Adam Glazer seconded the motion.

II. Organizational Reports

A. Student Report

BLM movement was discussed. ASB worked to create a google form for students to feel heard. This was done at the suggestion of a student who mentioned that some students do not feel connected to the administration. It gives students a forum to write openly to the administration.

ASB will be attending a national conference. The fact that it is virtual gave them this opportunity because they have not been able to attend in the past. July 22nd to 24th is when it is scheduled to take place.

B. Parent Report

Reeve Chudd was impressed with the way that the semester ended given the challenges. Sara Margiotta has received a couple of comments from parents that want the students to go back to school. There have been some offers of financial support if there could be a hybrid model.

Jewlz Fahn inquired about setting up a COVID-19 fund to donate to in order to get students back to school

C. Classified Staff Report

Nothing to report

D. Faculty Report

Report was submitted and is with the written board materials.

Still no contract with the faculty

Some paychecks are incorrect

Questions about having adequate technology available to students

Complaints about access to campus

Many teachers have requested that they be able to teach from their classrooms even if school is online

Teachers would like input into the decisions about returning in the fall.

Teachers would like more professional development with regard to eLearning.

Several teachers wanted clarity on the PPP loan

Don Parcell stated that the reason for teachers giving advanced notice is to avoid conflicts with cleaning or work being done in the classroom.

Willing to be flexible and but to make sure that no teacher wastes their time going and that the school can get the work done.

Question from Paula Anderson about teachers coming to campus on the weekends; Don Parcell mentioned that we still wanted to minimize the number of people on campus; Don Parcell is willing to talk to the administrative team as things open up to make modifications.

E. Human Resources Director (HR) Report

There are a number of candidates for interns. One of the interns is known to us, James Buckman and he is a hard worker. So seeking approval for this student who is a student from National University. His provisional credential will be valid starting July 1, but he won't start teaching until the start of school. Rick Steil indicated that he knows this particular intern and is impressed with him.

F. Director of Operations Report

Stands as submitted.

G. Director of Development Report

Reports submitted showing comparisons to last year.

Total unrestricted funds are over \$400,000, which is approximately 80% of the goal

Next year will be a very challenging year with respect to fundraising.

Two platforms have been put in place to assist groups with fundraising.

Looking at possibilities for videotaping and sportscasting athletic events if there are no spectators. A small fee could be charged for the service; and other fundraising possibilities.

Interest in creating a COVID-19 fund.

Reached out to foundations to let them know the highlights of what Pali has been doing so that we publicize what the school is doing especially concerning campus unification days.

Discussion about CTE.

Question from Leslie Woolley about the Booster Club auction; Booster is still considering doing something online for the remaining items but nothing has been done yet.

H. Chief Business Officer (CBO) Report

Report stands as submitted. There were some issues with the credit card company. The charges are in the materials.

The PPP loan; great benefit to the school given that we are still expecting funding deferrals

Legislature and Governor are passing a budget with major deferrals but hoping that there will not be funding cuts; but there is some reliance on the federal government to provide some funding.

There will be additional information of the possibility of forgiveness but there are a variety of complicated rules for whether the loan can be forgiven.

Discussion about the layoffs is designed more for an eLearning environment because some of these positions are not needed; 60 days notice is needed so that is why it was done already.

The layoffs can be recalled

Dave Suarez mentioned that there are provisions for the loan not to be repaid.

Different options provide different benefits.

And laws are being written weekly to address forgiveness.

Dara Williams and Dave Suarez brought up issues about whether the loan will be forgiven. Dara Williams mentioned that she thought it unlikely that the loan will be forgiven if the state provides the entire amount of the budget. Dave Suarez brought up that if we follow the terms of the loan then it will be forgiven but that is not a given. Greg Wood brought up that if the loan is forgiven then the monies will be added to the budget

and that he is working with experts to determine the best course of action to be able to get the highest amount forgiven possible.

I. Executive Director/Principal (EDP) Report

At this point, the administration does not have re-opening plan in place. A parent survey was distributed and there have been meetings with UTLA. But Pali is still beholden to decisions made by other entities so we are still in a holding problem.

Multiple plans will be made so that there are various options are available.

Various factors will have to be considered depending on how things look closer to the start date with respect to the infection rate and best practices as they develop.

The administration started listening groups on systemic racism; students and staff were involved in these discussions; this is definitely a school priority.

There's a possibility that students will be given a student about coming back.

Paula Anderson brought up a hybrid model that she had heard about; wanted to know who to send these ideas to; Pam Magee said to send the ideas directly to her.

Pam Magee discussed creating a google doc so that people can share and see what has been shared.

VII. LAUSD Requirement for Pali Academy

A. LAUSD requirement for bid process of Pali Academy

We were required by LAUSD to bid on Pali Academy and we are only permitted to have it if we are the winning bid. Submitted letter back in May. Start date is in July but we haven't heard back from LAUSD.

Other schools have had to engage in this type of bidding process as well.

But this is expense is that was not anticipated. So the budget may have to be revised. It may be that the bid needs to be a certain amount of ADA for the Pali Academy students. It had been included in our school lease.

1% of our funding is the amount LAUSD gets for the facility.

VIII. Facilities/Operations

A. Transportation Update

Board materials contain details about the scholarship offers.

The deadline was extended because of the delay in getting out the scholarship letters.

Most people pay the down payment at the last minute.

B. Operations Updates

Nothing else to report.

A. Consideration of Employment Agreements with Administrative Staff (Positions Listed Below), Including the Addition of New Language Recognizing the Potential for Compensation Decreases During the Term of the Agreements

There is also a new term relating to a possible salary decrease under certain circumstances. Each of these contracts would be extended by one year to keep them as three-year contracts.

Dave Suarez has expressed concerns of the teachers especially given that they are operating without a contract; teachers are questioning the necessity of a 3-year contract for the administrators

Pam Magee brought up that administrators are not represented employees; there are provisions regarding them being at-will employees if there is a need to down-size.

In the past, there were committees that considered things with regard to adding positions. Dave Suarez mentioned the 12-week buy out period; Amy Nguyen mentioned that this is the same as in previous years.
