full impact is not yet known, the Covid Crisis almost certainly made those numbers skyrocket. This conference provides valuable insights for reaching those students who are most vulnerable, and those whom early studies indicate were most negatively affected by the pandemic.

Truly effective schools not only help students pass their academic exams and state-mandated tests, but also prepare those students to pass the tests of life. Ironically, research shows that helping young people manage their emotions and build positive relationships not only prepares them for “real life,” but also helps them succeed academically. The Social-Emotional Learning Forum focuses on research-based and classroom-originated interventions, lessons and curriculums that help students manage their emotions, achieve goals, express heart-felt empathy for others, maintain positive relationships and make successful personal decisions.

INNOVATIVE TEACHING STRATEGIES™ CONFERENCE

NEW YORK | ORLANDO | NASHVILLE | LAS VEGAS

SCHOOL DISCIPLINE™ CONFERENCE NASHVILLE

The Innovative Teaching Strategies Conference assembles internationally recognized innovators together with practicing educators and consultants who are currently finding success with promising fresh approaches and research-based methodologies. This event provides an opportunity for teachers, administrators and other educators to learn about new insights and strategies for reaching and teaching students PreK-12. It emphasizes evidence-based and novel instructional practices from national-exemplary programs currently being used in schools. A particular emphasis will be placed on helping student recover from disrupted learning.

The discussion around school discipline can be polarizing. On one hand, advocacy groups and those committed to fairness are rightly disturbed that minority students are often expelled at three to four times the rate of their white peers. On the other hand, teachers and parents are deeply concerned about creating an out-of-control, even unsafe, environment where students can do as they please – without any real concern for consequences. But almost everyone agrees that students need to be in class in order to succeed academically, and that suspensions and expulsions should be as rare as possible. And almost everyone agrees that student and educator safety should be top priority.

**WIRED DIFFERENTLY
TRAUMA-INFORMED™
SCHOOLS CONFERENCE**
NEW YORK | LAS VEGAS

This conference offers a wide array of critical insights and best practices for reaching and teaching students with a variety of emotional and behavioral challenges – especially trauma, adverse childhood experiences (ACEs) and PTSD. With 1 in 5 students diagnosable for a behavioral or emotional disorder and 1 in 4 students affected by 2 or more ACEs, every classroom is impacted. Principals and other administrators, general ed teachers, special ed teachers, resource teachers, interventionists and paraprofessionals will benefit from tools, recommendations and strategies for working with this often high-potential portion of the student population.

**SCHOOL CLIMATE
& CULTURE™
FORUM**
LAS VEGAS

Scholars struggle to define and distinguish the terms, but educators agree on the need to transform both “climate” and “culture” to improve academic outcomes. This event highlights practical, real-world initiatives that are successfully transforming the character and personality of schools with particular focus on equity and recovering from the Covid Crisis. It showcases programs, assessments and tools proven to improve school culture and climate. Evidence-based and research-based interventions will be introduced, while the forum also highlights high-potential efforts currently being implemented in everyday school life.

FORUM
NEW YORK**

Hear from K-12 experts and network with fellow leaders to access successful strategies and practical tips for leading improvement in your school or district. "Leadership is the capacity to transform vision into reality," according to Warren Bennis, founder of the Leadership Institute at the University of Southern California. Those who work with a variety of schools often say, "Show me a strong school, and I will show you a strong leader." This conference will help you understand evolving research and current best practices to transform learning environments, improve teacher retention and enhance student outcomes.
