# 2017-20 Plan Summary

#### THE STORY

Briefly describe the students and community and how the LEA serves them.

Palisades Charter High School (PCHS), a comprehensive high school serving students in grades 9 through 12, has provided children from far-reaching areas of Los Angeles with access to a high-quality educational program that focuses on skills needed for college and career readiness. PCHS is the home school to students residing in the communities of Pacific Palisades, Topanga, and Brentwood; however, approximately 68% at the school live outside the traditional attendance boundaries. In 2016-17, PCHS served 2,893 students. Of these students, 1976 come from more than 100 ZIP codes, making this student body population one of the most ethnically diverse (Mexican, Central American, African American, Chinese, Korean, Persian, Filipino, Russian, Pacific Islander, Arab, and Brazilian) and geographically diverse (West Los Angeles, Mid City, Baldwin Hills, Palms/MarVista, Midcity, Koreatown, Inglewood) in Los Angeles. Some students come from distant areas such as Long Beach, Granada Hills, Carson City, and Highland Park. Applications for transportation scholarships and subsidies are made available to students from low-income households. The traveling students commit to making daily three- to four-hour commutes to and from the campus in order to take advantage of the school's highly regarded academic, athletic, and arts programs. Our students report that they are happy with their experience at PCHS (77%) and feel safe at the school (96%) according to the 2015-16 PCHS Columbia University School Survey. Their satisfaction is reflected in the school's academic achievement. Palisades Charter consistently is ranked among the best high school in the nation, according to polls published by both U.S. News and World Report and Newsweek Magazine.

#### LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

This year's LCAP focuses on support for individual student achievement in subgroups, targeting high needs students and specific subgroups whenever state or internal assessments warrant. Key features include:

- allocating resources to academic intervention and support programs, and professional development aimed at closing the achievement gap;
- encouraging innovation and constant improvement of educational programs and practices, based on professional reflection on student achievement data;
- refining the Professional Learning Community model of aligning standards, goals, and assessments for student achievement, collaborating on best practices, and providing continuous on-site professional development;
- expanding opportunities for students to gain access to rigorous curricula and experience the diversity of learning in heterogeneously grouped classrooms;
- continuing refinement of a comprehensive, tiered intervention system to support struggling students;
- implementing policies to encourage student attendance and participation resulting in an in-seat attendance rate of 96 percent;
- continuing implementation of a comprehensive school technology plan,
- replacing obsolete textbooks on a continuous basis;
- improving communication among all stakeholders, a process that includes using Infinite Campus, a web-based, password-protected student information system, Schoology learning management system, and translation services.

#### **REVIEW OF PERFORMANCE**

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

Based on feedback received from students and parents, support in math classes, intervention options, and transportation scholarships are top funding priorities.

PCHS will pilot a paraprofessional program in math classes next year. The school prioritizes small class sizes in courses such as Algebra I. Sheltered English and math classes will be offered for newly reclassified EL students.

PCHS supports transportation options for students who travel to the school from outside the immediate neighborhood. PCHS has contracted with an independent transportation vendor to provide transportation for all interested families. Students who qualify for the Free and Reduced Lunch program are eligible for partial or full transportation scholarships. PCHS will continue this program in the 2017-18 school year.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Suspension rates and finding ways to reduce suspensions are a focus area for PCHS. Our goal is to link students with behavior challenges to adult mentors to develop positive, alternative behaviors. Counseling services including crisis counseling and Educationally Related Mental Health Service to improve behavior GREATEST and in the long-run, completion and drop out rates. Training for the discipline deans and staff is also an important component of this identified need.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

# PERFORMANCE GAPS

NEEDS

Math achievement and closing the math achievement gap continue to be challenges for PCHS. To address these concerns, PCHS will pilot a paraprofessional program to provide in-class support for students who need specialized attention. PCHS will provide both in-class and out-of -class math interventions including the Math Lab and tutoring in the Study Center. We plan to work with programs such as The Village Nation, Fuerza Unida, Black Student Union, Latino Student Union, and Link Crew to provide targeted support and intervention.

#### INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Areas of the LCAP that will most significantly impact low-income students, English learners, and foster youth are transportation scholarships, math support and intervention options. PCHS is redesigning teacher training to better address student needs. More details about these support systems are provided above.

#### **BUDGET SUMMARY**

#### ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Increased stakeholder involvement. Increased positive culture & climate via unity month and activities to promote student involvement in the school and continue to increase the inclusiveness of the school

Describe the overall articulated effectiveness of the actions/services to achieve the goal as measured by the LEA.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

School inclusiveness and climate improved through positive outreach and inclusion of all stakeholder groups in campus activities and actions.

Increased the budget expenditures and activities for unity and inclusion. Expanded the unity programs to an entire month of plays, lunch programs, and school activities. Increased expenditures for culture & climate through bringing in consultants and programs to work with students and staff to increase inclusion climate.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP. Increased the budget expenditures and activities for unity and inclusion. Expanded the unity programs to an entire month of plays, lunch programs, and school activities. Increased expenditures for culture & climate through bringing in consultants and programs to work with students and staff to increase inclusion climate. The result was an improved culture on campus for both staff and students. This extended to outreach to alumni and parents.

Note: this goal will be combined with programs included in the current goal #5 to expand current programs into one umbrella goal.

#15- Students including all student subgroups will have access to academic and educational programs as outlined in the school's charter and diversity will be increased in Honors and AP classes.

LCAP Year

2017-18 2018-19 2019-20

INVOLVEMENT PROCESS FOR LCAP AND ANNNUAL UPDATE

#### How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

PCHS involved stakeholder groups representing the administrative leadership team, staff, parents, and students to develop this year's LCAP. Stakeholders have been informed of and involved in the process through email blasts, monthly newsletters, telephone calls home, special surveys, website postings, and large parent forums such as Open House. A variety of parent groups provided feedback including Parent Teacher Association (PTA), English Learner Advisory Committee (ELAC), Parent Involvement for Quality Education (PIQE) which supports families of first generation college-going students, and The Village Nation (TVN) which supports African American and Hispanic students and parents.

| The PCHS LCAP is monitored by the Long Term Strategic Planning (LTSP) committee. LTSP meetings are held each month. These meetings are open      |
|--|
| to all stakeholders (staff, students, parents). This group reviews and assesses progress toward the LCAP goals and makes recommendations for the |
| new LCAP.  |

Additional student input was gathered through the Associated Student Body Leadership class, Student Senate, and a school-wide student survey.

Staff, students, and parents were surveyed in May regarding 2017-18 goal priorities. The results were shared with the PCHS Board of Trustees in the June 16 meeting.

#### IMPACT ON LCAP AND ANNNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Feedback from stakeholders shaped the 2017-18 LCAP. Academic goals were updated to reflect the new state assessments. Goals were consolidated to better align with annual school-wide goals and Long Term Strategic Planning goals.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

| LCAP Year  | 2017-18             | 2018-19            | 2019-20     |   |       |
|--|---------------------|--------------------|-------------|---|-------|
| Estimated Supplem  | nental and Concentr | ation Grant Funds: | \$1,538,368 | Percentage to Increase or Improve Services: | 6.22% |
| Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.  |                     |                    |             |   |       |
| Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).  |                     |                    |             |   |       |
| Services for un-duplicated pupils will increase by 6.22% through the implementation of parent outreach programs to increase parent involvement, the increase in English language proficiency among our English Learner population, and increased access to participation and success in high rigor courses. Other actions/services identified under school-wide but mainly targeting the un-duplicated population is the improvement in student achievement in math. |                     |                    |             |   |       |
